DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

NOTIFICATION

No. 655/M.3R-19/58.—22nd January 1959.—The following draft of rules which, in exercise of the power conferred by section 44 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make, in supersession of the rules published with notification No. 4063M., dated the 1st September 1934, at page 1266 of Part I of the *Calcutta Gazette* of the 6th September 1934, as subsequently amended, is hereby published as required by sub-section (1) of section 505 of the said Act for the information of persons likely to be affected thereby.

The draft will be taken into consideration on or after the 28th February 1959 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be considered.

DRAFT RULES

THE WEST BENGAL MUNICIPAL ELECTION RULES, 1958

1. (1) These rules may be called the West Bengal Municipal Election Rules, 1958.

(2) These rules apply to all municipalities in West Bengal.

2. In these rules unless there is anything repugnant in the subject or context—

(1) a municipality not divided into wards shall be deemed to be a ward;

(2) "election day" means the date fixed for an election under rule 3;

(3) "election officer" means such officer or other person, not being the Chairman or Vice-Chairman or a Commissioner or a candidate for election as a Commissioner of the municipality, as the District Magistrate may appoint for performing the functions of the election officer under these rules;

(4) "polling booth" means a structure, permanent or temporary set apart within the polling enclosure for the recording of votes;

(5) "polling enclosure" means an enclosure or building set apart for the admission of voters under rules 24 and 25;

(6) "Registering Authority" means the Committee constituted under section 21 of the Act;

(7) "special ward" means any ward or group of wards which may be declared by the State Government to be a "special ward" for the purpose of election of seats referred to in section 19 of the Act; and

(8) "the Act" means the Bengal Municipal Act, 1932 (Bengal Act XV of 1932).

3. (1) The District Magistrate shall issue an order in writing fixing the date—

(a) (i) for a general election under sub-section (3) of section 24 of the Act, at least seven months before the expiration of the term of office of the Commissioner or Commissioners under sub-section (1) or sub-section (5) of section 56, as the case may be;

(ii) for a general election under clause (ii) of sub-section (2) of section 554 of the Act, at least seven months before such election; and

(b) for any other election or bye-election, as soon as possible on each occasion, but at least 50 days before any such election or bye-election.

(2) The District Magistrate shall communicate the date fixed for any election to the Chairman who shall forthwith publish the same in the manner prescribed by section 507 of the Act.

4. (1) If the date fixed under rule 3 is that of a general election, the Commissioners at a meeting shall thereupon appoint a Committee (hereinafter referred to as Registering Authority) under sub-section (1) of section 21 of the Act.

(2) Any member of the Registering Authority may sign notices or orders on behalf of the Authority when so authorised.

(3) If there is a difference of opinion among the members of the Committee, the opinion of the majority shall prevail.

5. (1) Within 30 days after the announcement of the date of a general election within a municipality, any company, body corporate, firm or other association of individuals or any joint family, entitled to vote through one of its members as its representative, shall send a letter to the Registering Authority stating the qualification entitling it to vote and the name of the person who shall vote on its behalf. If more than one member of a joint family are entitled to vote the names of such members shall be included in such letter.

(2) Any person entitled to vote under sub-clauses (b) and (c) of clause (iii) of sub-section (2) of section 23 of the Act shall also send a letter to the Registering Authority stating his qualification.

Preparation and publication of electoral rolls

6. (1) The Registering Authority shall prepare in Form A appended to these rules a Preliminary Electoral Roll for the municipality containing the names of all persons qualified to vote under the Act and after causing it to be printed shall, not less than 150 days before the date fixed for a general election under clause (a) of sub-rule (1) of rule 3 of these rules, publish it at the municipal office and at such other places as it may think fit.

(2) The name of each voter who is resident within the limits of a ward shall be entered in the Preliminary and Final Electoral Rolls for that ward, or if he is resident within the limits of more than one ward within the municipality, in the electoral rolls of any one ward in which he is so resident, but his name shall not be entered more than once in the electoral roll of the ward, notwithstanding that he may possess more than one qualification:

Provided that a person who is registered as the representative of any company, body corporate, firm, joint family or other association of individuals, shall not be ineligible for having his name so entered in his individual capacity.

Explanation.—In this sub-rule, the expression "resident" has, *mutatis mutandis*, the same meaning as in section 3A of the Act.

(3) The Final Electoral Rolls shall show for what special ward, if any, the voters of each ward are entitled to vote.

(4) In a municipality where a separate arrangement is made for recording the votes of female voters, separate electoral rolls, both preliminary and final, shall be prepared for male and female voters.

(5) As soon as the Preliminary Electoral Roll has been published, the Chairman shall give public notice as widely as possible, within the municipality that the roll has been prepared and may be inspected at the municipal office during working days and hours and shall state in the notice at what other places it may be inspected:

Provided that if any public holiday intervenes between the date of publication of the Preliminary Electoral Roll and the last date of filing claims or objections under rule 9, the Roll shall be kept ready for inspection by the public even on such public holiday between the hours 10 a.m. and 5 p.m.

7. The Registering Authority may by an order in writing appoint suitable persons to assist it in preparing the Preliminary Electoral Roll in respect of any ward or wards.

8. Any paper to be delivered to or demanded by the Registering Authority or the Chairman under these rules shall be deemed to have been delivered to the Registering Authority or the Chairman if it is delivered to any officer of the municipality authorised in this behalf, at the municipal office between 10 a.m. and 5 p.m. and the Chairman shall by an order in writing so authorise an officer and have a copy of such order pasted on the municipal notice board for the information of the public.

9. Any claim for the insertion of a name in the Electrol Roll or any objection against any entry in the Preliminary Electoral Roll shall be preferred to the Registering Authority in respect of the Preliminary Electoral Roll within 15 days of its publication. The Registering Authority shall not entertain any claim or objection received after 5 p.m. on the 15th day:

Provided that if the 15th day is a Sunday or a public holiday, claims and objections may be filed till 5 p.m. on the next opening day:

Provided further that the claims in respect of the qualifications to which the provisions of rule 5 apply shall not be entertained, unless the claimant has previously complied with the provisions of the said rule or such of them as are applicable to his case.

10. A claim may be filed either by the person desiring his name to be included in the electoral roll or by an agent authorised in writing by such person. An objection may be filed either by a person interested or by an agent authorised in writing by such person.

11. Any claim or objection shall be in writing and signed by the person filing the same and shall state the grounds on which it is based, and where it relates to an entry in the Preliminary Electoral Roll shall give the reference to or the particulars of that entry. The claim or objection shall also contain the full name and address of the person filing the same and of the person on whose behalf it is filed.

12. (1) Every person filing a claim or objection under rule 9 shall be served with a notice by the Registering Authority specifying the place where and the time when his claim or objection shall be heard and notifying him that he may produce or cause to be produced by an agent authorised in writing such evidence as he may wish to adduce.

(2) When objection is made to the inclusion in the Preliminary Electoral Roll of the name of any person recorded therein, the Registering Authority shall serve on such person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection and notifying him that he may produce or cause to be produced by an agent authorised in writing such evidence as he may wish to adduce.

(3) Every such notice shall be in writing and shall be served—

(a) on the person filing the claim or objection at the address given in his claim or objection; and

(b) on the person against whom objection is taken under sub-rule (2), at the address of such person given in the Preliminary Electoral Roll:

Provided that a notice may be served by the Registering Authority by sending it to the person concerned by registered post or even by ordinary post, if a certificate of posting is kept.

13. The Chairman shall cause to be published from time to time on the notice board at the municipal office a notice showing generally the dates on which and the places at which the Registering Authority shall sit for hearing claims and objections.

14. The Registering Authority shall dispose of all claims and objections by the 30th day after the last day of filing such claims and objections under rule 9. It shall be the duty of a Chairman or Executive Officer or Secretary to produce all relevant or necessary documents or papers in his power and otherwise render necessary assistance to the Registering Authority in the discharge of its duties.

15. On the date which is fixed for the hearing or to which the hearing may be adjourned, the Registering Authority shall hold a summary enquiry into the claims or objections preferred, and after considering any evidence produced under rule 12 or rule 14 shall record orders either allowing or disallowing the claims or objections. For the purposes of the enquiry the Preliminary Electoral Roll as published shall be presumed to be correct and complete until the contrary has been proved.

16. (1) The Registering Authority shall then cause the Roll to be amended in accordance with any orders passed under rule 14 and shall endorse the amendments thus made.

(2) The Roll thus amended shall be the Final Electoral Roll, and after being printed and, if necessary, renumbered serially published in the same manner as the Preliminary Electoral Roll, not less than 90 days before the election day.

17. (1) The District Magistrate or any other officer authorised by him in this behalf shall dispose of appeals, if any, received by the District Magistrate under section 529A of the Act, by the 21st day after the last day of filing such appeals and forthwith communicate the decision to the Chairman of the municipality.

(2) The amendments if any, made under sub-rule (1) shall be published by the Chairman not less than 45 days before the election day in the same manner as the Final Roll, and if the Chairman fails to do so, the District Magistrate or any other officer authorised by him in writing in this behalf shall cause the amendments to be so published not less than 40 days before the election day.

18. (1) The Final Electoral Roll, with amendments, if any, made under section 529A of the Act shall, subject to the provisions of sub-rules (2) and (3), remain valid for all fresh elections and bye-elections held under sections 26, 42, 58 and 552 of the Act and a fresh electoral roll shall be prepared and published for each general election held under section 24 and clause (ii) of sub-section (2) of section 554 of the Act.

(2) For the purposes of all fresh elections and bye-elections to be held under sections 26, 42, 58 and 552 of the Act, the Registering Authority shall within the first quarter of each year revise the electoral roll referred to in sub-rule (1), by including in it the names of all persons, not already on the Roll, who possess the necessary qualifications for being voters for the year, and by excluding therefrom the names of such persons who have since died or otherwise become disqualified for being voters for that year:

Provided that the first annual revision of the electoral roll after every general election shall be made under this sub-rule as soon as may be after the commencement of the term of office of the newly formed body of Commissioners after such general election:

Provided further that such annual revision after a general election shall be made by the Registering Authority appointed by the outgoing body of Commissioners for the purposes of a fresh election under section 26 or section 42 to fill any vacancy that may occur before the commencement of the term of office of the newly formed body of Commissioners.

(3) The Registering Authority shall for the purpose of sub-rule (2) publish a notice calling for claims for the inclusion of names and objections against any entry in the existing roll and such claims and objections shall be preferred within 15 days from the date of publication of such notice. For the filing and disposal of such claims and objections the provisions of rules 9 to 17 shall be held to be applicable so far as possible. The corrections thus made shall be printed and annexed to the existing roll and the roll thus revised shall be published at the municipal office and shall at all times be opened to inspection by the rate-payers at the municipal office. All persons whose names have been included in the revised Roll shall be entitled to vote at the elections and bye-elections referred to in sub-rule (2) held during the year.

Nomination and Registration of candidates

19. (1) Not less than 45 days before the election day the Election Officer shall fix for the nomination of candidates a date which shall not be less than 35 days before the election day. On or before the date of nomination so fixed every candidate for election shall cause to be delivered at the municipal office between the hours of 10 a.m. and 5 p.m. to such person as may be authorised in this behalf by the Election Officer a nomination paper in Form B annexed to these rules.

(2) No nomination paper shall be valid unless it is duly filled in and signed and unless it is accompanied by a receipt for the deposit of the amount required by section 25 of the Act.

(3) Not less than 32 days before the election day the Election Officer shall publish a notice in Form C annexed to these rules at the municipal office, fixing the time at and the date on which the nomination papers shall be scrutinised by him, such date being not less than 26 days before the date fixed for the election.

(4)(a) At the time and on the date so fixed, the Election Officer shall, at the office of the municipality, scrutinise all nomination papers in the presence of the candidates or their agents if they appear, and shall register as candidates all those whose nomination papers are found to be valid.

(b) A nomination paper which is liable to be rejected on the ground of any irregularity in respect of the nomination paper, shall not affect the validity of the nomination of the candidate if he has been duly nominated by means of another nomination paper in respect of which there is no irregularity.

(c) No nomination paper shall be rejected on the ground of slight technical defects such as the wrong spelling of a name or description of the ward so long as the intention is clear, or on the ground of any disparity between the signature of any person and his name as appearing in the electoral roll when the identity of such person is satisfactorily established.

(d) On completion of the scrutiny of nominations, the Election Officer shall forthwith examine symbols selected by the candidates and, if such symbols are found to conflict with each other, he shall allocate symbols in conformity as far as possible with the wishes of the candidates and if necessary by lot, and his decision in this respect shall be final. If, in any particular ward, the number of candidates whose nomination papers are found valid exceeds the number of symbols specified in Schedule A, the Election Officer shall, in assigning symbols in the manner hereinbefore prescribed, allocate them also out of the list of additional symbols specified in Schedule B and his decision shall be final. Each candidate or his agent shall at the same time be informed of the symbol assigned to such candidate and shall be given a specimen thereof. The Election Officer shall then prepare a list of valid nominations indicating therein the symbol assigned to each candidate.

(5) Not less than 25 days before the election day the Election Officer shall publish at the municipal office a list of the candidates registered under clause (a) of sub-rule (4) indicating therein the symbol assigned to each candidate. These candidates shall be deemed to be registered as such from the date of publication of the list.

20. Any candidate may withdraw his candidature by a notice in writing signed by him and sent to the person authorised by the Election Officer in this behalf within three days of the date of his registration as a candidate under sub-rule (5) of rule 19. A candidate who withdraws his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

21. As soon as possible after receipt of a notice of withdrawal under rule 20 the Election Officer shall cause written intimation thereof to be published in some conspicuous place in the municipal office, and, if the municipality has been divided into wards, also in the ward to which the matter relates.

22. Not less than 15 days before the date fixed for the election, the Election Officer shall publish at the municipal office a final list of candidates after excluding therefrom the names of candidates, if any, who have withdrawn their candidature under rule 20.

23. (1) When in any ward or in any special ward one or more seats are reserved under section 19 of the Act the following candidates whose names are included in the final list of candidates shall be declared to be elected, that is to say—

(a) if the number of candidates for the reserved seats is not greater than the number of seats so reserved—all such candidates;

(b) if the number of candidates other than those for the reserved seats does not exceed the number of seats not so reserved—all such candidates;

(c) if the number of candidates for the reserved seats is not greater than the number of seats so reserved and the number of candidates other than those for the reserved seats does not exceed the number of seats not so reserved—all such candidates;

(2) When in any ward seats are not reserved under section 19 of the Act all candidates whose names are included in the final list of candidates shall be declared to be duly elected if their number is not more than the number of vacancies.

(3) In all such cases, the declaration shall be made by the Election Officer in writing on the election day.

(4) If the number of candidates included in the final list of candidates is greater than the number of vacancies in any particular ward, a poll shall be taken.

24. (1) Before the date of publication of the final list of candidates under rule 22, the Election Officer shall fix the place or places (hereinafter referred to as polling centres) at which the poll shall be held on the election day and the hours between which voters shall be admitted into the polling enclosures.

(2) The poll shall be held at the time and at the polling centres so fixed:

Provided that where it is considered necessary, separate polling centres may be fixed for the recording of votes by female voters.

(3) The poll of a special ward shall be held at the same time as the polls at other wards.

(4) Notice of such time and such polling centres shall be given by beat of drum and by the publication of notices at the municipal office.

25. After the hour mentioned in the notice referred to in rule 24 no person shall be admitted within the polling enclosures but the votes of all duly registered voters who are already within the enclosure shall be recorded.

26. Each voter shall be entitled to vote for the ward and for the special ward, if any, in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for each ward for which he is thus entitled to vote:

Provided that he shall not give more than one vote on the same voting paper to any one candidate.

27. (1) There shall be in each ward at least one polling centre.

(2) Where there are more than one polling centre in a ward the Election Officer shall cause a notice to be published showing the names and serial numbers as given in the Final Electoral Roll of persons whose votes shall be recorded at any specified polling centre in the ward.

(3) The Election Officer, if he thinks necessary, provide more than one polling booth in a polling centre and shall cause a notice to be published at the gate of each polling booth showing the serial numbers as given in the Final Electoral Roll of persons whose votes shall be recorded at the booth.

(4) The Election Officer shall appoint a Presiding Officer for each polling centre and such other persons (hereinafter referred to as polling officers) to assist the Presiding Officer as he thinks necessary. The Election Officer may appoint additional polling officers during an election, if necessary.

(5) If the Presiding Officer, owing to illness or other unavoidable cause, is unable to attend the polling station, his functions shall be performed by such polling officer as may be authorised by the Election Officer in this behalf and the expression "Presiding Officer" in these rules shall be deemed to include a polling officer so authorised.

28. (1) On the morning of the election day the Election Officer shall supply the polling officers with the following:—

(a) a ballot box provided with an aperture for receipt of voting papers;

(b) a rubber stamp for stamping the official mark on such papers;

(c) a copy of the Final Electoral Roll, with the particulars prescribed in sub-rule (2) of rule 27;

(d) a bound book or books containing as many ballot papers serially numbered in foil and counterfoil as there are voters at that polling centre;

(e) if necessary for use in connection with an election in a special ward, a special ballot box of distinctive colour and a bound book or books of special ballot papers of the same colour as the ballot box.

(2) The Election Officer shall cause to be provided at each polling centre, sufficient writing materials with which voters may mark the ballot papers.

(3) The official mark shall be kept secret until the commencement of the poll.

29. The ballot paper shall be printed in English or in English, Hindi and Bengali in Form D annexed to these rules. The names of candidates shall be printed in alphabetical order in English. The symbol assigned to each candidate shall be printed against his name. When the ballot paper is printed in all the three languages the names shall be printed in Hindi and Bengali below that of English.

30. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Election Officer shall divide each polling booth into two rooms or compartments, hereinafter, called the inner and outer compartments. Votes shall be recorded in the inner compartment.

31. (1) On the election day the Presiding Officer shall admit to the outer compartment of the polling booth the candidates or such agents as may be selected by the candidates, to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(2) Only voters and such other persons (if any) as the presiding officer may by special directions admit, shall be allowed to enter the inner compartment of the polling booth.

(3) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(4) The presiding officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

32. Immediately before the commencement of the poll the presiding officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and shall place it in his view for the receipt of ballot papers.

33. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the Presiding Officer objections against any voter on any of the following four grounds:—

(1) that his name is not on the Final Electoral Roll of the ward in respect of which the election is being held;

(2) that his claim to be a certain voter shown on the Final Electoral Roll is false;

(3) that he has already voted;

(4) where there is more than one polling centre in a ward, that under rule 26 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

34. The procedure for recording a vote shall be as follows:—

(i) There shall be no voting by proxy.

(ii) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that every body present can hear them.

(iii) No objection against an intending voter shall be entertained except on the grounds mentioned in rule 33.

(iv) Any objection shall be summarily decided by the Presiding Officer, who may for this purpose take such evidence as may be available on the spot.

(v) If after taking such evidence the Presiding Officer disallows the objection or if no objection is raised, the voter desiring to have a voting paper shall, before receiving such paper, allow—

(a) inspection of his left fore finger to the Presiding Officer or a polling officer; and

(b) an indelible ink mark to be put on his left forefinger;

(vi) If any such voter—

(a) refuses to allow such inspection of his left forefinger, or

(b) refuses to allow an indelible ink mark to be put on his left forefinger, or

(c) persists in doing any act with a view to remove such mark after it has been put

he shall not be entitled to be supplied with any ballot paper or to record his vote at the election;

(vii) Except as provided in clause (viii), no person who has already such a mark on his left forefinger at the time he enters the polling booth shall be supplied with any ballot paper.

(viii) When the name of a person is entered in the electoral roll of more than one ward or entered more than once on the electoral roll of the same ward and his left forefinger has been marked under clause (v) with indelible ink at a polling booth preliminary to his receiving a ballot paper or ballot papers at that polling booth, he shall not be required to have his left forefinger marked again with such ink before receiving a ballot paper or ballot papers at any other polling booth where he is also entitled to vote; and presence of the mark at the polling booth where he has already received a ballot paper or ballot papers shall not disentitle him from receiving a ballot paper or ballot papers at such other polling station if he produces a certificate in Form E which shall be granted to him on his application to the presiding officer of the polling booth where the mark has been made.

(ix) Any reference in this rule or in rule 35 to the left fore finger of a voter shall in the case where the voter has his left forefinger missing, be construed as a reference to any other finger of his left hand and shall, in the case where all the fingers of his left hand are missing be construed as a reference to the forefinger or any other finger of his right hand and shall, in the case where all his fingers of both the hands are missing, be construed as a reference to such extremity of his left or right arm as he possesses.

(x) Immediately before a ballot paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a ballot paper, but no note shall be made of the particular ballot paper which he has received.

(xi) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his ballot paper.

(xii) A voter who has received a ballot paper shall forthwith be directed, by the presiding officer or a person (not being a candidate or his agent) deputed by the presiding officer for this purpose, to a place set apart therefor in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the ballot paper, against the symbol assigned to any candidate for whom he intends to vote. He shall then conceal his vote by folding the ballot paper and shall put the paper so folded into the ballot box in the presence of the Presiding Officer. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the ballot paper into the ballot box.

(xiii) If a voter has been given ballot papers both for the general ward and also for a special ward, he shall put the respective papers into ballot boxes of the colours to which they correspond.

(xiv) If the voter owing to physical or other disability is unable to read the symbols on a ballot paper or to make a mark thereon, the presiding officer shall mark the vote in the ballot paper according to the direction of the voter. The voter shall then himself or with the assistance of the presiding officer, put the paper folded up into the ballot box.

35. In determining the right of a person to obtain a ballot paper for the purpose of voting at an election, the presiding officer may interpret an entry in the electoral roll so as to overlook merely clerical or printing errors but shall record his reasons for doing so, and the interpretation he has adopted, on the counterfoil of the ballot paper issued to such person.

36. If an intending voter representing himself to be a particular voter named on the electoral roll enters the outer compartment of the polling booth for the purpose of obtaining a ballot paper after another person has voted as such voter, the intending voter shall, after duly answering such questions as the Presiding Officer may ask, be entitled to receive a ballot paper. Such ballot paper (hereinafter referred to as a tendered ballot paper) shall be in Form F annexed to these rules and instead of being put into the

ballot box shall be given to the Presiding Officer who shall endorse it with the name of the candidate for whom such person desires to vote and also with the name of the voter and his number on the electoral roll. It shall be set apart in a separate packet and it shall not be counted by the Presiding Officer. The number of the ward, the name of the voter and his serial number on the electoral roll and the polling centre to which the roll relates shall be entered in a list in Form G annexed to these rules which shall bear the heading "Tendered Votes List". The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

37. (1) If any polling agent declares in writing and undertakes to prove, or if the Presiding Officer for any reason is clearly of opinion, that any person in obtaining a ballot paper has committed the offence of false personation, the Presiding Officer shall require such person to enter in the list of challenged votes (which shall be in Form H annexed to these rules), his name and address or if he is unable to write, to affix his thumb impression thereto. If such person refuses to comply with such requisition he shall not be permitted to vote, but if he does so comply, he shall be allowed to vote after he has been warned of the penalty of false personation and after he answers the questions mentioned in rule 38 in the manner laid down therein.

(2) The Presiding Officer shall in every case, whether or not the person is allowed to vote, make a note in the list of challenged votes.

38. At any time before a ballot paper is delivered to a voter, the Presiding Officer or the Polling Officer may, of his own accord or if he has reason to doubt the identity of the voter or his right to vote at the polling centre and shall, if so required by a candidate or the agent of the candidate put to the voter the following questions:—

(1) are you the person enrolled as follows (reading the whole entry from the roll)? and

(2) have you already voted at the present election in this ward as such voter?

The voter shall not supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

39. (1) The Presiding Officer or the Polling Officer of a polling centre shall be allowed to record his vote at the polling centre where he is on duty on his producing a certificate from the Presiding Officer of his own polling centre that he is entitled to vote at such other centre.

(2) Such vote shall be recorded in the same manner prescribed in rule 34 except that, the ballot paper after being filled in and folded shall be placed along with the certificate, in a sealed envelope and sent to the Presiding Officer of the relevant polling centre where the Presiding Officer or Polling Officer as the case may be is entitled to vote. The Presiding Officer concerned shall open the envelope and put the ballot paper in the appropriate ballot box.

40. It shall be the duty of the Presiding Officer and Polling Officers to see that votes are recorded with the utmost secrecy, that the number on the ballot paper hand over to a voter is not divulged to any person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and special directions given by the Presiding Officer thereunder are strictly observed.

41. On the conclusion of the poll, the Presiding Officer with the assistance of the Polling Officer shall forthwith open the ballot box and scrutinise the votes in accordance with rule 42.

42. Any ballot papers not marked, marked otherwise than with a cross or marked elsewhere than in the space provided for the purpose, or on which more crosses are marked than there are vacancies, or on which a cross is so placed as to make it doubtful to which candidate the vote has been given or on which any mark is made by which the voter may be identified shall be invalid. A note to this effect shall be made upon it by the Presiding Officer and it shall not be included in the count.

43. When the ballot papers have been scrutinised the Presiding Officer with the assistance of the Polling Officer shall count in the presence of the candidates or their agents, if any, the valid votes and declare to be elected in any ward or special ward the candidate or candidates to whom the highest number of votes has been given, in the following manner:—

(a) In a ward where there is a seat reserved under section 19 of the Act he shall declare the result first of the election to the reserved seat and afterwards of the election to the other seat.

(b) Among the candidates for election to seats referred to in section 19 of the Act shall declare elected to the reserved seat that candidate who polls the highest number of votes.

(c) If there be an equality of votes and if the number of vacancies does not admit of all the candidates who have obtained an equality of votes being elected, he shall draw lots in such manner as he may determine and shall declare such of the candidate to be elected as may be so entitled on the results of the drawing of lots.

44. The Presiding Officer shall forthwith report in writing the result of the election to the Chairman.

45. (a) When a candidate has been elected for more than one ward he shall be declared by the Chairman to have been elected for the ward, if any, in which the election has been uncontested. Otherwise, within five days from the date of the election, the candidate shall declare which particular ward he shall represent.

(b) If the candidate fails to make such declaration, the Chairman shall forthwith declare the ward which such candidate shall represent. In either case such candidate shall be held to be elected in the ward in respect of which a valid declaration has been made under this rule and in every other ward for which the said candidate has been elected the result of the election shall be determined as if no votes had been recorded for him:

Provided that, if, there is no other candidate for whom votes have been recorded a fresh election shall be held.

46. A second election, under section 26 of the Act, shall begin at the stage from which the original election failed.

Illustration.—If the election failed at the time of polling a fresh poll only shall be held or if the election failed for want of candidates, fresh nominations shall be called for.

47. When the ballot papers have been scrutinised and counted the Presiding Officer shall forthwith replace them in the ballot box from which they were taken and seal it in the manner prescribed by rule 32. He shall also seal up the books of counterfoils and unused foils of ballot papers and also the copy of the marked Electoral Roll, with his own seal and the seal of such candidates or their agents as may desire to affix them. He shall make them over with the ballot box to the Chairman to be kept in safe custody until the books and the ballot papers are destroyed under rule 48.

48. On the expiry of 30 days from the date of the declaration of the result of the election, or, if an election petition has been filed under section 36 of the Act, as soon as possible after the disposal of the petition, the ballot papers in the ballot boxes and the sealed books containing unused ballot papers and counterfoils shall be destroyed in the presence of such municipal Commissioner or Officer as the Commissioners at a meeting may appoint for this purpose.

49. The names of duly elected Commissioners for the whole Municipality shall be forwarded by the Chairman through the District Magistrate and the Commissioner of Division to the State Government, for publication.

These names shall be published in the *Calcutta Gazette* together with the names or official designation of the Commissioners appointed by the State Government.

50. In a municipality where the District Magistrate is the Chairman, the duties assigned to the Chairman in these rules shall be discharged by the Vice-Chairman.

51. If, in any case it is deemed necessary so to do the State Government may direct that the District Magistrate shall perform all or any of the duties assigned by these rules to the Chairman or the Commissioners at a meeting.

52. No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the Commissioners, or holding any office of profit under Commissioners, shall directly or indirectly, engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote.

53. All costs incurred in the preparation, printing and publication of the electoral rolls, the publication of notices, the holding of elections, or the taking fo any other necessary action under these rules, shall be payable out of the municipal fund.

ORDER

No. 180-I.R./IR/11L-343/58.—17th January 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 4989-I.R./IR/11L-279/57, dated the 19th December 1957, read with addendum No. 834-I.R./IR/11L-279/57, dated the 7th March 1958, the industrial dispute between Messrs. Calcutta Clinical Research Association Ltd., 6 Chowringhee Road, Calcutta-13, and its unit office at 10 Rowdon Street, Calcutta-16, and their workmen represented by Calcutta Clinical Research Association Mazdoor Union, 1 Joy Bhattacharjee Lane, Calcutta-3, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Calcutta Clinical Research Association Ltd., 6 Chowringhee Road, Calcutta-13, and its unit office at 10 Rowdon Street, Calcutta-16, and their workmen represented by Calcutta Clinical Research Association Mazdoor Union, 1 Joy Bhattacharjee Lane, Calcutta-3. [Case No. VIII-254(180) of 1957.]

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal*

For the Union: Shri Panchanan Bhattacharjee with Shri S. N. Kundu.

For the Company: Shri S. C. Roy, Law Officer.

AWARD

By order No. 4989-I.R./IR 11L-279/57, dated the 19th December 1957, as amended by order No. 834-I.R./IR/11L-279/57, dated the 7th March 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Calcutta Clinical Research Association Ltd., 6 Chowringhee Road, Calcutta-13, and its unit office at 10 Rowdon Street, Calcutta-16, and their workmen represented by Calcutta Clinical Research Association Mazdoor Union, 1 Joy Bhattacharjee Lane, Calcutta-3, regarding the matters specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

2. After usual summons the parties put in appearance and filed their written statements. The pleadings were completed on 28th February 1958. The parties were thereafter directed to file lists of documents. Then after inspections the dispute was heard and award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:

(1) Dearness allowance.

(2) Puja Bonus for 1957.

(3) Whether the management was justified in discharging Sm. Sudha Dutta? What relief is she entitled to?

Decision

Messrs. Calcutta Clinical Research Association Ltd. (hereafter called the Company) has its factory at 6 Chowringhee Road and unit office at 10 Rowdon Street. The Company employs about 63 workers in these establishments. Calcutta Clinical Research Association Mazdoor Union (hereafter called the Union) on behalf of the workmen submitted a charter of demands on different dates. Thereupon conciliation proceedings started and as no settlement was possible the disputes were referred to this tribunal for adjudication on 19th December 1957. Thereafter there was an amendment on 7th March 1958 whereby the unit office at 10 Rowdon Street was also added. Now let us consider the issues separately.

Issue 1: The workmen of these two establishments drawing salary up to Rs. 150 per month have been getting dearness allowance at the flat rate of Rs. 30 per month on the basis of the award, dated 17th March 1950, between the parties published in the *Calcutta Gazette Extraordinary*, dated 19th April 1950. The Union demands dearness allowance at the rate of Rs. 40 per month for these workmen on the ground of rise in the cost of living index since the award in 1950. The Company opposes the claim on the ground that it has no financial capacity to bear any additional burden in this respect. Unlike minimum wages, dearness allowance must be related to the capacity of the employer to pay. In the present case the balance sheets which the Company produced from 1950 to 1958 (Ext. E series) go to show that the financial position of the Company is anything but satisfactory. It appears that during the last three years the Company incurred losses year after year—Rs. 39,570 in the year ended 31st March 1956 (Ext. E1), Rs. 2,565 in the year ended 31st March 1957 (Ext. E2) and Rs. 17,843 in the year ended 31st March 1958 (Ext. E3). It further appears that the total debit balance up to the year ended 31st March 1958 comes to Rs. 60,847. In the circumstances, although there has been rise in the cost of living index since the award in 1950 which would have otherwise justified an increment of Rs. 10 as dearness allowance as claimed, the tribunal is unable to uphold the claim in view of the financial position of the Company as revealed. Claim for increment in dearness allowance is accordingly rejected.

Issue 2: The bonus claimed according to both sides is not customary bonus but bonus out of profit payable at the time of Durga Puja. The financial year of the Company is from April to March. The Union demanded bonus out of profit of the year ended 31st March 1956 (*vide* Annexures 1 to 3), i.e., the bonus payable on the eve of the Puja of 1956. The claim as aforesaid cannot be entertained on the basis of the issue as referred to which is for the year 1957. Be that as it may, it has already been noted, that there was no profit either during the year ended 31st March 1956 or during the year ended 31st March 1957. Claim for bonus out of profit can be sustained only if there be available surplus after deduction of prior charges. In the present case no such question arises as there has been loss in both the successive years. The statement (Ext. 3) filed by the Union in support of the claim of bonus is useless having not been drawn up according to the Full Bench formula. The cliam for bonus is accordingly rejected.

Issue 3: The facts, as I find, are as follows:—

Shrimati Sudha Dutta had joined in the factory of the company at 6 Chowringhee Road on 2nd February 1944 (*vide* Ext. F). She worked there for five years and was thereafter transferred to the office of the Company

at 10 Rowdon Street in 1949 and was posted there until discharge on 20th July 1956 (*vide* P.W. 2 Shri Gouri Shankar Prosad Roy). There was no protest to the transfer (*vide* P.W. 2). While attached to the office at 10 Rowdon Street, she was granted maternity leave from 14th August 1952 till 31st January 1953. She was again granted leave on that account from 17th August 1953 to the 31st December 1953 (*vide* Ext. F and Annexure C to the written statement of the Union). Shrimati Sudha Dutta admitted in cross-examination that she took leave from time to time on medical grounds. Ext. F also shows this.

In these circumstances, Shrimati Sudha Dutta again obtained maternity leave for three months from 17th January 1956 (*vide* P.W. 1 and Exts A and A1). The discharge certificate granted by the hospital (Ext. 1) shows that it was a normal delivery and that she was discharged from the hospital on 27th February 1956. On 21st March 1956 Shrimati Sudha Dutta applied for extension of leave on the ground of anaemia and general debility after child birth (*vide* Exts. A2 and A3) and she got it. On the expiry of the leave she did not resume duty and she again applied for extension of leave on 23rd May 1956 and got the leave (*vide* Exts. A4 and A5). On 25th June 1956 she again applied for extension of leave for two months from 22nd June 1956 to 22nd August 1956 (*vide* Exts. A6 and A7). She had thus been on leave continuously on the ground of child birth and ill health for about six months at the time. The Company on receipt of the last application, dated 26th June 1956 (Ext. A6) admittedly wrote to her on 9th July 1956 as per Annexure 4 to the Union's written statement. Shrimati Sudha Dutta was informed by that letter that she was on leave for about six months from 17th January 1956 and the Company could not keep on service an employee like her whose poor health did not permit to resume normal duties after so long a leave. The Company accordingly rejected her application for extension and she was asked to resume duties within 7 days from the date of the letter, failing which her employment would cease (*vide* Ext. B and Annexure 4 to Union's written statement). On receipt of the said letter Shrimati Sudha Dutta wrote to the Manager of the Company on 17th July 1956 informing how it was not possible to resume duties so far on account of ill health and how she came down to Dhanbad for a change and how it was not possible to resume duties within 7 days as asked for. In that letter she also claimed that the leave asked for was due to her and she was entitled to the said leave within the scope of her service conditions and leave rules (Annexure 6 to the Union's written statement). The Company wrote in reply on 20th July 1956 (Annexure 6 to Union's written statement). The Company contested the claim of Sm. Sudha Dutta that leave asked for was due and that she was entitled to have it. The Company further pointed out to her how in the past she took leave causing great dislocation in carrying out the normal work of the Company. She was also told that no leave was due to her. The Company accordingly informed her that it could not alter its previous decision and accordingly discharged her from 20th July 1956 (*vide* Annexure 6 to the Union's written statement). On 27th July 1956 Sm. Sudha Dutta acknowledged receipt of the letter terminating her employment. In that letter too she contested the Company's statement that no leave was due to her. She informed the Company that she would resume as soon as her attending physician advised her to do so (Annexure 7 to the Union's written statement). Then on 22nd August 1956 she came to the office at 10 Rowdon Street to resume duty but was not allowed to do so. On 30th August 1956 she wrote to the Manager to inform her whether she would be allowed to resume duty or not (Annexure 8 to the Union's written statement). On 1st September 1956 the Manager informed her that the Management was unable to alter their decision and asked her to collect her

dues (Annexure 9 to Union's written statement). On 8th September 1956 the President of the Union wrote to the Labour Commissioner seeking his intervention in the matter.

The question which now arises is whether the discharge is justified. As the correspondences reveal, this is a case of discharge with notice on the ground of continued ill health as opposed to dismissal. The standing orders regulate the conduct of the parties and their conditions of service. Standing orders are framed under the Industrial (Employment) Standing Orders Act. In the present case the Company has no obligation under the said Act to maintain standing orders and as a matter of fact, the Company had admittedly none at the time of discharge on 20th July 1956 (*vide* P. W. 1). The question has, therefore, to be judged on general principles. On the materials placed before the Tribunal, it is unable to find that the discharge is unjustified or *mala fide*. On her own showing Sm. Sudha Dutta was on continued ill health until discharge on 20th July 1956 and did not become fit to resume duty before elapse of a month on 22nd August 1956. The leave account of the past period since she joined office on 10th August 1949 (Ext. F) shows that in the past too she had similarly absented from time to time much in excess of the leave due to her. In the circumstances, the action of the management to terminate her employment on 20th July 1956 on the ground of continued ill health cannot be characterised as *mala fide* and unreasonable. It is a basic principle that the industry should be efficiently managed. So, there must obviously be a limit in granting extension of leave. In the present case refusal of the employer to extend the leave further, cannot be said to be unreasonable. Though not invoked, I also find no violation of the provisions either of the Bengal Maternity Benefit Act or of the Employees' State Insurance Act. She got leave more than the one admissible under the Maternity Benefit Act. Besides, to claim benefit under the said Act, she must have been employed in the factory of the employer from whom she claims maternity benefit for a period of not less than 9 months immediately preceding the day of child birth. In the present case Shrimati Sudha Dutta ceased to work in the factory since 1949. As to the Employees' State Insurance Act, her discharge took place after absence for a continuous period of 6 months. So, *prima facie*, there has been no violation of the provision of section 73 of the Act. Besides to invoke section 73 of the Act, the illness must be duly certified in accordance with the regulations. Regulation 54 shows the persons who are competent to issue medical certificates. As the medical certificates filed by Shrimati Sudha Dutta are not from the persons mentioned in regulation 54, section 73 is not also attracted. I, therefore, find nothing to interfere. As the case of discharge on the ground of continued ill health has been excluded from definition of "retrenchment" in section 2(oo) of the Industrial Disputes Act, the workman cannot also claim retrenchment benefit. It, therefore, follows that Shrimati Sudha Dutta is entitled to no relief.

This is my award.

ORDER

No. 138-I.R./IR/11L-442/58.—15th January 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 4785-I.R./IR/11L-442/58, dated the 17th November 1958, the industrial dispute between Messrs. G. C. Law & Co., 22 Canal South, Calcutta-15, (Head Office: 2 Cornwallis Street, Calcutta), and their workmen represented by G. C. Law Mazdoor Union, 139, Narikeldanga Main Road, Calcutta-11, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. G. C. Law & Co., 22 Canal South, Calcutta-15 (Head Office-2 Cornwallis Street, Calcutta), and their workmen represented by G. C. Law Mazdoor Union, 139 Narkeldanga Main Road, Calcutta-12. (Case No. VIII-229 of 1958.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SHRI J. N. MAITRA, *Judge, Third Industrial Tribunal.*

For the Union: Shri Parimal Das Gupta, President and Shri Sudhangsu Bhattacharjee, Secretary of the Union.

For the Company: Shri Dharani Dhar De, Head Office Manager and Shri Biswanath Mukherjee, Factory Manager of the Company.

AWARD

By order No. 4785-I.R./IR/11L-442/58, dated the 17th November 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. G. C. Law & Co., 22 Canal South, Calcutta-15 (Head Office: 2 Cornwallis Street, Calcutta), and their workmen represented by G. C. Law Mazdur Union, 139 Narkeldanga Main Road, Calcutta-11, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Whether the closure of the Factory is justified?

(2) Whether the services rendered by the workmen prior to October 1953 should count for retrenchment compensation? To what relief are the retrenched workmen entitled?

Decision.

Issues 1 and 2: After usual summons the parties put in appearance and filed a petition of compromise and prayed for an award in terms and object of the issues. The terms are fair and reasonable. I, therefore, give effect to them and make my award accordingly. The petition of compromise is made part of the award.

MEMORANDUM OF SETTLEMENT

Parties: Messrs. G. C. Law & Co., 22 Canal South Road, Calcutta-15 (Head Office: 2 Cornwallis Street, Calcutta), and their workmen, represented by G. C. Law Mazdoor Union, 139 Narikeldanga Main Road, Calcutta-11.

Representatives of the Parties:

Representatives of the Company—(1) Shri B. N. Mukherjee, Factory Manager, (2) Shri D. De, Head Office Manager.

Representatives of the Workmen—(1) Shri Parimal Das Gupta, President of the Union, (2) Shri Sudhangsu Bhattacharjee, Secretary of the Union, (3) Shri Bistu Paramanik, Assistant Secretary of the Union, (4) Shri Arun Kumar Ghose, Assistant Secretary of the Union, (5) Shri Banshi Pandit, (6) Shri Kartick Jana, (7) Shri Basudeb Das, (8) Shri Hara Kumar Bose and others.

Short recital of the dispute.

The Management closed the factory with effect from 20th September 1958 *vide* its notice, dated 20th August 1958, and retrenched all the workmen. The dispute arose as to the justifiability of closure and payment of retrenchment benefit. The Company intended to pay retrenchment benefit to the workmen for the period of service with effect from its last opening on 24th February 1954 after the lockout in October 1953 and the workmen claimed retrenchment benefit for their period of service prior to that date and also thereafter. According to the Company the services of the workmen were newly started after the lockout of the factory in October 1953, whereas, according to the workmen, there was no break of their service, due to said lockout and subsequent agreement, dated 19th January 1954, between the Company and the workmen. As a result of this dispute the matter was referred to the Third Industrial Tribunal, West Bengal, *vide* Government of West Bengal, Labour Department, order No. 4785-I.R./IR/11L-442/58, dated 17th November 1958.

Both the parties now amicably settle up the dispute and agree to the following terms and conditions:—

(1) The Company withdraws its notice, dated 20th August 1958, regarding closure and decides to open the factory on 1st January 1959.

(2) All the workmen, who were in service of the Company prior to closure on 20th September 1958 will remain in service without any break or prejudice of the service condition.

(3) The period between 20th September 1958 and 31st December 1958 will be treated as leave without wages to all the workmen.

(4) The Company will start work for production of nibs and penholders for the present and the work for production of pencils will be started on or before 1st May 1959.

(5) The workmen, mentioned under Appendix 'A' will join work on 1st January 1959, and the others mentioned under Appendix 'B' will join work on or before 1st May 1959 according to the arrangement of the Company for the purpose.

(6) The period between 1st January 1959 and 30th April 1959 or any part thereof, will be treated as leave without wages to the workmen who will be asked to join work after 1st January 1959 (whose names are mentioned under Appendix 'B') according to the date of joining the work.

(7) For the purpose of computation of compensation under the Industrial Disputes Act and other legal benefits, the services of the workmen who were appointed prior or on 1st January 1950, will be counted from that date (1st January 1950) and services of the workmen, who were appointed after 1st January 1950 will be counted from the actual date of their appointment. According to provison of the Act, the workmen will get fifteen days' wages as compensation, for each completed year of service on the basis of last pay drawn, at the time of retrenchment.

(8) The workmen will get Rs. 20 only as advance within 7th January 1959 and the same will be refunded by four equal monthly instalments from the next month of their joining work.

(9) The workmen who will not be absorbed within 28th February 1959 will again be paid with Rs. 10 only as advance within 15th March 1959 and the same will be refunded by two equal monthly instalments from the next month of their joining work.

(10) Any workmen who will resign from service now will be granted compensation as per clause (7) above.

(11) The Provident Fund and all other existing privileges of the workmen will continue as usual.

(12) A committee representing the Company and workmen with equal numbers from each side together with Shri M. C. Law, the proprietor, as the permanent Chairman will be formed for proper management of the factory. All matters relating to production, distribution, profit and management will be conducted according to the decision of the committee.

ORDER

No. 183-I.R./IR/10L-4(C)/57.—17th January 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 5441-I.R./D/10L-116/56, dated 20th December 1956, as amended, the industrial dispute in the Engineering Industry in West Bengal between the Engineering firms referred to in the said order as amended and their workmen represented by the Unions and Federations mentioned in the said order as amended were referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against Messrs. Textile Machinery Corporation Ltd., Belgharia, 24-Parganas, by Shri Munshi Sha an employee of the said Company alleging that the said Company had violated the provisions of section 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the power conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted the award to the State Government;

Now, therefore, in pursuance of provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, filed by one Shri Munshi Sha, Index No. 1120, C/o. Texmaco Workers' Union, 49 Nimta Road, Belghoria, 24-Parganas against Messrs. Textile Machinery Corporation, Belghoria, 24-Parganas.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

Present for the Company: Shri S. K. Bose, counsel, Assisted by Shri K. P. Mukherji, solicitor of Messrs. Khaitan & Co., solicitors.

Present for the workman: Shri Ram Sen, an officer of the Union, assisted by Shri B. K. Bagchi, General Secretary of the Union.

The original reference out of which this case has arisen was made under G.O. No. 5441-I.R./D/10L-116/56, dated 20th December 1956.

AWARD

It is the contention of the petitioner that he has been dismissed by the Company on 25th April 1958 without there being any fault on his part. He was given a charge-sheet on 3rd March 1958 and he gave a reply thereto on 4th March 1958. The petitioner contends that he had a standing instruction of the Finance Officer of the Company, whose car he used to drive that the said car No. WBE1532 would be in his residence and the keys of the car should be left at the disposal of his wife. So, when at 5-30 p.m. Colonel D. N. Sarma, the Security and Estate Officer, asked for the said car in the Cash Office, he merely told him just to ring up and contact with the wife of the aforesaid Finance Officer so that she might deliver the keys to the driver. He never acted in any insolent manner showing disregard to the Colonel. So, he has been wantonly impleaded in the present case, says the petitioner Munshi Sha.

According to the management, Col. D. N. Sarma received a telephone message from Shri A. N. Vorah, the Secretary to the Chief Officer that a car was immediately required for taking the Works Manager to the Dum Dum airport. When Shri Vorah was informed that no car was available at the moment, he came personally to the office. There he found Munshi Sha, a driver, in the cash office. On having this information from Shri Vorah, Col. Sarma came to the cash office and asked Munshi Sha to bring his car. Munshi Sha suddenly took up an insulting attitude, and replied to the queries of Shri Sarma in a rough voice saying "thither the car was". Col. Sarma, the Security and Estate Officer, repeatedly ordered him to bring out the car, but that only resulted in fresh insults from Munshi Sha. Ultimately, however, Munshi Sha did not carry out his order. So a charge-sheet was given to him, and there was an enquiry thereafter in which Munshi Sha was found guilty, and he was dismissed. Thereafter the Company filed an application under section 33 of the Industrial Disputes Act seeking approval of its action in dismissing Munshi Sha from the Tribunal.

Now, turning to the evidence on record, I am satisfied that the version of the management is correct, it having been substantiated on material particulars. The log book, Ext. 7, shows that the car WBE1532 was

not exclusively attached to the Finance Officer of the Company as said by Munshi Sha. This car was used by other officers as well. So there can be no question of any standing instruction from the Finance Officer that the car in question should in no circumstances be taken out from his residence without his permission. This Finance Officer, Shri R. S. Sarma, has deposed before me. At the relevant time he was in Delhi. He denies having left any such instruction that the car in question would not be allowed to be taken out without his permission.

Munshi Sha says that on 3rd March 1958 he was asked by the wife of the Finance Officer to take her ailing baby to the doctor in Calcutta. He took the baby in his car to Calcutta at 8 a.m. and returned therefrom at about 5 p.m. That this man is not telling the truth is evident from the entries in the log book of that date which reveals that from 8 a.m. to 10 a.m. on 3rd March 1958 the car No. W.B.E. 1532 was engaged in its trips to the Air India Office and back to the factory. Ext. 8 shows that the car had another trip between 10 a.m. and 11 a.m. Thereafter it was again taken out to Calcutta and returned to the factory during the period from 11 a.m. to 5 p.m. In the trips from 10 a.m. to 11 a.m. and from 11 a.m. to 5 p.m. Munshi Sha was the driver. So it appears that Munshi Sha does not have strict regard for the truth.

Munshi Sha is charged with the offence of disobedience to the order of Colonel Sarma, the Security and Estate Officer, in refusing to bring out the car, as also of unmannerly and insulting behaviour in course of the Colonel's talk with Munshi Sha over the matter of the car. In his statement before me, Munshi Sha tried to conceal the fact that Colonel Sarma had told him that the car was very urgently required. But in his deposition before the Enquiry Committee he admitted that Colonel Sahib had told him that the car was required very urgently and that he should go immediately and get the car out. Munshi Sha wants to say that he politely told Col. Sarma that the key of the car in question was with the wife of the Finance Officer, and that he should speak to her over telephone so that the key might be delivered to the driver Munshi Sha. The plea of politeness in his talk with Col. Sarma is displaced not only by the circumstances, but also by direct evidence. If he had talked with him politely there could have been no occasion for Col. Sarma, a responsible officer of the Company, for giving him a charge-sheet on a false and fabricated ground. From the evidence of all the witnesses in this case against whom there is no attribution of past grudge or enmity or any sort of ill feeling against Munshi Sha, it is abundantly clear that Munshi Sha's reply to Col. Sarma, who was his superior officer, was very insolent, and that he created a row on the spot which lowered down the prestige of Col. Sarma in the estimation of people present there. In case the key of the car was really with the wife of the Finance Officer, the driver Munshi Sha ought to have gone to the said lady on receipt of orders from Col. Sarma, and in case the lady refused to make-over the key to him, then only he could ask Col. Sarma just to ring up and speak to the lady, meaning, the wife of Finance Officer. The fact, as it seems to be, is that the driver Munshi Sha felt tired after his trip to Calcutta and back, and that he was thinking of going home for rest on receipt of his wages from the cash office. Just at that moment a fresh requisition for the said car from Col. Sarma irritated him much, and he flew into a rage. But even then, I must say, the driver should have politely importuned Col. Sarma to spare him having placed before him how tired he was. But instead of that, if he indulges in giving replies to the superior officer in the manner he did, his conduct amounts to insubordination and borders on insult to the superior officer. The evidence in the case has proved every bit of the actual insult Col. Sarma was put to, and I believe

it. So the charge of misconduct against this driver has been clearly brought home to him, and he is liable to punishment under the Standing Orders of the Company. He is guilty of major misdemeanour and is punishable under clause 2(1) of the Appendix D to the Company's standing orders.

Munshi Sha wants to say that he did not disobey the order of Col. Sarma, and that he brought out the car from the residence of the Finance Officer. On the way one Ramnath, a driver, met him and came with him to the factory. He went into the office of Col. Sarma, and came out and said that Munshi Sha would not take the car. The car would be taken by the driver Mantoo. I do not accept this version of Munshi Sha. Had this been true, it should have found mention in the reply to the charge-sheet given by Munshi Sha (Ext. 2). But it is not there. It is only during the enquiry proceeding that the man has come out with this explanation. Besides, if he had brought the car, and if he had acted politely all through, it would be quite natural that he would himself go into the office of Col. Sarma and tell him that the car was ready. Besides, if there was all quiet, why should Ramnath driver come in his car when Munshi Sha was driving the same? Again, why should Mantoo be preferred for the proposed trip? All this makes it clear that there was some golmal, and Munshi Sha refused to carry out the order of his immediate superior officer, as alleged by him. Munshi has produced a bunch of testimonials received from his previous masters on his giving good services to them. He has also put in a considerable length of service in this Company. But all this cannot stand him in good stead when the present charge of gross insubordinate and disobedience to the lawful orders of a superior officer is proved by clear evidence. Those testimonials cannot improve his case.

Regard being had to all these facts and circumstances, I dismiss the present case under section 33A of the Industrial Disputes Act. I have approved the action of the Company in respect of this man Shri Munshi Sha on the petition filed by the Company under section 33 of the Act seeking permission therefor.

PRESENT:

SHRI N. C. CHATTERJEE, *Judge*.

The Government of West Bengal, in the Department of Labour, by order No. 3858-I.R./IR/15L-10/58, dated 12th September 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Bhagat Oil Mills, 32/4 Sahitya Parishad Street, Calcutta, and one of their workmen Shri Bijoy Narayan Sukla, represented by Bhagat Oil Mills National Workers' Union, 9 Raja Rajkisan Street, Calcutta-6, regarding matters specified in the second schedule of the Act, to this Court for adjudication:—

Schedule

Is the dismissal of Shri Bijoy Narayan Sukla Justified ? To what relief is he entitled ?

AWARD

This is case arising out of alleged illegal and unjustified dismssissal of one Shri Bijoy Narayan Sukla previously employed in Messrs. Bhagat Oil Mills (hereinafter described as the Company for the sake of brevity).

This reference, it appears, was received in this Court on 19th September 1958 and 13th October 1958 was fixed for appearance by the Union and for its written statement. On 13th October 1958 the Company appeared and authorised Shri S. C. Sen, Advocate, and Shri S. N. Ghose, Pleader, to represent the Company in this proceedings and the Union also filed a written statement. Thirty-first October 1958 was fixed for filing written statement by the Company on which date the Company put in a petition praying for time to file written statement. 28th November 1958 was fixed for the purpose. On this date also the Company prayed for time to put in its written statement and 15th December 1958 was fixed for the purpose. On 15th December 1958 the Company put in a written statement and 29th December 1958 was fixed for filing list of documents by the parties.

17th January 1959 was fixed for fixing a date of hearing, but it appears that on 2nd January 1959 the Union put in a petition stating that it desires to withdraw the dispute as the matter has been amicably settled. The dispute having thus been amicably settled, the case does not call for any decision.

Thus the reference is therefore disposed of accordingly, and a "no dispute" award is made in this case as desired by the Union in its petition which will form a part of the award.

This is my award.

Schedule

Whether the termination of employment of Shri Jiban Kanai Chatterjee is justified. To what relief by way of reinstatement and/or compensation is he entitled?

This is a case arising out of alleged illegal and unjustified termination of employment of one Shri Jiban Kanai Chatterjee previously employed in Messrs. Agarpara Kutir Silpa Pratisthan (No. 2) (hereinafter described as the Company).

On receipt of this reference, notices were issued to both the parties. First date fixed was 18th September 1958 for appearance of the Union and for its written statement. On 18th September 1958, however, none appeared for the Union, nor was any written statement filed. The next date fixed was 14th October 1958, but on this date also none appeared. Then three successive dates were given for the aforesaid purpose but none appeared for the Union.

Thus it is presumed that there is no dispute pending. Presumably the dispute has been settled and a "no dispute" award is therefore made in this case.

This is my award.

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge.*

Appearances:

For the Company: Shri S. N. Roy, Managing Director of the Company.

For the Union: Shri Panchanan Bhattacharjee, President of the Union, with Shri Gour Mohan Ghorai, Secretary.

The Government of West Bengal, in the Department of Labour, by order No. 4262-I.R./IR/11L-544/57, dated the 13th November 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV

of 1947), an industrial dispute between Messrs. Asiatic Board Mills Ltd., 29-B Beerpara Lane, Calcutta-30, and two of their workmen, Shri Baban Pandey and Shri Phulchand Shaw, represented by Asiatic Board Mill Workers' Union, 26/8 Dum Dum Road, Calcutta-2, regarding matters specified in the second schedule of the Act, to this Court, for adjudication:—

Schedule

(1) Whether the discharge of Shri Baban Pandey and Shri Phulchand Shaw is justified? To what relief are they entitled?

AWARD

This is a case arising out of alleged illegal and unjustified discharge of (1) Shri Baban Pandey previously employed as a Durwan and of (2) Phulchand Shaw previously employed as a Calendar-man in Messrs. Asiatic Board Mills Ltd. (hereinafter described as the Company for the sake of brevity).

The case of the Union in a nutshell is as follows:—

Shri Pandey went to his native village on leave after the closure of the mill and reported for his duty on 1st November 1955 but he was not allowed to join and was told that his services were dispensed with as he was not present when the mill restarted on 28th September 1955. There was an agreement between the Company and the Union embodying the terms and conditions pertaining to the reopening of the mill after the temporary closure and Shri Pandey was not described as a retrenched worker in this agreement. Thus the termination of service of Shri Pandey is without justification and thus illegal and *mala fide*.

The Union therefore seeks the reinstatement of Shri Pandey with all ancilliary benefits.

The case of the Union so far as the other workman Shri Phulchand Shaw is concerned is that he had put in 6 years' service under the Company but he was dismissed arbitrarily on 4th August 1954 without any charge-sheet, reason or enquiry whatsoever. His dismissal is thus entirely unjustified and arbitrary and the Union seeks his reinstatement with all consequential benefits.

The Company denies the material allegations in the written statement of the Union and contends that as Baban Pandey was not present when the mill restarted on 28th September 1955 his services stood terminated and the Company recruited a new hand in his place and therefore Shri Pandey is entitled to no relief.

The case of Phulchand Shaw is contended to be as follows:—Pulchand was a workman in the finishing section which is inter-linked with the drying section. On 4th August 1954 at about 1 p.m. the sky was cloudy and there was a heavy shower. Shri Hemendra Kumar Sarkar, the factory assistant and supervisor, asked Shri Shaw to help the workers of the drying section collect the boards spread over the open field for the purpose of sun drying. Shri Shaw refused to carry out the orders of Shri Sarkar and so he was called by the Manager in his office to explain his conduct. At this Shri Shaw started shouting and using abusive language to the Manager and thus his conduct was subversive of all discipline. Thus the Company denies that it is a case of victimisation and contends that Shri Shaw is entitled to no relief.

DECISION

First I take up the case of Shri Baban Pandey. The case is very simple. It is common ground that the mill was closed temporarily on 23rd June

1955. Shri Pandey says that he started for his native village in U.P. on 27th May 1955 with the permission of the Proprietor and the Managing Director also promised to send him information at his native village as and when the mill reopened. His evidence is that he wrote two reply postcards one after another and this is not contradicted, and he got a letter dated 13th August 1955, Ext. 1, from Shri S. N. Roy wherein the workman was intimated that there was no chance of the mill reopening shortly and that he was not required to come back. The workman received another letter, dated 20th September 1955, Ext. 1(a), from the General Manager of the mill wherein it was said that the mill had not reopened even then and that there was nothing to be intimated to him at that moment. Admittedly, the mill was started on 28th September 1955 and he returned from home on 1st November 1955, on receipt of information from one Rajdeo, another employee of another mill. Thus the fact remains that neither the Managing Director nor the Proprietor of the mill sent any information to this workman about the reopening of the mill asking him to come back and rejoin his duties. He was complacently staying at home and relied on the assurance of the Managing Director Shri Roy that he would in due course receive information from the authorities when the mill would reopen. Shri Roy, Managing Director, did not send him any information as promised and so he had no means to know if the mill reopened and no blame can possibly be laid at his door for not coming back to the mill on 28th September 1955 when the mill restarted The Puja holidays intervened and least suspecting that the mill reopened he was staying at home and it was only on receipt of information from Rajdeo, an employee of another mill, that he returned on 1st November 1955 when he was told by Shri Roy that the mill restarted earlier and that a Nepali Durwan was appointed in his place. Thus this workman was indeed duped into thinking that the mill did not restart as he got no information of its restarting and if he had known that the mill restarted earlier he would have certainly come back in good time to rejoin his job. In this connexion I would refer to the terms of agreement, dated 27th September 1955, Annexure A, wherein there is a stipulation in paragraph 2 thereof showing that the following retrenched workers would receive retrenchment benefits under section 25F of the Industrial Disputes Act in full and final settlement of their claim:—

"(i) Ganesh Sao, (ii) Narayani Dashi, (iii) Dhanomani Dashi, (iv) Abalabala Debi, (v) Tarak Dashi, (vi) Ram Singh, (vii) Abani Chakravorty, (viii) Abinash Chandra De, (ix) Chapala Dashi, (x) Peary Telini, (xi) Indu Bhusan Sen Biswas."

The name of the concerned workman Shri Pandey is conspicuous by its absence in the list and so by virtue of agreement 3 which runs as follows:— "Other retrenched workers will be reinstated from the restart of the Mill" this Baban Pandey being a retrenched workman was to be reinstated. So I must find that in the circumstances of this case the termination of service of Shri Pandey is unjustified, and that he is entitled to reinstatement. The Company on the other hand has examined one Shri Anil Kumar Dutta, an employee of Eastern Paper Mills, to show that Shri Pandey is employed in that mill as Durwan from 1st January 1956. The Company in this case played a foul trick upon the workman. The Company, of course, has got an absolute right to hire and fire, but subject to certain restrictions and fundamental principles as enumerated in 1956 L.L.J., Vol. I, page 325 (Lipton Limited and their workmen) which runs as follows:—

"(1) that an industrial worker must be placed in such a position that the security of his service may not depend upon the caprice or arbitrary will of the employer,

(2) that industrial peace should be maintained, and

(3) that industry should be efficiently managed."

"In all these types of cases, however, the requirement of *bona fides* is essential and the termination of service in colourable exercise of the power or as a result of victimisation or unfair labour practice or of caprice, should be prevented.....and that arbitrary conduct or unnecessary harshness on the part of the employer, judged by the normal standard of a reasonable man, may be cogent evidence of victimisation or unfair labour practice."

This case illustrates an unfair labour practice which should not be encouraged. The workman is thus entitled to reinstatement.

As regards compensation for the period of his illness, I would think that he may be fairly awarded his full wages for the period of his idleness minus the amount drawn by him from Eastern Paper Board Mills during his employment. This disposes of the case of Shri Baban Pandey.

Next, I come to Phulchand Shaw. The evidence on record establishes that 4th August 1954 was a cloudy day and at about 1 p.m. there was admittedly a heavy shower Shri Shaw being a calendar-man was working at his calendar machine when an alarm bell was rung and the practice obtaining in the mill is that simultaneously with the ringing of the alarm bell all workmen of the mill wherever engaged at the moment would run out immediately and collect the boards spread out in the open field for drying purpose lest they should be wet and spoilt. The Company's case is that Shri Shaw refused to honour the alarm bell and thus to carry out the reasonable orders of Shri Hemendra Kumar Sarkar, supervisor. Shri Shaw's version is that he said that he would go out to collect the boards spread over the field for sun drying after stopping the calendar machine which requires about five minutes to stop it. On the other hand, the Company maintains that it takes only a few seconds to stop the calendar machine and as such Shri Shaw should have instantaneously with the ringing of the alarm bell stopped the machine and run out the field in order to collect the boards as other workmen did according to the customs obtaining in the mill. To add to this, the Company further asserts that Shri Shaw when called to the room of the Manager, shouted and filthily abused and at this the Manager asked the Durwan to drive him out of the gate It is admitted that a calendar-man cannot leave his room unless his machine is stopped first, and the evidence of Shri Keshab Chandra Sen (O.P.W. 5), another calendar-man, is that it takes three to four minutes to stop the calendar machine. So the version of Shri Shaw as to the time taken in stopping the machine is correct. O.P.W. 5 Shri Keshab Chandra Sen who was then working as a helper at the other calendar machine knew nothing as to what took place between Shri Shaw and the Manager on the that particular date. O.P.W. 4 Shri Sukhomay Das Gupta who is employed in the finishing department also knew nothing as to what happened between the Manager and the workman on that particular date. So the Company has not succeeded in establishing beyond doubt that Shri Shaw created a scene by his shouts and uttered obscene words, nor is there any convincing proof that the Company suffered any loss due to the alleged disobedience of this workman to honour the alarm bell. Thus, it appears that there happened nothing particular in the mill on that particular date so as to justify the dismissal of Shri Shaw. Having regard to the principles laid down in Lipton's case as enumerated in 1956 L.L.J., Vol. I, page 325, as already quoted, I find that this is a very fit case in which the dismissal of Shri Shaw should be found unjustified and capricious and the interest of the workman should be protected. The dismissal of this workman without serving a charge-sheet

on him and in the absence of an enquiry affording him all reasonable facilities to defend himself is in clear violation of the principles of natural justice and there are a plethora of cases on this point (1956 L.L.J., Vol. II, page 67, 1955 L.L.J., Vol. II, page 86). Thus I find that the dismissal of this workman is unjustified and that he should be reinstated. The Company, however, has examined one Shri Nripendra Nath Chakravorty (O.P.W. 2) to prove Ext. A, a letter written by the Managing Director of Himalayan Paper and Board Mills, to prove that Shri Shaw worked in that mill from 1st December 1954 to 31st May 1955 and that he again worked in the same mill for a month or so. These two are instances of temporary employment, so for these periods of temporary re-employment under another Company Shri Shaw connot, of course, recover any wages from the instant Company and the wages drawn from his temporary employers should be deducted in calculating his due wages from this Company for the period of his idleness from the date of his discharge (4th August 1954) till the date of his reinstatement in this Company.

Thus the discharge of these two employees (1) Shri Baban Pandey and (2) Shri Phulchand Shaw is found unjustified and illegal and they must be reinstated with the continuity of their service unbroken. The Company must also pay each of them their full wages for the period of their unemployment minus the wages drawn by them from their employers for the period or periods of their employment under them. The Company is directed to reinstate the workmen and pay the aforesaid compensation to them within a month of the publication of the award.

As Shri Baban Pandey is employed elsewhere he may, if he likes, return to his employment under the Company within a week from the enforcement of the award.

This is my award.

AWARD

By order No. 3476-I.R./D/13L-6/55, dated the 6th September 1957, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Basumati Press, 166 Bowbazar Street, Calcutta-12, and their workmen represented by the Press Employees' Association, 249/B Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of hte Industrial Disputes Act, 1947, by notification No. 808-I.R./IR-3A2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Minimum Basic salary.

(2) Grades and scales of pay of different categories of workers.

(3) Leave.

(4) Dearness allowance.

(5) Bonus for 1953 and 1954.

(6) Provident Fund and gratuity.

Decision

It appears that there has been material change in the position of the employer since the date of the reference. Messrs. Basumati Press was at the date of the reference under the management of the Trustees on the basis of the Will of the late proprietor. According to both sides the said Trustees were discharged and a Receiver was appointed in respect of Basumati Press on 12th December 1958 by the Hon'ble High Court in a suit between the Trustees and the beneficiaries. In the absence of the said Receiver as a party to the proceeding, no effective adjudication is possible. A Receiver cannot, however, be impleaded without leave of the Court appointing him.

The Receiver in respect of Messrs. Basumati Press cannot, therefore, be impleaded by the Tribunal on its own. In the circumstances, I find that the reference, as it is, has become infructuous.

It is awarded accordingly.

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, referred to me an industrial dispute between Messrs T. C. Addy & Sons and their workmen, represented by the Calcutta Goldsmithy and Jewellery Workers' Union under Government order No. 4766-I.R./IR/11L-563/58, dated Calcutta, the 15th November 1958, for adjudication.

Issue formulated in the order of reference is as follows:—

(1) Whether the dismissal of Basdeo Singh is justified? To what relief is he entitled?

FINDINGS

Notices were served on both the parties but the Union neither appeared nor filed their written statement. Another chance was given to the Union on 12th December 1958 asking them to appear on 30th December 1958, failing which, a 'no dispute' award will be given. The notice was served by registered post and the Union accepted the notice but did not appear on the date fixed. It appears therefore that 'no dispute' exists and I would give a 'no dispute' award on this subject.

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between the 40 Rice Mills represented by the Calcutta Rice Mills Association, P-11 Mission Row Extension, Calcutta, and their workmen represented by (i) West Bengal Rice Mills Mazdoor Union, 48 Dharamtalla Street (1st floor), Calcutta-13, and (ii) Rice Mill and Dal Mills Workers' Union, 455A Diamond Harbour Road, Calcutta. (Case No. VIII-9/58.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Mazdoor Union: Shri Subodh Banerjee.

For the Workers' Union: Shri P. P. Pathak.

For the Rice Mills: Shri S. C. Sen, Advocate.

An industrial dispute regarding the matter specified in the issues, mentioned below, between 40 Rice Mills of schedule "A" to the award, represented by the Calcutta Rice Mills Association (hereinafter referred to as the Mills), P-11 Mission Row Extension, Calcutta, and their workmen represented by (i) West Bengal Rice Mills Mazdoor Union (hereinafter referred to as the Mazdoor Union), 48 Dharamtalla Street, Calcutta, and (ii) Rice Mill and Dal Mills Workers' Union (hereinafter referred to as the Workers' Union), 455-A Diamond Harbour Road, Calcutta, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 103-I.R./IR/11L-61/57, dated the 9th January 1958, and by a subsequent order No. 793-I.R./IR/11L-61/57, dated 4th March 1958:

Issues

(1) Conditions of service.

(2) Annual leave and holidays.

(3) Retirement age and retiring benefits.

(4) Workload for different categories of workmen.

(5) Uniform for Darwans, Tindals and Firemen.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

An objection was taken on behalf of the Mills that this reference in view of the earlier settlement between the parties touching the matters in dispute was bad in law, and should be rejected. It was contended that this Tribunal has no jurisdiction to adjudicate on the issues mentioned in the order of reference. The questions of jurisdiction were gone into on the application of the parties in the month of August last, and were disposed of by an interim award, dated 22nd August 1958, submitted to the Government under memo. No. 2418-L.T., of the same date.

Issue No. 1: The Mazdoor Union has as many as eleven items of disputes mentioned in its written statement to be adjudicated upon under this issue. The Workers' Union has one additional item of dispute. That relates to introduction of grades and scales for all categories of workmen with provisions for annual increment. The Mills contested these demands

and contended that they should be rejected on various grounds. The issue is restricted to the question of Standing Orders. The question of decasualisation or abolition of contract labour as well as of attendance bonus is outside the issue. Shri S. C. Sen, on behalf of the Mills, referred to Ext. O, a letter to the Rice Mills' Association by the Assistant Secretary, Labour Department, on 9th January 1958, i.e., on the date of reference, in support of his contention that the question relating to scale of pay and dearness allowance are not covered by the issue under reference. The Mazdoor Union and the Workers' Union were also informed of the same. It is true that the decision of the Government in this matter is not conclusive on this point, and the Tribunal should decide it independently. Ordinarily, scales of pay and dearness allowance are referred as separate issues for adjudication by the Tribunal. In fact, the Mazdoor Union did not put, in its written statement, any claim for introduction of scales of pay for all categories of workmen. I am clear, in my mind, that the dispute regarding the introduction of grades and scales of pay, with annual increment, if there be any, is not covered by the issue No. 1, but the Attendance bonus has been claimed as a condition of service, and, as such, a dispute over its payment is an industrial dispute which properly comes under the Issue No. 1. The objection taken on behalf of the mills partly succeeds and partly fails.

The most important items of dispute under the issue are: (i) decasualisation of casual labour and (ii) abolition of contract labour. The Workers' Union demands that all employees who are now working on casual basis, should be made permanent after they have put in three months' continuous service, and that 50 per cent. of wages should be paid to casual workers as compensatory allowance for seasonal breaks in service. The Mazdoor Union, however, claims that at least one-half of the casual workers be made permanent, and the rest should be seasonal permanent with a retaining allowance during the off season. The Rice Mills' Association objects to these demands. The objections are: (i) The abolition of contract labour is outside the issue for the contract labour is not a party in the case, and, therefore, the dispute is not an industrial dispute, and (ii) Regard being had to the peculiar nature of the industry, both decasualisation and abolition of contract labour would be suicidal to the industry. The proposal should be rejected forthwith as it is unrealistic and uneconomic. It is also because the trading position of the mills does not permit any further imposition of financial burden on it.

No doubt, these are the two important items of dispute under the present issue. The employment of casual labour for an indefinite length of period and of labour, recruited through the agency of contractors, are tender spots in the whole dispute. In the first place, it has to be seen whether these are industrial matters which can be subject of a valid industrial dispute. The employment and non-employment of any person is, no doubt, an industrial matter, and, in that way, both these items of dispute are industrial disputes. As to the case of decasualisation of casual labour, there cannot be any doubt whatsoever that it is an industrial dispute. The contract labour, it is stated, is not before this Tribunal. They are not separately represented in this case. But then, the important point for consideration is whether the condition of service, as now exists, will improve, when the contract labour is abolished. On this point, Shri S. C. Sen points out that the work of casual labour doing chatal work is done exclusively by female workers, whereas the contract labour is essentially done by the male workers. Shri Banerjee, on behalf of the Mazdoor Union, has refuted this argument. It is in evidence of the Union's witness that there are both male and female labourers doing huller

work, and that with the abolition of the contract labour the conditions of service of casual labour will be considerably improved. Further, the labour employed in the mills has, on the whole, direct and substantial interest in the improvement of the conditions of service, of all, including the contract labour. On all these grounds, I think it is an industrial dispute, which, on a reference to this Tribunal, can be adjudicated upon.

It is necessary to have a bird's-eye view of the trading position of rice mills industry involved in this dispute. It is in evidence of Shri K. Ganguly, the President of the Rice Mills' Association, that there are about 450 rice mills in West Bengal, as against 350, in 1949-50. Out of them, only 40 rice mills are involved in this dispute. Roughly speaking, less than 10 per cent. of the total number of mills are concerned in the present case. It is, therefore, no wonder that the actual position of the rice mills' industry, as a whole, is not before this Tribunal. The Association, which represents these mills, can speak for 38 rice mills only. Messrs. Adikali Rice Mills and Messrs. Banga Luxmi Rice Mills, serial Nos. 30 and 33 respectively to the order of reference, are not members of this Association, and did not file any separate written statement. Messrs. Mahakali Rice Mill, Messrs. Banga Luxmi Rice Mill, Messrs. Usha Rice Mill and Messrs. Krishna Kali Rice Mill, serial Nos. 32, 33, 34 and 40 respectively to the order of reference, are within the limits of jurisdiction of the Corporation of Calcutta. They are not affected by the West Bengal Rice Procurement Order, 1958. These four mills are in operation now. The other 36 mills are closed. The Union Rice Mill (serial No. 18), the Hara Gouri Rice Mill (serial No. 24), the Bharat Luxmi Rice Mill (1) (serial No. 25), and the Krishna Rice Mill No. 2 (serial No. 27) are outside the area of the Calcutta Corporation, and are subject to rice procurement order. But then, these mills were in operation till 1½ months' ago. These mills are closed since the April last. Thirty-six rice mills out of 40 rice mills, are situated in Tallygung, Behala, and Chetla. Shri Ganguly, who is the proprietor of the Krishna Rice Mill No. 1 (serial No. 35), the President of the Calcutta Rice Mills' Association, said that these mills were closed mainly on account of the introduction of the levy system under the West Bengal Rice Procurement Order. It is not the Mills' case that these mills have suspended their work on account of financial loss or want of paddy. Shri Banerjee and Shri Pathak, on behalf of the Unions, had endeavoured to show that there was no justification for closing the mills under the levy system. Only 25 per cent. of the production have to be supplied to the Government at a fixed price. Seventy-five per cent. can be sold in free market. Shri Ganguly's evidence is that the mills would incur a heavy loss under the present levy system to the extent of Rs. 3 per maund. This has not been proved by any materials on record. As a matter of fact, it is hardly possible for any one to say that the work under the levy system would result in loss to the extent of Rs. 3 per maund without working it even for a short period. Therefore, it is not possible to accept Shri Ganguly's evidence on this point as correct. The financial position of the rice mills, in this case, is also in question. The Association contended that the mills have no financial capacity to pay for any additional increase in expenditure, whereas the Union's contention is that the mills earned handsome profits. The Union's evidence on this point is not at all convincing. The Mill's evidence is hopelessly inadequate and unreliable. It is O.P.W. 1, Shri Ganguly, who has, from the beginning of the case, to some extent co-operated with the work of the Tribunal, but the other mills, to say the least, did not make any attempt to do it. No one filed regular Profit and Loss Accounts. Shri Ganguly filed his audited balance-sheets up to 1361 B.S., and an abstract of accounts for 1364 B.S. showing loss of Rs. 10,618. His mill earned profits up to 1361 B.S. Some of the other mills, according

to their own evidence, had earned handsome profits, while other, suffered loss. The evidence is unreliable as the scrap of papers filed are neither audited, nor part of regular accounts. As already stated, it is not possible to rely upon this evidence in support of the mills' case that its financial condition in these days is anything but good. The mills remained closed since April last mainly on account of the promulgation of West Bengal Rice Procurement Order. I wonder why these mills adopted this rather unusual course of totally suspending their business and thus throwing out the workers out of employment in these difficult days of food production, when, in the alternative they could have easily carried on and thereby convinced the Government, by actual results, that they had incurred losses under the levy system, and thereby finally inducing the Government to withdraw, or suitably amend the order. The present position is the mills owners' creation, and to a very large extent, they themselves are responsible for the stalemate. The future does not appear to be at all gloomy. Now, that the Government has fixed the maximum prices of rice and paddy for the producers, whole-sellers and retailers. No minimum price has yet been fixed but is likely to be fixed. At the same time, ban on export of rice and paddy, out of Calcutta and Howrah, continues. Side by side, external procurement on a large scale has been undertaken by the Government. All these, to my mind, should instil reasonable hope in the minds of the mill-owners and thus enable them to re-open the mills without any further delay.

Against this background of evidence, the condition of service, particularly those relating to decasualisation and abolition of contract system, have to be considered.

Reliance was placed on behalf of the Rice Mills on the recommendations of the Minimum Wages (Rice Mills) Committee, West Bengal Government publication 1952, page 14. The relevant portion of the report is as follows:—

"Most of us are in favour of abolishing the contract labour under the Sardar system. That the system is harsh and unfair for the workers under the irresponsible Sardars, who are not always above corruption, cannot be denied. But there are practical difficulties. The mill-owners, who have to depend to a large extent upon the Civil Supplies Department of the Government for supply of paddy and upon the weather conditions for the milling, cannot regulate their work. The labour force which is dependent on the supply of paddy and weather conditions, cannot but be fluctuating according to daily requirements. The system can be abolished only by stabilising employments. The very nature of the industry and its present condition make stabilisation of employments impossible, and any attempt in this direction is likely to bring in disaster. The system is sanctioned by exigencies of the business. We may at best appeal to the mill-owners to have some control over the Sardars so that the workers under them receive a fair deal."

The Union, on the other hand, contended that the said observations of the Minimum Wages Committee are no longer valid and good in the changed situation pervailing at this day. It is apparent from the texts of the report itself that the members of the Committee were largely in favour of abolishing contract labour under Sardar system, for the system was harsh and unfair for the workers. But considering the practical difficulties prevailing at the time of the report, the Committee could not abolish the system of employment through contractors which they thought was only possible when employment were more or less stabilised. Regard being had to the very nature of the industry, and its the then condition, stabilisation was considered impossible and the system was accordingly

permitted to continue in the exigency of the business. Shri Subodh Banerjee pointed out that the situation since then had completely changed. At that time, the mill-owners had to depend, to a very large extent, upon the Civil Supply Department of the Government for supply of paddy. But paddy can now be had in open market, even in markets of Calcutta. Therefore, there cannot be any justification for the continuance of the system now defects of which were alerady noticed by the Committee. Admittedly, the work in the mills depends on the adequate supply of paddy and on weather conditions. For nine months in a year, the work goes on in full swing and all the workers are fully employed. In the remaining 2/3 months, i.e., during the rains, the employment position is a bit different. The milling process is not completely stopped during this period, but is carried on with occasional breaks, due to outbreak of monsoon with a depleted staff. This has been put forward in support of the continuance of the system even now of employment of contract labour and end of casual labour (chatal worker). P.W. 1 Shri Samiram Mitra is the Secretary of the Mazdoor Union and P.W. 4 Shri Amaresh Majumder is the Secretary of the Workers' Union. They with two other female workers, doing chatal and huller work in the Mills as casual workers, have been examined in support of the Union's case on Union side. The two Secretaries have filed a number of documents showing the employment of casual workers during off season in the Mills. These are Exts. 3, 4 to 4(c), 5, 6 to 6(c). O.P.W. 1, Sri Krishna Chandra Ganguly, is the proprietor of the Messrs. Krishna Rice Mill (No. 35) of the order of reference, and the President of the Calcutta Rice Mills' Association. He deposed in support of the Mills' case and proved a number of statements showing the position of employment of casual workers in the Mills, Ext. E, Ext. I to Ext. I(2), J to J(5). Shri Ganguly's evidence on the point in dispute is this. In his own Mill, there are only eight permanent workers, though on an average 50 casual workers are employed there. During November to July the number of casual workers comes up to 60/70. During August to October a minimum of ten casual workers are employed on a day. The number of contract labours during November to July is 18/20 and during August to October this number is 8. The duties of the contract labour are to unload paddy from cart, to open paddy bags, steaming paddy, boiling paddy, carrying paddy to the field, carrying dried paddy to machine room, husking finished rice weighing, stacking and loading for despatch. These works are done exclusively by contract labour. In the Company's written statement, paragraph 4, it is admitted by the Association that certain processes in the milling of rice are done through contractors. These processes and operations are essential for carrying on this business. Shri Ganguly's principal point, in support of the continuance of the system, is that having regard to the nature and seasonal fluctuations in the quantum of work done by contract labour this was indispensable. Further, the work during the off season was casual, or of intermittent character. In his evidence, Shri Ganguly said that contract labour was also necessary for recruitment, for no recruitment was possible without the help of Sardars. The casual workers are appointed during full season according to requirement and Sardarni exercises the acts of supervision over them. The evils attendant on the system of recruitment of labour through an intermediary, were noticed by the Royal Commission of Labour in India and the Commission condemned the system. The system was also condemned by the Government of India, Labour Investigation Committee. The contract systems among other, undoubtedly enables the principal employer "to escape most of the provisions of the Labour Acts. At the same time, the workmen employed by salaried managers receive more consideration than those employed by contractors."

Indispensable is not always desirable. Whatever might have been the merits of the system in the past, it is now desirable that the management should have full control over the selection, hours of work and payment of the workers. Shri Ganguly candidly accepted the suggestion that the contractors do not pay the total amount of wages which the mill-owners pay to them for payment to the labourers. The system of employment of contract labour in the Jute Mills has been successfully abolished. I am told that it has been abolished in other industries too. I fail to see why at the present time the system of employment through contractors for doing essential work in the Mills would be considered indispensable when in the same industry the management feels no difficulty at all in recruiting a fairly large number of casual labour without the help of such contractors. Accordingly, I have no doubt in my mind that the system of employment of contract labour the Rice Mills can be abolished without any serious difficulty or loss to the industry. This would have the immediate effect of preventing further exploitation of labour through intermediaries and at the same time improve the condition of service of the workers now directly working under the management. The abolition of contract labour, with immediate effect at a time when a very large number of Mills involved in this dispute are closed, may create some complications and difficulties for the management. It is, therefore, desirable that the abolition should be done gradually, i.e., the employment in place of contract labour, when abolished, should be more or less on a permanent basis. Twenty per cent. average monthly labour employed in the last year should be made permanent. In case of probationers in permanent jobs, confirmation should be made after six months of approved service. Fifty per cent. of the contract labour should be abolished within three months from the date of the re-opening of the Mills after the publication of the award; 30 per cent. in next two months and 20 per cent. in the next one month following that. The process of abolition should be complete within six months from the date of the publication of the award.

Shri Ganguly is the owner of one of the biggest Rice Mills in the dispute. As I stated above, only eight workers of his Mills are permanent, although 80 to 100 other workers normally work during full working season. The data on this point collected by the Union appears more dependable. And very few mill-owners, excepting O.P.W. 1, Shri Ganguly, had produced reliable evidence showing the exact number of casual workers employed in the full season and in the off season. It is in evidence of Shri Ganguly that in 1957 the Mills were also closed for little over a month in June and July when the permanent workers, i.e., Tindals, Fireman, etc., refused to work under group and relay system. It also appears from Ext. I(2) that few Mills worked beyond 200 days in 1957. Protap Rice Mill only worked for 223 days employing on an average 44 casual workers on a day. According to the Union's evidence, the employment of casual workers on an average on a day exceeds the number supplied by the said Mills. It is suggested that about 50 per cent. of the number of casual workers actually worked during the off season. The number of workers according to the P.W. 2 vary from season to season for a particular work. The work which is done by a group of six workers in winter requires 9 workers in the summer and in the rainy season. As milling process requires drying of boiled paddy in sun, which process is essential for the milling of paddy, the work is bound to suffer due to weather conditions and the number of workers employed in this particular process fluctuates. This is said to be the main reason for employment of casual workers not only in chatal work, but also in huller work. In chatal work, the work is done almost exclusively by female labourers and they are all employed on "no work no pay basis". During off season, their employment becomes more

irregular and uncertain. This is the reason why the Unions are struggling hard for persuading mill-owners to make at least the half number permanent if not all with such benefits to unabsorbed workers as would enable them to keep their body and soul together. The Workers' Union has, as already stated, demanded that all the casual workers should be made permanent whereas the Mazdoor Union asked for making 50 per cent. of them permanent and the remaining seasonal permanent, with retaining allowance. According to Shri Ganguly, a minimum of 10 casual workers are employed on a day during the months of August to October. On a scrutiny of the evidence of both sides on this point it is clear that about 25 to 50 per cent. of the total number gets employment during off season, on an average on each day. I fail to see, how on the facts and in the circumstances of the case, a minimum number of workers, who are now employed on casual basis, cannot be made permanent without any detriment to work in the Mills. As a matter of fact, the Association as late as in August last had expressed the willingness of the members to extend some facilities now enjoyed by permanent workers to the casual workers, who had put in 240 days of service in a year. In my view, a certain percentage of the present casual workers can be made permanent without experiencing any real difficulty, economic or otherwise. I, therefore, direct that 20 per cent. or one-fifth of the total number of casual workers employed, on an average on a day in the last year, be made permanent within a month from the date of the re-opening of the Mills after the publication of this award, and 5 per cent. in about a year's time from the said date. In the latter case, this should be done on the results of the working of the Mills, in consultation with the two Unions. Other things being equal, seniority will be taken into consideration in making a casual worker permanent provided further that his/her total service must exceed six months at that time. The remaining casual workers will be employed by rotation, say on every alernate day, so that all may get equal opportunity of employment. If their employment on a particular day is not possible, due to bad weather conditions, they should be given a chance on the next day. When the weather becomes suddenly unfavourable in the midst of the working hours of a Mill, rendering some of the processes unworkable, the wages shall be calculated by the hours worked, plus half the hours which could not be worked. No case has been made out for payment of a retaining allowance, at the rate asked for, to the casual workers. Payment of such allowance which is unknown in the industry at present is likely to unduly place a heavy burden on the industry. Next item in dispute under this issue number one relates to supply of rice, as in agreement, dated 18th February 1957. The Mills suggest payment in cash in lieu of rice. It appears from page 11 of the report on the Family Budget Enquiry into living conditions of the rice mill workers in West Bengal 1949-50, that some concession is given to the workers in the price of rice alone and no other item of foodstuff is supplied to them. The money value of the benefit on this account is negligibly small. The total of which has been highest at Jalpaiguri, Darjeeling amounting to Rs. 2.639 per week with lowest at Birbhum at Rs. 0.051 per week. The Mills contend that payment in cash is better than payment in kind. They are however not opposed to this payment. It is a long standing practice and as such should continue. The objections to cash payment are that the fluctuations of price will necessitate every now and then constant change and adjustment, which may cause friction. Money value given at times falls short of actual increase in prices. This was found in England in 1948 and in America in 1942. The agreement, referred to in the demand, is Ext. A, dated 18th December 1957. That was between the Association and the Mazdoor Union. The other Union was not a party to it. It has

been already noticed that this agreement, as such, is not binding in the dispute. But then, the workers are getting this benefit out of it, since the date of the agreement. The Mazdoor Union asks for its continuance, and in view of above I see no reasonable objection to that. Rice concession, as in the said agreement, should, therefore, continue.

Attendance bonus, as in the said agreement, is the next item in dispute. The Mill's objection is that it is a part of wages, and as such, it is outside the scope of this issue. That objection was not accepted for reasons already stated above. The attendance bonus was paid at the rate of one anna six pies per day worked and was paid as an act of good will to create an atmosphere of peace. The workers are getting this and in my opinion should continue to get this in future.

Service Record Cards and Standard Employment Book: The Mazdoor Union demands introduction of Service Books and Standard Employment Book for the workers, for nothing is more dear to them than the security of service. This is not seriously contested. The permanent workers shall be provided with a Standard Employment Book wherein all particulars recorded on the service record cards shall be entered. The form of Service Record Cards and Employment Book should be identical in all particulars as given in Appendix 9 of the first Jute Tribunal award published by the Government of West Bengal under notification No. 3443-Lab., dated 20th September 1948, vide awards made by Major Tribunals during 1948 Government publication volume III, page 221. A casual workman's card, on which shall be entered the nature of the work done and the days in which he has worked in the establishment should be issued to a casual workman. The loss of any employment book shall be immediately notified to the managers. Duplicate shall be issued only on payment of reasonable sum by the workmen concerned. The establishment shall maintain service record cards of standard size wherein particulars of every workman shall be recorded except a casual workman.

The Union suggests that a workman shall be confirmed, on completion of three months' service. The Mills suggest that probationary period should be at least six months with option of the employer to extend it by another three months. A probationer in permanent job will be confirmed on completion of six months' approved service.

Other items include matters which are to be included in the Standing Orders. The Union's claim for framing of Standing Orders on the model of the Standing Orders prepared by the Government. The Mills are agreeable "to introduction of standing orders". Draft standing orders, Ext. 8, have been filed by the Union. Draft model standing orders have been filed on behalf of the Association Ext. 9. It appears from the evidence of Shri Ganguly, O.P.W. 1, that there is no certified standing orders in any of the Rice Mills at present. The Association prepared a model standing order for all the Mills and submitted that to the authorities for certification. That was returned to the Association with comments. It was lying at that stage. There are lot of differences between the two drafts filed before me. There are practically no materials placed except the two drafts, referred to above, for the preparation of the standing orders. Therefore, its preparation presents great difficulty. No model standing orders under the Industrial Employment (Standing Orders Act), 1946 (XX of 1946), was produced before me. Since the matter was taken up by the authority for certification of the Standing Orders this should better be done and finalised by that authority. The parties should present their drafts to that authority with request to frame one, if possible, on an agreed basis. Model Standing Orders prepared by the Government is not acceptable to

the Association in its entirety. That is the reason why the model standing orders cannot be incorporated bodily in this award. I answer the issue accordingly.

Issue No. 2: This relates to a demand for annual leave and holidays. Mazdoor Union asked for statutory leave as per Factories Act, 10 days' festival holidays with full wages, including 2 national holidays, 15 days' sick leave with full pay, and 10 days' sick leave with half pay in a calender year with power to accumulate up to 3 months. Eight weeks' maternity leave with full pay, casual leave 15 days, privilege leave for one month.

For casual workers one day's casual leave for every 20 days' work. The Workers' Union demanded 12 festival holidays with full pay, privilege leave of one day for each 20 days' work, sick leave for 15 days with full pay for the clerical and Watch and Ward staff, one month's privilege leave in addition to sick leave and festival leave as above. The Mills' objections are that sick leave, casual leave and maternity leave are outside the scope of adjudication and contended without prejudice, that the agreement of 18th February 1957 which provides for 7 days' festival holidays, 10 days' sick leave with half pay for all permanent men, and statutory leave under the Factories Act should be considered adequate. The agreement, Ext. A, provides for statutory leave as per Factories Act 7 festival holidays including 2 national holidays with full wages and 10 days' sick leave with half pay. The Family Budget Enquiry Report of 1949-50 says that there is no leave system in the Rice Mills, except a few, where 2/3 days' leave in maximum are allowed on festival occasions to a particular individual. The position is more or less the same even now. The Union's demand for leave on different items is roughly 110 days' in a year. This on the face of it is considered excessive. But then, the permanent staff, at any rate, and, their number is very few, is reasonably entitled to some leave and holidays which are enjoyed by workers in other industries. I have considered the above suggestions made by the parties and direct that henceforth, the permanent employees should get 8 days' festival holidays in a year including 2 national holidays with full wages. The Unions and the Association will sit together at the end of each year and decide the holidays for the next year. If a permanent worker is made to work on a festival holiday he shall be paid double the wages for the day or a substituted holiday, according to his choice. As to the Mills' objection that sick leave, casual leave and maternity leave are outside the scope of adjudication, I think strictly speaking maternity leave does not come within the scope of either annual leave or holidays. It is, therefore, left out of adjudication in this case. But it is recommended that maternity leave or benefit may be allowed as under the Maternity Benefit Act for the time being, and, in accordance with the Employees' State Insurance Act when that Act comes into actual operation, such benefits should be made available to only permanent female workers employed in the Mills. The permanent staff shall also get statutory leave as per Factories Act 10 days' sick leave with half wages and casual leave without pay for 10 days in a year. Sick leave shall be allowed on the basis of a medical certificate from a registered medical practitioner. This direction regarding sick leave will hold good till the sickness benefit as provided for by the Employees' State Insurance Act becomes actually available. I decide the issue accordingly.

Issue No. 3.—Retiring age and retiring benefits: At present there is no age-limit for retirement from service. The Mazdoor Union suggested that a workman should retire at the age of 60 or after 35 years of service whichever is earlier. The Workers' Union did not like to have any retiring age at all. In the alternative, it suggested that it should not be less than

60 years, or 35 years of service whichever is longer. The Mills contest this demand.

At present there is no retiring age. I, therefore, see no immediate necessity for fixing an age-limit for retirement. The existing conditions shall however continue.

The Mazdoor Union demands introduction of provident fund with contribution at the rate of 6¼ per cent. of the pay with equal contributions by the management. The Mills' contention is that their present financial position does not at all permit introduction of any provident fund scheme at this moment. This therefore should wait till the operation of the provisions of the Provident Funds Act are extended to the Rice Mill industry. As to the demand for a scheme of gratuity, the Mazdoor Union demands a lump sum calculated at the rate of one month's pay for every year of service subject to a maximum of 15 months' pay. The Workers' Union has put forward the same demand. The Mills however suggest that the scheme of gratuity as fixed by the agreement, dated 18th February 1957, should continue. Now the terms are embodied, in paragraph 5(d) of the agreement, dated 18th December 1957. As already mentioned above, this agreement is not legally binding on the parties in the dispute. But then, the parties relied on the terms of this agreement. in connection with some items of dispute itself; the terms are not accepted as such. But the agreement shows the limit, to which the parties at the time were ready to concede for their mutual benefit. The terms are reproduced below:—

The Rice Mills agree to pay gratuity at the rate of 15 days' basic wages for each year of service subject to a maximum of 15 months' basic pay to such workmen who has worked for at least 20 years continuously. This benefit will continue till the introduction of the provident fund scheme. In fact the Unions want higher benefits than provided for in the aforesaid agreement. In the first place, double retirement benefits should not be introduced all at once particularly in view of the fact that the Mills, for good reasons or bad, are not in operation for practically over 2/3 of a year and pleaded financial inability to shoulder heavier burden in this respect. I think, for the present, the gratuity scheme. as contained in the agreement, dated 18th February 1957, and reproduced in this award, with changes indicated below, shall come into force with effect from the date of the publication of this award. The only change, made in the said scheme is that the benefits are available to those who have rendered a total period of service for 15 years in place of "at least 20 years' continuous". I answer the issue accordingly.

Issue No. 4: This relates to workload for different categories of workmen. The Mazdoor Union demands revision of the workload for A, B, C, D, E, F, G, H groups. The suggested workload is given at page 8 of its written statement. The Workers' Union also demands a revision of the workload and suggests a 50 per cent. cut in the target fixed by the Minimum Wages Committee. The Mills suggest that the workload, as fixed by the Minimum Wages Committee, should continue. The Workers' Union, in its written statement, stated that the said workload is defective from two consideration. It was based on exploitation, and, not on actual job evaluation study, and, secondly, the workload has in itself room for abuse. The quota suggested in the report is humanely impossible to perform and, the experience is that it can never be reached. This has been put forward as grounds for revision of the existing workload. No case of abuse was established in this case. The evidences of the two female workers give some idea of the work done by casual workers only and that is all that has been done in the case to prove that the workload decided

upon in the report of the Minimum Wages Committee is defective. Shri Banerjee pointed out that in some cases the Mills have followed a different standard, lower than that fixed in the report. The Association's evidence is that the Mills are strictly following the workload fixed by the Minimum Wages Committee. The Minimum Wages Committee fixed the workload for different groups of workers, on industrywise basis, and after careful study on the spot. In this case, actual job evaluation was not done, or even attempted to be done by experts by either party. It is, therefore, extremely difficult to undertake the work of a detailed revision of the standard workload fixed by the Minimum Wages Committee, which is in operation at present. Any serious attempt to refix the standard for less than 10 per cent. of the Rice Mills within the State is very likely to defeat the purpose for which it is sought to be done. The Unions' suggestion is apparently founded on surmise. I am, therefore, obliged although reluctantly, to leave the matter as it is till such time when a revision is either made on agreement between the parties or otherwise done on a more scientific basis. I answer the issue accordingly.

Issue No. 5: The Unions demand uniform for Durwan, Tindals, and Fireman. The Mills' objection is that this demand is unjustified and should be rejected. Not a single workman for whom this benefit is claimed has been examined. The demand does not appear to be *prima facie* reasonable one and should not be allowed at present. It is, therefore, refused. This is my award.

ORDER

No. 218-I.R./IR/11L-243/58.—20th January 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 2390-I.R /IR/ 11L-243/58, dated the 10th June 1958, the industrial dispute between Messrs. Sankar Saw Mill, 158 J. N. Mukherjee Road, Salkia, Howrah, and their workmen, represented by the Howrah District Saw Mill Mazdoor Union, 119/1 Shiva Gopal Banerjee Lane, Howrah, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Sankar Saw Mills, 158 J. N. Mukherjee Road, Salkia, Howrah, and their workmen, represented by the Howrah District Saw Mill Mazdoor Union, 119/1 Shiva Gopal Banerjee Lane, Howrah. (Case No. VIII-C-130/58.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL
New Secretariat Buildings, Third Floor, Calcutta.

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Appearances:

For the Union: Shri B. D. Paul, Pleader, with Shri Madan Kumar Singh, General Secretary of the Union.

For the Company: None.

Government of West Bengal, Labour Department, by its order No. 2390-I.R./IR/11L-243/58, dated Calcutta, the 10th June 1958, referred to me an industrial dispute between Messrs. Sankar Saw Mills and their workmen, represented by the Howrah District Saw Mills Mazdur Union, for adjudication.

Issue formulated in the order of reference is in the following form:

Whether the discharge of the following workmen is justified?—

(i) Shri Shew Bachan Ram,

(ii) Shri Appalswamy,

(iii) Shri Kristo Murthy.

To what relief are they entitled?

Notices were issued on both the sides. The Union has filed their written statement but the notice issued to the company by registered post, has been received back undelivered with the postal remark "refused". The notice having not been received by the company it is held that it has been served properly and the case was taken up ex-parte as the company did not appear in spite of the registered notices which they have refused.

On 3rd January 1959, the case was taken up for ex-parte hearing and the Union Secretary Shri Madan Kumar Singh was examined. The three concerned employees were also examined. It appears that the company not only refused the Court's summons but they did not appear even at the conciliation proceeding before the Assistant Labour Commissioner, Howrah, and when all attempts for conciliation failed the Assistant Labour Commissioner referred the matter for adjudication and hence this reference was made.

FINDINGS

The employer company is recalcitrant to a degree and has not yet been taught the lesson that flouting the Conciliation Proceedings and Court's summons will not help them if they want to carry on industry in the country. It appears further from the evidence on record of the Union Secretary as also

of the workers concerned that rate of wages of Shri Shew Bachan Ram and of Shri Appalswamy were Rs. 10-8-0 per week and that of Shri Kristo Murthy was Rs. 9-8-0 per week. They were permanent workmen and were not on the basis of "no work no pay" although their payment was made weekly. It appears further that the workers demanded back wages and the company promised to give them wages after the 'Holi' day, but after the Holi was over when they again demanded their wages, the company refused to pay them and summarily dismissed these workmen concerned. These workmen are the members of Howrah District Saw Mills Mazdur Union and the Union Secretary has filed this case on their behalf. This is not an individual dispute but an industrial dispute of collective nature and I would consider this to be a clear instance of unfair labour practice on the part of the company and I would therefore give my award that all these three workmen concerned should be reinstated from the date of their discharge, i.e., from 10th March 1958, and they should get their full back wages until the day of the reinstatement. The award will take effect within 10 days from the date of publication of the Award in the "Calcutta Gazette"

OFFICE OF THE ACCOUNTANT-GENERAL, WEST BENGAL

NOTIFICATION

Subject: Grant of advance to Central Government employees on the eve of important festivals.

No. T.M/711.—16th January 1959.—All Drawing and Disbursing Officers of the Central Government under the audit control of this office are requested to refer to the Government of India, Ministry of Finance (Department of Expenditure), O. M. No. 16-C(22)-EII(A)/58, dated 11th December 1958 (copy reproduced below), sanctioning the grant of advance on the eve of important festivals subject to the terms and conditions stipulated therein up to the 31st December 1960 unless amended earlier.

The procedure suggested in paragraph 4 of this office notification No. T.M/579, dated 26th September 1956, as published in page 3728 of the *Calcutta Gazette*, dated 4th October 1956, with regard to the furnishing of statement of recoveries of such advances, etc., will continue to apply *mutatis mutandis* in the cases covered by the present orders. The certificate which has to be furnished in each bill containing claims on account of the above-mentioned advance of pay should, however, be modified as follows:—

"Certified that the terms and conditions laid down in the Government of India, Ministry of Finance (Department of Expenditure), O. M. No. 16-C(22)-EII(A)/58, dated 11th December 1958, have been fulfilled in respect of the persons for whom advance of pay has been claimed in the bill."

(*Vide* Dy. India-15152/T.M-3341 of December 1958 filed in Bdle TM/15-13 Vol. III).

S. S. ROYCHOUDHURY,
Dy. Accountant-General (Central).

[Copy of Office Memorandum No. 16-C(22)E.II(A)/58, dated the 11th December 1958, from the Government of India, Ministry of Finance (Department of Expenditure), New Delhi.]

Subject: Grant of advance to Central Government employees on the eve of important festivals.

Reference: Finance Ministry Office Memorandum No. 16-C(16)-E.II(A)/57, dated the 20th December 1957, and Office Memorandum No. F. 16-C(8)-E.II(A)/58, dated the 5th September 1958.

The undersigned is directed to state that the President is pleased to decide that Ministries/Offices of the Government of India may sanction advances on the eve of important festivals to their non-gazetted employees on the following terms and conditions:—

(i) The amount of advance will be Rs. 75 or one month's basic pay [as defined under Fundamental Rule 9(21)(a)(i)], whichever is less.

(ii) The advance will be recovered in not more than four equal monthly instalments, the first instalment commencing with the next month's pay bill, i.e., the pay bill of the month following that in which the advance is drawn. The amount of each instalment shall be rounded off to the nearest rupee, any balance being recovered in the last instalment.

(iii) The advance may be granted to non-gazetted Central Government servants in receipt of basic pay not exceeding Rs. 300 per month (including similar categories of staff in Industrial Establishments under the Government of India). The concession is also admissible to the work-charged staff who are entitled to pension or Contributory Provident Fund benefits but *not* to the staff paid from contingencies.

(iv) The advance should not be granted to temporary staff who are not likely to continue in service for a period of at least six months beyond the month in which the advance is drawn.

(v) The advance is admissible only to those on duty or on leave on average pay or earned leave on full pay at the time the advance is drawn.

(vi) The advance will be admissible only on one occasion in a calendar year for members of each community serving in one establishment. More than one occasion may, however, be fixed for a community, if the competent authority is satisfied that in his opinion it is desirable to do so taking into account the staff composition of his establishment. The "competent authority" for the purpose of fixing the festival occasions will be the Head of Department/Industrial Establishment concerned. Such authorities may fix the festival occasions after taking into consideration the importance attached locally to such festivals and in consultation with recognised associations of staff where such exist.

The sub-offices of an office located at different stations may be treated as separate establishments for this purpose. No member of any establishment shall however be granted more than one such advance in one calendar year.

(vii) A second festival advance should not be sanctioned till the earlier advance sanctioned for the same purpose has not been recovered in full.

(viii) In case a festival falls twice in a calendar year the advance will be admissible only on one occasion.

(ix) The advance shall be drawn and disbursed *before* the festival in connection with which the advance is sanctioned.

(x) Before the advance is sanctioned to temporary staff, sureties from permanent Government servants or any other form of security considered adequate by the sanctioning authority shall be obtained. The authorities competent to sanction these advances may, at their discretion, dispense with this requirement in the case of temporary staff/workers in Industrial Establishments who have completed 3 years of continuous service and are likely to continue in service till the adjustment of the advance.

2. The authorities competent to sanction these advances will be (i) "Heads of Offices" so declared under paragraph 3 of the General Financial Rules, Volume I, in respect of non-industrial staff and (ii) "Heads of Industrial Establishments" in respect of Industrial workers.

3. These orders supersede any earlier orders providing for similar benefits. The present practice in certain establishments of paying the wages earned up to date, on eve of important festivals, by an *ad hoc* regulation of the wage period, should in future be discontinued.

4. These advances will, on payment, be debitable to "S—Deposits and advances—Part III—Advances not bearing interest—Departmental Advance —Civil—Objection book advance" or other similar suspense head of account for the establishment concerned.

5. These orders will remain in force till 31st December 1969 unless amended earlier.

6. In so far as the application of these orders to the staff of the Indian Audit and Accounts Department is concerned, these orders issue after consultation with the Comptroller and Auditor-General.

"(15) The seniormost Professor (Medical) of the School of Tropical Medicine, Calcutta, shall hold in addition to his own normal duties without any extra remuneration the post of Deputy Director of the School of Tropical Medicine, Calcutta, and *Ex-officio* Deputy Secretary to the Governing Boy of the School of Tropical Medicine, Calcutta, to assist the Secretary and shall have vote only if Secretary is absent from the meeting."

By order of the Governor,
D. N. CHAKRAVARTI, Secy.

No. Medl./996/GH-43/57.—3rd/4th February 1959.—Whereas Shrimati Surama Debi, widow of late Srish Chandra Ganguli, residing at "Usha Kutir", Bharat Chandra Ganguli Lane, Nabinabag Mirbagar, in the town of Midnapore, has made an application under clause (b) of sub-section (1) of section 6 of the Charitable Endowments Act, 1890 (VI of 1890), proposing that her property known as "Surama Nibas" in Sahid Khudiram Road in the town of Midnapore, district Midnapore, the particulars whereof are set out in the First Schedule hereunder written (hereinafter referred to as the said property), be applied in trust for a charitable purpose, namely, medical relief for the benefit of the T.B. After-care Colony in the Midnapore district and that the said property be sold or otherwise disposed of and the proceeds of sale or disposal otherwise be utilised for the erection of a block in the said T.B. After-care Colony in the Midnapore district to be named after her deceased husband Srish Chandra Ganguli;

And whereas the said Shrimati Surama Debi has made over possession to the District Magistrate, Midnapore, of the said property;

Now, therefore, it is hereby notified that the Governor of West Bengal in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, 1890 (VI of 1890), and upon the application and with the concurrence of the said Shrimati Surama Debi doth hereby order and direct, in partial modification of this department notification No. Medl./3823/GH-26/56, dated the 6th May 1957, published in the *Calcutta Gazette, Extraordinary*, dated the 7th May 1957, that the said property which has, under the said notification, vested with effect from the 7th day of May, 1957, in the Treasurer of Charitable Endowments for the territories subject to the Government of West Bengal and any other property into which the said property may be converted by sale or otherwise, and the income from the said property and from such other property into which the said property may be so converted shall be deemed on and from the said 7th day of May, 1957, to have so vested and to continue to be so vested in the said Treasurer of Charitable Endowments for the territories subject to the Government of West Bengal and to have been held and to continue to be held by him and his successors subject to the provisions of the said Act and the rules from time to time framed thereunder upon trust to permit the person acting in the administration of the trust to have the possession, management and control of the said property, to dispose of the said property by sale or otherwise, and to apply the income of the said property or the proceeds of disposal by sale or otherwise thereof, for the purpose of erection of a block in the said T.B. After-care Colony in the district of Midnapore to be named after Srish Chandra Ganguli, deceased husband of the said Shrimati Surama Debi, in accordance with the scheme of management set forth in the Second Schedule hereunder written.

The First Schedule above referred to

All that two-storied brick-built messuage or dwelling house together with a piece or parcel of land thereunto belonging whereon or on part whereof the same is erected or built containing by estimation an area of

three kottahs eleven chittaks paying an annual revenue of three rupees eleven annas to the Government situate, lying at and known as "Surama Nibas" in Sahid Khudiram Road, in the town of Midnapore, district Midnapore, Sub-Registration Office, Midnapore, police-station, Midnapore, butted and bounded in the manner following, that is to say—

On the North—By a public road,

On the East—By house of Amarnath Mukherjee (Amar Lodge),

On the South—By Sahid Khudiram Road, and

On the West—By public road,

which piece or parcel of land formerly appertained to holding No. 248, now No. 47, mauza Kamar Ara, thana No. 187, Survey No. 6937 Hata of Swan Saheb and comprised an annual rent of three rupees eleven annas payable to Kumar Amarendra Lal Khan of Midnapore before the vesting thereof on the Government of West Bengal under the West Bengal Estates Acquisition Act, 1953 (West Bengal Act I of 1954), and appertained to interest No. 3, Dags 43, 43/835, 837 of the said mauza.

The Second Schedule above referred to

1. The Endowment shall be called the "Srish Chandra Ganguli Endowment".

2. The Secretary of the Bidhan Chandra T.B. Aftercare Colony Society (hereinafter referred to as the Administrator) is hereby appointed to administer the property mentioned and described in the First Schedule who shall administer the same and have the managemnet and control thereof. He shall receive and realise the rents and profits thereof and out of the same pay firstly the revenues, rents, cesses, taxes and other impositions in respect of the said property and secondly the costs, expenses and charges for the control and management of the same and retain the surplus as a reserve. The endowment shall be utilised for the erection of a block to be known as "Srish Chandra Ganguli Block" in the Bidhan Chandra T.B. Aftercare Colony in the district of Midnapore and for that purpose he Administrator shall sell or otherwise dispose of the said property. The sale-proceeds on realisation shall be sent to the Treasurer of Charitable Endowments, West Bengal, who shall keep the money in his personal ledger account maintained with the Reserve Bank of India, Calcutta. On receipt of demand from the Administrator for money to meet the preliminary expenses and the cost of erection of block, the Treasurer of Charitable Endowments shall send the amount demanded by withdrawing an equivalent amount out of the amount credited to his personal ledger account on this account. The sulplus of the sale-proceeds after meeting the cost of erection of Srish Chandra Ganguli Block and the balance of income from rents, etc., lying with the Administrator, if any, shall be utilised towards the maintenance of the Srish Chandra Ganguli Block.

3. The maintenance of the aforesaid "Srish Chandra Ganguli Block" shall be the responsibility of the Bidhan Chandra T.B. After-care Colony Society.

4. The Administrator shall keep such books of account as are prescribed in the Accounts Rules for the Guidance of Administrators of Trusts Funds in West Bengal.

5. Should the Bidhan Chandra T.B. After-care Colony Society cease to exist at any time hereafter or fail to maintain properly the "Srish Chandra Ganguli Block" to the satisfaction of the State Government, then and in such event the properties and cash balance appertaining to the "Srish Chandra Ganguli Endowment" shall be used and utilised by the State Government for such benefits of T.B. patients as the State Government may in its discretion think fit.

By order of the Governor,
D. N. CHAKRAVARTI, Secy.

LABOUR DEPARTMENT

NOTIFICATIONS

No. 709L.W./LW/1A-151/58.—31st January 1959.—Whereas in the opinion of the Governor—

(1) the rules of the provident funds of the factories mentioned in Schedule I below (hereinafter referred to as the said factories) with respect to the rates of contribution are not less favourable to the employees therein than those specified in section 6 of the Employees' Provident Funds Act, 1952 (XIX of 1952); and

(2) the employees in the said factories are also in enjoyment of other provident fund benefits which on the whole are not less favourable to them than the benefits provided under the Employees' Provident Funds Scheme, 1952, hereinafter referred to as the said Scheme, in relation to the employees in any other Factory of a similar character;

Now, therefore, in exercise of the power conferred by clause (a) of section 17 of the Employees' Provident Funds Act, 1952 (XIX of 1952), read with the Government of India, Ministry of Labour and Employment, notification No. S.O. 1236, dated the 20th June 1958, published in Part II, Section 3(ii) of the *Gazette of India*, dated the 28th June 1958, the Governor has been pleased to exempt each of the said factories with effect from the date mentioned against each, from the operation of all the provisions of the said Scheme subject to the conditions specified in Schedule II below, namely:—

Schedule I

Serial No.	Name of the factory.	Effective date of exemption.
1	Bengal Chemical and Pharmaceutical Works Limited, Panihati Factory, P.O. Panihati, 24-Parganas.	1st November 1956.
2	Bengal Chemical and Pharmaceutical Works Limited, Head Office, 6 Ganesh Chandra Avenue, Calcutta.	1st February 1958.
3	Bengal Chemical and Pharmaceutical Works Limited, Manicktolla Factory, 164 Manicktolla Main Road, Calcutta.	1st October 1956

Schedule II

1. That every factory shall have a provident fund scheme in force the rules of which with respect to the rates of contribution shall not be less favourable than those specified in section 6 of the Employees' Provident Funds Act, 1952, and the employees shall also be in enjoyment of other provident fund benefits which on the whole shall not be less favourable to the employees than the benefits provided under the Act or any Scheme in relation to the employees in any other factory of a similar character and these rules shall be followed in all respects.

2. The employer in relation to each factory (hereinafter referred to as the "employer") shall within three months of the date of publication of this notification, amend the constitution of the provident fund maintained in respect of the factory in regard to the following matters, namely:—

(*a*) the provident fund shall vest in a Board of Trustees and there shall be a valid instrument in writing, which adequately safeguards the interests of the employees and such instrument shall be duly registered under section 5 of the Indian Trusts Act, 1882;

(*b*) the Board of Trustees shall consist of an equal number of representatives of the employees and the employer and all questions before the Board shall be decided by a majority of votes;

(*c*) the employer shall nominate one of his representatives on the Board as the Chairman who may exercise a casting vote if so provided under the rules of the factory. Where a casting vote is exercised or where no casting vote is exercised but the opinion of the representatives is equally divided, the matter shall be referred to the Regional Provident Fund Commissioner appointed under the said Scheme (hereinafter referred to as the Regional Commissioner) within whose jurisdiction the factory to which matter relates is situated and whose decision in the matter shall be final.

3. The provident fund rules of any factory shall not be amended except with the previous approval of the Regional Commissioner. Where any amendment affects the interests of the employees, before giving his approval, the Regional Commissioner shall give a reasonable opportunity to the employees to explain their point of view.

4. (*a*) The employer shall maintain accounts of the provident fund in such manner and submit such returns to the Regional Commissioner as the Central Provident Fund Commissioner may, from time to time, direct.

(*b*) The employer shall furnish to the Regional Commissioner such accounts relating to the provident fund of the factory as the Central Provident Fund Commissioner may prescribe from time to time. He shall also furnish an annual statement of account or a Pass Book, in such form as may be approved, to each subscriber who, but for the exemption, would have been a member of the fund established under the Employees' Provident Funds Scheme, 1952.

(*c*) The employer shall make all investment of accumulations accruing after the date of exemption in securities of the Central Government. The reinvestment or conversion of securities on maturity shall also be in the securities of the Central Government. The employer shall formulate a procedure for promt investment of provident fund moneys and shall get it approved from the Regional Commissioner.

5. The employer shall afford such facilities for inspection of the accounts of the provident fund as the Central Provident Fund Commissioner may from time to time specify.

6. All expenses involved in the administration of the Provident Fund Scheme including the maintenance of accounts, submission of accounts and returns, transfer of accumulations and payment of inspection charges shall be borne by the employer.

7. The employer shall display on the notice board of his factory in English, a copy of the approved rules and the translation of salient points of the rules in the language of the majority of the workers, respectively.

8. The employer shall within three months of the date of publication of this notification transfer to the Board of Trustees the accumulations standing to the credit of the employees who, but for the exemption, would have been members of the Statutory Fund.

9. When the fund is wound up or exemption of the factory is cancelled, accumulation standing to the credit of the employees who, but for the exemption, would have been members of the Statutory Fund shall be transferred to that fund as soon as possible and, in any case, not later than thirty days in the case of securities and not later than ten days in the case of cash in hand or bank, together with a statement or statements as may be required by the Regional Commissioner.

10. The employer shall accept the past provident fund accumulations of an employee who is already a member of the Employees' Provident Fund or an exempted fund and who obtains employment in his factory. Such an employee shall immediately be admitted as a member of the factory's provident fund. His accumulations which shall be transferred within three months of his joining the factory shall be credited to his account.

11. The employer shall provide for nomination in his provident fund rules in accordance with the provisions contained in paragraph 61 of the Employees' Provident Funds Scheme, 1952.

12. The amount of contributions shall be calculated to the nearest quarter of a rupee, that is, 12.5 naye paise or more shall be counted as the next higher quarter of a rupee and fractions of a rupee less than 12.5 naye paise shall be ignored. The amounts of inspection charges and damages shall be calculated to the nearest 5 naye paise, that is, 2.5 naye paise or more shall be counted as 5 naye paise and any amount less than 2.5 naye paise shall be ignored.

13. On all repayable loans granted by factories interest shall be charged at the rate of 4½ per cent. or 1 per cent. above the rate allowed on the balance to the credit of the members, whichever is higher.

14. The employer shall pay to the Regional Commissioner inspection charges payable, failing which damages shall be paid at a rate fixed by the Central Government from time to time.

15. Exemption granted by this notification is liable to be withdrawn by the State Government for breach of any of the aforesaid conditions or for any other sufficient cause which may be considered appropriate.

By order of the Governor,
K. C. CHAKRABORTY, Dy. Secy.

RESOLUTION

No. 255Co-op./3R-67/58.—29th January 1959.—With a view to formulate future plans and for making a careful assessment of the long-term potentialities for agricultural development in the Co-operation and Marketing Sector, the Governor is pleased to constitute a Working Group consisting of the following personnel:—

(1) Shri A. K. Dutt, I.A.S., Registrar of Co-operative Societies, West Bengal, Chairman (*ex-officio*).

(2) Shri N. C. Ray, Joint Director of Agriculture (Marketing), West Bengal, Vice-Chairman (*ex-officio*).

(3) Shri J. Sen Gupta, Deputy Registrar of Co-operative Societies, West Bengal.

(4) Shri Radha Raman Goswami, Assistant Registrar of Co-operative Societies (Farming).

2. The term of office of the personnel shall be six months for the present from the date of issue of this Order; and Government may appoint additional members at any time if considered necessary.

3. The Working Group will formulate main issues and problems involved in its sphere from long-term point of view, try to set out the possible dimensions of future programmes on a realistic basis, examine the nature of physical and technological limitations to development and the manner of overcoming them and also work out the break-up of the long-term targets according to the different Five-Year Plan period up to 1976. They will, *inter alia*, undertake investigations specifically into the following points:—

(a) make an assessment of achievements during the First Five-Year Plan period and also during the first three years of the Second Plan with a view to specifically finding out the causes for lack of progress;

(b) make an appraisal of the likely achievements at the end of the Second Plan taking into account the existing organisational, materials and financial resources available for development and also the progress so far achieved in the various fields;

(c) formulate requirements over the next three plan periods and more specifically at the end of the Third Five-Year Plan;

(d) formulate the targets for the next three Five-Year Plans and more definitely for the Third Five-Year Plan keeping in view the technical and organisational resources;

(e) indicate the priorities, policies, measures and machinery for achieving both the short-term and long-term objectives of agricultural development; and

(f) make an estimate of the financial resources both internal and external needed for implementing the programmes required for achieving the targets during the Third Five-Year Plan period.

4. The Working Group shall meet at least once a month; and should submit its report to Government on or before 28th July 1959.

5. The Assistant Registrar of Co-operative Societies (Farming) shall convene the meetings in consultation with the Chairman of the Working Group.

6. Three members will form quorum.

Order

ORDERED that the resolution be published in the *Calcutta Gazette* and copies thereof forwarded to the Chairman, the Vice-Chairman and the members of the Working Group.

ORDERED also that a copy of the resolution be forwarded to other departments of this Government for information.

By order of the Governor,

N. N. CHATTERJEE, Jt. Secy.

S. S. ROY CHOUDHURY,
Dy. Accountant-General (Central).

To—All Heads of Offices and Departments, both Central and State, under the audit control of the Accountant-General, West Bengal.

Subject: Preparation of Provident Fund schedules.

No. TM(Fd.I)/713.—24th January 1959.—It has been found that the Provident Fund schedules received in this office from the various departmental disbursing officers are often incomplete and inaccurate thereby rendering the maintenance of the accounts of the subscribers difficult and making it impossible to complete the accounts in all respects. The result is unnecessary increase in correspondence both on the part of this office and that of the departmental officers.

Instructions have already been issued for avoiding defects in the preparation of the schedules. These instructions are repeated, for the guidance of the departmental officers, who may ensure the completeness and correctness of the schedules attached to paybills:

(1) The schedules may be prepared in the proper prescribed forms. The month to which the schedule relates should be noted prominently in the relevant space provided in the schedules (e.g.) deductions made from the paybill for March paid in April, should be noted as for April.

The Index letters to account numbers such as Admn./W.B., C.P.R./W.B., Tax/W.B. should be quoted.

The names of the subscribers should be arranged in the numerical serial order of the account numbers assigned to them. The drawing offices should as far as possible have schedules ready-typed or roneoed, showing the names of the subscribers and their account numbers arranged serially. The names of new entrants and old subscribers transferred from other offices, should be entered in the typed or roneoed schedules in the end after the names of the existing subscribers. But after the expiry of the year, these should find a place according to the serial order of their account numbers. Special care should be exercised to see that correct names and account numbers are furnished.

(2) The amounts recovered from a subscriber on account of subscription and recovery of advance should be noted separately in the appropriate columns and in the latter case, the number of the instalment recovered should be noted in the "Remarks" column. If interest is recovered, the word "Interest" should be noted in the "Remarks" column.

(3) When no recovery is being made in the case of any particular subscriber, the reasons for non-recovery should be stated clearly and briefly against his name in the "Remarks" column.

Also when the amount of subscriptions or refund of withdrawals differ from those of the previous months, the reasons for such variations should be specified in the "Remarks" column.

(4) If a subscriber proceeds on leave, the date of commencement of leave should be recorded in the "Remarks" column against the name of the subscriber concerned. Similarly information relating to the date of death or retirement of subscribers should be recorded in the "Remarks" column.

(5) If a subscriber is transferred to another office his name should appear in the next month's schedule with the remark "transferred to..... ....." and should be scored out from the schedules for subsequent months.

(6) If a subscriber is transferred from another office, the name of the office from which he has been transferred should be recorded in the "Remarks" column in the schedule for the month in which his name appears for the first time.

(7) The recovery of a temporary advance is required to commence immediately after the drawal of the advance, whenever full salary is drawn and the disbursing officers have no power to grant any relaxation unless there are Government orders to the contrary. If there are any such order in any particular case, an attested copy of the same should be enclosed with the schedule, and in the "Remarks" column, the fact of such enclosure should be stated.

(8) No subscription to the fund should be recovered from Government servants unless application for admission to the fund is duly accepted by this office and an account No. allotted.

(9) A separate schedule for deductions made on account of each kind of fund should be furnished. In respect of subscribers whose fund accounts are maintained by a different Accounts Officer, a separate schedule should be prepared. The name of the Accounts Officer should invariably be noted in the red ink on the top of the schedule. The suffix "WB" to the Index to the account number will indicate accounts maintained by this office.

(10) The totalling of the schedules should be made carefully and the total should be expressed both in figures and words.

(11) In the case of Contributory Provident Fund, the emoluments should be noted in the schedule.

In respect of other fund deductions, the pay for March should be specified in the schedule for April each year.

To—All the Heads of Offices of the Central and State Governments under the audit control and/or payment of this office.

Subject: Expenditure incurred against advances from the Contingency Fund of India and of West Bengal.

No. TM/714.—28th January 1959.—Instances have come to notice in which expenditure incurred against advances sanctioned out of the Contingency Fund were not properly classified by the Drawing Officers. Such misclassifications are fraught with the risk of the expenditure relating to Contingency Fund being erroneously accounted for as expenditure met from the Consolidated Fund. In this connection, attention is invited to this office notification Nos. TM/423, dated 28th May 1953 and TM/593, dated 7th February 1957, published in the *Calcutta Gazette* in which the Drawing Officers were requested that while preparing bills relating to expenditure met out of the Contingency Fund it should be seen that they are invariably labelled as pertaining to the Contingency Fund of India or of West Bengal as the case may be. A strict adherence to those instructions is solicited so that there may not be any room for misclassification and wrong accounting of such expenditure.

All Treasury and Sub-Treasury Officers in West Bengal are also requested to ensure that all bills pertaining to the Contingency Fund of India or of West Bengal as the case may be, presented to the treasury for payment, are labelled conspicuously as such by the Drawing Officers in each case.

S. S. ROY CHOUDHURY,

Dy. Accountant-General (Central),
West Bengal.

Subject: Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. T.M./715.—3rd February 1959.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 16th March 1959. The words **"To be paid on or before the 31st March 1959" should be written prominently in red ink on the top of each bill.** In respect of charges actually incurred, or claims accruing on or after the 16th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is preoccupied with the passing of monthly bills, payable on the first working day of April.

2. Three clear days are required by this Office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day, should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(a) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(b) If any charge requiring sanction of a higher authority is claimed in a bill, the sanction should be attached to it. As no payment can be made on the authority of copies of orders, the sanctioning authority should be requested to communicate the orders to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 16th and 31st March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery counters of this office will be kept open till 4-30 p.m. on the 31st March. No payment will be made after that hour.

8. Establishment Bills for March, 1959, will be paid by this office on the 1st April 1959 instead of on the 31st March 1959.

P. C. HALDAR,
Dy. Accountant-General (Admn.).

ORDER

No. 369-I.R./IR/11L-326/58.—3rd February 1959.—Whereas under the Government of West Bengal, Labour Department, Order Nos. 60-I.R./IR/11L-54/57, dated the 4th January 1958 and 1184-I.R./IR/11L-54/57, dated the 22nd March 1958, the industrial disputes between Messrs. Butto Kristo Paul and Co. (Private) Ltd., 1 & 3 Bonfield Lane, Calcutta, and their workmen represented by Butto Kristo Paul & Co., Ltd. Employees' Union, 23A Netaji Subhas Road, Calcutta, regarding the issues mentioned in the said orders being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Goverdnment its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Butto Kristo Paul and Co. Private Ltd., 1 & 3 Bonfield Lane, Calcutta, and their workman represented by Butto Kristo Paul & Co., Ltd. Employees' Union, 23A Netaji Subhas Road, Calcutta,

And

In the matter of an industrial dispute between Messrs. Butto Kristo Paul & Co., Ltd., 1 & 3 Bonfield Lane, Calcutta, and their workman represented by Butto Kristo Paul & Co., Ltd. Employees' Union, 23A Netaji Subhas Road (top floor), Calcutta, referred under C.O. Nos. 1184-I.R./IR/11L-54 57, dated 22nd March 1958 and 60-I.R./IR/11L-54/57, dated 4th January 1958, respectively. (Case Nos. VIII-C-70/58 and VIII-C-8/58, respectively.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge*.

Appearances:

For the Union: Shri P. K. Ghosh.

For the Company: Shri S. C. Sen, Advocate, with Shri K. K. Maitra, Advocate.

The Government of West Bengal, in the Department of Labour, by Order Nos. 1184-I.R./IR/11L-54/57, dated 22nd March 1958 and 60-I.R./IR/11L-54/57, dated 4th January 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), two industrial disputes between Messrs. Butto Kristo Paul & Company Private Ltd., 1 & 3 Bonfield Lane, Calcutta, and their workmen, namely, Shri Manmatha Nath Dey

Sarkar and Shri J. Pal, respectively, represented by the selfsame Union named Butto Kristo Paul and Co., Ltd. Employees' Union, 23A Netaji Subhas Road, Calcutta, regarding matters specified in the second schedule of the Act, to this Court for adjudication.

Schedule in Reference No. 1184-I.R.

Whether the dismissal of Shri Manmatha Nath Dey Sarkar is justified? To what relief he is entitled?

Schedule in Reference No. 60-I.R.

Is the dismissal of Shri J. Pal justified? What relief is he entitled to?

AWARD

These two references between the same Company and two workmen represented by the selfsame Union, are taken up together at the request of the Union with the consent of the Company and for the sake of convenience. Two workmen, namely, (1) Shri Manmatha Nath Dey Sarkar and (2) Shri Jashoda Kumar Pal, of Messrs. B. K. Paul & Co., Ltd. (hereinafter described as the Company for the sake of brevity) are concerned in these two cases.

So far as Shri Dey Sarkar is concerned, the Union's case is that the Company dismissed him on a charge of theft in respect of a packet of Iodex on 30th August 1957 and dismissed the other workman Shri Jashoda Pal on a false allegation that he rescued Shri Dey Sarkar while he was being taken to the Proprietor Shri Subol Ch. Paul by Shri Ajit Kumar Daw, the Department-in-Charge who is alleged to have caught Dey Sarkar red-handed in the very act of lifting the packet of Iodex. The Union contends that the allegation of theft by Shri Dey Sarkar is altogether false and that the Company unjustifiably, illegally and arbitrarily dismissed him. In respect of the other workman Shri Pal, the case of the Union is that, he being the Secretary to the Union, the Company levelled the false charge against him and thus victimised him with a view to stifling all legitimate activities on the part of the Union against the Company between whom there are already several disputes

The Company, on the other hand, contends that Shri Dey Sarkar was caught red-handed in the act of committing the theft and he was dismissed on his own admission in writing and thus the Company was fully justified in dismissing him. So far as Shri Pal is concerned, the Company contends that he was duly charge-sheeted and was given an opportunity to explain the charge and an enquiry was properly held wherein he was given all reasonable facilities to defend himself and the Company rightly found him guilty of obstructing Shri Ajit Kumar Daw in producing Shri Dey Sarkar before the Proprietor immediately after the theft and thus on a finding of guilty of a conduct subversive of all discipline in the Company he was rightly dismissed. The Company therefore contends that the Court is not entitled to interfere in the case.

Decision

First of all, I take up the case of Shri Manmatha Nath Dey Sarkar. The misconduct alleged against him is that he stole a packet of Iodex (Ext. X for identification) on 30th August 1957 at about 6 p.m. and that Shri Ajit Daw, Department-in-Charge, caught him red-handed. Shri Dey Sarkar in Court says that he brought out the packet of Iodex on his

compounding table for dispensing and that he was massaging it on his knee-joint due to pain. It is common ground that the Company allows medicine free to the workmen. The Union therefore contends that there is absolutely no reason for his stealing the packet of Iodex which costs a paltry sum of about Rs. 2 only. Of course, if a thing can be had for mere asking, there is no reason for stealing it. Be that as it may, in the instant case, the Company takes its stand on the admission (Ext. A), dated 30th August 1957, by the workman concerned. Exhibit A is a clear admission of theft on the part of the workman and he begged to be pardoned and at the same time gave an undertaking that he would not repeat such misconduct in future. On this admission there is an endorsement by another Shri Harimohon Bhattacharjee to the effect that the fact is true. Now the workman during the trial contends that this admission was extorted from him under duress by the Proprietor Shri Subol Chandra Paul and the Department-in-Charge Shri Ajit Kumar Daw as the Proprietor lifted the receiver of the telephone and threatened him with arrest by calling in the Police unless he admitted it, and Ajit Daw threatened to assault him with shoes. Both Shri Subol Kumar Paul and Shri Ajit Daw denied that any pressure was brought to bear upon the workman or he was in any way coerced into making an admission like this. That the plea of force or pressure being brought to bear upon him in the matter of the admission (Ext. A) is an afterthought will be clear from one statement of this workman in Court wherein he stated that he did not disclose of the alleged threat held out to him by Shri Subol Kumar Paul and Shri Ajit Daw to Shri Jashoda Pal during 3/4 days after 30th August 1957. If the admission were really extorted from him we would expect that immediately after leaving the spot he would disclose it to his other colleagues but he did nothing of the kind. His reticence and non-disclosure of the threat, if any, is very significant during some days following the incident. This workman admittedly put in 46 years' service in the Company without any blemish and there is no reason why the Company would frame a false charge against him and dismiss him. The Union likewise argues that after such a long period of faultless service it is simply incredible that the workman would lift a packet of Iodex worth a paltry sum. Let these probabilities apart, the case should be judged with regard to evidence on record. Thus unless the workman can prove that the admission was extorted from him, the Court should accept it as a genuine one. In this direction the workman stated that once he complained before the Proprietor Shri Paul that Shri Ajit Daw attends office late and once he granted leave to Shri Jashoda Pal to attend Court in the absence of Shri Ajit Daw in connection with another dispute between the Company and the Union and this explains why the wrath of Ajit Daw fell upon him and he seized this occasion to take revenge on him. Since the Proprietor has denied the statement made by the workman, I am unable to believe it. It is also difficult for me to believe that the Company would for the filmsy reasons even assuming them to be true, stoop so low as to bring a false charge against the workman. In addition to the admission Ext. A, the Company further examined Shri Ajit Daw and Shri Nakur Ghose whose evidence clearly proves the commission of the theft by the workman and I have no reasons to disbelieve them. I may add that in the circumstances of this case, the misconduct proved being of a serious nature and the workman being caught red-handed, the summary dismissal is fully justified.

In the circumstances, I find that the Company in view of the theft committed by the workman in respect of a packet of Iodex however triffling its price may be, was fully justified in dismissing him as per letter Ext. 5, dated 4th September 1957. No mala fides or unfair labour practice on the part of the Company have been proved in this case. In the circumstances of this case I uphold the order of dismissal.

Next, I take up the case of Shri Jashoda Pal. The Company has produced Ext. 1 and Ext. 1(a) being two charges, dated 4th September 1957. The charge in Ext. 1 is that he interfered in the matter of Manmatha's being caught red-handed while stealthily removing a packet of Iodex belonging to the Company with the evident intention of hushing up the matter and that he refused to give out the truth. The second charge in Ext. 1(a) is that he again absented himself from office without previous permission and he was asked to show cause why disciplinary action should not be taken against him. Exhibit 2 is the reply to the charge Ext. 1, and Ext. 2(a) is the reply to the charge Ext. 1(a). In Ext. 2, dated 6th September 1957, the workman has categorically denied the charge. His statement in brief is that when Shri Ajit Daw was pulling Shri Dey Sarkar at about 6-15 p.m. on 30th August 1957 he casually requested Ajit Babu not to pull Manmatha as he was not feeling well, and that the packet of Iodex was not detected inside the compounding room where he was on duty. The workman further denied the allegation that he refused to speak the truth. There is another statement that it is rather surprising that to fabricate the charge-sheet against Shri Pal the Director Shri S. Paul tried to coerce Manmatha to confess in the evening on 2nd September 1957 after duty hours and in the afternoon on 3rd September 1957 that Manmatha would be favourably considered if he gave a statement to the effect that he (Pal) persuaded Manmatha to say that somebody had put the packet of Iodex in his pocket. In the concluding paragraph of his reply he has added that it is clear from the second charge-sheet of the same date that the Company was out to victimise him as he was the Secretary to the Union and thereby wanted to cripple legitimate trade union activities in the office. In his reply Ext. 2(a), dated 5th September 1957, Shri Jashoda Pal expressed surprise at Company's calling for an explanation from him for his absence from office without previous permission without giving the date on which he was absent. His further statement is that he was absent from office on 4th September 1957 due to severe pain in his teeth for which a petition was duly sent per post on 4th September 1957 under certificate of posting. The Company in this case contends that a due enquiry was held into this matter on 10th September 1957. Admittedly this workman was given a notice of the date of enquiry, but there is nothing to indicate that a proper enquiry was held in this case. All that we have before us are two statements, dated 10th September 1957 of Ajit (Ext. E1) and Nakur Ghose (Ext. E2) and another (Ext. E3) showing interrogatories to Jashoda and his replies. There is nothing to indicate that the workman was allowed to cross-examine these two witnesses, nor are there any proceedings of enquiry. It is said that one Mukti Babu recorded the statement but that gentleman is not called in to give his evidence in this case. So these two statements Ext. E1 and Ext. E2 were not subjected to cross-examination and the denial of the right of cross-examination to the workman is tantamount to violation of principles of natural justice. The answer to questions 1 and 4 in Ext. 3 is a clear denial on the part of the workman that he made any effort to rescue Manmatha on 30th August 1957 after the incident. I may add that I had the advantage of seeing both Shri Pal and Shri Daw. The latter is a physically rebust man and I find it not possible for Shri Pal, a frail and an almost old man to push aside Shri Daw. This allegation of Shri Pal's pushing aside Shri Daw while he tried to take Shri Dey Sarkar to the Proprietor does not deserve credence at all. Thus there were no sufficient materials before the Company at the enquiry to justify the finding of guilt against Shri Pal. The finding of guilt is therefore a perverse finding which canot be allowed to stand. Besides that, admittedly, the Union and this Company are not on good terms because there were many disputes between them and for Company's failure to implement some of the awards

certificates had to be taken out for recovery of the relief under one or some of such awards. Thus I would find in the circumstances of this case that there are valid and cogent reasons for suspecting the bona fides of the Company in drawing up proceedings against this particular workman who is the Secretary to the Union. As Secretary presumably he took a leading part in the Union activities both outside and in Court which have embarrassed the Company. It may also be added that the delay in drawing up proceedings against Shri Pal is also significant and the reason assigned by Shri Subol Paul in this behalf is a mere eyewash. The Company did not also allow Shri Pal to be represented by an office-bearer of the Union during enquiry as per his request in letter (Ext. 6A), dated 10th September 1957. This is tantamount to denial of reasonable facilities to the workman to defend himself during enquiry. The decision of the Company in this case, I would therefore find, is vitiated with mala fides and its finding is also perverse. It is therefore found that the order of dismissal passed in this case is unjustified and that the Company is directed to reinstate the workman and pay him all his wages from the date of his dismissal till the date of his reinstatement treating the continuity of his service as unbroken within a month of the publication of the award.

Thus to sum up, the dismissal of Shri Manmatha Dey Sarkar is found justified and he is entitled to no relief.

As regards Shri Jashoda, his dismissal is found mala fide and unjustified and the Company is directed to reinstate him and give him all the reliefs set forth above.

This is my award. This award to govern both the references tried together.

AWARD

This is a case arising out of termination of service of some workmen as per list annexed with the order of reference and of a declaration of lock-out from 31st December 1956 by Messrs. Sur Enamel & Stamping Works Private, Ltd., 24 Middle Road, Entally (hereinafter described as the Company for the sake of brevity).

The case of the Union, in short, is that the Company is very unsympathetic, uncompromising, unconciliatory and victimising in its attitude towards its employees. The Union submitted a Character of Demands for redressing the genuine and long standing grievances of employees on 7th August 1956. Since then the Company illegally and without any just and reasonable cause retrenched 144 efficient workmen in two batches. The Assistant Labour Commissioner Shri S. K. Bhattacharjee took up the matter but could not push it to any successful issue. In the meantime on 31st December 1956 the Company again illegally and without any reasonable cause retrenched 22 permanent workmen of its "Fire Extinguisher Department". There was no amicable settlement on the issue of retrenchment and the Company after the lock-out tried to re-open the factory by recruiting new hands. The Company mala fide victimised the workmen in the list and its declaration of lock-out is wholly illegal and unjustified.

The Company in short in its written statement denies all the allegations made in the written statement of the Union and justifies the dismissal of the workmen complaint of and also the lock-out declared.

The case was fixed for hearing on 4th June 1959, but in the meantime on 9th January 1959, the parties put in a joint petition of compromise and pray that the compromise be recorded.

The terms of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is thus disposed of in terms of the petition of compromise which do form a part of the award.

MEMORANDUM OF SETTLEMENT

(1) *Names of Parties*: Messrs. Sur Enamel & Stamping Works Private, Ltd., 24 Middle Road, Entally, Calcutta-14, and their workmen represented by Sur Enamel Workers Union.

(2) *Representing the Employer*: Shri K. K. Biswas, Works Manager, and Shri Bholanath Ghose, Welfare Officer of the Company.

(3) *Representing the workmen*: Shri S. K. Ghosh, President of the Union.

Short recital of the case

A dispute is pending between the employer and the employees for a very long time extending over two years. In the interest of Industrial peace and amity and to foster a spirit of good-will between the employer and the employees all the disputes between them are settled on the following:—

Terms

(a) The Company shall re-appoint the following classes of workers gradually and as the exigencies of circumstances require subject to the restoration of orders in all departments of the Company and subject to further orders being placed with the Company within a period of 3 months from the date of signing this Memorandum of Settlement:—

(i) Twenty-two workers of the Fire Extinguisher's Section.

(ii) Two permanent workers dismissed in September 1958.

(iii) Sixty-five temporary workers discharged in the month of September 1958.

(iv) Ten dismissed workers of the Furnace and approved by the Second Industrial Court, Government of West Bengal.

(b) (i) All such re-appointments would be made as the production is gradually stepped up and the standard out-put both in quality and quantity are maintained. The standard in different departments are given in schedules A, B and C.

(ii) The workers having been all re-appointment as aforesaid within the stipulated period they will improve production both in quality and quantity.

(c) If after the expiry of the period of 3 months and one month therefrom, i.e., altogether 4 months from this date the workers fail to reach the standard aforesaid and do not maintain the same provided all the usual facilities for production given by the Company the aforesaid persons shall all be dismissed without any further reference to them and they shall not be entitled to raise any claim whatsoever.

(d) The workers of the Minimax Department must maintain the production figures of July-August 1956 and must give the extra rate of production as done in the period prior to July-August 1956 within the period of 8 hours. So far as other items are concerned chart of production would be referred to.

(e) These re-appointments would be treated as altogether new appointments and the said persons so re-appointed shall have no lieu for past services in the Company and shall not be entitled to any compensation in cases of discharge and dismissal whatsoever.

(f) Ten days' time will be allowed to these workers as and when called upon to join and thereafter there shall be no liability on behalf of the Company to re-appoint them and the Company shall be free to appoint or engage such person or persons as the Company may deem fit and proper.

(g) All the cases pending now either before the First Labour Court or before any of the Industrial Tribunals at this date shall be withdrawn by the Union on proper applications.

(h) This agreement shall remain in force for a period of 2 years and the Union gives an undertaking that it shall not raise any dispute as regards wages and working conditions within the period.

(i) The workers must maintain strict discipline within the factory premises and no unhealthy atmosphere shall be created by them therein or outside the factory and the Standing Order Rules shall be strictly adhered to. The workers shall be always entitled to approach the Management for the redress of their legitimate grievances, if any.

ORDER

No. 377-I.R./IR/11L-257/57.—4th February 1959.—Whereas under the Government of West Bengal, Labour Department, Order No. 1897-I.R./IR/11L-257/57, dated the 12th May 1958, the industrial dispute between Messrs. Hindusthan Potteries, Belur Road, P.O. Lillooah, Howrah, and their workmen represented by Hindusthan Potteries Workers' Union, 9 Naskarpara Road, Ghusury, Howrah, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Hindusthan Potteries, Belur Road, P.O. Lillooah, Howrah, and their workmen represented by the Hindusthan Potteries Workers' Union, 9 Naskarpara Road, Chusury, Howrah. (Case No. VIII-95/58.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

For the Union: Shri Saroj Ghoshal, President.

For the Company: Shri K. K. Maitra, Advocate.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 1897-I.R./IR/11L-257/57, dated 12th May 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Hindusthan Potteries, Belur Road, P.O. Lillooah, Howrah, and their workmen represented by the Hindusthan Potteries Workers' Union, 9 Naskarpara Road, Ghusury, Howrah, relating to the matters specified in the following issues to this Tribunal for adjudication.

Issues

(1) Festival Holidays with pay.

(2) Whether the suspension of the following workmen is justified? What relief are they entitled to?—

(1) Shri Suren Das.

(2) Shri Santosh Mazumdar.

(3) Shri Tarak Ghosh.

(4) Shri Sushil Das.

Notices were issued on both the parties, who filed written statements setting forth their respective cases, and the case was fixed for hearing on

16th January 1959. On this date, both the parties appeared and filed a joint petition stating that the Company has agreed to grant 8 Festival Holidays with pay in each year to the workmen with effect from January, 1959 and two more days will be favourably considered in 1960. It is also stated that the list of such holidays will be prepared in consultation with the workmen. It is further stated that the Union foregoes the claim of wages for the suspension period of four workmen as specified in Issue No. 2, but that the Company in order to promote a cordial relation between the employer and employees agrees to pay an ex-gratia equivalent to 6 days' wages at the daily rate of wages as prevailing at that time to Sarvasri Suren Das and Santosh Mazumdar who are in employ under the Company, without precedent for future. It is prayed that an award may be passed in terms of the above agreement. The petition of compromise filed by both the parties appears as Appendix A to this award. Perused the terms of compromise in Appendix A, and it appears that they are reasonable and should be accepted. The compromise petition in Appendix A shall form a part of this award. The issues referred to the Tribunal are answered accordingly.

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court, West Bengal.*

Government of West Bengal, Labour Department, by its order No. 2392-I.R./IR/4L-30/58, dated Calcutta, the 10th June 1958, referred

to me an industrial dispute between Messrs. Janta Transport Agency and their workmen represented by the Hindusthan Drivers' Union for adjudication.

Issue formulated in the order of reference is as follows:—

Whether the dismissal of Shri Sahib Jan is justified? To what relief is he entitled?

On receipt of the reference, notices were issued on both the parties and while Union filed their written statement in triplicate, the Company took time to file their written statement. On 16th January 1959, both the Company and workman appeared before me and the aggrieved workman submitted a petition endorsed also by the Union Secretary in which the Opposite Party Company also signed stating that the Company Messrs. Janta Transport Agency had paid Rs. 205 in full satisfaction of the claim of the worker. The worker concerned has received the amount in full and final satisfaction and has granted a receipt to the Company and the worker prays that a "no dispute" award may be given into the matter. As the worker has obtained satisfaction and no further dispute exists, I would give a "no dispute" award in this case.

For the Union: Shri Amar Prosad Chakravorty, Advocate.

For the Company: Shri S. C. Sen, Advocate.

The Government of West Bengal, in the Department of Labour, by order No. 3042I.R./IR/7L-44/57, dated 12th August 1957, and subsequent corrigendum No. 1154I.R./IR/7L-44/57, dated 21st March 1958, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Ludlow Jute Co., Ltd., Chengail, Howrah, and one of their workmen, Shri Raj Narayan Singh, represented by the Ludlow Jute Mill Labour Union, Sijberia Bazar, P.O. Fuleswar, Howrah, regarding matters specified in the second schedule of the Act, to this Court, for adjudication:—

Schedule

1. Whether the discharge of Shri Raj Narayan Singh, Durwan, was justified? To what relief is he entitled?

AWARD

This is a case arising out of alleged illegal and unjustified discharge of one Shri Raj Narayan Singh previously employed as a Durwan in Messrs. Ludlow Jute Co., Ltd., (hereinafter referred to as the Company for the sake of brevity).

The Union's case in a nutshell is as follows:—

The workman was employed in the year 1949 and was confirmed in 1950. The employees of the Mill formed a Union to ameliorate their conditions of service, and this particular workman amongst others took the initiative in the formation thereof. This workman was attacked with Pulmonary Tuberculosis and was under the treatment of the Chest Specialist appointed by the Employees' State Insurance Corporation. The aforesaid specialist declared him fit to resume duties while he was last examined thoroughly. Accordingly on the recommendation of the Insurance doctor the workman rejoined his duties on 12th March 1957 and continued in his duties up to 19th March 1957 when he was asked by the Labour Officer of the Company to appear before the Mill doctor. The Mill doctor, however, after a casual examination advised the workman to take further rest but the doctor of the Employees' State Insurance Scheme, refused

to grant him further leave on the ground of his illness and reiterated that this workman was fit to resume his duties. On 16th April 1957 the workman was intimated by a letter of the Personnel Manager that he would be allowed to resume his duties provided the Mill doctor declared him fit. The workman, however, was reluctant to submit to any medical examination by the Mill doctor as he was already declared fit by the doctor under the Insurance Corporation. The workman was, discharged by a letter, dated 23rd April 1957, on the ground of his continued ill health. The efforts of the Conciliation Officer to make up this dispute failed, hence the reference.

The Company denies the allegations in the written statement of the Union and contends, *inter alia*, that this is not an industrial dispute but this point was not pressed during trial, and that sometime in July 1956 this workman was detected suffering from Pulmonary Tuberculosis when he took seven days' leave on the recommendation of the panel doctor of the Employees' State Insurance Corporation and this leave was extended by a further period of six weeks with effect from 30th July 1956 which was sought to be extended by a further period of one month but the Company informed him that he should apply for an extension to the doctor of the Employees' State Insurance Corporation. So the Company marked him as *on authorised* leave until 14th November 1956. On 13th November 1956 the workman came to this Mill when he was medically examined by Company's medical officer, who after thorough examination found him unfit for work and advised him further complete rest. Thereafter this workman obtained leave from the panel doctor of the Employees' State Insurance Corporation until 11th March 1957. Thus the total period of his leave on grounds of ill health amounted to 33 weeks of which 16½ weeks were sick leave granted by the panel doctor. On 12th March 1957 this workman produced a certificate of fitness from the panel doctor on the basis of which he was allowed to resume his duties on that very date, but the Company found that Shri Singh was still ailing and as he was suffering from a dangerous disease the Company decided to get him medically examined again by the Company's medical officer in the interest of the workman himself as also of the other workmen who would in normal course of work come in his contact. The Company's doctor therefore on examining him found that he was not completely cured of his disease and the Company did not therefore allow him to resume his work. The Company advised him to obtain further leave from the panel doctor, failing this, to apply to the Company direct for further leave which the Company was prepared to grant him. The Company, however, marked the workman as *on authorised* leave. The workman in the meantime neither obtained leave from the panel doctor, nor did he apply to the Company for leave and insisted on resuming his duties. But the Company agreed to allow him to resume his duties provided he was checked by the Company's medical officer and found completely cured of the disease. Shri Singh, however, did not ultimately turn up for medical examination by the Company's doctor. The Company, therefore, on grounds of his long absence due to ill health was compelled to discharge him. The Company affirms that its decision to get the workman medically examined before he could be permitted to resume his duties was perfectly justified in view of his infectious disease. In short, therefore, the Company contends that the order of his dismissal, dated 23rd April 1957, is justified and that he is not entitled to any relief.

Decision

There is no dispute that this workman was employed as a Durwan in the Company in 1949 and made permanent in 1950. The main dispute

centres round the condition of his health at the time of his discharge, i.e., 23rd April 1957. The Company's learned Advocate referred to a statement on record setting forth therein the chronological events relating to his illness which is not disputed by the Union. Admittedly, the workman fell ill in July 1956 of Palmonary Tuberculosis and was under the treatment of Dr. Kazi Saheb, doctor of Employees' State Insurance Corporation, and that he was on medical leave for about four months. There is also no dispute that on the certificate of the Insurance doctor that he was physically fit, he was permitted to rejoin his duties on 12th March 1957 and continued as such for a week till 18th March 1957. The dispute between the parties started after his return to duty and there was difference of opinion between the panel doctor and the chest specialist appointed under the Employees' State Insurance Corporation on one hand, and that of the Mill doctor Mr. Mitra (O.P.W. 1) on the other. Admittedly, Dr. Mitra, Chief Medical Officer, X-rayed him but the workman says that he was X-rayed only once and no photo was taken of his chest before his examination by Dr. Kazi Saheb (P.W. 3). The Company's case at this particular point is that six days after his rejoining the workman was asked to have himself examined by Dr. Mitra, Chief Medical Officer. The Company's further case is that he was X-rayed on three occasions and skiagram of his chest was taken on 20th July 1956, 12th November 1956 and 15th March 1957 (vide Exts. F, F1 and F2—X-ray photos). The Company in view of the skiagram on the advise of Dr. Mitra, Chief Medical Officer, did not allow him to join because there were still extensive infiltrations and lesions in both the lungs suggestive of active Tuberculosis and there were two cavities in the right upper zone. In his opinion the workman was unfit for his hard duty up to 10th March 1957 and after this he did not examine the workman any more as he no longer turned up.

During the hearing of this case, at a particular stage after examination of three witnesses for the Union including Dr. Kazi Kossimuddin, the Court was given to understand by the learned Advocate for the Company that the Company had no objection to reinstate the workman if he were found physically fit after examination by Chest Specialist Dr. P. K. Sen of Calcutta and the case was adjourned. But the Company subsequently filed a petition stating that the Company was not agreeable to take him back because the workman made several false allegations impugning the *bona fides* of the Company which therefore did not agree to take him back simply because he was found physically unfit and insisted on having an opinion from the Chest Specialist Dr. P. K. Sen on the condition of the workman's health in April 1957 while he was discharged. The opinion of the Chest Specialist is that a study of the skiagram of his chest, dated 20th July 1956, 12th November 1956 and 20th March 1957 (this date should be 15th March 1957), showed that he suffered from lungs Tuberculosis of both sides (determined from strong suggestive evidences in the skiagram) and the disease was active till the date of his last X-ray plate, namely, 20th March 1957 and that there was also a fair size cavity in the right upper zone on that date and he was of opinion that this workman was not fit for work till that date 20th March 1957. The Specialist, however, observed that his recent condition can only be determined if he submits himself again for a thorough check including skiagraphy and sputum test and E. S. R. test. In view of the attitude of the Company as argued by its learned Advocate the Court considered it useless and unnecessary to have the Specialist's opinion as to his present state of health because the Company in the meantime had gone back on its own previous statement, namely, that the Company was willing to take him back if he was found

fit as recorded in Court's order No. 17, dated 9th June 1958. The learned Advocate for the Company insisted on a decision on the point of reference as to whether the discharge of the workman was justified, in other words, whether his state of health on 23rd April 1957 justified his discharge. On this point, however, the opinion of the Specialist is unambiguous and decisive that the workman was physically unfit as already said above.

Now in view of the Company's unwillingness to reinstate the workman simply because he might be now found fit, the Court would not be justified in foisting this workman upon the Company on the basis of the order No. 17, dated 9th June 1958. The reference to this Court for adjudication runs as follows:—

"Whether the discharge of Shri Raj Narayan Singh, Durwan, was justified? To what relief is he entitled?"

So it would neither be legal nor proper for the Court to travel beyond the terms of the reference. The Court is to restrict itself to the terms of reference and if the Court proceeds to consider and adjudicate upon matters not referred to the Court, the action of the Court would be *ultra vires* and the award following thereupon would be void and unenforceable. The jurisdiction of the Tribunal to adjudicate on matters and to make an award is created by the order of reference made under section 10 of the Industrial Disputes Act, and the order of reference limits the power of the Tribunal to make the award (vide 1955 L.L.J., Vol. II, page 593 and 1958 L.L.J., Vol. I, page 572). The Court, therefore, in spite of its order No. 17, dated 9th June 1958, considers the evidence on record and restricts its decision only on the point of reference with due regard to the evidence on record. The opinion of Dr. P. K. Sen, the Specialist is decisive on it. At this stage I would advert to the arguments of the learned Advocate for the Union that the Court should rely on the evidence of Dr. Kazi Kossimuddin (P.W. 3) and the report of the Chest Specialist who declared him fit on 11th March 1957 (vide report Ext. 4). This report (Ext. 4) of Dr. Saha does not seem to be acceptable in view of the opinion of Dr. P. K. Sen, the Specialist. Dr. Saha's report Ext. 4(a), dated 24th June, 1957, that the workman is symptom free is not relevant for the purpose of this case as the Court called upon to decide the justifiability of his discharge on 23rd April 1957. I do not think any useful purpose would be served by calling in Dr. Saha in view of the report of Dr. P. K. Sen, the reputed Tuberculosis Specialist of the City which is entitled to greater weight.

Having regard to the Specialist's opinion and the workman's long absence due to his ill-health, the Company could not be expected to wait indefinitely for a workman to turn up as that would cause serious dislocation in business. Thus following the principle laid down by the Hon'ble Supreme Court in the case reported in 1958 L.L.J., Vol. I, page 260 (Indian Iron & Steel Co., *v.* their workmen), I think the Company was justified in passing the order of discharge as it did in this case according to the provision in section 14(c)(v) of the Standing Orders of the Company for absence without leave for more than 10 days.

As to absence of any charge sheet, or any formal enquiry, I do not think any conceivable purpose would have been served if a charge sheet were framed and a formal enquiry was held and this same view has been pronounced in the above Hon'ble Supreme Court case. The Specialist's evidence is sufficient to show that he was physically unfit to resume his duties on 23rd April 1957. He was absent for about 33 weeks, some portion on authorised and some portion on unauthorised leave, and so his dismissal

is found justified according to the aforesaid Company's standing orders. It may be said that the Company had no *mala fides* in discharging him. In the circumstances, I do not find the workman is entitled to any relief in strict conformity with law as laid down in section 2(oo)(c) of the Industrial Disputes Act. But I would, in view of the hardship involved, as a special case, recommend that the Company would be generous enough to grant him retrenchment benefit at the rate of 15 days' pay for every completed year of his service under the Company. This is my award.

ORDER

No. 384-I.R./IR/11L-292/58.—4th February 1959.—Whereas under the Government of West Bengal, Labour Department, Order No. 4225-I.R./IR/11L-292/58, dated the 6th October 1958, the industrial dispute between Messrs. The Golden Slippers, 35 Chowringhee Road, Calcutta, and their workmen represented by Calcutta Lower Grade Employees' Union, 249 Bowbazar Street, Calcutta-12, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. The Golden Slippers, 35 Chowringhee Road, Calcutta, and their workmen represented by Calcutta Lower Grade Employees' Union, 249 Bowbazar Street, Calcutta-12, referred under G.O. No. 4225-I.R./IR/11L-292/58, dated 6th October 1958. (Case No. VIII-C-237/58.)

BEFORE THE FIRST LABOUR COURT, WEST BENGAL

PRESENT:

SHRI N. C. CHATTERJEE, *Judge.*

Appearances:

For the Company: Shri S. Lall Trehan.

For the Union: None.

The Government of West Bengal, in the Department of Labour, by order No. 4225-I.R./IR/11L-292/58, dated 6th October 1958, referred under

sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. The Golden Slippers, 35 Chowringhee Road, Calcutta, and their workmen represented by Calcutta Lower Grade Employees' Union, 249 Bowbazar Street, Calcutta-12, regarding matters specified in the second schedule of the Act, to this Court for adjudication

Issues

(1) Pay scale.

(2) Increment.

(3) Service record.

This is reference for determining (1) Pay scale, (2) Increment and (3) Service record of Messrs. The Golden Slippers (hereinafter described as the Company for the sake of brevity). The workmen in this case were represented by Calcutta Lower Grade Employees' Union (hereinafter described as the Union).

This reference was received in this Court in October, 1958, and notices were issued to both the parties fixing 3rd November 1958 for appearances and for filing written statement by the Union. The notice to the Union was duly served and on 28th November 1958 the Company authorised its Manager Shri S. Lall Trehan to represent this case on Company's behalf and on that date, none appeared for the Union, nor was any written statement filed on its behalf. The next date fixed was 17th December 1958 but on this date also, none appeared on behalf of the Union, nor was any written statement filed for it. The case was next adjourned to 7th January 1959 but on this date also the Union defaulted. The Court thereafter fixed 15th January 1959 for ex parte hearing on which date the Company adduced evidence through its Manager Shri S. Lall Trehan. His evidence is that the Company is a night club consisting of several members. Previously the Union placed a charter of demands Ext. 1, but that dispute was settled by an agreement (copy of agreement marked Ext. 2). Thereafter there is no other dispute pending.

Thus it appears that the Union, at present, has got no grievance regarding the pay scale and other matters referred to this Court. In the circumstances, the pay scale and increment should be left undisturbed and continue as before. As regards the third item, namely, the service record, it should also be left untouched and continue as it is.

This is my award.

ORDER

No. 316-I.R./IR/10L-4(c)/57.—29th January 1959.—Whereas under the Government of West Bengal, Labour Department, Order No. 5441-I.R./D/10L-116/58, dated 20th December 1956, as amended the industrial disputes in the Engineering Industry in West Bengal between the Engineering

Firms referred to in the said order, as amended, and their workmen represented by the Unions and Federations mentioned in the said order, as amended, were referred for adjudication to the Fifth Industrial Tribunal;

And whereas during the pendency of proceedings before the said Tribunal, a complaint was filed before it against Messrs. National Iron & Steel Company Ltd., Post Belurmath, district Howrah, by Shri Mohanlal Samui of 63 Naskarpara Lane, Howrah, an employee of the said Company alleging that the said Company had violated the provisions of secton 33 of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of power conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended in 1956, filed by one Shri Mohanlal Samui, residing at 63 Naskarpara Lane, Howrah, an employee of Messrs. National Iron & Steel Co., Ltd., P. O. Belurmath, district Howrah, against the aforesaid Company. (Case No. 321 of 1958, under section 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

AWARD

1. The original reference out of which this case has arisen was made under G. O. No. 5441-I.R./D/10L-116/56, dated 20th December 1956.

2. According to the petitioner the Company aforesaid has dismissed him without observing the rules and procedure under section 33 of the Industrial Dispuets Act, 1947, and, as such, it has conrtavened the said section. A charge-sheet was given to him on 15th September 1958 and he gave a reply thereto on 19th September 1958. An enquiry was held in the matter on 20th September 1958. But the Company has not filed any application before the Tribunal for approval of its action against the petitioner.

I need not go into the facts of the present case as the Company has agreed to reinstate Shri Mohanlal Samui, the present petitioner, with effect from the 29th December 1958 on his having tendered an apology for his past misconduct. The Company agrees to treat this period of absence from the date of his dismissal up to the date of his reinstatement as leave without pay. The petitioner agrees to these terms. I accept the terms of settlement between the parties as embodied in the joint petition filed before the Tribunal, and pass my award in terms thereof. The case is accordingly disposed of.

The Government of West Bengal, in the Department of Labour, by order No. 3742-I.R./IR/7L-43/57, dated 26th September 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Schedule

Whether the dismissal of Shri Nirmal Kumar Bhattacharjee was justified? Whether he is entitled to reinstatement and/or compensation as a result?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of one Shri Nirmal Kumar Bhattacharjee previously employed as a Time

Keeper in Messrs. Sree Ambica Jute Mills Ltd., Belur, Howrah (hereinafter referred to as the Company for the sake of brevity).

The case of the Union, in a nutshell, is as follows: The workman concerned Shri Bhattacharjee was transferred in November, 1956, to take the attendance of shifter section of the Spinning Department which had two Time Keepers. After a lapse of some time the other Time Keeper being absent, Shri Bhattacharjee was asked to carry on the work for the present. The Management, however, made no arrangement for bringing an extra hand in order to relieve Shri Bhattacharjee of the additional duty on this score obviously with the idea of getting the whole work done by one man and thereby increasing his workload. Shri Bhattacharjee made several representations directly and through his Union (West Bengal Jute Mills Clerks Federation) but to no effect. The Company's written assurance on the workman's application, dated 10th April 1957, to the effect "at present we have no extra staff, please carry on at present" did not materialise. The workman therefore was obliged to inform the Company by his letter, dated 17th May 1957 that it would not be possible for him to continue the double duties and the Management was given 15 days' time to consider the position, but this too had no effect, so the workman stopped doing double duty and started carrying on his own work with effect from 3rd June 1957. The Company, however, illegally and unjustifiably charge-sheeted him with suspension by its order, dated 4th June 1957. The workman offered his explanation to the charge but the Company ultimately dismissed him by a notice, dated 10th June 1957 with effect from 8th June 1957. The Company did not hold any fair and proper enquiry. The Union therefore contends that the order of dismissal is illegal, *mala fide*, unjust and against all principles of natural justice and seeks reinstatement of this workman together with other ancillary benefits.

The Company in its written statement denies the material allegations in the written statement of the Union and contends, *inter alia*, as follows: In November, 1956, this workman was transferred to the Spinning Department as Time Keeper. The reason is that in November, 1956, one of the Time Keepers Shri Paramananda Varma had resigned his job and the other Time Keeper Shri Jagadish Prasad Agarwala expressed his desire to retire. The Company therefore decided to appoint one other Time Keeper in the Spinning Department who might get requisite training in due course in place of Jagadish Prasad Agarwala when he would retire. In March, 1957, Jagadish left the Company's service and so the workman concerned carried on with the job. Truly the workman concerned asked for the appointment of an additional Time Keeper but the Management asked him to carry on and assured him that if it was not possible for him to carry on, an extra hand would be given to him when available. The Management subsequently refrained from giving an additional hand having regard to the consideration that the B shift in the same department consisting of an equal number of employees was being managed by one Time Keeper all along without any complaint and, secondly, this workman was relieved of his clerical duties. The Union took up the cause of the workman and complained before the Assistant Labour Commissioner, Howrah, and started a conciliation proceedings. The Assistant Labour Commissioner advised the workman concerned to carry on until the dispute was settled. The Management was ultimately taken by surprise by the workman's notice and was thus compelled to take disciplinary action against him. It is further contended that the Management held an enquiry with a notice to the workman on 7th June 1957 wherein he was given all reasonable facilities to defend himself and the Management found him guilty of disobeying its lawful and reasonable orders in refusing to carry out the duties allotted

to him and dismissed him by its letter, dated 10th June 1957. The Company thus justifies the order of dismissal and contends that the workman is entitled to no relief.

The Company took another preliminary objection that this is not an industrial dispute and therefore the reference is incompetent.

Decision

First of all, I take up the preliminary point. The workman concerned, beyond dispute, was a clerk and his cause was taken up by the West Bengal Jute Mills Clerks Federation. Accordingly his case was taken up by the aforesaid Union, so there is a presumption that when a Union takes up the cause of an aggrieved workman-member, it is so as a representative of, and with the support of, its members. It is for the employer to prove that the facts are otherwise and that the other workmen in the establishment who are also members of the Union are not behind it in its action. The employer-Company has not adduced any evidence to rebut the aforesaid presumption. I would therefore hold that this is an industrial dispute and not an individual one as contended by the Company. If any authority be needed, reference may be made to the ruling reported in 1957 L.L.J., Vol. II, page 466 (Hindusthan Times Ltd., New Delhi, and Chief Commissioner of Delhi and others). Thus this point is found in favour of the Union.

Next, I come to the merits of the case. It is common ground that this workman was employed in the Mills in 1950 as a clerk in the Finishing Department and at the material time he was employed as a Time Keeper. It is also admitted on both hands that there were two Time Keepers, viz., Paramananda Varma and Jagadish Prasad Agarwalla in the Spinning Department all along. This workman was transferred to the Spinning Department at a time when there were already two Time Keepers but at the time of his joining there, there was only one, because another Time Keeper Jagadish Agarwalla had gone on leave on the occasion of his sister's marriage. Admittedly, on his return, he and the workman concerned were both working as Time Keepers in the Spinning Department. The trouble, however, arose a month or two thereafter when the other Time Keeper was absent for a day, but for that day the workman concerned did his work as well in addition to his own and ultimately this Time Keeper gave up his job and went away elsewhere. As work was running into arrear the workman concerned requested R. P. Dubey, Department-in-Charge, to request the Secretary to the Company to appoint another Time Keeper in place of Jagadish Agarwalla. This Mr. Dubey agreed to do and thus one or two weeks passed without any arrangement being made and in the meantine arrears naturally mounted high. This is the evidence of the workman concerned. Presumably as he found it difficult in managing the job single-handed and as payment would commence to be made in new coins he submitted his report Ext. 1 to the Secretary and Department-in-Charge, and Mr. Hakim, Secretary, made the endorsement Ext. 1(a) as follows:—

"At present we have no extra staff, please carry on at present."

Sd./ Hakim.
12/4.

This order as evidence stands, however, remained as a dead letter and Mr. S. N. Hakim asked the workman to go away if he could not manage the job single-handed. So the workman naturally intimated this to the Secretary of his Federation for necessary steps. The Federation Secretary in his turn intimated this to the Secretary, I.J.M.A. Shri N. Dey, Labour Officer of I.J.M.A., took up the matter with the Secretary to the Company

Mr. Hakim (*vide* Ext. E, dated 24th May 1957). To this the Management replied as follows (*vide* Ext. E1, dated 5th June 1957):—

"The Management is not in a position to consider the grievances of the Time Keeper. The question of workload is nothing but a myth. Actually Spinning "B" shift which runs with equal number of hands is being managed by one Time Keeper without any grievance. The workers of the department are all time-rated and as such it is not at all difficult for one Time Keeper to carry on with the job smoothly. At present the number of hands working in the Spinning Department does not exceed 400 and hence question of two Time Keepers does not arise.

Apprehension of workload due to introduction of new coinage system is nothing but a false pretext to avoid his duties."

It is clear from the comments that the Company then intended getting the entire job done by this workman single-handed and it resiled from the Company's initial stand as evidenced by the endorsement Ext. 1(a). Thus the Company shifted ground and this was really nothing short of an unfair labour practice on the part of the Company. If it was the case of the Company that the workload was not getting to be increased and this was really one man's job and that it would get the entire job managed by one man, the Company should have intimated that in clear terms to this workman when he first submitted his report Ext. 1, dated 10th April 1957. By the endorsement Ext. 1(a) it is clear that the Company intended at least at that stage to give another Time Keeper and the workman concerned was harbouring the hope that he would get another assistant as soon as available as intimatd by the Secretary. The Company gave that hope to the workman initially but ultimately changed front and wanted to have the entire job managed by this workman single-handed. Next, I take up the matter of enquiry. On behalf of the Union it is contended that there was practically no enquiry and nothing but a show. The Company has produced Ext. A wherein the charge is as follows:—

"On and from 3rd June 1957 you stopped your allotted duties partly and thereby created an undesirable situation in the department. This is an act subversive of discipline and a serious neglect of work."

The workman offered his explanation which runs as follows:—

"In reply to the charge-sheet drawn against, I beg to state that the allegation contained in the charge-sheet is not at all *bona fide*. It should be noted that I was transferred to the department to take the attendance of the shifter section from November 1956, when there was another Time Keeper for the Spr. Sec. From 2nd March 1957 the Time Keeper of the Spr. Sec. being absent I was compelled to take attendance of both sections. I was doing the work with great hardship and partly some clerical job is pending. In the meantime I made repeated request but to no effect. Then on 10th April 1957 I applied to the Mill Secretary to arrange for one Time Keeper in place of Jagadish Babu. I got reply thus 'at present we have no extra staff. Please carry on at present'. Again my grievance was represented through the Secretary, West Bengal Jute Mills Clerks Federation, on 17th May 1957 with a fortnight notice for consideration of my case, but to no effect. So the allegation against me for neglect of work is malicious, false and baseless.

So, I request you to consider the case at your earliest."

There is overseer's comments on the back side of the charge-sheet who found that the conduct of the workman was subversive of discipline because he refused to do attendance of the full department though he was ordered to do so. Moreover, it is to be noted that B shift Time Keeper with good number of hands was carrying on his duties smoothly. His action on the day was to put the Management in trouble. So he recommended severe punishment in this case. B. N. Roy Choudhury, Labour Officer, it appears, made an enquiry on 7th June 1957 at 3 p.m. Labour Officer's comment runs thus:—

"I made an enquiry into the case on 7th June 1957 at 3 p.m. He appeared and made no statement. Only he referred to his Union Secretary's letter D/17/5/57 and his letter, dated 3rd June 1957, and then left. Mr. R. P. Dubey, Spg. I/c, a witness, submitted his statement in writing. The statement is attached herewith. The employee joined this Mill on 24th April 1950. He had a warning on 21st May 1957 and previous to this he had some verbal warnings too. His refusal to take the attendance of the full department on 3rd June 1957 and his previous warning, dated 21st May 1957, prove without any doubt of his ill-motive to put the management in trouble. In my opinion, strong action should be taken against him in the interest of discipline of the Mill."

It is clear that there is nothing to indicate in the proceedings of enquiry Ext. A that the workman was offered reasonable facilities to cross-examine the two witnesses. Thus this is an instance where natural justice was denied to the workman and there is further nothing to indicate that this workman was offered an opportunity to adduce evidence if he liked in his defence at the enquiry. The enquiry, it appears, was purely a unilateral affair. Shri Dubey and Shri Roy Choudhury offered their comments which were obviously in favour of the Company whose employees they are and ultimately the Secretary M. S. N. Hakim ordered that after full enquiry into the charge framed against him the workman was found guilty and was dismissed with effect from 8th June 1957. Now the question is whether the enquiry in this case can be said to have been fairly and properly conducted and whether the decision of the Management arrived at the enquiry should stand. The evidence of Shri B. N. Roy Choudhury (O. P. W. 2) has exposed the defects at the enquiry and denial of reasonable facilities to the workman to defend himself. As is laid down in the famous Buckingham and Carnatic Co. Ltd.'s case, the decision of the Company is liable to be interfered with if,—

(a) there is want of *bona fide*, or

(b) it is a case of victimisation or unfair labour practice or violation of the principles of natural justice, or

(c) there is a basic error of facts, or

(d) there has been a perverse finding on the materials."

In this case, it appears to me that the decision of the Company is liable to be interfered with because the Company seems to have been actuated by unfair labour practice and that the decision also was vitiated by a perverse finding and the Company has also committed basic error on facts. In doing so, I am not forgetful of the fact that the Labour Officer of I.J.M.A. Shri Dey who held an enquiry in this case found that the workload of the Time Keeper was not too much for one man. The main ground on which his finding was based is that in the B shift in the same department one Time Keeper has been working without any difficulty for a long time.

Shri Dey also stated that he made enquiries of other Mills where also one Time Keeper in each shift was found working and that this number was found adequate. If the Company would have proceeded to retrench him on the ground of rationalisation of staff, this Court would have nothing to interfere as the Company has got every right to rationalise its staff according to its requirements and economise the expenses. The Company cannot be allowed to shift ground now and to justify the order of dismissal on some ground other than the charge levelled against the worker. In the case reported in 1953 L.A.C., page 149 (Bathgate & Company *vs.* their workmen), it is laid down that an employer cannot be allowed to justify dismissal of workmen on ground other than those he gave in the letter of dismissal. If the Company would have taken the stand from the very beginning that the workload of the workman was not going to be increased if he were to manage the job of the Time Keeper in A shift for both shifter section and spinning section single-handed, that would have been a different matter. This the Company did not do, but what the Company did was to hold out a hope to the workman at the beginning and subsequently resiled from that stand and intended getting the entire job from him which is at variance with the hope held out. Therefore in this case the Management was actuated by some ulterior motives and the charge couched in very vague term is just a cloak to get rid of a worker and the ostensible enquiry held in this case was in violation of the principles of natural justice and that the worker was denied reasonable facilities to defend himself at the enquiry which he is entitled to have.

Next I proceed to show that the Company's finding that the workload was not increased is not correct. The duties of the workman may be thus set forth in details, namely, (1) to keep the attendance of all workers and to go round to see which of the workmen out of 400 actually attended and which not, (2) to calculate wages of workmen with reference to the number of days attended by them, (3) at the end of the week calculation of wages for the week-ended has got to be made on the basis of attendance and payment is made on the following Saturday, (4) at the beginning of the shift if some workmen were found absent requisition slips are required to be sent to the Labour Office which supplies the requisite number of workmen, (5) to fill in the Changes' Report Ext. B and wage tickets commenced to be distributed from each Friday afternoon, (6) calculations as made in the attendance register are forwarded to the Head Time Keeper who supplies tickets on the basis of the entries in the attendance register, (7) insertion of the token number of the workers is made as well as the wages, (8) to make entry of wages on the basis of attendance register in the attendance register by Thursday in the next week. It may further be pointed that the number of workers employed in both the spinner and shifter sections in A shift where the workman was employed was more than those in the B shift at least by 20. In the B shift it is seriously contended for the Company that there was only one workman but the evidence of the workman is that there were others to help him which help was not forthcoming to this workman concerned. C shift was being managed by Biswanath Sharma but there were far less number of workmen. I have very carefully considered the volume of work required to be done by this workman and really speaking, in my opinion the burden of work was too much for one man to carry on the eve of introduction of naya paisa. The Company examined one Shri Harihar Singh who was employed as a Time Keeper in the C shift where the number of workmen was admittedly less. The Union has drawn the attention of the Court to serials 31, 32 and 33 in the attendance register to show that there is no employee described as Time Keeper in the A shift. The learned Advocate for the Company cited a case reported in Law Reports

Appeal Cases 1930 page 271 (Bouzouron and The Ottoman Bank) wherein it is laid down as follows:—

"An order by a master to his servant to remain in a place within the area of his employment is a lawful order unless it involves immediately threatening danger by violence or disease to the person of the servant. Observations in Turner v. Mason (1945) 14 M. & W. 112 approved.

The appellant, a Christian Turkish subject in the employment of the respondent bank, was ordered by them to be transferred from their Stamboul branch to their branch at Mersina, a distant place in Turkish Asia Minor. He refused to go on the grounds: (1) That Mersina was not within the area of his employment; (2) that the order was unreasonable in the view of his ignorance of Turkish, and the hostile attitude of the Turkish civil authorities to him. He was thereupon dismissed without notice, and brought an action for wrongful dismissal:

Held (1), on the facts—distinguishing Anderson *vs.* Moon (1837) 15 Shaw, 412—that Mersina was within the area of the appellant's employment, and (2) approving Turner *vs* Mason 14 M. & W. 112, that as he did not suggest that compliance with the order would involve him in personal danger, the order was lawful and his disobedience to it a *faute grave* which under the contract justified his dismissal."

But the facts in this case are clearly distinguishable and the ruling cited does not apply. In the circumstances of this case it cannot be fairly contended that the workman should have continued to work to the point of his death, no matter how perfunctorily or inefficiently the same was done. Moreover, there is nothing to show that this workman was asked to specifically carry on the job of the Time Keeper in both the shifter and spinner sections and in the absence of any specified order the workman cannot be found guilty of disobeying that order. If there be no specified order there is no disobedience thereof. In this conexion the following observations made in the case of Novelties (Private) Ltd. and their workmen reported in 1958 L.L.J., Vol. I, page 148, may be quoted thus:—

"A workman working in the accounts section was transferred to stores section of the establishment. Prior to such transfer he was preparing sales tax returns. Subsequent to the transfer he was attending to work connected with the stores section only. There was no evidence to show that subsequent to the transfer it was part of his duties to prepare sales tax returns. In these circumstances, refusal by such workman to prepare sales tax returns when called upon by the Management could not be considered to amount to dereliction of duties deserving the punishment of discharge from service. Where the workman denied that this was not part of his duties, the order of termination of his services *inter alia* on this ground without holding any enquiry must be held to be improper and unjustified."

Even if there was say such order I would go the length of holding that this was an unreasonable order and the workman could not be found guilty if he disobeyed to carry it out. It is very easy either for the Labour Officer or for any other man concerned to say that the workload was not too much for the workman but examined in all details and viewed in proper perspective, all the duties weighed together seemed to be an uphill task for one man to discharge honestly and conscientiously.

Thus to sum up, (i) the charge is not specified in the charge-sheet, (ii) there was no fair and proper enquiry held in this case, (iii) the ostensible charge framed is not the real charge, but it is a cloak to hide the real motive of the Company to get the entire work done by one man and the Company was thus actuated by an unfair labour practice, (iv) there was want of *bona fides* on the part of the Company and the finding of guilty is perverse and so the decision of the Company cannot stand.

The workman is therefore exonerated from the charge and his dismissal is found unjustified. So in the fitness of things he is entitled to reinstatement and back wages for the period of his unemployment till his reinstatement.

The Company is therefore directed to reinstate this workman and pay him all his wages for the period of his unemployment within a month of the publication of the award treating the continuity of his service as unbroken.

This is my award.

ORDER

No. 373-I.R./IR/13L-45/57.—3rd February 1959.—Whereas under the Government of West Bengal, Labour Department, Order No. 619-I.R./IR/13L-45/57, dated the 18th February 1958, the industrial dispute between Messrs. General Printers and Publishers Private Ltd. and "Free Lance", 119 Dharmatala Street, Calcutta-13, and their workmen represented by General Printers & Publishers Workers' Union, 48 Shambhu Babu Lane, Calcutta-14, regarding the issues mentioned in the said order being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. General Printers and Publishers Private Ltd. and "Free Lance", 119 Dharamtola Street, Calcutta-13, and their workmen represented by General Printers & Publishers Workers' Union, 48 Shambhu Babu Lane, Calcutta-14. (Case No. VIII-35/58.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

Appearances:

For the Union: Shri Biman Mitra, President.

For the Company: Shri N. K. Mukherjee, Advocate and also the officer of the Association.

AWARD

This industrial dispute, relating to the following three issues between the General Printers & Publishers Ltd. and "Free Lance" (hereinafter referred to as the Company) and their workmen represented by General Printers & Publishers Workers' Union was referred to this Tribunal, by the Government of West Bengal, Labour Department, Order No. 619-I.R./IR/13L-45/57, dated Calcutta, the 18th February 1958.

The issues are:—

(1) Is the lock-out from 11th October to 31st October justified? Are the workers entitled to any relief?

(2) Is the retrenchment of the following workers justified? Are they entitled to reinstatement and/or any other relief?—

Sarbasri (1) Abdul Majid, (2) Sudhir Ranjan Chakrabarty, (3) Nirendra Mohan Gupta, (4) Pijush Kanti Basu Thakur, (5) Shyamacharan Chakrabarty, (6) Sohrab Hossain, (7) Rabindra Chakrabarty.

(3) Are the Management justified in laying off the workers mentioned in the enclosed list? To what relief are the said workers entitled?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

The Company's contention is that the "Free Lance", a daily newspaper, is owned by the Progressive Publishers (Private) Ltd. and, as such, pleading the "Free Lance" in this dispute, is bad in law. This Company was incorporated and registered some time in 1938, *vide* Ext. A, whereas Ext. A(1) and A(2) show that "Free Lance" belongs to a different Company, namely, the Progressive Publishers Ltd. It is, however, in evidence of O.P.W. 1 Shri Ardhendu Majumder, the accountant of this Company, that Shri S. C. Das is the Managing Director and Manager of this Company, as also the Editor of the "Free Lance" and the Managing Director of the Progressive Publishers Private Ltd., the owner of that paper. Accordingly, Shri

Biman Mitra, President of the Union, contends that practically speaking the two business is owned by and is looked after by the same person, Shri S. C. Das. Therefore, there is in actual fact no difference between the two organisations. Further, the order of reference shows that the dispute is between this Company and the "Free Lance", as employers and their workmen as employees. The evidence supports this. Therefore, the "Free Lance" cannot be said to have been misjoined in this case. The reference is, therefore, not bad in law.

Issue No. 1: The Press was locked out between 11th October and 31st October 1957 and the lock-out was lifted on 1st November 1957. The Union's contention is that this lock-out was unjustified and was declared only to victimise the workmen, who had the courage to have a trade union of their own for the first time in March, 1957. The Company's version is that, on the 10th October 1957, a day before the lock-out was declared, a large number of workers, about 25 out of 55, resorted to a sit-down strike on frivolous grounds and did not rejoin duties though requested by the two Assistant Labour Commissioners from the Labour Commissioner's Office, and continued to stay in in the factory premises after the working hours, at 5-30 p.m. and only left the place at the instance of the police at 8-30 at night. They left with threat to continue the same strike even on the next day. The Management was obliged to declare this lock-out to avoid further trouble and damage to property. P.W. 1 Shri Manindra Chandra Deb is one of the workmen in the service of this Company. He is in service for the last six years and a member of the Executive Committee of the Union which presented a charter of demands for the first time on 16th April 1957. The charter of demands is Ext. 2-Ext. B. This was sent to the Management with a forwarding letter, dated 16th April 1957.

In the penultimate paragraph of Ext. B there are certain serious allegations against the Managing Director himself. The Management did not send any reply to the letter of demands but contacted the workers directly with a view to redress their grievances and settle the dispute. All the pending disputes were settled by an agreement, dated 26th August 1957, *vide* Ext. C. Shri Biman Mitra, the learned President of the Union, in course of his address to the Tribunal said, that this was done with the approval of the Union in the best interest of the workers. In the year 1957, the Press was closed for the Puja vacation from 29th September 1957 to 3rd October 1957. P.W. 1 Shri Manindra Chandra Deb, the only witness on Union side, is a signatory to the agreement, dated 26th August 1957. His evidence is that the Managing Director promised to pay wages for September and a month's wages in advance before the Pujas but did not fully and finally honour his promise. Only 80 per cent. of the wages for the month of September were paid on the 28th of that month and the remaining 20 per cent. was paid on the 7th October 1957. On 8th next, Shri Deb was not paid his wages for sanctioned leave and protested. He and other workers approached the accountant and Shri Das the Managing Director and expressed their discontent for non-payment of overtime wages, advance and leave dues, which both of them again refused. Thereafter, they resorted to this strike, and staged a sit-down strike till 8/8-30 p.m. at night. The two Assistant Labour Commissioners came from the Labour Commissioner's office, when Shri Das, the Managing Director, and O.P.W. 1 Shri Majumder, accountant, went to inform the Labour Commissioner about the strike situation. The workers did not listen to the request of the police to leave after the office hours. They left only when requested by the President at night to leave the premises. This has been put forward as justification for the lock-out declared by the Management on the next day.

This lock-out continued till 31st October. In the meantime, some of the loyal workers of the Press applied on 24th October 1957 to the Management asking for lifting the lock-out and assuring peaceful work. The Company's evidence is that Shri Das, who was down with high blood pressure and heart attack since the day of the commencement of the lock-out, could not attend any meeting called for conciliation. The accountant could not do anything, without the Managing Director's advice. The Managing Director's wife wrote to the Labour Commissioner explaining this unavoidable absence and, finally, the accountant and the Managing Director's son came to the Labour Commissioner's office on 31st October 1957 with a proposal for lifting the lock-out from the next day. The lock-out was lifted when seven workers of the Binding Department were retrenched due to closure of the department, and 21 workers, including two non-strikers were laid off. There was a clash between the strikers and the non-strikers on the day the lock-out was lifted and some of the rioters were arrested by the police and prosecuted and punished, *vide* Ext. R. The strike, which eventually led to this lock-out is, therefore, not justified. There was no justification whatsoever for resorting to such a strike when shortly before all the pending disputes were settled with all the workers and that to the knowledge of the Union. It is more so, because the strikers clearly disregarded the advice of the two Assistant Labour Commissioners who were on the spot to settle the dispute and requested them to resume their duties. No Puja advance or bonus was ever paid before, and the Calcutta Banks' strike was on, during the Pujas of 1957, which strike did actually put many, including the small Companies, into very serious financial difficulties. The lock-out, which was declared in the interests of the Company and its property, is therefore fully justified. The workers are therefore not entitled to any compensation or wages for this period of lock-out. Nobody was dismissed from service for joining this strike or immediately after the lock-out was lifted. Therefore, no question of payment of any relief arises in this case.

Issue No. 2: In the aforesaid circumstances, the Management retrenched all the seven workers of the Binding Department, and once for all closed down the department It is in evidence of O.P.W. 1, Shri Majumder, that all of them received full retrenchment compensation from the Company and left. The Union challenges this retrenchment as *mala fide*. It would appear from Ext. K, a statement showing loss of valuable customers as a result of this lock-out, that the Company not only sustained financial loss as a result of this stoppage of work in the Press but also lost some of its important customers, whose regular contribution to Company's business was not small. Exhibit L and L(1)—letters from the Public Relations Officers, South East Railway and the Indian Medical Journal cancelling their orders—support the Company's case. The Ext. M shows that the seven retrenched workmen received full and final payment of retrenchment compensation from the Management. It is contended, on the Union side, on the evidence of P.W. 1, Shri Deb, that the binding work is now done by the outsiders on job contract basis. This has not been denied. First of all, the binding work has been reduced to practically nil. The "Free Lance", a daily paper, which the Press used to print for its owner, needed the services of binders, but then the publication of the "Free Lance" was stopped throughout October 1957 and the paper had since stopped publication altogether I am given to understand that the services of 10 workmen were required for the printing and publication of the "Free Lance" alone. With the stoppage of the publication of this paper necessarily the work was considerably reduced. In these circumstances, the retrenchment of the staff of the Binding Department, following its

closure, cannot be said to be *mala fide*, unreal or unjustified. The workers are therefore not entitled to any further relief.

Issue No. 3: The twenty-one workers, mostly strikers, were laid off when the lock-out was lifted on 1st November 1957. The Union contends that this was done with a view to victimise the strikers for their legitimate trade union activities. The Company however contends that this was done to save the industry from collapse, after the sudden fall in orders and consequent reduction in the volume of work. It has also been contended by the Union that even in laying off the workers, the Company did not follow the rule of last come, first go. That rule, however, is more applicable to the cases of retrenchment, as would be apparent from the statutory provisions made in section 25(G) of the Industrial Disputes Act. There is no corresponding provisions regarding the lay-off. In this case, no question of "last come, first go" arises in the case of retrenchment of the binding staff. In fact, all of them were retrenched, and these staff of binders are no good in any other job in the Press. O.P.W. 1 says that these laid off workers included two non-strikers, and wanted to impress the Tribunal that there was no discrimination in the matter of laying off the workers. Those who were found suitable were retained in employment and the unsuitables were laid off. Even here, the conduct of the laid off workmen is not at all commendable or satisfactory. They did not turn up to register their presence during this period of lay-off and not even after notices to that effect were issued to them by the Management. The only reply to the notice was that the lay-off was illegal and they were not prepared to comply with the Company's request to register their presence. There was, doubtless, the reduction in work due to the stoppage of work in the month of October, 1957 and the non-publication of the "Free Lance". That being so, it cannot be said that lay-off of these workmen was unjustified or done with ulterior motive to punish the workmen for going against the Management and joining a strike. Only two out of the laid off staff, namely, Anil Paul and Satyen Majumder same to rejoin duties. They signed the muster-roll. Formerly, there were two shift duties. At present, the work is done in single shift only. There was no overtime work in the last three or four years. A. K. Kondel Row and Kartick Karati received full amount of compensation and left and no new recruit was taken, except one Telegu compositor, who was appointed temporarily since the middle of November, 1958, only for some urgent Telegu work. Laying off is a Management function. Normally, there should not be any interference with this unless this is done *mala fide*, or with any ulterion motive. When the volume of work has been reduced, as in this instant case, partly, due to the fault of the workers, the Management is justified in adopting this measure to save the industry from financial collapse. The majority of the laid off staff did not comply with the provisions of law, in unjustly refusing to attend a roll-call, on flimsy grounds and, therefore, the question of payment of lay-off compensation does not arise in their case. Others, who followed the provisions of law, should be paid compensation at the statutory rates.

I answer the issue accordingly.

This is my award.

ORDER

No. 328-I.R./IR/11L-189(A)/57.—29th January 1959.—Whereas under the Government of West Bengal, Labour Department, Order No. 4619-I.R./IR/11L-189(A)/57, dated the 4th December 1957, the industrial dispute between Messrs. Ispahani Ltd., 51 Ezra Street, Calcutta-1, and their workmen represented by Ispahani's Employees' Union, Commercial Buildings (2nd floor), Block No. 3, 23 Netaji Subhas Road, Calcutta-1, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Ispahani Ltd., 51 Ezra Street, Calcutta-1, and their workmen represented by Isphani's Employees' Union, Commercial Buildings (2nd floor), Block No. 3, 23 Netaji Subhas Road, Calcutta-1. (Case No. VIII-231/57.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Jitendra Nath Banerjee and Shri Biswanath Ash, Advocate.

For the Company: Shri P. R. Mukherjee.

This industrial dispute, over the retrenchment of the seventy-six employees, between Messrs. Ispahani Ltd. (hereinafter referred to as the Company), 51 Ezra Street, Calcutta-1, and their workmen represented by Ispahani's Employees' Union, Commercial Buildings (2nd floor), Block No. 3, 23 Netaji Subhas Road, Calcutta-1, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, Order No. 4619-I.R./IR/11L-189(A)/57, dated the 4th December 1957.

Issue

Is the retrenchment of the seventy-six employees, as per attached list justied? What relief are they entitled?

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

AWARD

The Company has retrenched 19 employees on 27th June 1957, and 57 employees on 27th September 1957. The Union's contention is that this retrenchment is wholly unjustified, and the only motive behind it is to victimise the staff for its legitimate trade union activities. The Company supports this retrenchment and denies the Union's allegation. It contends that this retrenchment was made purely for trade reasons. The Company

was suffering losses year after year, and it was reducing its staff whenever possible. It undertook first reduction of its staff in 1953, which was also a year of loss, and its action was found justified by the Tribunal, adjudicating a dispute over it. Since then, the Company was going from bad to worse, and by the end of March 1957, its total loss amounted to Rs. 75,87,323-3-7. The Shellac Department proved to be a great handicap and it was permanently closed down on 31st March 1956. The Union, of course, contested the Company's case from the very beginning.

The case of the Union, before this Tribunal, is that this retrenchment, made on 27th September 1957, was done in clear violation of a settlement in a conciliation proceeding before Shri N. C. Kundu, A.L.C., on 30th July 1957 and, as such, the retrenchment of the 57 employees made on 27th September 1957, is wholly illegal. The alleged settlement, which is annexure A to the Company's written statement, is marked as Ext. B. There is no settlement or agreement regarding the retrenchment of 19 employees effected on 27th June 1957. Exhibit B contains the terms of agreement entered into between the parties before the Conciliation Officer in the dispute over the proposed retrenchment of about 50 employees. The terms are:

"1. The Company agree to keep the proposed retrenchment in abeyance for the time being.

2. In the meantime, representatives of the Company and the Union would sit together and find out ways to avert retrenchment or alternatively to submit a scheme of retrenchment to avoid closure They will submit their findings in the respect to the Labour Directorate by 25th August 1957.

3. If necessary, the dispute will be taken up again by the Labour Directorate on receipt of the joint findings of the Company and the Union."

The proposed retrenchment was kept in abeyance for the time being The representatives of the parties agreed to find out ways and means to avert this retrenchment or in the alternative to prepare a scheme for reduction of staff just to avoid any closure of the Company. They agreed to do this by 25th August 1957 when they would submit a report to the Labour Directorate on this matter. Shri P. R. Mukherjee, on behalf of the Company, contends that this is no agreement, far less a settlement, as defined in section 2(P) of the Industrial Disputes Act, and as mentioned in sections 18(3), 19(1) and (2) of the said Act. The terms of the so-called agreement are not in dispute, being put into writing as per Ext. B. It appears from the evidence of both sides that no scheme was prepared either to avert this retrenchment or to give effect to it on or before 25th August 1957. In fact, the Company wrote to the Conciliation Officer on the 26th September 1957, on the eve of this retrenchment in dispute, that due to failure on the part of the Union representative to co-operate in the matter, they could not evolve a scheme of a retrenchment as required within the date fixed. In the meantime, the financial position of the Company did not brook any further delay, and the retrenchment in question was put into effect. The terms of the agreement make it abundantly clear that the dispute was not settled in its true sense. The alleged agreement, if it can be so called, did not ripen into a settlement, which would bind the parties, and would debar the appropriate Government from making a reference of the said dispute under section 10 of the Industrial Disputes Act. In the first place, the disputed retrenchment was only kept in a state of suspension *for the time being*, i.e., the proposed retrenchment was not made immediately. Its operation was suspended for the present. Did the parties

intend that by this agreement the proposed retrenchment would be be indefinitely postponed? No such intention, however, appears from the text of the agreement itself. The parties fixed a definite date, by which they would further consider the matter of dispute, and settle it by avoiding, or, in the alternative, by effecting one on an agreed basis. They agreed also to report their findings to the Labour Directorate by 25th August 1957. According to both sides, this was not done. No useful purpose will be served by trying to ascertain who was at fault in this matter. The fact is that nothing was done in furtherance of a settlement within the date fixed. The Company waited for about a month after the fixed date and thereafter decided to put the proposed retrenchment into effect after submitting a report to the Labour Directorate. The question now is whether according to the terms of the agreement the Company is precluded from taking action in this matter on 27th September 1957. In the agreement, the intention of the parties was to take the dispute out of the hands of the Conciliation Officer and to bring about an amicable settlement by direct negotiation between them. In doing it, it granted some sort of moratorium to the parties, and did nothing more. In my view, Ext. B does not contain the terms of any settlement of the dispute for, in actual fact, the dispute remained as it is, and only a standstill arrangement was arrived at to facilitate its conciliation. I, therefore, hold that this is not a settlement, as defined in section 2(P) of the Industrial Disputes Act, which is binding on the parties under section 19(2) of the same Act. It is idle to contend now that the alleged settlement would last for six months from its date, and two months more after a notice given by the parties terminating the same as required by law. In the aforesaid context, no such contention arises. Therefore, the retrenchment of 57 employees made on 27th September 1957 was not done in violation of any settlement, dated 30th July 1957.

We now come to the merits of the case.

The retrenchment was effected in two batches. Nineteen employees were discharged on 27th June 1957 and 57 employees on 27th September 1957. The last batch was retrenched on 26th September 1957 by a notice, true copy of which was annexed to the Company's written statement, marked as Ext. C, without any objection from the side of the Union. One month's notice was given to everybody and the retrenchment was to take effect on the expiry of the month of October 1957. Salary for the notice period as also statutory compensation were promised to be paid to every one. The first batch was retrenched on 27th June 1957, also after service of due notice. The notice on Shri D. Mondal, P.W. 6, is Ext. F. The reasons given for termination of his employment are that the Shellac Department, in which he was working, was closed down more than a year ago, and that there was no work for him despite best endeavours to put him in a suitable job elsewhere. He was promised one month's salary in lieu of notice. The other notices have not been proved by either side, but they are taken to be almost in identical terms as in Ext. F. The financial reasons, stated in Ext. C, are stated to be the grounds for curtailing the business activities in all possible directions and reduction of the surplus staff. Shri P. R. Mukherjee made a pointed reference to the Company's written statement, paragraphs 5 to 9, and contended, on the basis of Exts. A and A(1), the balance-sheets for the year ending 31st March 1956 and 1957, respectively, that the Company had suffered a loss of Rs. 49,38,360 in 1956, and the total loss amounted to Rs. 75,87,323 in the next year. He also referred to the evidence of O.P.W. 1, Shri A. Arakie, who was summoned as a witness on behalf of the Union in this case, in support of the allegations made in the written statement. Shri Arakie is one of the Directors of the Ispahani

Limited. The relevant portion of his evidence will speak on the Company's latest financial position. He said "The Company is bankrupt, and is running on Bank's credit. The Shellac Department of this Company was closed in 1956. The financial position worsened even after the closing of this department. We had to retrench 19 employees on 27th June 1957, and 57 employees on 27th September 1957. To my knowledge, we followed the principle of "last come, first go" in effecting the retrenchment which was done in the interest of the Company and not with a view to crush the Union or with any ulterior motive".

In cross-examination he said "Gunny export at the time of retrenchment was on a large scale, to obtain finance from the Bank. The total turnover in export was reduced to one-fourth to what it should be when the overdraft of the Bank was largest than what it is now. Except in 1954, there had been years of losses since 1950. We have increased the capital by two lakhs since starting. Overdraft may run into 70 or 80 lakhs. We are now getting Bank credit at a lesser amount at this day. The Shellac Department made some profits in the year 1956". The balance-sheets corroborate this evidence. The Union made a suggestion that the financial position of the Company was not as gloomy as told by Shri Arakie, O.P.W. 1, or reflected in the balance-sheets, Exts. A and A(1). P.W. 3, Shri Roy, is the Vice-President of the Employees' Union. He is the only Union official, who was examined on behalf of the Union in this case. He is one of the retrenched persons and, as such, interested in the results of the case. P.W. 6, Shri D. Mondal, was in the Shellac Department when it was closed. He was served with a notice, Ext. F, already referred to. He said that the Shellac Department earned a profit of over Rs. 3½ lakhs in the year in which it was closed. He could not assign any reason why the department was closed at all.

Shri Jiten Banerjee, on behalf of the Union, contends on the strength of this evidence that the financial position was not at all such as the Company wanted to establish in this case. Apart from the suggestions, which were not accepted or otherwise proved, there is nothing on record to disbelieve the audited balance-sheets, Exts. A and A(1). The Company, in the words of the Director, is running on huge overdrafts since 1950. The business suffered losses, except in one year in which it had earned meagre profits. But then, the net result is huge loss. The Directors wanted to reduce this loss as far as possible and, accordingly, effected economies wherever possible. The Company closed the Shellac Department, but did not throw its employees out of employment. They were transferred to other departments, and juniors having only about one year's service were discharged when there was no other scope of further employment in other departments. No doubt, the onus to establish a *prima facie* case of retrenchment is on the Management. In this particular case, I am clearly of opinion that the Management has satisfactorily discharged that onus. There was some profit in the Shellac Department in the year in which it was closed. But it is not established that the said profit stood at Rs. 3½ lakhs as told by the Union. The gunny export was comparatively large in the year of retrenchment in question. This was explained by Shri Arakie. This was done with a view to maintain Bank credit, otherwise overdrafts might be refused. Even we accept the Union's contention that the volume of work in the Gunny Shipping Department was pretty large, we cannot but uphold that the Company's scheme of retrenchment under which the employees were discharged in this case. It is not the Company's case that this retrenchment was made on account of reduction in the volume of work. The Management wanted to effect economy and, therefore, curtailed its business activities which, in its view, were found uneconomic. With that decision

of the Management, the Tribunal should not interfere, except when it was *mala fide* one for victimising the staff. Since after the retrenchment in question, the Company had re-employed some of its retrenched staff. According to the Union the number of such re-employed persons would be 20 and to the Company it is 15. The Company states that a good number of retrenched staff were actually re-employed on a temporary basis to carry on the arrears on a higher salary because of the uncertain conditions of their service. This *prima facie* shows the *bona fides* of the Management in the matter. Further, the Management is said to be contemplating to reopen the Shellac Department. It has not done so as yet. If that is reopened, it would be so much so good for the retrenched staff, for they would get an opportunity for re-employment in the service of this Company. Out of the nine witnesses examined on behalf of the Union, among the 76 retrenched workmen, mentioned in the list, only one is an Union official. He is P.W. 3, Shri Roy, the Vice-President of the Employees' Union. There is no material on record, except certain speculative suggestions, to show that the Management had any particular bias against any of the employees including this gentleman, P.W. 3, for victimising him by terminating his service. I, therefore, do not find any reason to hold that the Management was actuated by any *mala fide* motive in effecting this retrenchment. The number of workmen selected for retrenchment is, accordingly, accepted as justified. Hence, in my opinion, the retrenchment of the staff in question is justified.

The Union's next point of attack is that in effecting this retrenchment, the Management overlooked the question of the seniority of service, and did not follow the well-established principle of "last come, first go". That rule was enunciated in the following words, in the well-known case of the Vishwamitra Press decided by the Labour Appellate Tribunal, and reported in 1952, L.A.C., page 20 at page 33: "Other things being equal, 'the last come must first go'. If that rule has been departed from, the Management must justify the departure.....". This has now been embodied in section 25(G) of the Industrial Disputes Act which says that the employer shall ordinarily retrench the workman who was the last person to be employed in that category, unless for reasons to be recorded the employer retrenches any other workman. P.W. 9, Shri Wali Mahammad, a Driver, could not say whether there were anybody junior to him still in service. Other witnesses said that they had been retrenched while their juniors were continuing in service. Some papers have been filed, on behalf of the Company, as well as on behalf of the Union, by which the Union sought to establish their claim on this point and the Company wanted to refute it. In the long written statement of the Union the names of the alleged junior staff are not mentioned. Therefore, the Company had no opportunity to refer to such cases in its written statement, though it denied the allegations that the retrenchment was made in violation of the principle "last come, first go". In this matter, the papers of the Company, which are apparently prepared with reference to its books of accounts, and other records, maintained in the office, appear to be more reliable than papers prepared on information received from persons not examined in the case, on the other side. That being the position I think I should reject the Union's contention on this point. The retrenchment is, therefore, justified.

The next question is one of relief. O.P.W. 1, Shri Arakie, said that some of the retrenched staff received compensation from the office and some did not. In this connection, I would like to place on record that P.W. 7, Shri B. K. Bhattacherjee, did not ask for reinstatement. He has asked for payment of gratuity. It is difficult to find out what he actually meant by it If he meant the statutory compensation for retrenchment, he would

certainly get it, if not already received. If it meant anything else, he had failed to establish a claim for that. P.W. 8, Shri S. K. Chatterjee, joined the service of this Company in 1950. He was not paid any compensation on the ground that he was a temporary worker. He said that he was not temporary. He worked continuously without break since his appointment. This evidence has not been contradicted. Exhibit 5, copy of the notice terminating his service, described him as a temporary clerk. Even if we take him as a temporary clerk, he is entitled to retrenchment compensation when, according to evidence, he had been in service for a continuous period since 1950. He is entitled to statutory compensation under section 25(F) of the Industrial Disputes Act. He should be paid such compensation within one month from the date of the publication of this award. The retrenched employees are entitled to statutory compensation and other reliefs mentioned in section 25(F) of the Act. Those who did not receive such compensation, should be paid all reliefs under section 25(F) of the Act within one month from the date of the publication of the award. I answer the issue accordingly.

This is my award.

ORDER

No. 276-I.R./IR/11L-502/58.—24th January 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 4242-I.R./IR/11L-502/58, dated the 7th October 1958, the industrial dispute between Messrs. Chimanlal Agarwala, 35 Kali Krishna Tagore Street, Calcutta-7, and one of their workmen Shri Gananath Shaw, represented by the West Bengal Chakki Workers' Union, 5/2 Baranashi Ghosh 2nd Lane, Calcutta-7, regarding the issue mentioned in the said order being matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Chimanlal Agarwala, 35 Kali Krishna Tagore Street, Calcutta-7, and one of their workmen Shri Gananath Shaw, represented by the West Bengal Chakki Workers' Union, 5/2 Baranashi Ghosh 2nd Lane, Calcutta-7. (Case No. VIII-C—244 of 1958.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL.

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Appearances:

For the Union: Shri S. S. Tiwari and Shri Ram Chandra Pandey.

For the Company: None.

Acting under sections 7 and 10 of the Industrial Disputes Act, Government of West Bengal, Labour Department, by its order No. 4242-I.R./IR/11L-502/58, dated Calcutta, the 7th October 1958, referred to me an industrial dispute existing between Messrs. Chimanlal Agarwala, and one of their workmen Shri Gananath Shaw, represented by the West Bengal Chakki Workers' Union, for adjudication.

Issue formulated in the order of reference is as follows:—

Whether the discharge of Shri Gananath Shaw is justified? To what relief is he entitled?

Notices were thereupon issued on both the parties and while the Union submitted their written statement the company did not appear and file their written statement and on 13th December 1958 the notice which was sent by registered post to the company came back with the postal remark "refused". Notice having been refused by the company, it is held that the notice has been properly served and the case was taken up for hearing *ex parte* on 13th January 1959.

DECISION

The workman concerned was examined on oath and he was represented by Shri Sankar Tewari of the West Bengal Chakki Workers' Uinon. Gananath Shaw has deposed that he served in the company for 11 years. He has further deposed that he has not been paid wages for two months prior to his date of dismissal. He prayed for 1½ days' leave in a week which is granted to all employees according to Shops and Establishment Act but the company refused to allow him any leave and on his further insistence, he was dismissed by the company. The Union has addressed letter to the Chief Inspector, Shops and Establishment, on 12th September 1957 for the wrongful termination of the service of Shri Gananath Shaw. The workman concerned has admitted in his evidence, that his monthly wages were Rs. 50 in all. In view of the fact that he had served the company for long 11 years, I would allow him a lump sum compensation for wrongful termination of his service to the extent of Rs. 325 including one month's notice pay. I would further allow him two months' wages which he complained not to have been paid to him. Total sum allowed to this workman will be Rs. 325+Rs. 100=Rs. 425 which should be paid to him by the employer, within a month from the date of publication of the award in the *Calcutta Gazette*.

I do not order reinstatement, so far as this workman is concerned, because no useful purpose will be served by reinstating this workman when after sometime the company may dismiss him on some pretext or other even after reinstatement, and that will be risking a fresh dispute. Workers of this nature do not remain unemployed and they get their job work in the same or other companies of similar type. Ends of justice will be sufficiently vindicated, if this workman gets Rs. 425 as compensation for his wrongful termination of service.

This is my award.

SHRI PROBODH CHANDRA MAITRA, M.A., B.L., *Presiding Officer, Second Labour Court.*

Government of West Bengal, Labour Department, by its order No. 4669-I.R./IR/11L-547/58, dated Calcutta, the 8th November 1958, referred to me an industrial dispute between Messrs. Deep Hosiery, and one of their workmen Shri Santosh Chakraborty represented by the Hosiery Mazdur Union, for adjudication.

Issue formulated in the order of reference is as follows:—

Issue

Whether the dismissal of Shri Santosh Chakraborty is justified? What relief is he entitled to?

FINDING AND DECISION

Notices were issued on both the sides but the Union did not turn up nor filed any written statement. Another opportunity was given to the Union for filing their written statement by 10th January 1959, failing which a "no dispute" award will be given. In spite of registered notices, the Union did not appear. It appears therefore that no further dispute exists and I would give a "no dispute" award into the matter.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI G. PALIT, *Judge, Fifth Industrial Tribunal.*

By Government order No. 2322-I.R./IR/10L-57/58, dated the 7th June 1958, the aforesaid dispute has been referred to the Fifth Industrial Tribunal, presided over by me, for adjudication under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947). The said Fifth Industrial Tribunal was constituted under Government notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957.

2. The reference was received here on 11th June 1958. After service of usual notices, the Union did not turn up. The Company entered appearance. In the circumstances another notice was issued to the Union intimating it that it had taken no step in their case, and that in case it did not take action in the matter on receipt of the second notice, the case would be liable to be disposed of for non-prosecution. But no acknowledgment receipt of the said notice was forthcoming. In view of the alleged closure of the factory the Tribunal felt it difficult to serve the notice directly by post on the Union. So thereafter a copy of the Tribunal's notice to the Union was made over to the Company with the direction to cause service of the same on the Union, and to swear an affidavit in respect of the said service of notice. Thereafter Shri S. K. Bhanja Choudhuri, Labour Adviser to the Howrah Manufacturers' Association, informed the Tribunal that the Company had issued a notice on the Union on 20th November 1958. Later on, on 7th January 1959, Shri N. K. Das, Assistant Labour Adviser of the aforesaid association, appeared on behalf of the Company and filed an affidavit in support of the Company's service of notice on the Union on 20th November 1958 by registered post. Even after all this, the Union could not be made to appear before the Tribunal. The award was reserved.

3. The only issue which arose for determination under the order of reference is as follows:—

> Whether the closure of the factory is justified? To what relief the workers are entitled in addition to what they have already received on closure of the factory?

AWARD

4. As it appears from the representation of the Company as also from the issue itself in the order of reference, the workers have already received some amount consequent on the closure of the factory. Apparently they have been satisfied with the said payment, and that is why even after so many notices by the Tribunal, neither the workers nor the Union think it

worthwhile to contest the matter. In the circumstances, the only award that I can pass is one of "no dispute." I pass my award accordingly.

(iv) Panchu.

DECISION

On 16th January 1959 the company and the four workmen concerned filed a joint petition stating that they had amicably settled the disputes and would not so proceed with the matter. The workmen have since also received payment of retrenchment compensation and other dues. The receipts in this respect have been returned after inspection. In the circumstances, I find that there is no outstanding dispute between the parties. It is awarded accordingly. The petition of compromise with Annexure is made part of the award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Electric Construction & Equipment Co. Ltd., 9 Kali Prosanna Singhee Road, Calcutta-2, and their workmen represented by Electric Construction & Equipment Co. Workers' Union, 74/5 Harish Chatterjee Street, Calcutta-25. (Case No. VIII-239/57.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri D. L. Sen Gupta, Advocate, Shri A. Chakraborty, Advocate, Shri M. L. Saha, Advocate.

For the Company: Shri S. K. Bose, Counsel, Shri N. K. Mukherjee, Advocate, Shri K. P. Mukherjee.

This industrial dispute, in respect of the following sixteen issues, between Messrs. Electric Construction & Equipment Co. Ltd. (hereinafter referred to as the Company), 9 Kali Prosanna Singhee Road, Calcutta-2, and their workmen represented by Electric Construction & Equipment Co. Workers' Union, 74/5 Harish Chatterjee Street, Calcutta-25, was referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 4822-I.R., dated the 10th December 1957, and subsequent orders Nos. 46-I.R., dated the 4th January 1958, and 473-I.R., dated the 8th February 1958.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

Issues.

(1) Whether the Management was justified in dismissing Shri Sanat Sarkar from his service? What relief is he entitled to?

(2) Whether piece-rate system should be abolished.

(3) Whether the contract system of work should be abolished.

(4) Whether the temporary workmen named in annexure 'A' should be made permanent.

(5) Whether the discharge of the workmen named in annexure 'B' is justified. To what relief including reinstatement are they entitled?

(6) Whether the deduction of wages of the following workmen on different dates was justified. What relief are they entitled to?

(i) Shri Lakshmi Jadab, (ii) Shri Golam Moula, (iii) Shri Kartick Bose, (iv) Shri Tarapada Mondal, (v) Shri Raghunath Laha, (vi) Shri F. A. Mallick, (vii) Shri Ram Prokash, (viii) Shri P. Mondal, (ix) Shri Rajuddin, (x) Shri A. Gaffar, (xi) Shri Ranjit Das.

(7) Minimum Basic Wages.

(8) Scale of pay.

(9) Dearness Allowance.

(10) House Rent Allowance.

(11) Bonus for 1957.

(12) Leave and Holidays.

(13) Tiffin Allowance.

(14) Condition of Service.

(15) Classification of Workers.

(16) Conveyance Allowance.

The Company raised some preliminery objections against the maintainability of this reference, and also of some issues in particular mentioned in it. These objections were heard and disposed of by an interim award, which was submitted to the Government by memo. No. 2205L.T., dated the 30th July 1958. Under this award, issues Nos. 8 and 11 were struck off, and a new issue was added to the list.

The new issue is as follows:

Whether the four issues, e.g., (i) minimum basic wages, (ii) Dearness allowance, (iii) Leave and holidays and (iv) condition of service are barred by the principles of *res-judicata*?

At the trial the Union's case, under issue No. 5, was limited to 66 workers only (*vide* order No. 27, dated 5th December 1958).

AWARD

Issue No. 1: It relates to dismissal of Shri Sanat Sarkar from service. P.W. 2., Shri Sarkar, said that he was in service since 1953. He joined the Cossipur Factory on 13th April 1957, and worked for seven days, i.e., till 19th April 1957. He said that he was refused entry since the next day. He has not got the identity card with him. He said that he made it over to Durwan on 19th April 1957, and the same was not returned to him. He enquired of the same in the Time Office but to no effect. He said that he was dismissed most arbitrarily. The Union, in its written statement at paragraph 24, gave a different story. It suggested that though Shri Sarkar was reporting for duty he was disallowed from doing day to day normal work. He wrote to the Management on the 28th April and on the 25th May last year about this. The Company, in its written statement at paragraph 27, denied this allegation and said that Shri Sarkar was removed from service for his unauthorised absence since 20th April 1957. There was proper enquiry after notice which was attended by Shri Sarkar. In the copy of his letter alleged to have been sent on 22nd April

1957, Shri Sarkar did not mention anything about his identity card. In his second letter, sent more than one month after that date, by registered post, he said that his identity card was not returned to him by the Time Office, where it must be lying. The enquiry proceedings showed that there was no such card lying in the Time Office and there was no evidence on the side of Shri Sarkar to show that he ever handed over the time card in the way alleged. Further, he did not explain his long silence for over a month between the alleged refusal of work on 20th April 1957 and the date of the registered letter to the Management on 25th May 1957. Shri Sarkar's case although reported to the Union was not mentioned in the agreement, dated 6th May 1957, between the Management and the Union. In all probabilities, this should have been discussed at the time of enquiry held on 30th July 1957. Shri Sarkar said to have collected his dues and left. The enquiry held on 30th July 1957 was admitted, and after this enquiry the Management had taken action for his unauthorised absence from work. There is hardly any reason why the Management should refuse him work after having permitted him to work in the factory for 7 days. Hardly any question of victimisation can arise in this matter. Absence without permission for over 10 days is a major misdemeanour punishable with discharge from service under the Standing Orders. Accordingly, this dismissal cannot be said to be, in the circumstances, unjustified. Shri Sarkar is not entitled to any relief in this case.

Issue No. 2: It relates to a demand for abolition of existing piece-rate system. The Union, in its written statement at paragraph 44, stated that the Company had introduced piece-rate system for the first time in the history of the Company most unilaterally and arbitrarily at a most 'small rate', to the serious prejudice to the workers, who were not even paid the minimum wages. The wages were deducted on the false plea of payment under the piece-rate system. The Company, in its written statement at paragraph 55, denied the said allegations of the Union and stated that it introduced the piece-rate system stage by stage. It was not done unilaterally or most arbitrarily. It is generous and based on scientific analysis of the work performed in the Workshop to help as a great incentive to earn more and, therefore, not prejudicial to the workers. P.W. 1, Shri Bhupal Chakraborty, the Assistant Secretary of the Union, said that there was no piece-rate system at the Hazra Road Factory. The piece-rate system was introduced sometime in May 1957, but not in all departments at a time. It now exists in five departments. There was no guarantee of minimum rates under the system. The principal objections, according to him, are (i) the workers do not get sufficient work throughout the day, (ii) no fixed rate for specific job, (iii) such rates are not notified to the workers, and (iv) piece-raters are getting less than the wages on which they are appointed, etc. O.P.W. 2, Shri R. N. Jaju, is the Chief Executive of the Factory. He said that this piece-rate system was first introduced from the inception of the factory in the Coil Binding Department. Gradually it was extended to many departments. These entire piece-rates were fixed after careful time and motion study. The rates were notified to the workers. Exhibits O, P, Q, R, are the relevant papers on this point. Exhibit P will show that in many cases the workers have earned more under the piece-rate system between January and August 1957. Exhibit Q is the chart showing the actual earnings of P.W. 3, Shri L. N. Dey and P.W. 4, Shri F. A. Mallick. It would appear therefrom that their evidence, in this case, on this point was not true. P.W. 3, Shri Dey, however, admitted that the Management paid him the deficiency in his wages under piece-rate. He, of course, said that he did not get more wages under the piece-rate system. This statement has been contradicted

by the evidence of O.P.W. 2, Shri Jaju. P.W. 4, Shri Mallick, said that he got less wages under the piece-rate system than under the daily rates. He brought this fact to the notice of Foreman and the deficiency was made up immediately. His grievences against the piece-rate system are: (i) the distribution of work by the Supervisor is such that one is not allowed to finish his work in course of a day, (ii) the more favourite workers get all tools which are necessary to finish an article whereas others do not get that, and (iii) there is no fixed rate for it. All these have been sufficiently disproved by the evidence of the Company. Piece-rates are not only fixed on time and motion study by the help of experts but they are duly notified. The question is whether anybody is getting less under the piece-rate system. A large number of workers are getting more. A few earned less, and immediately a complaint was made to the management by a worker, his deficiency was made up. Exhibit R shows that. There were short payments and the deficiencies were paid back by the Management. Further, the Management pays the workers at a general rate whenever there is no full work for them. On this evidence, the question of abolition of the existing system or fixing the guaranteed minimum does not arise. The piece-rate system is beneficial to the Management for it ensures higher production. Further, there is less necessity for strict supervision over the work. It is beneficial to the worker, as it is an incentive to work and provides equal opportunities to everybody to earn more and more wages. No ground has been made out, on the side of the Union, for fixing a guaranteed minimum of basic wages, under the system, when the Management is agreeable to make up all deficiencies in wages whenever it comes to its notice and the workers are ensured of payment of general rates whenever they do not get any work under the system. The grievances alleged by the witnesses, on the side of the Union, are not against the system but against some alleged favoured treatment by the supervisors. The allegations have not been established in this case. Further, that it hardly considered as a demerit in the system sufficient to warrant its abolition. I find the issue against the workmen.

Issue No. 3: It relates to a demand for abolition of the contract-system of work. The Union, in its written statement at paragraph 3, urged for abolition of contract-labour system on the grounds that the workers are deprived of their legitimate rights under it. The workers now employed under the different contractors should be treated as regular workmen of the Company, and all the facilities of the 'statutory' Act should be extended and they should also be paid the rates of wages as paid to the Company's workmen. The Company, in its written statement at paragraph 53, denied the said allegations of the Union and contended that except for the erection work, and the other allied jobs, which were temporary in its nature, no labour was employed through contractor. It is, therefore, without any substance.

P.W. 1., Shri Chakraborty, former Treasurer of the Union, and at present, the Assistant Secretary of the Union, said that 300 men worked under the contractors out of 900 men, now employed in the Cossipur Factory. They do these works, viz. (i) Switch Board work, (ii) Transformer Tank work and (iii) some amount of painting work. They do the essential work of the factory and are not paid any overtime when they work beyond the factory hours. He, however, could not say whether the Tanks were supplied from outside and parts were assembled inside the factory. P.W. 4, Shri Mallick, said that the contract-labourers did not get any bouns at all, no leave and holiday. Their rates were lower than the Company's rates and they worked on regular and essential work of the

Company. O.P.W. 2, Shri Jaju, is the Chief Executive of the Factory. He said that there was no Transformer Tank Manufacturing Department in the Factory. Tanks and covers were purchased from the market. The suppliers fabricated them in their own places. Tanks being bulky materials they were made and fitted by the suppliers with their own men. There is foundry shop in the premises of the Factory. The Company did not operate it. It has been leased out to Shri L. N. Das. Essential things were not manufactured by the Contractors' men. There are several independent departments including (i) lift department and (ii) general trading department in Calcutta. He denied the suggestion that Shri Das was the Contractor who ran the Moulding Department. It is established in evidence that huge tanks are fabricated outside according to specification and are supplied by the suppliers in a knocked down condition. Their men fitted them inside the factory. In fact, none of the alleged 300 men of Contractors, employed in this factory, came and deposed in this case in support of the Union's story. Not a single Contractor was summoned and examined as such. Accordingly, I am inclined to hold that the employment of the alleged Contractors' men in regular and essential work of the factory is not true. The question of abolition of contract-labour, in the circumstances of the case, cannot be decided in abstract particularly, in the absence of the Contractors' men in the dispute. It has also not been shown in which way the workmen here are interested in the abolition of the so-called contract-labour in the factory. That being the position, I am afraid, the dispute has ceased to be an industrial dispute. For all these reasons, I decide the issue against the Union.

Issue No. 4: It relates to a demand for making 40 temporary workmen, named in Annexure 'A' to the order of reference, permanent. The Union, in its written statement at paragraph 42, stated that these men were not made permanent in spite of their continuous service for more than six months which the Company under the award of Shri G. Palit, dated 5th January 1956, was obliged to do unless a workman was found unfit as such discharged. Hence, the Union claims that the workmen with more than six months' service in the Company should be made permanent and all the privileges of a permanent worker should be extended to them. The Company, in its written statement at paragraph 52, stated that the award of Shri G. Palit did not apply to the workmen concerned in this dispute, and that the award was terminated by the Union by a letter, dated 2nd June 1957. It, however, contended that the cases of workmen, whose names are mentioned in annexure 'A' to the statement of the Union, would be considered in terms of the Standing Orders, and they would be made permanent if they were qualified as such. The award of Shri G. Palit was terminated by a notice, Ext. 12, by the Union. It does not mean that the terms contained in the award had ceased to be of any force in the case, because, of its repudiation by a party.

Now, it appears from the Ext. 6 that 5 out of 40 workmen resigned from service and 7 other workmen had been discharged. If the cases of above workmen are left out, then the cases of 28 workmen remain to be considered in this dispute. Of the seven discharged workmen, six workmen were discharged on 16th October 1957, and one was discharged on 7th November 1957. According to the Union itself, the dates of appointment, in case of seven workmen are not known. Only one of these workmen was appointed in December 1955. All others were appointed in 1956. They have been described as temporary workmen by both the sides. The Company did not, however, think it necessary to prove the exact nature of their temporary work, and the terms and conditions of employment in all these

cases. It is, therefore, idle to contend on a basis of a reported decision in 11 F.J.R., page 209, that the demand is basically incompetent. In the aforesaid case, the terms of employment of temporary workmen were proved before the Tribunal. In this case, however, it has been stated that these men are continuing in service for over a period of six months. This Company has not got any separate Standing Order of its own but being a member of the Engineering Association of India, it has adopted for all purposes the certified Standing Orders for manual workmen in the Engineering Industry, Ext. E. A temporary workman, under the Standing Orders, means one who has been appointed for a limited period for work of a temporary nature. If the Company transefers him to duties of the same kind or of a more permanent nature his period of temporary service shall be offset against the probationary period required for a regular worker. And a probationer is one who is employed in a regular vacancy and who has not completed six months' consecutive service therein. A permanent or regular worker is one who has been entered as such in the Company's muster roll after completing the probationary period of six months, etc. This provision, read along with Shri G. Palit's award, make it abundantly clear that a temporary worker is not meant to be temporary for ever. If he is permitted to continue for over six months in a particular appointment, except in a special job for a limited period, the onus of proving which is on the Company, he will be treated, to all intents and purposes, as a permanent, or regular workman, and should be paid wages and be offered all the privileges of a permanent workman. I see no reasonable objection to making these 28 workmen permanent provided they have put in six months' service as mentioned in Ext. 6. I decide the issue accordingly.

Issue No. 5: It relates to cases of 96 discharged workmen named in annexure 'B' to the order of reference. Both parties agreed that the scope of enquiry under this issue would, however, be limited to the cases of 66 workmen only. So the cases of other 30 workmen are left out.

This issue may be divided into two parts, viz., (i) one refers to discharge of 12 workmen including 10 members of the Executive Committee of the Union, and (ii) the other relates to cases of 54 workmen who were discharged by way of retrenchment. The Union, in its written statement in paragraph 34, and in the following paragraphs, and also in the paragraph 5 at page 18, stated that 10 workmen, in the first category, though protected workmen, were vicitimised only for their legitimate Trade Union activities. The second category men were discharged, without any charge-sheet, or notice whatsoever. The Company, in its written statement at paragraphs 48 and 49, denied the Union's allegations and stated that due to paucity of work 42 workmen and 11 apprentices were retrenched, under the provisions of the Industrial Disputes Act, on the 10th October and on the 12th October 1957. The other workers were dismissed, because of the circumstances, mentioned in the Company's written statement at paragraphs 41, 42 and 43. They were guilty of gross misconduct for participating in an illegal strike on the Viswakarma Puja day, which fell on the 17th September 1957.

Necessarily, the cases of all these workmen should be dealt with separately in two batches. I take up the cases of the workers, who have been retrenched for alleged trade reasons. The Company's allegation is that this was done for *bona fide* trade reasons, at a time, when there was paucity of work for all these men. The Union denied this and contended that this retrenchment was *mala fide*, that the Company had made enormous profits in the industry and had sufficient work for all these men, but it

resorted to this unfair labour practice for the purpose of victimising the workmen on account of their Trade Union activities.

The onus of proving a case in favour of retrenchment is on the Management. The evidence of P.W. 1, Shri Bhupal Chakraborty, on the Union's side, and O.P.W. 2, Shri Jaju, on the Company's side, is important on this point. P.W. 1, Shri Chakraborty, said that the volume of work had since considerably increased, production had gone up, many new machines were added here at the Cossipur Factory, and that, in this state of expanding business, there could not be any question of retrenchment of surplus staff. The retrenchment was not made according to 'seniority'. Exhibit 5 is the Union's chart showing the dates of appointment and designation of the retrenched employees. Exhibit F is the Company's evidence. In Exhibit U, the Company has given correct dates of apointments with designation. According to the Union, there are only 8 apprentices, 8 fitters and 38 coolies, in all 54, retrenched workers. All put about one year's service and were retrenched on 10th October 1957 and 12th October 1957. Of the retrenched hands, Shri S. K. Gour received payment in full and final settlement of his claim, *vide* Exts. V and V(1). According to the Union, 7 new recruits were subsequently taken in, including four Fitters and apprentices, after their retrenchment. O.P.W. 2, Shri Jaju, who is the Chief Executive of the Company in its Cossipur Factory, has in his deposition before this Tribunal, explained the reasons for this retrenchment and also for the re-employment of the retrenched hands. He said that this Company generally manufactured goods on *order basis* and not on stock basis. On the date of the reference of this case, the Company had no work of manufacturing electric motors. Being a new enterprise, the business is expanding in different departments and, at the same time, discontinuing uneconomic ones. The order position started dwindling from April 1957 but the Company was looking for better days till August 1957. Then the orders suddenly fell so much so that there came a position to decide whether they would collapse and close the factory or somehow undergo the agony with some systematic retrenchment to save the industry and workmen both. Good care was taken before the retrenchment was made. Exhibits S and S(1), two certificates, dated 22nd July 1958, show the position of orders received between April and September 1957, and the goods manufactured during the same period. These certificates are from the Chartered Accountants, who were specially authorised to prepare them with reference to the Company's books. According to these, orders amounted to Rs. 5,38,423.75 nP. and the goods manufactured of the value of Rs. 31,50,484.75 nP., i.e., manufactured goods were about six times more than the orders received. That there was shortage of orders, particularly, for Transformer Tanks was also proved by Ext. X, the Engineering Association's letter, dated 11th August 1958 to the Government of India. The position of the industry, as reflected, in the balance-sheet, Exts. W and W(1)—one printed and another typed for the same period, i.e., the year ending 31st October 1957—is that the Company had earned profits amounting to Rs. 6,89,795 only for the Hazra Road Factory, the Cossipur Factory and the Calcutta Office. Therefore, the balance-sheet does not throw any more light on the matter in dispute. Since the Factory was run on *order basis* and not on stock basis, the Management is justified in reducing the work of manufacture strictly in accordance with its requirements. Necessarily, at a time, when the orders were falling, the Management could not maintain an uneconomic staff, surplus to its requirements. The allegations of *mala fide* and victimisation, common in all cases of retrenchment, are not established. On the contrary,—I find that, as late as on 25th September 1957, the parties entered into a bonus

agreement, Ext. A, for the benefit of all the workers. And Ext. E shows that 53 men, all of less than one year service, were retrenched. They include 11 apprentices, 6 fitters, 5 fitter-mates and 31 coolies, in all 53 (a difference of one man only from the Union's list). Of these, 5 men did not receive payment of their dues. Others did. Exhibit G shows that 23 workmen were offered re-employment from the retrenched hands, and 8 workmen accepted the offer and were since re-employed. Twelve workers refused, or did not reply to the Company's offer. Here, the Union joined issue with the Company and contended that this offer was not made at all, in all seriousness, and that some retrenched hands actually reported for work but were refused. This issue is not relevant for our present purpose. It may, if true, give rise to a fresh industrial dispute, which should be settled between the parties. It is, however, clear that the Company re-employed some of the retrenched hands. This does not show that there was enough work for all these men on the date of retrenchment. It shows that the Company had no ulterior motive in this matter. The Union had failed to mention, even a single case where the principle of "last come, first go" was not observed. In my view, the retrenchment of the workers in dispute is fully justified. The retrenched workers, who have not received their legal dues from the Company, will be paid, on their reporting to the Company's Factory, all the legal dues, within one month from the date of the publication of this award.

We now take up the cases of 12 workers who were dismissed from service for misconduct. Of the 12 persons dismissed for misconduct, 11 were chorge-sheeted either on 18th September 1957 or on 19th September 1957. They received the charge-sheets on 19th September 1957 to which they replied on the very next day. Nine workers were dismissed on 16th October 1957. One worker was dismissed on 17th October 1957 and the notices of discharge to two other workmen were not received. The case of Shri Gopal Chatterjee is different from that of the rest. He was charge-sheeted on 2nd September 1957 for assaulting his Supervisor outside the Factory. Others were charge-sheeted for (i) joining illegal strike on 17th September 1957, on the Viswakarma Puja day, (ii) instigating the workers to join this strike, (iii) picketing, and (iv) pelting stones at the Factory windows and/or attacking the Works Manager by throwing stones. Sarbashree L. N. Dey, A. Rahaman, Mallick and Yasuf are the four workers who are alleged to have attacked the Works Manager with stones. In the charge-sheet there is no reference to the Standing Orders. But, at the trial, the Management supports the punishment inflicted, under the Standing Orders, Ext. E, which, I have stated above, is the certified Standing Orders for the Engineering Industry. Under Appendix D(2), sub-clause 2, participation in or instigation to an illegal strike is a major misdemeanour for which a workman is liable to be dismissed. Under clause 17 of the said Appendix, riotous or disorderly behaviour within the Factory premises or outside having subversive effect on Factory discipline is also a major misdemeanour. The Company may, however, give a workman the following punishments in lieu of dismissal: (i) censure, or warning, (ii) suspension for a period not exceeding 10 days, etc., (iii) withhold his increment, etc.

P.W. 1, Shri Chakraborty, P.W. 3, Shri Dey, P.W. 5, Shri Chatterjee, P.W. 6, Shri Yusuf and P.W. 7, Shri Hossain have been examined on the Union's side and O.P.W. 1, Shri A. Das, the Works Manager, O.P.W. 2, the Chief Executive of the Factory, and O.P.W. 4, Shri Sarma, the Supervisor, have been examined on the Company's side.

The Viswakarma Puja day fell on 17th September 1957. On 16th September 1957, the Union Secretary wrote to the Works Manager requesting him to close the Factory as a paid holiday on that day and to allow the workmen as before to perform the Viswakarma Puja inside the Factory premises. This request was refused on that very day and the Union decided that the workers should stay away from work on 17th September 1957, but would assemble at the Factory gates to repeat their request. On the same day, the Union Secretary wrote to the Officer-in-Charge, Chitpur police-station, informing him that they would not go to work on 17th September 1957 but would wait peacefully outside the Factory gates, and requested him to see that there was no provocation for a breach of the peace. The Union's evidence is that the workers in a body assembled at the Factory gate in the morning and P.W. 3, Shri Dey, once again approached the Works Manager, when he came to the Factory, for permission to perform the Puja inside the Factory and to close the Factory as a paid holiday. The Management does not deny the Union's evidence on this point. Shri Das, O.P.W. 1, refused this request. Shri Dey, P.W. 3's evidence is that the police was present at the time. On that day the adjudication proceedings were pending before a Tribunal and the workers' strike (it was nothing but a strike) was, therefore, illegal. This point is not seriously contested. It is also established by the evidence of O.P.W. 2, Shri Jaju, who said that an adjudication proceeding was pending before Shri J. N. Maitra, Third Industrial Tribunal (reference dated 27th March 1957) on the date of the strike and that an application was filed before that learned Tribunal under section 33 of the Industrial Disputes Act for permission to dismiss these persons for resorting to an illegal strike. There is no denying the fact these workers, in fact, majority of them, participated in this illegal strike. So, at least one charge against 10 of the workers except No. 12, Shri Ranjit Das, is proved. Shri Das was not charge-sheeted for participating in any illegal strike, because he was under orders of suspension on that day. As he was under no obligation to come to work on that day, his refusal would not, rightly, amount to strike.

The question is whether there was any picketing and instigating the workers to join the strike. The Union's evidence is that there was a decision of the workers on the eve of the Puja day to stay away from work on 17th September 1957 when their request for performing the Puja inside the Factory and for a paid holiday on that day was turned down. The decision to withhold labour—a concerted action of all—was there, and there was no necessity for any one inciting any other to action or dissuading one from work during the strike. Obstruction to the Managerial Staff, even if established, is no evidence of incitement or picketing, for that staff was no party to the strike. And, to all intents and purposes, the staff movement formed an altogether different transaction. Obstruction to that staff, if proved, may be evidence of disorderly behaviour, or violence on the part of the strikers. It cannot be any evidence to prove the other charges. It is, therefore, very unlikely for anybody to either picket or to instigate other workers from joining the illegal strike. In fact, apart from the evidence of O.P.W. 1 and O.P.W. 2, there is no evidence to show that any worker was obstructed in proceeding to work. Not only that the Union Union made no secret of this decision but informed the police as also, the Works Manager about it. The Union's evidence is that the police was present on the spot but, curiously enough, there is no evidence on the Company's side to show that the police was informed when picketing and instigating were going on, or for the matter of that, the Works Manager was assaulted with stones and windows were broken. These are acts of violence and when done by a body of men numbering more than

five would amount to rioting. The Police will not stand by and allow rioting to proceed when committed after previous notice. Shri Das, the Works Manager, was not injured, at least, no such injury was attended to by any Doctor. The Management did not file any complaint with the police although the Works Manager was alleged to have been manhandled in that way. This evidence of Shri A. C. Das, O.P.W. 1, appears to be against all probabilities and, therefore, cannot be accepted as true. The other charges against these ten men are not proved. No charges are proved against Shri Ranjit Das for the occurrence taking place on 17th September 1957. The case of Shri Gopal Chatterjee stands on a different footing. He said that he did not assault the Supervisor, and the Supervisor, O.P.W. 4, said that he was hit by Shri Chatterjee. No reason has been assigned why Shri Chatterjee would only be charge-sheeted out of all persons for assaulting his Supervisor. I, therefore, cannot disbelieve the evidence of Shri Sarma. The charge against Shri Chatterjee is proved. Both parties have stated that Shri Chatterjee was dismissed (not only suspended) from service, and I find that his dismissal is justified.

A question arises in connection with the cases of 10 workers whether the illegal strike in which they participated on the Viswakarma Puja day on 17th September 1957 were justified or not. It is in evidence of Shri Das, the Works Manager, that the workmen who were formerly employed in the Hazra Road Factory enjoyed Viswakarma Puja day as paid holiday. In some years there might not have been a holiday. In 1956, when the Cossipur Factory started, the workers were allowed to perform this Viswakarma Puja inside the Factory, on a Sunday, which was a paid holiday. In 1958, there was a holiday on the Viswakarma Puja day in the Factory. Shri Das, the Works Manager, said that this was allowed apprehending the repetition of the last year's trouble. That was clearly a very wise decision. In 1957, rightly or wrongly, the workers' request to observe an old customary right was refused. Not only that but that they were asked to work on that day, on which day the uncontradicted evidence is, that the workers did not touch their tools on religious grounds. The Union's evidence is that this day is observed as a paid holiday in all factories. There is no evidence on the Company's side against it. This may or may not be cent per cent. true, but then, the workers do not as a rule touch their tools on the said Puja day on religious grounds. This religious belief, when not against the public order, morality and health, should not be interfered with in any way. Our Constitution has guaranteed to all equally the right to observe religious customs and beliefs, when not against public order, morality and health. There were two courses open to the workers when the Management refused to declare the 17th September 1957 as a paid holiday, viz., (i) either to join their duties on 17th September 1957 disregarding their religious belief in this matter, or (ii) to stay away from work even at the risk of being accused of resorting to an "illegal" strike. It is true that a number of festival holidays every year are announced by the Management, but then, this was not one declared as such in the year 1957. The management's plea that the holidays were settled with the Union previously and then notified in the beginning of the year, is neither acceptable as true, nor considered sufficient justification for their conduct. There was thus clear provocation from the management side to the workers to join a strike which though technically illegal, is perfectly justified in the circumstances of the case. Under the Standing Orders, participation in an illegal strike, is a major misdemeanour, punishable with dismissal from service. The management, however, has discretion in this matter of inflicting punishment in lieu of dismissal.

The question is whether, in the aforesaid circumstances, the workers, technically guilty of participating in an illegal strike, should be punished with dismissal from service. To allow the workmen to be dismissed from service on this ground is to perpetuate an act of injustice on them, and at the same time to allow the management to take advantage of its own wrong. In the said circumstances, I am inclined to think that the punishment inflicted on these 10 workers is unduly harsh, which alone calls for an interference from this Tribunal, particularly, when the management has definitely proceeded against some of the office-bearers of the Union, who have been struggling hard to establish their claims before it. I think a "warning" under the Standing Orders is adequate punishment in this matter.

The dismissal of Shri Chatterjee is, however, justified.

Shri Ranjit Das is not guilty of the charges brought against him. He is, therefore, entitled to reinstatement. Ten other workers of Ext. 7 (of this issue) are guilty of joining an illegal strike, which is justified in the circumstances of the case, being provoked by the management. Therefore, they are warned under the Standing Orders.

In all fairness and reasons, the normal relief of reinstatement cannot be denied to them. As to claim for back pay, etc., there is no claim for pay for the day of the strike, and there cannot be any. There is no evidence worth the name to show that they were out of employment throughout the period. The continuity of service should not be allowed to be broken, and the men should be treated as on special leave without pay for the whole period of unemployment except for a month, for which period they shall be paid a month's wages at the rates last drawn, within a fortnight of their rejoining duties, within time allowed, i.e., within one week from the date of the publication of the award. I answer the issue accordingly.

Issue No. 6: The Union alleged that deductions from the wages to 11 workmen were wrongly made by the management on different dates. The question is whether these deductions are justified, if not, to what relief they are entitled to. The Union, in its written statement at paragraph 6, page 20, stated in details the cases of individual deduction with dates. It appears therefrom that deductions amounting to Re. 1 to Rs. 9.04 nP. and amounting to a total of Rs. 50.88 nP. were deducted from wages of 11 workmen on three different dates within one month, i.e., on 7th May 1957, 22nd May 1957 and 7th June 1957. The Company, in its written statement at paragraphs 57 and 66, denied the allegations and stated that these short payments were repaid as soon as they were brought to notice of the management. P.W. 4, Shri Mallick, is the only worker who deposed on this issue. He, however, admitted that he was paid back his dues as soon as this was brought to notice of the management. O.P.W. 2, Shri Jaju, also said this. An attempt was made to prove that there had been other deductions in other cases too subsequent to the date of reference. This is outside the issue and I am not going into merits of that case. The management assured us that all cases of short payment were repaid as soon as they are brought to its notice. I decide the issue against the Union.

Issue No. 15: This relates to classification of workers. There is nothing particularly mentioned in the written statement regarding this issue. But in the charter of demands, the Union claimed several grades for different categories of workers, viz., skilled, unskilled, Drivers, Durwans, Clerks and Typist. At the same time in the charter of demands the Union demanded for appointment of an expert committee for proper

classification of workers and to determine the quantum of work and scheme of promotion thereof. On the Company's side, it has been urged that the workers have been, wherever possible, classified into different categories, but on materials on this record, classification as suggested in the charter of demands is not possible. Neither party asked for appointment of an expert to go into the matter and deposed before the Tribunal on the issue. This Tribunal, in my view, is not competent to appoint an expert committee to go into the matter. It has no materials before it to do it either. Difficulties in this matter of classification are well known. Even the Major Tribunals found difficulties in the past to classify the workers into the categories suggested, based purely on skill. Classification, according to skill, does not now appear to be any more scientific. Not only skill, but also experience, responsibility, effort, mental and physical strength are factors which should be closely studied before proper classification can be undertaken and made. Some sort of merit-rating should also be done of the individual worker for the purpose of this classification. That is not possible on materials now placed before this Tribunal. I am, therefore, obliged to leave this matter as it is. The Union's demand is, accordingly, refused.

Issue No. 16: It relates to a demand for conveyance allowance at the rate of Rs. 20 per head to all transferred from the Hazra Road Factory. The demand is contested. It is true that a number of employees who worked at Hazra Road Factory are at present employed in the Cossipur Factory. Some of these employees were paid for a limited period some allowance to meet the conveyance charges. That was discontinued long ago. The question is whether these employees should be paid any conveyance allowance, for all times to come, and that at the rate of Rs. 20 per head per month. No special case had been made out in support of this demand and I see no reason why such conveyance allowance should be paid to a section of the workers in a Factory in preference to others.

Issue Nos. 7, 9, 12 and 14: The Company's contention is that these issues are barred by the principles of *res judicata* for, they were decided in two earlier awards of the Industrial Tribunals, presided over by Shri G. Palit and Shri J. N. Maitra, and the awards are dated 2nd February 1956 and 16th April 1958, respectively. In deciding the preliminary objection, taken on behalf of the Company, I had an occasion to deal with this matter at some length in my interim award, submitted to the Government, on the 30th July 1958.

The Union's evidence is that it terminated the award of Shri G. Palit, dated 2nd February 1956, by a notice, in writing, addressed to the Assistant Secretary, Labour Department, and also to the Director of this Company on 2nd June 1957 (*vide* Ext. 12). Shri S. K. Bose, learned Counsel on behalf of the Company, relied on a decision of the Hon'ble Supreme Court in the case of Messrs. Burn & Co. Ltd., Calcutta, *v.* Their employees, reported in 11, F.J.R., page 217, and contended that "though under section 19(6) of the Industrial Disputes Act, 1947, it is open to a party to an award to repudiate it by giving two months' notice, when the matter is brought up again before an Industrial Tribunal as a fresh industrial dispute, it is not open to the Industrial Tribunal to try it *de novo* and come to a fresh decision. To do so will be contrary to well-settled principles of law and also contrary to the object of the Act. The matter should be tried afresh only if there be any change in circumstances warranting it". Shri D. L. Sen Gupta, learned Advocate for the Union, contended that since there was material change in circumstances since the date of the last award, the matter would be well tried afresh. He did not

dispute the principles of law laid down in the aforesaid decision of the Hon'ble Supreme Court.

The two points were taken by Shri S. K. Bose on behalf of the Company, viz., (i) there had not been any change, not to speak of a material one, in the circumstances on which the last award was based, and that (ii) the financial incompetence of the Company to shoulder any further liability on this account. These are economic demands which can only be met out of the funds at the Company's disposal. I have already referred to the Company's balance-sheets, Exts. W and W(1), which show a margin of profits of about Rs. 6.23 lakhs (roughly). Out of this, a tax amounting to Rs. 3.81 lakhs and interest amounting to Rs. 1.48 lakhs should be paid. This would just leave a nominal balance of Rs. .94 out of which a dividend at the rate of 3 per cent., has to be paid. This does not at all reflect a stable financial position of the Company justifying the imposition of any big liability on this account, if otherwise justified.

It is not necessary to refer the two awards, mentioned in the interim award, which adjudicated these very issues. It is argued on both sides that these issues can be reopened and tried again only if there had been any material change in the circumstances since the date of the award. I have once again to refer to the evidence of P.W. 1, Shri Chakraborty, on this point. He said, at page 7 of his deposition, that the Union demanded increased wages for (i) the Company had grown up in size and earned more profits than at the time of the award, (ii) the prices of essential commodities had gone up, (iii) the Major Engineering Tribunal had increased the rates of wages, and (iv) the Jute and Cotton Textile Industries have also allowed increased wages to their workers. In this connection, he also referred to a chart, Ext. 11, showing the cost of balanced diet, drawn up on the basis of the Famine Enquiry Report, at the present market rate. This evidence has not been corroborated by any other materials on record. Apparently, there is nothing to show that the Company had since earned enormous profits. It is, no doubt, true that the business is expanding in some directions, and curtailing its activities on its uneconomic side. This, by itself, does not establish the stable financial position of the Company, or such a change in circumstances as would justify reopening the issues, decided only two years' ago by a competent Tribunal. The Company is running its business mainly on secured loans. It pays dividend only to attract those loans. The future of the industry is not very bright. There is some slackness in respect of orders, which an unimpeachable document, Ext. H, will show. It is true that the award of the Third Major Engineering Tribunal has since been published. It has allowed some increase in wages, but this Company was not a party to it. Further, these are no circumstances which would justify reopening the issues on wages, scales of pay, etc. The cost of living, according to the cost of Living Index, published by the authority, has, in the last two years, gone up. That is a material change which would justify reopening of the issue of dearness allowance only, and no other issue. The cost of living is adjusted only by allowing more dearness allowance, where possible. Conditions of service are generally embodied in the Standing Orders. The issues of leave and holidays and minimum basic wages, should not, therefore, be reopened at this stage. They are getting 8 days' festival holidays and statutory leave under the Factories Act. They demanded more and other kinds of leave. At the same time, it is not disputed that the provisions of the State Insurance Act are in operation in this Factory. That provide sufficient leave and other facilities in addition to above. Apart from this consideration, these issues cannot also be reopened as they are barred by the principles of *res judicata*.

I take up the case of dearness allowance. It is not barred. It appears that since 1954 there has been a rise in the cost of living index. The movement of the cost of Living Index since 1954 is as follows:

		Points.
1954	...	327
1955	...	323
1956	...	347
1957	...	365

Therefore, there has been at least a rise of 20 points since the award of 1956 which has since been terminated. This should be neutralised. Of course, the basis of the percentage of neutralisation should be between 60 per cent. to 90 per cent. Full neutralisation is never allowed. Rupee 1, being the measure for a rise of every 5 points, the dearness allowance should be increased by Rs. 4 per month. The Company has the financial capacity to pay this. The workers are entitled to and will be paid this increase with effect from January, 1959 I answer the issues accordingly.

Issue No. 10: It relates to a demand for payment of house rent allowance at the rate of Rs. 10 per month to workers drawing a basic salary up to Rs. 60, Rs. 15 to those drawing basic salary between Rs. 61 to Rs. 100, Rs. 20 to those drawing Rs. 101 to Rs. 250, and, 10 per cent. of the basic salary, as allowance, to those drawing a basic salary Rs. 251 and above. The Company's contention is that this is not the liability of the employers at all and, it denies the claim. Only evidence in support of the Union's demand is that of P.W. 1, Shri Bhupal Chakraborty, who said that the minimum rent for a room, sufficient for occupation of a worker in the locality, is Rs. 15 per month, and for a family man not less than Rs. 25 per month. At present, no house rent allowance is paid to any worker. Ordinarily, no separate provision for payment of house rent is made. Wages are fixed taking into consideration the question of payment for house accommodation as well. The Union has not made out any case for payment of a separate house rent allowance, and that at the rates claimed in the charter of demands. This is, accordingly refused.

Issue No. 13: It relates to a demand for payment of tiffin allowance at the rate of annas 8 per day, to be paid to workmen of all categories. In Ext. 10, the charter of demands, the Union demanded for opening of a cheap canteen in the Factory premises, and also for payment of tiffin allowance of annas 8 per day. This demand was not conceded on behalf of the Company.

It is in evidence of P.W. 1, Shri Bhupal Chakraborty, that there is no cheap canteen in the Factory and the worker does not get any tiffin allowance. In cross-examination, he, however, admits that there is a canteen in the Factory, but the goods of this canteen are not cheap. He gets a cup of tea at a cost of one anna. This is, according to the Company, supplied at cheap rates. By cheap canteen, Shri Chakraborty means, a canteen which supplies all articles to workers at cost price.

There is a canteen in the Factory.

The question is whether any tiffin allowance should be paid to all workers. The Company has started as a new enterprise at the Cossipur

Factory, and this is not proper time to saddle it with new financial liability, hitherto unknown. Accordingly, this demand is refused.

This is my award.

NOTIFICATIONS

No. 996/M.1T-62/58.—5th February 1959.—In exercise of the power conferred by the *Explanation* to sub-section (1) of section 167 of the Calcutta Municipal Act, 1951 (West Bengal Act XXXIII of 1951), the Governor is pleased to declare the land and buildings at the premises mentioned in the schedule below, as land and buildings used by the Sree Sarada Ashrama solely for the purpose of education.

The Schedule

Premises No. P.615, Block "O", New Alipore, Calcutta.

By order of the Governor,
A. NIYOGI, Jt. Secy.

No. 1080/M.2B-17/58.—9th February 1959.—Whereas the Commissioners of the Rishra Municipality in the district of Hooghly have made the following by-law under section 245(a) and (b) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and have applied to the State Government for confirmation of the said by-law under section 506 of the said Act;

And whereas—

(a) notice of the intention to apply for such confirmation of the said by-law has been duly given one month before the making of the application for confirmation as required by clause (i) of sub-section (2) of section 506 of the said Act, and

(b) for one month before the application a copy of the said by-law has been kept at the office of the Commissioners of the said municipality and has been open during office hours thereat to the inspection of the inhabitants of the said municipality, without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, in exercise of the power conferred by section 506 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to confirm the following by-law:—

"22A. No person shall, without the general or special permission of the Commissioners, drive any vehicle on any public street giving cinema publicity either by distributing hand-bills from such vehicle or through amplifiers and other mechanical devices fixed on it."

"Fine—Rs. 10."

By order of the Governor,
S. K. CHAKRABORTY, Asst. Secy.

No. 1122/M.3R-13/58.—10th February 1959.—Whereas the Commissioners of the Suri Municipality in the district of Birbhum have made the following rules under sub-section (1) of section 69 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and have applied to the State Government for confirmation of the said rules under section 506 of the said Act;

And whereas—

(a) notice of the intention to apply for such confirmation of the said rules has been duly given one month before the making of the application for confirmation as required under clause (i) of sub-section (2) of section 506 of the said Act, and

(b) for one month before the making of the application a copy of the said rules has been kept at the office of the Commissioners of the said municipality and has been open during office hours thereat to the inspection of the inhabitants of the said municipality, without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, the Governor is pleased in exercise of the power conferred by section 69(1) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said Act, to confirm the following rules, namely:—

Rules regulating grant of rewards and punishments to collecting Sarkars

1. Each Collecting Sarkar may, at the discretion of the Municipal Commissioners, be fined to the extent of half-month's pay if the total collection made by him during the year is below 85 per cent. of the total demand, arrear and current.

2. A Collecting Sarkar is neither to be fined nor to be rewarded if the total collection made by him during the year amounts to 85 per cent.-90 per cent. of the total demand, arrear and current.

3. Each Collecting Sarkar shall be rewarded half-month's pay if the total collection made by him during the year exceeds 90 per cent. but does not exceed 95 per cent. of the total demand, arrear and current and a month's pay if it is over 95 per cent.

NOTE.—In calculating the percentages of collection, remissions granted by the Municipal Commissioners, disputed demands, if any, and the amount of rates paid by the rate-payers themselves into the Municipal Office, shall be excluded from the total demand, arrear and current.

By order of the Governor,
S. K. CHAKRABORTY, Asst. Secy.

ABSTRACT

Railways: Safety of Railway Bridges and Railway Track and other Public Works—Co-ordination between Railways and Civil Authorities—Constitution of a Committee of Engineers.

* * * * *

Resolution No. 2-I.- dated 10th February 1959.

Reference:

(1). From the Government of India, Ministry of Railways (Railway Board), New Delhi, letter No. 57/W-II CMT/20, dated 22nd/23rd June 1957.

(2) From the General Manager, Eastern Railway, letter No. E/BR/CMT, dated 19th July 1957.

ORDER

With a view to keeping the Railway Administration in touch with a number of works which had been and are being carried out in the State such as irrigation schemes, repairs or abandoning of bunds and deforestation of large areas, which affect the safety of Railway track and bridges and to have close co-ordination between the Railways and Civil Authorities as decided at a conference of Chief Ministers of States convened by the Union Minister of Railways on the 5th June 1957 at New Delhi, the Government is pleased to direct that a Committee consisting of the officers of the concerned departments and the Railways as shown below should be constituted:—

(1) Chief Engineer, Works and Buildings Department, Government of West Bengal.

(2) Special Engineer, Floods and Flood Control, Irrigation and Waterways Directorate, Government of West Bengal.

(3) Conservator-General of Forests, Government of West Bengal.

(4) Joint Director of Agriculture (Engineering), Government of West Bengal.

(5) Assistant Secretary, Local Self-Government and Panchayats Department, Government of West Bengal.

(6) Chief Engineer, Eastern Railway.

(7) Chief Engineer, South Eastern Railway

(8) Chief Engineer, North-Frontier Railway.

(9) Chief Engineer, Martin's Light Railway.

(10) Engineer-in-Chief, Survey and Construction, North-Frontier Railway.

(11) Executive Engineer, B. K., A. K. & B. D. Railways, Messrs. McLeod & Co. Ltd., Calcutta.

(12) District Engineer (Bridge) Spl., Eastern Railway.

2. The Chairman of the Committee in each meeting will be elected by the members of the Committee. District Engineer (Bridge) Spl., Eastern Railway, will act as Secretary of the Committee.

3. (i) The Committee shall meet once in every three months.

(ii) If the Committee finds it necessary to have representative/representatives of other departments also, the Committee may co-opt a member from that department/departments.

(iii) The Committee will frame its own procedural rules. The record of the discussion of the meeting shall be maintained.

4. The Committee shall principally be concerned with the safety aspect of Railway working and also the safety of other public works affected by Railway track, bridges, etc.

5. The functions of the Committee shall be as under:—

(a) Exchange of information about schemes envisaged by any one department and likely to affect the working or safety of assets of another department and consequential safeguards to be adopted.

(b) Keeping up to date the list of railways affecting works, etc.; naming the officials responsible for joint inspection of each such work immediately after monsoons and, if possible, also in advance of monsoons; and watching that the department responsible for proper maintenance of such works promptly carries out the necessary repairs.

(c) Evolving a procedure for—

(i) obtaining and broadcasting, by departments concerned, warnings or forecasts of heavy rains, floods, storms, etc., as well as the actual heavy rainfall recorded and expected floods downstream, to the officers concerned in the various departments; and

(ii) inducing public co-operation in promptly conveying to the department concerned any unusual occurrence, e.g., breaches of tanks, etc.

(d) Assessing whether waterways, protection works, etc., provided by any department in an area severely affected by floods have proved to be inadequate and improvements needed for future.

(e) Co-ordination of related schemes of the various departments represented.

By order of the Governor,

B. K. ADHIKARI, Dy. Secy.

24-Parganas.—No. 3350L.A.—11th February 1959.—Whereas the functions of the Central Government under the Land Acquisition Act, 1894 (I of 1894), in relation to the acquisition of land for the purposes of the Union have been entrusted to the State Government by notification No. 20/1/55-Judl.(I), dated the 14th May 1955, issued by the Government of India in the Ministry of Home Affairs under clause (1) of article 258 of the Constitution of India;

And whereas it appears to the Governor that land is likely to be needed, for a public purpose, being a purpose of the Union, namely, for the construction of Barasat-Basirhat-Hasnabad Broad Gauge Railway Line in the village of Thuba, jurisdiction list No. 47, thana Hasnabad, district 24-Parganas, it is hereby notified that a piece of land comprising cadastral plot Nos. 2030 and 2031 and measuring, more or less, 0.38 of an acre, is likely to be needed for the aforesaid public purpose at the public expense within the aforesaid village of Thuba.

This notification is made, under the provisions of section 4 of the Land Acquisition Act, 1894, read with the said notification to all whom it may concern.

A plan of the land may be inspected in the office of the Special Land Acquisition Officer, Alipore, 24-Parganas.

In exercise of the powers conferred by the said section read with the said notification the Governor is pleased to authorise the officers for the time being engaged in the undertaking, with their servants and workmen, to enter upon and survey the land and do all other acts required or permitted by that section.

Any person interested in so much of the above land as is not waste and arable who has any objection to the acquisition thereof, may, within thirty days after the date on which public notice of the substance of this notification is given in the locality, file an objection in writing before the Collector of 24-Parganas (Land Acquisition Department, Alipore).

In exercise of the powers conferred by section 17(4) of the Land Acquisition Act I of 1894, as amended by Act XXXVIII of 1923, read with the aforesaid notification, the Governor is pleased to direct that the provisions of section 5A of the Act shall not apply to the waste and arable portion of the land in this case.

By order of the Governor,

H. L. CHAKRAVARTI,

Special Officer and Dy. Secy. (*ex-officio*).

DEPARTMENT OF CO-OPERATION

Co-operation

NOTIFICATION

No. 365Co-op./2R-22/58.—10th February 1959.—The following draft of amendments which, in exercise of the power conferred by section 140 of the Bengal Co-operative Societies Act, 1940 (Bengal Act XXI of 1940), the Governor proposes to make in the Bengal Co-operative Societies Rules, 1942, as subsequently amended, is hereby published, as required by sub-section (1) of the said section, for the information of the persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st March 1959 and any objection or suggestion with respect thereto, which may be received by the undersigned before that date, shall be considered:—

Draft Amendments

For rule 8 of the said rules, *substitute* the following rule, namely:—

"Amalgamation, transfer of assets and liabilities and division of co-operative societies.—8. (1) A Co-operative Society may by resolution passed by a majority of not less than two-thirds of the members present and voting at an annual or a special general meeting of the society—

(a) transfer its assets and liabilities in whole or in part to any other co-operative society; or

(b) divide itself into two or more co-operative societies.

(2) Any two or more co-operative societies may by resolution passed by a majority of not less than two-thirds of the members present and voting at an annual or a special general meeting of each such society amalgamate themselves and form a new co-operative society.

(3) (a) The resolution of a co-operative society under clause (a) of sub-rule (1) shall contain particulars of the transfer when such transfer is in part only.

(b) The resolution of a co-operative society under clause (b) of sub-rule (1) shall contain proposals for division of—

(i) the assets and liabilities;

(ii) the area of operation; and

(iii) the membership.

(c) The resolution of a co-operative society under sub-rule (2) shall contain proposals for transfer of—

(i) the assets and liabilities;

(ii) the area of operation; and

(iii) the membership.

(d) A resolution passed under clause (b) of sub-rule (1) or sub-rule (2) shall contain the name of the person or persons who may be authorised to join in the application and to take all such other steps as necessary for registration of the new society under sub-rule (9).

(4) When a co-operative society has passed a resolution under sub-rule (1) or sub-rule (2) it shall give notice thereof in writing to all its members and creditors within fourteen days from the date of the annual or special general meeting at which the resolution is passed and, notwithstanding any bye-laws or contract to the contrary, any member or creditor shall during the period of one month from the date of issue of the notice have the option of intimating in writing his intention to withdraw his shares, deposits or loans, as the case may be; provided that no member who is a loanee or is a surety for any other member shall have such option of withdrawing his shares or deposits until such time as the loan, in respect of which he is the loanee or surety as aforesaid, with all interests accrued thereon, is repaid. Any accidental omission to give notice of any such resolution to any member or creditor or the non-receipt of the notice by any member or creditor shall not invalidate the proposals for transfer, division or amalgamation, as the case may be, contained in the resolution.

(5) Any member or creditor who does not exercise his option within the period specified in sub-rule (4) shall be deemed to have assented to the proposals contained in the resolution.

(6) A resolution passed by a co-operative society under sub-rule (1) or sub-rule (2) shall not take effect until—

(a) all the claims of the members and creditors who exercise the option referred to in sub-rule (4) within the period specified therein, have been met in full; and

(b) in the case of a resolution passed under clause (a) of sub-rule (1), the proposal is accepted by the transferee society by a resolution passed by a majority of not less than two-thirds of the members present and voting at an annual or a special general meeting.

(7) The resolution passed under clause (b) of sub-rule (6) shall be a sufficient conveyance to vest the assets and liabilities of the transferor society or societies in the transferee society in the manner specified in the resolution or resolutions passed under clause (a) of sub-rule (1).

(8) Where the assets and liabilities of a co-operative society are transferred to another co-operative society in accordance with a resolution passed under clause (a) of sub-rule (1), and the transferee society accepts the same by a resolution passed under clause (b) of sub-rule (6), the relevant resolutions of the two societies shall be forwarded to the Registrar within fourteen days from the date of passing the resolution under clause (b) of sub-rule (6). The Registrar shall thereupon cancel the registration of the transferor society and the transferor society shall cease to exist as a corporate body with effect from the date of cancellation of the registration.

(9) On receipt of application for registration of a new society or societies in accordance with a resolution passed under sub-rule (2) or clause (b) of sub-rule (1), the Registrar shall, unless for reasons to be recorded in writing he thinks fit to refuse so to do, and after he has satisfied himself that the provisions of sub-rule (6) have been complied with register the new society or societies, as the case may be, and the bye-laws thereof and thereupon the registration of the original societies or society, as the case may be, shall stand cancelled and the original societies or society, as the case may be, shall be deemed to have been dissolved and shall cease to exist.

Such registration shall be a sufficient conveyance to vest the assets and liabilities of the original society or societies in the new societies or society in accordance with the resolution under sub-rule (3)(b) or (3)(c)."

2 In sub-rule (2) of rule 31 of the said rules, *for* the words "and shall not be eligible for re-election for one year from the date of retirement", *substitute* the following words:—

"but shall be eligible for re-election."

By order of the Governor,
N. N. CHATTERJEE, Jt. Secy.

OFFICE OF THE ACCOUNTANT-GENERAL, WEST BENGAL

NOTIFICATIONS

To—All the Heads of Offices of the Central and State Governments under the audit control and/or payment of this office.

Subject: Expenditure incurred against advances from the Contingency Fund of India and of West Bengal.

No. TM/714.—28th January 1959.—Instances have come to notice in which expenditure incurred against advances sanctioned out of the Contingency Fund were not properly classified by the Drawing Officers. Such misclassifications are fraught with the risk of the expenditure relating to Contingency Fund being erroneously accounted for as expenditure met from the Consolidated Fund. In this connection, attention is invited to this office notification Nos. TM/423, dated 28th May 1953 and TM/593, dated 7th February 1957, published in the *Calcutta Gazette* in which the Drawing Officers were requested that while preparing bills relating to expenditure met out of the Contingency Fund it should be seen that they are invariably labelled as pertaining to the Contingency Fund of India or of West Bengal as the case may be. A strict adherence to those instructions is solicited so that there may not be any room for misclassification and wrong accounting of such expenditure.

All Treasury and Sub-Treasury Officers in West Bengal are also requested to ensure that all bills pertaining to the Contingency Fund of India or of West Bengal as the case may be, presented to the treasury for payment, are labelled conspicuously as such by the Drawing Officers in each case.

S. S. ROY CHOUDHURY,
Dy. Accountant-General (Central),
West Bengal.

Subject: Instructions regarding bills payable by the Accountant-General, West Bengal, within the current financial year.

No. T.M./715.—3rd February 1959.—In order to ensure payment before the close of the financial year, all travelling allowance, contingent, grant-in-aid and other bills payable within the year should, as far as practicable, be presented at the counter of this office by the 16th March 1959. The words **"To be paid on or before the 31st March 1959,, should be written prominently in red ink on the top of each bill.** In respect of charges actually incurred, or claims accruing on or after the 16th March, the bills should be presented with the utmost expedition without losing even a single day. Please remember that during the last week of March this office is preoccupied with the passing of monthly bills, payable on the first working day of April.

2. Three clear days are required by this Office to complete all processes connected with pre-audit. On the fourth working day from the date of presentation of a bill, the payee or his messenger should call at the delivery counter to demand payment. If for any reason payment cannot be obtained on that day, he should call on the next day, or on the second or third following day, should it become necessary. Any complaint regarding undue delay in payment should be lodged with the gazetted officer in charge of the section. No attempt should be made to get into direct touch with the sectional staff.

3. It should be particularly borne in mind that unpassed bills are not returned by post; they are required to be received back at the counter on surrender of tokens.

4. Please take all possible care to see that the bills presented are free from defects and irregularities. There may not be time left for resubmitting the bills when once returned unpassed with audit objection.

5. It will facilitate the payment of bills if the following instructions are borne in mind:—

(a) If the appropriation for the current year is likely to be or has already been exceeded, an additional appropriation should be obtained in time to meet the excess and the order sanctioning the additional appropriation attached to the bill.

(b) If any charge requiring sanction of a higher authority is claimed in a bill, the sanction should be attached to it. As no payment can be made on the authority of copies of orders, the sanctioning authority should be requested to communicate the orders to this office in time.

(c) If no distribution of any appropriation has yet been made, formal orders of the competent authority sanctioning the distribution should be attached to the bill.

(d) A bill extract giving particulars of the major, minor and detailed heads of account to which the amount of the bill is chargeable and the designation of the officer controlling the expenditure should invariably be attached to bills.

6. Between the 16th and 31st March please make it a point to check your Bill Register every day with a view to receive all payments in good time.

7. As a special concession to payees, the Cash Payment and Cheque Delivery counters of this office will be kept open till 4-30 p.m. on the 31st March. No payment will be made after that hour.

8. Establishment Bills for March, 1959, will be paid by this office on the 1st April 1959 instead of on the 31st March 1959.

Report of the Board of Directors of the West Bengal Financial Corporation

For the year ended 31st March 1958

ACCOUNTS

The Board of Directors present herewith the accounts for the year ended the 31st March, 1958 together with their report on the working of the Corporation during the year.

		Rs. nP.
After payment of expenses of administration and other charges (including depreciation) the net profit for the year amounts to Rs. 3,92,232·41 nP. to which a sum of Rs. 23,000 being the balance of the "Investment Reserve Fund" which is no longer required has been added, making the balance of the profit and loss account		4,15,232·41
Out of this amount, the following appropriations have been made :—		
	Rs.	
(a) Provision for income tax	2,10,000	
(b) Transfer to Reserve Fund established in terms of sub-section (1) of section 35 of the State Financial Corporations Act, 1951	19,500	2,29,500·00
leaving available, for distribution		1,85,732·41

The amount available for distribution, as percentage of the paid-up capital, works out at 1.85 per cent. compared with 1.30 per cent. in 1956-57 and .87 per cent., the average for the last three years.

2. The State Government, in pursuance of section 6 of the State Financial Corporations Act, 1951, have guaranteed a minimum dividend of 3½ per cent. per annum on the paid-up share capital of the Corporation. It is proposed to utilise the above amount of Rs. 1,85,732.41 nP. towards payment of dividend at the rate of 3½ per cent. per annum, free of income tax, and request the Government of West Bengal to give subvention for the balance of Rs. 1,64,267.59 nP. to make up the deficit. The amount of subvention required this year is thus less than the amount of the tax of about Rs. 2,10,000, which the Corporation is required to pay on the current year's profits. In other words, had the State Financial Corporations been exempted from payment of income-tax, as was unanimously asked for by all State Financial Corporations, this Corporation would not have required any subvention from the Government this year.

3. New Companies do not normally pay any dividend for the first few years but the State Financial Corporations are obliged to pay the guaranteed dividend from their very inception. Further, financing companies do not benefit from development rebates, depreciation allowances, etc., as other new companies ordinarily do. On the other hand, because of the risk inherent in industrial financing, it is imperative that Financial Corporations should build up strong reserves from the outset. With their limited profit earning capacity, it would be no easy matter for the Corporations to do so unless their burden of taxation is substantially lightened. The contingent liability of this Corporation in respect of subventions received from the Government towards payment of the guaranteed dividend, including the subvention required this year will amount to Rs. 8,50,421.50 nP.

4. A statement of loan applications received and dealt with by the Corporation during the year under review is given in Appendix "A" and a summary thereof together with the comparative figures for the previous year is appended:

	During the year ended 31-3-1957.		During the year ended 31-3-1958.	
	No.	Amount (000 omitted) Rs.	No.	Amount (000 omitted) Rs.
Applications received	46	1,81,67	54	1,57,78
Applications sanctioned	16	71,65	17	58,50
Applications rejected	22	69,70	17	67,07
Applications treated as lapsed, withdrawn or returned	15	38,89	22	52,63
Applications under consideration at the end of the year	18	66,52	16	46,10

5. It will be observed from the figures given in the preceding paragraph that the total amount of loans sanctioned during the year under review aggregated to Rs. 58,50,000, the progressive total up to the end of March, 1958 being Rs. 1,73,42,500. Out of this total amount, loans disbursed amounted to Rs. 85,56,000 and loans declined by the borrowers were Rs. 47,32,500, leaving a balance of Rs. 40,54,000 to be disbursed. Repayments during the year amounted to Rs. 1,65,000, the total for the entire period since the inception of the Corporation is Rs. 11,00,000. There has been no default in the payment of interest or instalments in repayment of loans, except in one case. This matter is receiving our attention.

6. A satisfactory progress has been made in the disbursement of loans this year, the amount disbursed being Rs. 41,66,000, which is nearly as much as was disbursed in the course of the preceding three years, the figure for that period being Rs. 43,90,000. The share capital of the Corporation, amounting to Rs. 1 crore, has now been almost fully utilised and the balance left does not cover its pending loan commitments. It became, therefore, necessary for the Corporation to increase its resources and this has been done with the approval of the Reserve Bank of India and the Government of West Bengal by issuing bonds of the face value of Rs. 50 lakhs at 4¾ per cent. per annum at a price of Rs. 99 for every Rs. 100 of the bonds applied for.

7. It is somewhat disappointing that the amount of loans applied for and the loans sanctioned this year compare unfavourably with those of the previous year. This reflects the prevailing unfavourable investment climate, which is variously attributed to high taxation, uncertain business prospects, difficulty regarding foreign exchange and consequent import restrictions both in regard to capital goods and imported raw materials consumed by industries. The enhancement of the Corporation's lending rate from 6 per cent. to 7 per cent. per annum commensurate with the cost in interest of funds which the Corporation has been obliged to raise by borrowing in the market, is another factor responsible for the falling off of the better class of applications for loans. The statistical information available points to a steady decline in Small Saving Collections in recent months, which suggests that there is very little margin for saving amongst the general public. If savings tend to decline rather than to grow, the repercussive effect on industrial

enterprises cannot but be adverse. At the same time there is lack of public confidence in industrial enterprises as is evidenced by a continued fall in stock exchange values. These are, it is hoped, passing phases; nevertheless they affect the working of institutions financing industries.

8. We have stated in paragraph 5 that out of loans aggregating to Rs. 1,73,42,500 sanctioned by the Corporation, loans declined by the borrowers amounted to Rs. 47,32,500. The amount declined is comparatively high and is mainly accounted for by the refusal of four loans, each for Rs. 9½ lakhs, aggregating to Rs. 38 lakhs. Two of these concerns were jute mills, which obtained loans at a lower rate of interest from the National Industrial Development Corporation Private Ltd.; another was an engineering concern which failed to obtain the municipal contract for which the loan was applied for and the fourth was a textile mill, which did not disclose the reason for not availing themselves of the loan. It may not be out of place to mention here that there have been instances of loans sanctioned being declined or reduced as well as applications submitted being withdrawn on account of failure on the part of the applicants to obtain import licences for the capital goods required.

9. A statement of loans outstanding as at he 31st March, 1958, analysed indsutrywise, is given in Appendix "B".

10. With the object of securing a better co-ordination between the agencies connected with the work of the "Pilot Scheme" sponsored by the State Bank of India, it is being considered whether the State Bank might function as agents of the State Financial Corporations where the latter have no offices and whether credit might be provided jointly by the State Bank and the Corporation for working capital and block requirements on the basis of the available security. The Small Scale Industries Board has recommended the utilisation of the agency of the State Financial Corporations for routing Government funds, under liberalised scheme, to small industries and this matter also is under consideration.

11. In terms of the proviso to sub-section (2) of section 11 of the State Financial Corporations Act, 1951, the vacancies arising in the offices of directors were filled by election of the following gentlemen at he annual general meeting of the Corporation held on the 31st May, 1957.

(a) Sir B. P. Singh Roy—re-elected to represent scheduled banks.

(b) Shri S. R. Mitra—elected to represent co-operative banks.

12. In pursuance of section 15(1) of the Act, the Government of West Bengal, after considering the recommendations of the Board of Directors of the Corporation, re-nominated Shri B. M. Birla as its Chairman.

13. The composition of the Executive Committee remained unchanged with the following members:—

(a) Shri H. P. Banerjee, Chairman.

(b) Sir D. N. Mitra, C.B.E.,

(c) Sir B. P. Singh Roy, and

(d) Shri N. N. Majumdar.

14. As required under sub-section (1) of section 37 of the Act, the accounts of the Corporation for the year under review have been audited by two auditors, one appointed by the State Government, namely, Messrs. S. N. Banerjea & Co., and other, namely, Messrs. S. K. Bhattacharjya & Co., elected by shareholders other than the State Government and the Reserve Bank of India. The two auditors for the year 1958-59 will be similarly appointed or elected, as the case may be, in the course of the current year.

15. The audit to be conducted by the Comptroller and Auditor-General of India under sub-section (6) of section 37 of the Act has been completed for the year 1956-57 and that for the year 1957-58 will be taken up in due course. An inspection was also conducted for the first time by the Reserve Bank of India between the 15th June and the 11th July, 1957, in terms of section 37(A) of the Act.

16. The Board of Directors are grateful to the Ministry of Commerce and Industry, Government of India, the Government of West Bengal, the Reserve Bank of India, the Industrial Finance Corporation of India and the sister Corporations established in other States for the guidance and co-operation rendered to this Corporation whenever any occasion has arisen. The Board also have pleasure in placing on record their appreciation of the work done by the Officers and staff of the Corporation during the period under review.

By order of the Board,

H. P. BANERJEE,

Managing Director.

Das Gupta, Assistant Secretary to the Government of West Bengal in the Department of Local Self-Government and Panchayats, to act, in addition to his own duties, as the Registering Authority for the purpose of the said rules for a further period from 13th February 1959 to 14th March 1959.

By order of the Governor,
A. NIYOGI, Jt. Secy.

DEPARTMENT OF HEALTH

Medical

NOTIFICATIONS

No. Medl./1525/1H-171/58.—19th February 1959.—In exercise of the power conferred by section 10 read with section 8 of the R. G. Kar Medical College and Hospital Act, 1958 (West Bengal Act VIII of 1958), the Governor is pleased to make the following rules, namely:—

THE R. G. KAR MEDICAL COLLEGE AND HOSPITAL RULES, 1959

1. These rules may be called the R. G. Kar Medical College and Hospital Rules, 1959.

2. In these rules, unless there is anything repugnant in the subject or context,—

(1) "the Act" means the R. G. Kar Medical College and Hospital Act, 1958;

(2) "Chairman" means the Chairman of the Committee and for the purposes of rules 6, 7 and 8 includes a member elected under rule 6 to preside over any meeting;

(3) "Government" means the State Government of West Bengal;

(4) "Member" means a member of the Committee;

(5) "meeting" means a meeting of the Committee;

(6) "Principal" means the Principal of the institution;

(7) "Quarter" means a period of three calendar months;

(8) "Secretary" means the Secretary of the Committee.

3. The Secretary shall, on his own motion or on the direction of the Chairman, convene meetings of the Committee as often as the business of the institution may require, so, however, that at least one such meeting shall be held in every quarter.

4. Save as otherwise hereinafter provided, at least one week's notice of every meeting shall be given to the members and such notice shall include the agenda:

Provided that in the case of an emergent meeting, twenty-four hours' notice shall be sufficient.

5. Five members shall form a quorum.

6. The Chairman shall, if present, preside over every meeting. In the absence of the Chairman from any meeting, the members present shall elect one from amongst themselves to preside over that meeting.

7. The proceedings of all meetings shall be recorded by the Secretary and shall be authenticated by the Chairman.

8. (1) Except where the members are unanimous, any matter under discussion at any meeting shall be decided by the votes of the majority of the members present and voting.

(2) Every member shall have one vote. The Chairman shall not vote, but shall, in the case of an equality of votes, have a casting vote.

(3) The votes shall be taken by show of hands or by ballot or by division as the Chairman may think fit:

Provided that votes shall be taken—

(a) by ballot where any member so demands, or

(b) by division where votes have already been taken by show of hands and any member asks for a division.

(4) The procedure for taking votes by division or by ballot shall be such as may be determined by the Chairman.

(5) The result of voting shall be announced by the Chairman at the meeting and such announcement shall be final and shall not be challenged.

9. The Secretary shall send copies of the proceedings of every meeting to the members for information. A copy of such proceedings shall also be sent to the Director of Health Services, West Bengal, for information and such action as may be necessary, with the remarks of the Principal, and the Director of Health Services, West Bengal, shall submit to Government a report regarding the action taken or proposed to be taken by him.

10. The Committee shall, every quarter, review the working of the institution, during the immediately preceding quarter and offer suggestions and recommendations for improvement, if any. A statement of actual receipts and expenditure of the institution during the immediately preceding quarter shall also be placed before such meeting for consideration.

11. The Committee shall consider the annual budget of the institution and thereafter such budget shall be forwarded to the Director of Health Services, West Bengal, by the Principal.

12. The Committee shall consider the arrangements for the administration of the institution and offer such suggestions in that behalf as it may think proper.

13. Any scheme of improvement of the institution or proposal involving new expenditure shall be considered by the Committee before submission to the Director of Health Services, West Bengal.

14. The Committee shall look after the proper management of the properties of the institution including lands, buildings, erections, fixture, furniture, equipments, stores, drugs and monies. The Committee shall also, from time to time, examine any unserviceable stores and, subject to orders of Government, arrange for their disposal by auction or otherwise.

15. The Committee shall arrange for the disposal of unclaimed properties of patients lying in the custody of the institution, subject to orders of the Government.

16. The members of the Committee shall visit the hospitals of the institution either in groups or individually, at such times and on such days as may be previously fixed in consultation with the Principal. The members may also pay visits to the hospitals of the institution on other days; provided that a member shall while paying such a visit on arrival at the hospitals, immediately contact the Principal or, in his absence, the officer-in-charge of the hospitals before entering the wards.

17. The Committee shall consider such other matters as may be placed before it by the Secretary either in his own discretion or at the direction of the Director of Health Services, West Bengal, and shall take such action as may be necessary or offer suggestions and recommendations thereon.

By order of the Governor,
D. N. CHAKRAVARTI, Secy.

LABOUR DEPARTMENT

NOTIFICATIONS

No. 1461L.W./LW/1A-177/58.—16th February 1959.—Whereas in the opinion of the Governor—

(1) the rules of the provident funds of the factory mentioned in Schedule I below (hereinafter referred to as the said factory), with respect to the rates of contribution are not less favourable to the employees therein than those specified in section 6 of the Employees' Provident Funds Act, 1952 (XIX of 1952); and

(2) the employees in the said factory are also in enjoyment of other provident fund benefits which on the whole are not less favourable to them than the benefits provided under the Employees' Provident Funds Scheme, 1952 (hereinafter referred to as the said Scheme), in relation to the employees in any other factory of a similar character;

Now, therefore, in exercise of the power conferred by clause (a) of section 17 of the Employees' Provident Funds Act, 1952 (XIX of 1952), the Governor has been pleased to exempt the said factory with effect from the 1st February 1957 from the operation of all the provisions of the said Scheme subject to the conditions specified in Schedule II below, namely:—

SCHEDULE I

Serial No.	Name of the factory.
1.	Baptist Mission Press, 41A Lower Circular Road, Calcutta-16

SCHEDULE II

1. Every factory shall have a provident fund scheme in force the rules of which with respect to the rates of contribution shall not be less favourable than those specified in section 6 of the Employees' Provident Funds Act, 1952, and the employees shall also be in enjoyment of other provident fund benefits which on the whole shall not be less favourable to the employees than the benefits provided under the Act or any Scheme in relation to the employees in any other factory of a similar character and these rules shall be followed in all respects.

2. The employer in relation to each factory (hereinafter referred to as the "employer") shall within three months of the date of publication of this notification, amend the constitution of the provident fund maintained in respect of the factory in regard to the following matters, namely:—

(a) the provident fund shall vest in a Board of Trustees and there shall be a valid instrument in writing, which adequately safeguards the interests of the employees and such instrument shall be duly registered under section 5 of the Indian Trusts Act, 1882;

(b) the Board of Trustees shall consist of an equal number of representatives of the employees and the employer and all questions before the Board shall be decided by a majority of votes;

(c) the employer shall nominate one of his representatives on the Board as the Chairman who may exercise a casting vote if so provided under the rules of the factory. Where a casting vote is exercised or where no casting vote is exercised but the opinion of the representatives is equally divided, the matter shall be referred to the Regional Provident Fund Commissioner appointed under the said Scheme (hereinafter referred to as the Regional Commissioner) within whose jurisdiction the factory to which the matter relates is situated and whose decision in the matter shall be final.

3. The provident fund rules of any factory shall not be amended except with the previous approval of the Regional Commissioner. Where any amendment affects the interests of the employees, before giving his approval, the Regional Commissioner shall give a reasonable opportunity to the employees to explain their point of view.

4. (a) The employer shall maintain accounts of the provident fund in such manner and submit such returns to the Regional Commissioner as the Central Provident Fund Commissioner may, from time to time, direct.

(b) The employer shall furnish to the Regional Commissioner such accounts relating to the provident fund of the factory as the Central Provident Fund Commissioner may prescribe from time to time. He shall also furnish an annual statement of account or a Pass Book, in such form as may be approved, to each subscriber who, but for the exemption, would have been a member of the fund established under the Employees' Provident Funds Scheme, 1952.

(c) The employer shall make all investment of accumulations accruing after the date of exemption in securities of the Central Government. The reinvestment or conversion of securities on maturity shall also be in the securities of the Central Government. The employer shall formulate a procedure for prompt investment of provident fund moneys and shall get it approved from the Regional Commissioner.

5. The employer shall afford such facilities for inspection of the accounts of the provident fund as the Central Provident Fund Commissioner may from time to time specify.

6. All expenses involved in the administration of the provident fund scheme including the maintenance of accounts, submission of accounts and returns, transfer of accumulations and payment of inspection charges shall be borne by the employer.

7. The employer shall display on the notice board of his factory in English, a copy of the approved rules and the translation of salient points of the rules in the language of the majority of the workers, respectively.

8. The employer shall within three months of the date of publication of this notification transfer to the Board of Trustees the accumulations standing to the credit of the employees who, but for the exemption, would have been members of the Statutory Fund.

9. When the fund is wound up or exemption of the factory is cancelled, accumulations standing to the credit of the employees who, but for the exemption, would have been members of the Statutory Fund shall be transferred to that fund as soon as possible and, in any case, not later than thirty days in the case of securities and not later than ten days in the case of cash in hand or bank, together with a statement or statements as may be required by the Regional Commissioner.

10. The employer shall accept the past provident fund accumulations of an employee who is already a member of the Employees' Provident Fund or an exempted fund and who obtains employment in his factory. Such an employee shall immediately be admitted as a member of the factory's provident fund. His accumulations which shall be transferred within three months of his joining the factory shall be credited to his account.

11. The employer shall provide for nomination in his provident fund rules in accordance with the provisions contained in paragraph 61 of the Employees' Provident Funds Scheme, 1952.

12. The amount of contributions shall be calculated to the nearest quarter of a rupee; that is, 12.5 naye paise or more shall be counted as the next higher quarter of a rupee and fractions of a rupee less than 12.5 naye paise shall be ignored. The amounts of inspection charges and damages shall be calculated to the nearest 5 naye paise; that is, 2.5 naye paise or more shall be counted as 5 naye paise and any amount less than 2.5 naye paise shall be ignored.

13. On all repayable loans granted by factories interest shall be charged at the rate of 4½ per cent. or 1 per cent. above the rate allowed on the balance to the credit of the members whichever is higher.

14. The employer shall pay to the Regional Commissioner inspection charges payable, failing which damages shall be paid at a rate fixed by the Central Government from time to time

15. Exemption granted by this notification is liable to be withdrawn by the State Government for breach of any of the aforesaid conditions or for any other sufficient cause which may be considered appropriate.

By order of the Governor,
S. K. BANNERJI, Jt. Secy.

No. 5101.R./IR/1A-1/59.—11th February 1959.—Whereas the State Government is satisfied that the public interest requires that the Passenger Bus Service of the district of Burdwan should be declared to be a public utility service;

Now, therefore, in exercise of the power conferred by sub-clause (vi) of clause (n) of section 2 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased to declare the Passenger Bus Service of the district of Burdwan to be a public utility service for the purposes of the said Act for a period of six months with effect from the 11th February 1959.

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947)) the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Rupali Cinema (Private) Ltd., 45/B Ashutosh Mukherjee Road, Bhawanipur, Calcutta, and one of their employees Shri Gour Mohan Ghosh, represented by the Bengal Motion Pictures Empolyees' Union, 126A Dharamtala Street, Calcutta. AWARD

This industrial dispute, relating to the two issues mentioned below, existing between Messrs. Rupali Cinama (Private) Ltd., and one of their employees Shri Gour Mohan Ghosh was referred to this Tribunal by the Government of West Bengal, Labour Department, order No. 1420-I.R./IR/11L-6/57, dated the 7th April 1958

Issues

(1) The date of confirmation of service of Shri Gour Mohan Ghosh.

(2) The pay scale of Shri Gour Mohan Ghosh.

Both parties filed written statement, adduced evidence and advanced argument in the case.

Issue No. 1: Shri Gour Mohan Ghosh, Joint Operator-in-Charge, Rupali Cinema, was appointed on probation from 15th June 1956, on consolidated wages of Rs. 150 per month inclusive of dearness allowance. This was done by an appointment letter, dated 8th June 1956, Ext. 1(f). This period of probation was subsequently extended by letter, dated 6th November 1956, Ext. 1, up to 31st December 1956. The Company agreed in that letter to make Shri Ghosh permanent with effect from 1st January 1957. Shri Ghosh is continuing in service on the same consolidated wages of Rs. 150 per month. He was not given any separate letter of confirmation as promised in Ext. 1. Hence this confusion. Shri P. R. Mukherjee, appearing on behalf of the Company, contended, relying on Shri Ghosh's own letter, dated 16th February, Ext. A, that Shri Ghosh was already confirmed with effect from 1st January 1957. Whatever might have been the position before, it is now clear that Shri Ghosh was confirmed, in his present post, on consolidated wages of Rs. 150 per month with effect from 1st January 1957. I answer the issue accordingly.

Issue No. 2: This relates to his scale of pay. He was not given any scale of pay either in his letter of appointment or in any letter subsequent thereto. Shri Ghosh asks for a scale of pay, as embodied in Ext.3, Bengal Motion Pictures Association's agreement, dated 2nd July 1948. The said scale of pay applies to all whole-time permanent employees only. It is in evidence of Shri Ghosh that there are 5/6 operators, including himself, and a part-time operator in the service of this Company. He with his senior Shri Manindra Acharyya, gets a monthly pay of Rs. 150 per month (all inclusive). Other operators are getting much less than that. No one has been allowed any incremental scales. No one received any increment up till now. Shri Ghosh does not know whether any of the staff of this Company gets the benefit of the agreement Ext 3, or, for the matter of that, of any alleged separate agreement with this Company. In fact, a dispute over increment of the entire staff including the operators is now pending settlement before the Conciliation Officer. Apparently, Shri Ghosh is involved in the said dispute. He asked the Company to treat him on an equal footing with the other employees and give him the same increment as given to other employees. He made written representations to the proprietor to that effect. He is even now agreeable to accept whatever increments are allowed in the conciliation proceedings to other operators. Shri P. R. Mukherjee's contention is that Shri Ghosh is bound by the terms of his agreement embodied in his letter of appointment mentioned above. Shri Ghosh actually asked for his confirmation in terms of the said letters. Whether he should be given any incremental scales of pay or not is a question which should better be decided upon along with the cases of other employees. Shri Ghosh is not entitled to any incremental scales of pay at present. His case for increment will receive due consideration in the conciliation proceedings along with other employees involved in the said dispute. I answer the issue accordingly.

AWARD

The Government of West Bengal, in the Labour Department, by order No. 2749Dis./D/11L-125/55, dated 17th June 1955, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Bharat Glass Works Ltd., Belghuria, 24-Parganas, and their workmen represented by the Bharat Glass Workers' Union, 7 Dinanath Chatterji Street, P. O. Belghuria, 24-Parganas, regarding some matters specified in a schedule to this Tribunal for adjudication. The award of this Tribunal in respect of this proceeding was made on 16th September 1958, and was published in the *Calcutta Gazette* on 16th October 1958.

On 18th September 1958, Shri Shankar Kangali, T. No. 18, C/o. Shri Asoke Das Gupta, 13A Shrif Lane, Calcutta-16, applied under section 33A of the Industrial Disputes Act, complaining against his dismissal on various grounds. The petitioner prays for reinstatement with all back wages,

including allowances, bonus and leave wages and such other dues as may be deemed fit and proper. The Company opposed the claims on various grounds.

On the 21st January 1959, a joint petition was filed by the workman, Shri Shankar Kangali, and his employers, Messrs. Bharat Glass Works Private Ltd., stating that the Managing Director felt offended at the conduct of Shri Shankar Kangali, who submitted that he had no intention to offend the Managing Director, but when he had taken it otherwise, Shri Shankar Kangali was sorry for the same. It is further stated in this joint petition that the Company has already reinstated the workman with effect from the 15th January 1959, and that the period of his unemployment will be treated as leave without pay. The Company has paid a sum of Rs. 800 to the Bharat Glass Workers' Union for payment to Shri Shankar Kangali or for any other purpose. It is prayed that a 'no dispute' award may be passed. This joint petition appears as Appendix A to this Award. Perused the joint petition and it appears that the terms thereof are excellent. I, therefore, accept the joint petition of compromise in Appendix A, and award in accordance with the terms thereof. The compromise petition in Appendix A shall form a part of this award.

Albert David Ltd., 15 Chittaranjan Avenue, Calcutta-13, and their workmen represented by the Albert David Workers' Union, 220 Diamond Harbour Road, Calcutta-34, regarding the issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Industrial Tribunal;

And whereas the said First Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Albert David Ltd., 15 Chittaranjan Avenue, Calcutta-13, and their workmen represented by the Albert David Workers' Union, 220 Diamond Harbour Road, Calcutta-34. (Case No. VIII-96 58.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. C. BANERJI, *District Judge (Retd.), Judge, First Industrial Tribunal.*

The Government of West Bengal, in the Department of Labour, by order No. 1899-I.R./IR/11L-59/58, dated 12th May 1958, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Albert David Ltd., 15 Chittaranjan Avenue, Calcutta-13, and their workmen represented by the Albert David Workers' Union, 220 Diamond Harbour Road, Calcutta-34, regarding the matters specified in the following issues to this Tribunal for adjudication.

Issues:

(1) Fixation of scales of pay.

(2) Dearness Allowance.

Notices were issued on both the parties, who filed written statements setting forth their respective cases.

The pleadings of the parties on the issues referred to the Tribunal will be discussed at the decision of the issues here below.

For the Company: Shri N. M. Das Gupta, Advocate.

The issues that were framed for the decision of this case were the same as those mentioned in the order of reference and are as follows:—

Issues

(1) Fixation of scales of pay.

(2) Dearness Allowance.

AWARD

Decisions

Issue Nos. 1 and 2: The Union, in its written statement, states as follows:

In 1948 by an amicable settlement between the Company and its workmen, grades and scale of pay of workmen of all categories were settled and the said grades and scales of pay as prescribed by the said settlement, are still in force. Since the fixation of the grades and scale as aforesaid, there have been great changes of circumstances relating to the terms and conditions of employment of all kinds of industries including the Chemical Indutsry in the Calcutta industrial area. The business of the Company has since increased and the working results have shown definite improvement. Since 1953, the Company has started expending its business, and its production has been considerably increased. Some new plants and machineries, as shown in Ext. A to the Union's written statement, have been installed to improve its productive capacity. As a consequence of this expansion of the business, the work of the workmen concerned has also increased. There has also been a considerable rise in the cost of living and on 7th August 1956, the Union, on behalf of the workmen, submitted a charter of demands to the Company for a revision of the basic pay scales of the Packers, Checkers, Fillers and Sealers, Despatch Packers and Subordinates. Relevant portion of the said charter of demands appears as Annexure B to the Union's written statement. The Company pays a dearness allowance of Rs. 19 only per month. This amount is low in contrast to that paid by other industries to their workmen in the region. In the aforesaid charter of demands, the Union demanded an increase of the dearness allowance from Rs. 19 to Rs. 35 per month. The Union, therefore, prays for an award directing the Company for a—

(a) revision of the wage scales of the following five categories of workmen as stated below:—

Designation of workmen.		Existing scale.	Scale demanded.
(i) Packers	..	45—2—65	45—2—65—3—95
(ii) Checkers	..	50—2—70	50—2—70—3—100
(iii) Fillers and Sealers	..	60—3—75	60—3—75—3—105
(iv) Despatch Packers	..	40—2—50	40—2—50—2—80
(v) Subordinates	..	36—2—42	36—2—42—2—70

(vi) For all other categories of workmen—10 per cent increase in the existing minimum basic wage and 30 per cent. in the maximum basic wage in each grade, and the scale to be so fixed that a workman in each grade may reach the maximum in 15 years' time;

(b) directing the Company to make available to each workman one special increment at the prescribed rate for every three years of past service while fitting in the new scale of pay;

(c) directing the Company to make available to the workmen dearness allowance at the rate of Rs. 35 per month with effect from August, 1956.

The Company, in its written statement, states that there was an award made by the Fourth Indusrial Tribunal on 24th February 1953, published in the *Calcutta Gazette* on 19th March 1953, in respect of issues referred to the Tribunal and other issues. The said award is still binding between the parties inasmuch as no notice has been given by the workmen or the Union terminating the said award according to law. The Tribunal should, therefore, refuse to adjudicate on the issue referred to it. There has been no change of circumstances justifying a revision of the pay scales and dearness allowance paid to the workmen. The Company's business has not increased, as alleged. On the contrary, it has been facing a keen and increasing competition than before. The financial condition of the Company is not stable. The sales have declined since 1953. The Company has purchased some new machineries, but not all the categories as mentioned in Annexure A to the Union's written statement, considering the interest of the industry to run it efficiently. The Company has been treating its employees very cordially and sympathetically, and it grants financial relief, as well as relief by way of *ex-gratia* payment as bonus. In case of profit, the employees get bonus on the established principles out of available surlus profits. The Company is one of the small units among the pharmaceutical manufacturing concerns. The minimum basis wage was fixed at Rs. 36 and the dearness allowance was fixed at Rs. 19 per month. Besides, the Company has been paying annas 4 per working day except Saturdays as tiffin allowance, which comes to Rs. 5 per month. In the Head Office, the Company pays Rs. 5 as attendance allowance, besides basic pay and dearness allowance. The minimum total wage is, therefore, Rs. 60 per month. The pharmaceutical manufacturing industry has got much less paying capacity than other major industries. Considering, however, the fact that the products of this industry are required and used by ailing persons, rich and poor, any increase in the wages will have its reflection on the price of its products. The total minimum wage is fair and reasonable. There are incremental scales existing in the Company, while no other Company of this type generally had any such incremental scale. Working hours in the factory are only 41½ in the week. The Union, in its charter of demands, only demanded revision of pay for certain categories of employees in the factory. There is no claim in the charter of demands in respect of the employees of the Head Office or other categories of workmen in the factory. The claim of the Union, as made before the Tribunal in its written statement, for increase of wage for other categories of workmen than those mentioned in the charter of demands, has not acquired the character of an industrial dispute, and cannot be adjudicated upon by the Tribunal. As regards the category of workmen mentioned in Annexure B, the charter of demands, the existing minimum basic wages with incremental scales thereof are most liberal and fair and no revision is called for. The Union's claim for increase of basic wage, as well as revision of pay scales, should be rejected.

The financial position of the Company was not satisfactory. There has been no change in the trading position since 1953. Considering the total wages paid by the Company and for other reasons mentioned above, the existing dearness allowance at the flat rate of Rs. 19 is most reasonable. The claim of the Union for increase of dearness allowance to Rs. 35 or by any amount has no basis. The claim of the Union in respect of dearness allowance should, therefore, be rejected.

Evidence was adduced by both parties in support of their respective cases. P. W. 1 Shri Jyotish Chatterji, General Secretary of the Union, deposed for the Union. Documents, Exts. 1 to 1(b) and 2 were marked for the Union. O.P.W. 1 Shri Karuna Kanta Chakrabarty, Factory Manager, deposed for the Company and Ext. A was marked for the Company.

It has to be mentioned at the outset that the claim of the Union for a revision of the basic wages in the charter of demands, Ext. 1, related to the pay scales of five categories of workers, viz., Packers, Checkers, Fillers and Sealers, Despatch Packers and Subordinates. In the written statement, the Union made a specific claims for the increase of wage scales of these five categories of wokmen and also made a claim for a 10 per cent. increse in the existing minimum basic wage and 30 per cent. in the maximum basic wage in each grade for all other categories of workmen. In respect of these other categories of workmen, the further prayer made is that the scale to be fixed for each workman is to have a span of 15 years. The claim for increase of basic wage as made on the written statement in respect of categories of workmen other than the five categories mentioned above did not find place in the charter of demands, Ext. 1, and was not, therefore an industrial dispute between the parties and should be and is rejected.

The claim in respect of the wage scales of the five categories of workmen mentioned above is as follows:—

Designation of workmen.	Existing scale.	Scale demanded.
(a) Packers	... 45—2—65	45—2—65—3—95
(b) Checkers	... 50—2—70	50—2—70—3—100
(c) Fillers and Sealers	... 60—3—75	60—3—75—3—105
(d) Despatch Packers	... 40—2—50	40—2—50—2—80
(e) Subordinates	... 36—2—42	36—2—42—2— 70

The wage scales for these five categories, along with those for other categories of employees in the factory and in the Head Office, were fixed by an agreement between the Union and the Company and by an award of this Tribunal in 1950, published in the *Calcutta Gazette*, by notification No. 4585Lab., dated 18th August 1950, the agreed scales were found to be saisfactory and much above the current wages of the workmen in this industry in the Calcutta area. This award has been published in the volume of published awards of the Government of West Bengal for the quarter ending September, 1950, at page 101. The minimum basic wage, according to this settlement, was Rs. 36, the dearness allowance was Rs. 19 and a tiffin allowance of Rs. 5 per month in the factory and attendance allowance of Rs. 5 in the Head Office are also available. The total minimum wage is, therefore, Rs. 60. The question of the basic pay and the dearness allowance are considered jointly in these issues to have a picture of the total remuneration available to the workmen. The fact of Rs. 36 constituting the basic wage, out of a total remuneraion of Rs. 60 only gave an advantage of greater provident fund contribution to the employees, which was also created by the agreement in 1948, which formed a part of the award in 1950. These scales were undoubtedly conceived as

a long-term measure. The Union claims for a revision of the basic wage scales of these five categories of workmen, as also for an increase of the dearness allowance. The Company, in its written statement, states that there was an award made by the Fourth Industrial Tribunal, on 24th February 1953, published in the *Calcutta Gazette* on 19th March 1953, in respect of the issues referred to the Tribunal and other issues. The said award is still binding between the parties as no notice has been given by the workmen or the Union terminating the said award according to law. The learned advocate for the Company claimed that the award between the parties made by the Fourth Industrial Tribunal, which was published in the *Calcutta Gazette* on 19th March 1953, was not terminated by the Union, and it was still binding on them. This award related to dearness allowance, revision of basic wage, grade system and some other issues. The learned Advocate for the Union stated that in view of the fact that the Union submitted the charter of demands, Ext. 1, on 7th August 1956, claiming for revision of basic wages of the five categories of workmen, the dearness allowance for all categories of workmen, and some other demands, and there was a conciliation proceeding between the parties, in which the Company took part, but did not raise any plea of want of notice for termination of the award, it should be considered by the Tribunal that the Company had sufficient notice of the termination of the award within the meaning of section 19(6) of the Act, and that this plea of the Company should be of no avail. It was decided by the Hon'ble Labour Appellate Tribunal of India in the case of Bhuturia Jute Mills and others, reported in 1956 L.A.C., 719, at pages 734 to 736, that a notice under section 19(6) of the Act may or may not be in writing and may be communicated in any manner, provided the party for whom it is intended has sufficient knowledge of the fact constituting it. In this decision, the communication of a charter of demands at variance with the existing award was considered to be a sufficient compliance of section 19(6) of the Act. In the present case, it is admitted that the charter of demands, Ext. 1, was served upon the Company. Exhibit 1(a) is the receipt of the Company, acknowledging the service of the charter of demands. The evidence of P.W. 1, the General Secretary of the Union, shows that in the conciliation proceeding, he was present for the Union and the Company's representative did not raise any objection on the ground that the award was still in force and binding. O.P.W. 1 states in examination in answer to a question from the Court that on receipt of the charter of demands, in which the workmen wanted revision of grades for some categories of workmen and increased dearness allowance, they or the Company understood that the workers were not willing to continue under the existing conditions in respect of grades and dearness allowance, as mentioned in the charter of demands. Considering the evidence on record, it appears to me that the submission of the charter of demands and the circumstances surrounding it, communicated to the Company the fact of termination of the previous award of March, 1953 and the objection of the Company in this respect should be and is rejected.

It is now to be considered if the basic wage scales of the five categories of workmen in the factory mentioned above should be revised in this proceeding. The basic wage scales, as fixed in the agreement, which formed a part of the 1950 award, were meant to be long-term provisions. They cannot be altered without a change in the circumstances on which they were based, as laid down in the decision of the Hon'ble Supreme Court in the case of Burn & Co., reported in 1956 L.A.C., 799. It was stated by the Union in its written statement that there has been improvement in the prosperity of the Company. There is no substantial evidence on record to justify this claim. P.W. 1, the General Secretary of the Union, filed Ext. 2, being a comparative statement showing by salary

allowances, etc., for three sister concerns, viz. East India Chemical and Pharmaceutical Works, Bengal Chemical and Pharmaceutical Works and Smith Stanistreet Co. The statement, as stated by the witness, was collected from the Assistant Secretaries of the Unions of workmen in these companies. These Assistant Secretaries of Unions were not examined before this Court. I do not consider that Ext. 2 has any evidenciary value worth the name. It is not, therefore, of any assistance in this proceeding. The award on Bengal Chemical and Pharmaceutical Works Ltd., published in the *Calcutta Gazette* on 26th April 1951, shows that the minimum basic wage there is Rs. 30 per month and the dearness allowance varies in slabs from Rs. 30 to Rs. 50. It appears that the minimum basic wage for unskilled workers at Rs. 36 per month in a scale of Rs. 36—2—42 in the present Company, is quite reasonable and there is no evidence on record to justify the conclusion that in the Calcutta area, the minimum basic wage of an unskilled worker in a pharmaceutical works is more than what this Company offers. It is also to be considered that the claim for revision of only five categories of workmen in the factory, leaving aside other categories of workmen for whom also basic wage scales were fixed by the same agreement in 1948, would not be justified. The fact that some new machineries for improved production have been installed does not in any way show any change of circumstances justifying an upward revision of the wage scales of these five categories of workmen, as claimed. Exhibit A shows that in June, 1958, the Company created some additional grades for semi-clerical assistants and laboratory assistants Grade II and semi-skilled workers, to which a number of workers of the categories for whom revision of wage scales have been claimed, were promoted, in view of the fact that they were on the maximum of their grades. This action of the Company has given the necessary succour to the deserving employees in the five categories in question. I would only recommend that the Company should continue to give similar considerations in the future also. Considering all circumstances of the case and the evidence on record, it is awarded that the claim for revision of basic wage scales for the five categories of workmen, as made in this proceeding, should be and is rejected.

It appears that there has been a rise in the cost of living index since 1948, and the dearness allowance should be increased to counteract this rise. The average cost of living index, as published by the West Bengal State Statistical Bureau, from 1948, appears to be as follows:—

Cost of Living Index (average of):

		Middle-class.	Menials or working class.
1948	...	338.1	354.5
1949	...	350.3	368.3
1950	...	349.9	361.7
1951	...	355.9	369.2
1952	...	340.5	352.7
1953	...	337.4	352.4
1954	...	327.8	339.4
1955	...	322.3	333.7
1956	...	347.0	370.9
1957	...	365.9	397.6
1958 Up to July.	...	368.0	400.5

The dearness allowance of Rs. 19 was fixed in 1948. In view of the rise in the cost of living index since 1948, the dearness allowance should be increased to some extent.

Considering all circumstances, it appears to me that justice of the case would be met if the dearness allowance of all employees in the Company be increased from Rs. 19 to Rs. 25, and it is awarded accordingly.

These issues are accordingly answered.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. National Tobacco Co. of India Ltd., Messrs. West Bengal Power Supply Co., Ltd. and Messrs. Agarpara Co., Ltd., all managed by Messrs. B. N. Elias & Co. (Private), Ltd., 1 and 2 Old Court House Corner, Norton Buildings, Calcutta-1, on the one part and their employees represented by the B. N. Elias & Co., Ltd. Employees' Union, 19 Ramdhone Mitra Lane, Calcutta, on the other. (Case No. VIII—51/58.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SHRI M. N. GAN, *Judge, Fourth Industrial Tribunal.*

For the Union: Shri Sirdhartha Sankar Roy, Counsel, Shri D. L. Sen Gupta, Advocate, Shri Madan Saha Advocate, Shri S. Banerjee, Advocate.

For the Company: Shri K. B. Basu, Counsel, Shri P. D. Ginwalla, Counsel, Shri P. R. Mukherjee.

An industrial dispute over the dismissal of ten clerks, mentioned in the order of reference, existing between Messrs. National Tobacco Company of India Limited, Messrs. West Bengal Power Supply Company, Ltd., and

Messrs. Agarpara Company, Limited, all managed by Messrs. B. N. Elias & Co. (Private), Ltd. 1 and 2 Old Court House Corner, (hereinafter refefred to as the Company), and their employees represented by the B. N. Elias Co., Ltd. Employees' Union, 19 Ramdhone Mitra Lane Calcutta-4, was referred to this Tribunal for its adjudication by the Government of West Bengal, Labour Department, order No. 1178-I.R./IR/11L-168/57, dated the 21st March 1958.

Issue

Whether the dismissal of the undernoted clerks is justified? What relief are they entitled to?—

(i) Shri Sailendra Nath Bose.

(ii) Shri Provat Kumar Sircar.

Both parties filed written statements, adduced evidence, oral and documentary, and advanced arguments in the case.

FINDINGS

Issue No. 1: First six employees mentioned in issue No. 1 belong to National Tobacco Company, Limited. Nos. 7 and 8 belong to West Bengal Power Supply Company, Limited, and Nos. 9 and 10 belong to Agarpara Company, Limited. All these Companies are under the management of Messrs. B.-N. Elias & Co. (Private), Ltd. The Companies are located in the same buildings but in different rooms. Messrs. National Tobacco Company Ltd., wanted to introduce time recorder machine in the office of its Chief Accountant on and from 9th January 1958. The clerks did not like the idea and protested. The Employees' Union, and there is only one organisation for the employees of the said three Companies, took up the cause, on behalf of the clerks, and at its suggestion the introduction of the machine was postponed till 13th January 1956. In the meantime, the matter of dispute was taken up to the Labour Directorate and was pending, before a Conciliation Officer for settlement. After discussion with the parties, the time recorder machine was brought into use with effect from 13th January 1958 and on 16th January 1958 the parties agreed to continue to operate it till the dispute was adjudicated upon on a reference to a Tribunal.

On Friday, 17th January 1958, the employees, including clerks on N.T.C. (National Tobacco Co., Ltd.) side, attended the office and formed queue to register their attendance, with the help of a time recorded machine. At about 9-40 a.m. Shri T. K. Biswas, the Chief Accountant, ordered the main entrance door of the office room to be closed. This led to an incident, which ended in the dismissal of the ten clerks, whose names are mentioned in the issue to the order of reference.

In short, the Union's case is that the four clerks (Nos. 7 to 10) belong to Messrs. West Bengal Power Supply Company, Ltd. and Messrs. Agarpara Co., Ltd. did not take any part in the incident and were falsely implicated

in the case by the management which victimised them for their previous Union activities. The other six clerks, all on N. T. C.'s side, finding the entrance door of the office room suddenly closed, leaving out a number of clerks outside the hall still in the queue, went into the Chief Accountant's room only to get the door opened and not with the object of threatening him with assault and of abusing him in filthy language. These six clerks include Union officials, who had been into the room to help the Chief Accountant, at his request, for amicably and peacefully settling up the matter.

The Company's case, on the other hand, is that the clerks on the N. T. C.'s side protested from the very beginning against the introduction of the time-recorder machine, introduced in the interest of the office discipline and took up the matter to the Labour Commissioner for his active intervention. On 16th January 1958 the Union officials expressed their threat of taking direct action for introduction of the machine. On the next day, the entrance door of the office room was temporarily closed, when the Chief Accountant found that the tail-end of queue had touched the door. This at once resulted in a violent demonstration inside the office room and the angry demonstrators rushed into the room of the Chief Accountant with the object of manhandling him and started abusing him in filthy language. There were shouting and raising of slogans and the other officers, apprehending assault on Shri Biswas, came into his room and tried their best to pacify the crowd and restore order in the office. The demonstrators extracted an apology from Shri Biswas for closing the door and thereafter went back to their seats. The police, though present, did not take any action against the demonstrators. They were asked to wait outside the office and sent away after the incident. The clerks from the office of Messrs. West Bengal Power Supply Company, Ltd. and Messrs. Agarpara Company, Ltd. (hereinafter referred to as the B. N. Elias side) joined the demonstrators and took active part in the disturbances inside Shri Biswas's room. They left their place of work without permission of their superiors and threatened the telephone operator and the Manager when the latter asked them to return to their seats. The Management thereafter charge-sheeted these clerks for acts of indiscipline, amounting to grave misconduct, and after due enquiry placed them under suspension on 21st February 1958 and with the expressed permission of the Conciliation Officer dismissed them from service on 8th March 1958.

The Union had challenged this order of dismissal as arbitrary and *mala fide*, an act for victimising the clerks for their Union activities.

The question now is whether this dismissal is justified.

This rests on the further question whether or not the charges against these clerks are established or not, and whether the punishment is unduly excessive and unjust.

It has been urged on behalf of the Company that the scope of enquiry, in this reference, is very limited and limited to the decision whether or not the management had acted in good faith, whether there is victimisation or unfair labour practice, whether the management is guilty of any basic error or violation of principles of natural justice and whether, on the materials, the management's findings on the misconduct is completely baseless, or perverse. If the Tribunal finds in fabour of the Company, then in that case, it should not interfere with the decision of the management in dismissing the employees. In this connection Shri K. B. Basu, Counsel, for the Company, relied on a decision of the Supreme Court in Indian Iron & Steel Company and their workmen, reported in 1958, I, L.L.J., p. 260-III, F.J.R., p. 391, and to a decision of Mr. Justice M. C. Desai of Allahabad

High Court in a case between Radharaman Bajpai and others and Labour Appellate Tribunal and others, reported in 1957, II, L.L.J., p. 15, and contended that this Tribunal, in this reference, is not sitting as a Court of appeal from the decision of the mangement and, therefore, is not competent to, in any case, to substitute its own judgment for that of the management. Shri Sidharta Sankar Roy, Counsel for the Union, in reply pointed out that, practically speaking, there is no difference between the decision of the Labour Appellate Tribunal, in the case of Buckingham Carnatic Milla's case, reported in 1952 L.A.C., p. 491, and the decision of the Hon'ble Supreme Court in the Indian Iron & Steel Company's case, reported in 1958, I, L. L. J., p. 260. He, however, invited the Tribunal to interfere with the findings of the Management on the ground that there is not only want of *bona fides* in the matter but that the management has been guily of a basic error of facts and of victimisation of the employees concerned. He said that the point at issue is now fully covered by the two decisions of the Hon'ble Supreme Court in case between Lakshmi Devi Sugar Mills Ltd. and Ram Swarup and others in 1957, I, L.L.J., p. 17, and in the case of Indian Iron & Steel and their workmen reported in 1958, I, L.L.J., p, 260. At the same time he submitted that the decision of the Allahabad High Court referred to above has no application on the facts of the case. In this instant case, the management did not take action against the offending clerks under the provisions of the Standing Orders, or for the matter of that, any service rules having the force of a contract. The management acted in exercise of its inherent powers to enforce internal discipline in the office and punish anyone guilty of acts of indiscipline amounting to misconduct. In the case of Radharaman Bajpai and others, the decision of the Allahabad High Court was to a very large extent influenced by the fact that the Labour Appellate Tribunal of India, in hearing an appeal from the Industrial Tribunal, had completely ignored the terms of contract binding on the parties. The decision in the present case does not rest on any contract between the parties. Further, the whole question is, in my opinion, now covered by a later decision of the Supreme Court and, therefore, the said decision of the Allahabad High Court does not appear any to be good law. This Tribunal has jurisdiction, in any enquiry of this kind, to scrutinize all the circumstances of the case and to allow appropriate relief to the aggrieved party. Their Lordships in the case of Lakshmi Devi Sugar Mills Ltd., referred to above have observed as follows:

> "On such action being taken by the employer, the workmen would be entitled to raise an industrial dispute which would have to be referred to the appropriate Tribunal for adjudication by the Government on proper steps being taken in that behalf. When such industrial dispute comes to be adjudicated upon by the appropriate Tribunal, the workmen would be entitled to have all the circumstances of the case scrutinized and to the appropriate relief at the hands of the Tribunal." (*Vide* page 25 of the Report.)

Their Lordships in the case of India Iron & Steel Co. referred to above, have observed the following:

> "undoubtedly, the management has power to direct its own internal administration and discipline, but the power is not unlimited and when a dispute arise, Industrial Tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct the Tribunal does not, however, act as a Court of appeal and substitute its own judgment for that of the management. It will interfere (1) when there is want of good faith (2)

when there is victimisation or unfair labour practice, (3) when the management has been guilty of a basic error or violation of principle of natural justice and (4) when on the materials the findings completely baseless or perverse." (*Vide* pages 269-70 of the said Report.)

It seems that the findings on the relevant points of the Labour Appellate Tribunal, in the case of Messrs. Buckingham Carnatic Mills Ltd., reported at pages 497 and 493, received the approval of their Lordships of the Supreme Court, in the two of its decisions discussed above. It will, therefore, be wrong to contend, as has been done in this case, on behalf of the Company, that the duty of the Tribunal, in adjudicating this dispute, is only to see whether or not the management had conducted the enquiry into the charges fully and fairly, by giving full opportunity to the clerks to meet the charges and not to interfere with the decision of the management even when where the punishment was found to be unjust and unduly excessive, being out of proportion to the misconduct committed.

Another point was taken on behalf of the Company, in paragraph 2 of its written statement (at page 8), that since these employees were dismissed for misconduct, after a full enquiry into the charges, and after obtaining permission of the Conciliation Officer dealing with the dispute, this Tribunal will not have any jurisdiction to direct their reinstatement in this case. This point is now covered by a decision of the Hon'ble Supreme Court in the case of Lakshmi Devi Sugar Mills Ltd., already discussed above. In fact, the Union raised an industrial dispute after the dismissal of these employees, and the same was referred to this Tribunal for adjudication. The observations of their Lordships in the said case, quoted above, furnish a complete answer to the question. This Tribunal has jurisdiction to go into the merits of the matter in dispute and decide it. It is not precluded from allowing the appropriate reliefs, including reinstatement, where necessary.

As already stated, the parties adduced oral and documentary evidence in this case. The Union examined P.W. 1., Shri Sudhir Lal Banerjee, and P. W. 2, Shri Bimal Kumar Chatterjee, and the Company examined O.P.W. 1, Shri A. S. Cabbey, the Officer who conducted the enquiry into the charges against the dismissed clerks. The evidence recorded in the enquiry proceedings, with findings of the Enquiry Officer and of the management of the Company to dismiss the charge-sheeted employees, along with copies of charge-sheet and their replies and other relevant documents were put in as evidence before this Tribunal and marked Ext. A. Formal proof of these documents were dispensed with. It appears therefrom that the management examined 18 witnesses in all, including Shri T. K. Biswas, the Chief Accountant , on N. T. C.'s side, and 12 other officers of both N. T. C. and B. N. E.'s side. The management examined two clerks and three bearers also in support of the charges. The Union examined the ten dismissed employees and six other clerks in defence. All these evidences were read before this Tribunal.

As has been stated already, the closing of the door, leading to the office-room, on N. T. C.'s side led to an incident in the morning of Friday, the 17th January 1958. The clerks already in the office-room protested against this unusual measure and some of them rushed into the room of the Chief Accountant Shri T. K. Biswas The incident lasted for 15/20 minutes some time between 9-40 and 10 a.m. The clerks succeeded, as a result of this protest, in getting the order of the Chief Accountant to close the door withdrawn and also writen expression of regret (after a verbal apology) from the Chief Accountant for closing the door and thus shutting out

some of the employees to come in. It is admitted on both sides that this unusual measure was adopted after the time recorder machine was introduced in the office for recording attendance of clerks. This machine was introduced to put a check on numerous abuses of the privilege of grace time in recording attendance of the clerks. This seems to have been done apparently as a measure of enforcing internal discipline in the office. The clerks, who used to record their own attendance with hand in the attendance register along with the time of their arrival, took exception to the adoption of this measure and protested. The matter was taken up to the Labour Directorate for its active intervention and both parties agreed on 16th January 1958, a day before this incident to continue the time recording machine (introduced on 13th January 1958) till such time as the dispute was referred by the Government to a Tribunal. Since after the withdrawal of the order of closing the door and written expression of regret for this act by Shri T K. Biswas, all the clerks resumed their seats in the office and carried on normal work as before including recording of attendance with the help of the time recorder machine. The police came on receiving a call from the management but did not enter the office or in any way interfered in the dispute. No arrest was made. No charge-sheet was issued on 17th January 1958. No charge-sheet was issued till 20th January next. These facts are not in dispute.

The real controversy centres round the fact whether or not the incident was peaceful. The circumstances which eventually led to the incident have to be scrutinised, just to see whether the saff on the National Tobacco Co.'s side, annoyed by the sudden closure of the door in an unusual manner, had entered into the room of the Chief Accountant, Shri Biswas, by way of direct action, in a highly excited mood, shouting slogans and abusing and threatening him with assault. The controversial nature of the incident would also appear from the charge-sheets issued to the dismissed employees and their replies thereto.

The last named four employees belong to the B. N. Elias' side and were accused of trespassing into Shri Biswas's room, in combination with others, to coerce him for the withdrawal of the Time-Recording Machine, and, thereby, stifle all attempts, on the part of the management, to enforce discipline and smooth working conditions in the office. The accusation ends with the further allegation that but for the timely intervention by other officers, Shri Birwas would have been manhandled by the unruly assembly of clerks. All deny this accusation. The clerks on the B. N. Elias' side pleaded full alibi. They stated that they did not at all go over to the National Tobacco Co.'s side at the time of alleged incident, and also did not take any part in the alleged demonstration inside the room of Shri Biswas. The clerks on the National Tobacco side deny having ever abused, or held out any threat of assault to Shri Biswas or in any way manhandled him at the time of making a protest aginst the closing of the door.

The gravamen of the charge is that the clerks did actually translate into action their threat of 'taking direct action' just to compel the Company to withdraw the Time-Recorder Machine. It is alleged by the Company that on 16th January 1958 Shri K. C. Bose, Union Representative, told the Conciliation Officer, Miss De, that the use of the Recorder would be stopped by direct action, and the Conciliation Officer took exception to that. It is, however, in evidence of Shri A. B. Guha, Personal Officer, that both the parties 'agreed' that the question of dispute over the introduction of the Time-Recorder Machine would be referred to a Tribunal for adjudication and the machine would be used till such reference was actually made. Shri Guha also said that the conciliation proceedings ended because of this agreement between the parties. The Company 'agreed' to discontinue the

use of the Time-Recorder Machine as soon as the order of reference was received. It has been argued on the Union's side that there could not be any question of taking any direct action immediately after the said agreement, and the entire story of taking direct action by the clerks on the next day was against all probabilities. This would further appear from the fact that there was no disturbance, or anything of the kind, before the door leading to the office-room was actually closed under the orders of the Chief Accountant. It is admitted on both sides that these doors were never closed during the office-hours anytime previous to that day. It has been established that the clerks quietly formed a queue, the tail-end of which had touched the door, and that some of the clerks were actually outside the door when it was closed. This was followed by angry demonstrations by the clerks inside the office room, many of whom had entered into the room of Shri Biswas, Chief Accountant, to protest against his order, and demanded its immediate withdrawal. The incident lasted for about 10 or 15 minutes. The demonstrators came back to their seats after the door was opened and Shri Biswas expressed his regret, in writing, for giving any offence by closing the door. Normal work was resumed immediately after that and the recording of attendance continued with the help of the Time-Recorder Machine without any further disturbance. This evidence conclusively shows that the incident which took place on 17th January 1958, was not a part of any threatened direct action on the side of the Union. The basis of the charges, therefore, fails.

In the next place, it remains to be seen what actually did take place on the day of the incident. It appears from the evidence of Shri M. N. Mukherjee, Joint Secretary of the Union, and one of the dismissed employees on M. T. C.'s side, that immediately after the door was shut, under orders of Shri Biswas, there were some shouting from outside in the Waiting Room and also there were 'some shouts and conversation' from the queue which was inside the Hall. Thereafter, almost all the clerks went into Shri Biswas's room, and were having 'conversation among one other'. Shri Mukherjee went into Shri Biswas's room and asked the clerks to be quiet and peaceful, and they kept quiet. Shri Bimal Chatterjee, Shri S. N. Bose, Shri P. K. Sarkar and three other dismissed employees on N.T.C.'s side also entered the room with him. They requested Shri Biswas to open the door. The whole incident lasted for 10 or 15 minutes, after which Shri Biswas apologized and ordered the bearer to open the door. This was done immediately, and was followed by expression of regret, in writing, which was read out by Mr Sultoon to the staff, who then returned to their seats and resumed work.

The evidence, in this case, is on the whole of a partisan character. The management had examined 18 witnesses, as already stated, including Shri Biswas, who to all intents and purposes, figures as a complainant in this case. It is on his report that the Management decided to take disciplinary action and initiated proceedings against the dismissed employees. He had reasons to feel aggrieved, and his evidence, despite his position in the office, has to be accepted with due caution. The dismissed employees, who are in the position of accused persons, denied all the charges against them. Their evidence should be considered with same caution. The subordinate staff, including the bearers, and the six other witnesses from the clerical staff, were examined on behalf of the Union. Their evidence have not impressed me very much. There are, however, witnesses of credit, including Mr. Sultoon, whose evidence, in the case, was to a very large extent relied on also by the Union. In a case of this nature, the issues between the parties, have got to be considered in the light of probabilities. Shri Biswas offered a verbal apology. This apparently did not satisfy the

demonstrators, and to those, who came in to plead on their behalf. A written apology was handed over to the Joint Secretary, and was read out to the assembly by Mr. Sultoon. It is not difficult to visualise the situation inside the room of Shri Biswas following the orders for closing the door. Not only there were shouting inside and outside the hall, but that there were angry exchanges between the clerks and Shri Biswas. When the situation was apparently explosive, the high Executive Officers, including Mr. Sultoon naturally, rushed into the room of Shri Biswas with a view to averting any clash between the parties. The police was informed. The police came but was asked to wait outside and finally to leave without taking any action in the matter in dispute. The Officers from the B. N. E.'s side also arrived there. It is only reasonable to think that the clerks demanded an apology a written one, from Shri Biswas for closing the door, and this was done not, "in all courtsey and humility" to him. This was done in presence of high officials in the room including some who actively tried their best to bring about a settlement and to pacify the angry demonstrators. Unfortunately, no one except Shri Biswas, could say who of the ten dismissed employees actually abused him (Shri Biswas) and threatened him with assault. Many witnesses on the Management's side could not even say that there was any actual threat at all. On this evidence, and in view of the total denial, coming from the dismissed employees' side, it is not possible to find that the clerks actually abused Shri Biswas and 'thwarted' with an intention to assault him, in furtherance of a well-planned action to withdraw the Time-Recorder Machine.

The provocation to the demonstrators for protest, of course, was given by Shri Biswas himself, when he directed the closing of the door of the office room before the clerks could come in and record their attendance. It is, no doubt, an indiscreet act on the part of Shri Biswas. The strained feelings over the introduction of the Time-Recorder Machine are already known to him. Insult was thus added to the injury, when on the top of that the door was closed before the clerks could come in and record their attendance, and that without previously telling them that it was being done 'temporarily in order to facilitate the recording of attendance'. I am, therefore, clear, in my mind, that the incident was provoked by an unfortunate dicision of Shri Biswas, in course of which there was an angry demonstration by the clerks, including the dismissed employees, who had entered into Shri Birwas's room in an excited mood, shouting slogans and demanding an apology from him for closing the door. The aggrieved clerks, on the N. T. C.'s side thus had the undoubted right of protest against this unreasonable order of the management. A small number of them could have easily approached Shri Biswas for information on the point and telling him that the order was unjust and asking him to withdraw it. But then, they behaved otherwise. Their conduct, during the incident, was to say the least, highly improper, and amounting to misconduct. Their conduct, according to the Union's own evidence, was disorderly and boisterous. This was certainly not conducive to office discipline. The clerks, in my opinion, not only exceeded the limits of decency, but also of good conduct, which can be reasonably demanded of them from prompt and proper despatch of work.

Shri Biswas was in the office of N. T. C. Ltd. for a number of years before he was promoted to his present post. He not only knew all the clerks on the N. T. C.'s side, but also some of the clerks of the B. N. E.'s side, including Shri S. N. Banerjee, who worked under him for sometime. He clearly recognised all the clerks on N. T. C.'s side and the four other clerks on the B. N. E.'s side as persons who were among the demonstrators inside his room on the day of the incident. In my view, the clerks on the N. T. C.'s side numbering 1 to 6 are guilty of highly improper conduct,

amounting to misconduct, for having entered Shri Biswas's room in an excited mood, having angry exchanges with him and having demanded an apology for his action. But they are not guilty of either 'thwarting' or, abusing him in filthy language and threatening to assault him.

Next, I take up the cases of the four other dismissed clerks, number 7 to 10, who belong to the B. N. E.'s side, and who denied all the charges brought against them, by pleading full alibi. The question is whether they participated in the demonstrations, at the time of the incident, along with the clerks on N. T. C.'s side. I have no hesitation in my mind in finding that their plea of alibi is not established by evidence worth the name. The plea was rightly rejected by the Enquiring Officer. Shri Kamala Kanta Biswas is the Vice-President of the Workers' Union and, according to the Union's statement, the workmen of all these three companies, have common interest and formed a single trade union of their own for their protection (*vide* paragraph 6 of the Union's written statement). It is, therefore, unbelievable that when the clerks on the N.T.C.'s side were having angry demonstration, inside the office, following the closing of the door over recording attendance, they, on the B.N.E.'s side, would quietly sit in their office, in the next room, and would not come to the N.T.C.'s side, even to satisfy their curiosity to know what the matter actually was. Shri K. K. Biswas is actively connected with the Union activities, being its present Vice-President. Shri Nirmal Ganguly is a member of the executive committee. Shri Tarapada Bhattacharjee and Shri Sudhir Banerjee are former Treasurers of the Union. It is in evidence of Shri T. K. Biswas, Shri H. S. Chatterjee, Mr. Moses, Shri Raman, Shri Sharman and Shri A. Guha that they were among the demonstrators and were inside the room of Shri Biswas at the time of incident. They were recognised, among others, by Shri T. K. Biswas himself. Shri Tarapada Bhattacharjee was recognised by Sri Biswas, Shri Raman and Shri Sharman and Shri A. Ghose. Shri Sudhir Banerjee was recognised by Shri Biswas and by Shri Moses. He was also recognised by Mrs. De'souza in the act of threatening her against giving telephone connections to Lal Bazar during the incident. Shri K. K. Biswas was recognised by Shri H. S. Chatterji and Mr. Sultoon as one of the demonstrators inside Shri Biswas's room, when Mr Sultoon 'was addressing them to try to restore order'. Shri N. C. Ganguly was recognised by Mr. Moses and Shri H. S. Chatterjee. Each one of them has given reasons in support of evidence of this recognition which cannot be disbelieved. Accordingly, I find that the plea of alibi of B. N. E. clerks (Nos. 7 to 10) cannot be accepted as true. They left their seats in the office without previous permission of their superiors. Even they refused to go back when requested to do by their own Managers. Shri Sudhir Banerjee was further charged with having threatened Mrs. De'souza, the Telephone Operator, for giving the telephone connections to Lal Bazar. Mrs. De'souza had deposed before the Enquiry Officer. She did not know Shri Banerjee by name but got his true indentification on enquiry from Mr. Moses, who personally knew him. P.W.I, Shri Sudhir Banerjee, has, of course, denied this evidence here. It has been suggested on his behalf that Mrs. De'souza, being a newcomer in office, gave tutored evidence only to please her superiors. I am, however, unable to accept this. Shri Nirmal Ganguly refused to come back when requested by Mr. Moses. Thereafter, he came up to Mr. Moses's table and demanded an explanation from him why he asked him to come back. This has been proved by the evidence of Mr. Moses.

The charges, regarding the demand for the withdrawal of Time-Recorder Machine, do not appear to be have been established by any reliable evidence. There might have been a casual reference to the use of the Time-Recorder Machine at the time of the incident. But then, it could

not be any more a grievance of the clerks, for the dispute over the introduction of the machine was settled by an agreement between the parties on 16th January 1958. On a consideration of this evidence I find the clerks, on B.N.E.'s side, are guilty of trespassing into Shri Biswas's room, with other demonstrators from N.T.C.'s side, without permission of their superiors, and of having angry exchanges with Shri Biswas and shouted slogans and demanded apology from him. Shri Sudhir Banerjee is further guilty of holding out threats to the Telephone Operator. Shri Nirmal Ganguly is also guilty of disobedience to his superior officer for not returning to his seat. Although not directly involved the dispute over the introduction of Time-Recorder Machine on N.T.C.'s side and in the trouble over the closing of the door leading to the Office room on that side, they, as members of the Union, having common interest, had shared the feelings of their colleagues of the N.T.C.'s side and, therefore, found the provocation no less strong for registering their protest along with other demonstrators from the N.T.C.'s side.

Now, the question is whether on this finding, it is desirable in the interest of justice to interfere with the decision of the Management in dismissing these ten clerks. The question of their alleged victimisation, with ulterior motive, now remains to be considered. In this connection it is also necessary to note that nothing has been said against the Enquiry Officer, who was authorised to hold this enquiry into the charges in this case. The only complaint was that Mr. Gubbey at times put questions to the witnesses, which only a prosecutor in a criminal case is likely to ask in support of the prosecution. At the same time it has been suggested on the side of the Union that the staff under Mr. Gubbay was very happy on the B.N.E.'s side, while the staff of the N.T.C.'s side was actually smarting under grievances against Mr. Biswas. In fact, the enquiry in this case appears to me to be very fair and complete and the proceedings revealed anxiety and carefulness on the part of the officers to arrive at the truth.

There had been a number of industrial disputes between the parties. The Union's allegation that these clerks were victimised for their Union activities is not without any foundation. The Company denies having victimised anybody for his Union activities. In this connection the evidence, before this Trbunal, is of P.W. 1, Shri Banerjee and P. W. 2, Shri Chatterjee, on the Union side. There is no evidence directed on this point on the management side. Shri Biswas, of course, denied during the enquiry the suggestion that he had victimised the clerks for their Union activities. The dismissed clerks, according to the Union's evidence, either had been officials of the Union or are the present officials, and are also members of the Committee. Shri Biswas while discussing the labour matters with some of these clerks adopted a different attitude towards them after the Union had succeeded in obtaining a special leave of the Supreme Court to appeal against the award of an Industrial Tribunal on a bonus dispute. Shri Biswas went to the length of threatening to break up the existing Union, and to have a separate Union formed for the National Tobacco Co. Employees only. In the last dispute on bonus, the Company obtained an award in their favour, and the Union obtained a special leave of the Supreme Court to appeal against that award. That appeal is pending. Shri Biswas, who dealt with labour matters, could not accept this decision to appeal by the Union with good grace. This was followed by another dispute, equally acrimonious over the introduction of Time-Recording Machine. This matter was also taken to the Labour Directorate, and there had been discussions over it which at times proved to be not palatable to the management. The incident, for which the ten clerks in question were dismissed is alleged to be the direct outcome of this dispute.

Shri Biswas had to complain against these clerks for the said incident. The dispute over the introduction of the Time-Recording Machine ended with the decision of the Government not to refer the matter to the Tribunal, and the disturbances over the closing of the door on 17th January 1958 came to an end soon after the door was opened and Shri Biswas expressed his regret for it. The initiation of the proceeding against some of the offending clerks over the said incident two or three days after it had happened, appears to support the view that the management was considerably influenced by the report of Shri Biswas to victimise these people for their Union ativities for raising an industrial dispute. The punishment meted out to them, on the facts and circumstances of the case, also lends support to the view that the clerks were being victimised for their Union activities. In my opinion, the allegation of victimisation on the plea of enforcing discipline in office has been fairly established in this case.

The next question is whether on the findings arrived at, the punishment of dismissal of these persons from the service is unjust and unduly excessive. These clerks have been found to be guilty of improper conduct for having acted against the discipline of the office. They are not guilty of any violent or subversive activities. Their conduct was considerably provoked by the indiscreet action of Shri Biswas. In that way the incident was provoked by him. Their action cannot be attributed to any premeditated and well-planned attack on the authorities with a view to secure the withdrawal of the use of Time-Recorder Machine. The demonstration was spontaneous as the feeling were already running high between the parties. Already a tension was there, and the unusual and the unexpected orders of Shri Biswas to close the doors further deepened it. The clerks also, in making the demonstration inside Shri Biswas's room, and in extracting a written apology from him, udoubtedly went beyond the limits of decency and good conduct, which are expected of them within the office. For this, disciplinary action was rightly taken. But in punishing them the management clearly overlooked its own lapses in the matter, as also the admittedly clean and satisfactory record of past service of the persons concerned. One after another the superior officers under whom these clerks had worked said that they had a clean record of service. Shri Sidhartha Sankar Roy, learned Counsel on behalf of the employees, very seriously contested the question of punishment, and contended that in the circumstances of the case the extreme penalty of dismissal was wholly unjustified. Shri K. B. Bose, the learned Counsel for the Company, on the other hand, refuted this contention by saying that in the interest of discipline in office administration such disorderly conduct should be punished only with dismissal from service. I have anxiously considered the question of punishment in this case. The clerks are all fairly senior members of the staff. Shri K. L. Banerjee, Shri M. N. Mukherjee and Shri S. K. Bose had already served this Company for over 20 years. Others had put in 12 to 16 years' service. They had worked to the satisfaction of their superiors, and possessed a clean record of service. The question now is, whether on the facts and in the circumstances of this case, as also in consideration of long and good past service of these clerks, this one and single act of indiscipline should be visited with the extreme penalty of dismissal from service. It is, no doubt, essential that this matter should not only be considered from the point of view of employer and employees but also in the interest of the industry for bringing about a harmony in the relationship between the two. In my view, the punishment is so unjust that a remedy is called for in the interest of justice. I have, therefore, decided to interfere with the decision of the management in the matter of punishment. The order of dismissal passed by the management is, therefore, not justified and, accordingly, set aside. The clerks Nos. 1 to 6 on the N. T. C.'s side are suspended for a period

of two weeks. The No. 7, Shri Biswas on B. N. E.'s side, is suspended for one month only, and the Nos. 8 to 10, viz., Shri Ganguly, Shri Bhattacharjee and Shri Banerjee are suspended for a period of two months. Normal relief, in all cases of wrongful dismissal, is reinstatement, and the Union asks for it. In the circumstances of this case, this cannot and should not be denied to the aggrieved clerks.

All of them will be reinstated in service, in their former posts, on their reporting to duty at the Company's office premises, during the office hours, within 7 days from the date of the publication of this award.

I have anxiously considered the Union's claim for wages for the period of unemployment for these dismissed employees. It is in evidence before this Tribunal that these clerks are out of employment for this entire period, i.e., since the date of their dismissal. The parties are not to be wholly blamed for the delay in the disposal of this reference. Some delay is, however, inevitable. And then, the Company had been carrying on day to day administration at a considerable cost. Considering the hardships of both parties, I direct that the clerks numbering 1 to 6 will get half pay only, at the rates last drawn by them, for a period of three months, and the clerks numbering 7 to 10 will receive half pay only, at the rates last drawn for a period of two months only. The period of unemployment should be treated as 'special leave without pay' and without any break in service.

All payments under this award should be made within 7 days from the date of publication of this award.

This is my award.

PRESENT:

SHRI N. C. CHATTERJEE, *Judge, First Labour Court.*

Appearances:

For the Company: Shri S. K. Bhanja Chowdhury, LL.B., Labour Adviser.

For the Union: Shri Panchanan Bhattacharjee, President.

The Government of West Bengal, in the Department of Labour, by order order No. 4818-I.R./IR/10L-145/57, dated the 10th December 1957, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Dutson Engineering Corporation (Private) Ltd., 5 M. C. Garden Road, Dum Dum, and their workmen represented by Dutson Engineering Workers' Union, 1 Jay Bhattacharjee Lane, Calcutta-3, regarding the matter specified in the second schedule of the Act, to this Court for adjudication.

Schedule

Is the dismissal of the following workmen justified? To what relief including reinstatement are they entitled?—

(1) Jatindra Nath Adhikari.
(2) Sambhu Charan Das.
(3) Bhim Chandra Das.
(4) Sukumar Dolui.
(5) Rajen Das.
(6) Ram Krishna Manna.
(7) Hari Gopal Ghosh.
(8) Biswanath Mukherjee.
(9) Basudeb Paul.

AWARD

This is a case arising out of the dismissal of 9 workmen previously employed in Messrs. Dutson Engineering Corporation (P.) Ltd., 5 M. C. Garden Road, Dum Dum (hereinafter described as the Company for the sake of brevity).

The Union case is that Sarbashri Jatindra Nath Adhikary, Sambhu Charan Das, Bhim Chandra Das, Sukumar Dolui, Rajen Das and Ramkrishna Manna are permanent moulders belonging to the Casting Department. They were laid off for 15 days from 26th April 1957 on the plea that "A" grade coal was not available. In fact, the Company adopted an

unfair labour practice and so punished them for their refusal to accept piece-rates which meant less earning. Subsequently they were asked to repair the finance which they did not agree to do as the same is the work of masons. The Management charge-sheeted them and a show of enquiry was held on 3rd June 1957 wherein principles of natural justice were flagrantly violated and thus the workmen were dismissed on 8th July 1957. As regards two other workmen, namely, Shri Biswanath Mukherjee and Shri Basudeb Paul, the case is that they were asked to accept piece-rates but their refusal was visited with dismissal.

As regards Shri Hari Gopal Ghosh, a turner with 10 years good record, the Union's case is that he was verbally asked to work as a labour-contractor which he did not agree to do and he was held guilty of slow-down tactics and dismissed. All these workmen were unjustly and arbitrarily dismissed without any reason or fair enquiry and as such they are entitled to reinstatement together with back wages.

The Company, in its written statement, denies the allegations of the Union and contends, *inter alia*, that Sarbashri Jatin Adhikari, Sambhu Charan Das, Bhim Chandra Das, Sukumar Dolui, Ramkrishna Manna, Rajen Das were working in the Steel Casting Department and of them Shri Jatin Adhikari was the mistry. The aforesaid workmen used to repair the furnace when it went wrong.

On 15th May 1957 the mistry reported that the other five workmen refused to do the repairing work of the furnace though he asked them to do so. The Manager then tried to persuade these workmen to do repair work of the furnace but they refused. So the mistry was laid off without compensation and other workmen were charge-sheeted. There was a thorough enquiry held wherein the workmen were given full opportunities to defend themselves. The four workmen, namely, Ramkrishna, Rajen, Bhim and Jatin once before similarly behaved but soon they realised their wrong and resumed their normal duties of repairing the furnace on 15th December 1956. Shri Hari Gopal Ghose was charged with adopting go-slow tactics and was found guilty and dismissed. The Company filed an application under section 33 of the Industrial Disputes Act before the Second Industrial Tribunal seeking permission to dismiss the workmen which, however, ended in a compromise and the dispute ended.

As regards Shri Biswanath Mukherjee and Shri Basudeb Paul, the Company's case is that they were apprentices and their period of apprenticeship ended with effect from 12th May 1957 and 8th November 1957, respectively. The Company further denied the Union's allegation of its persuading the workmen to accept piece-rates. The Company thus justifies the dismissal of the workmen concerned and contends that they are not entitled to any relief whatsoever in this case.

Decision

The cases of serials 1 to 6 in the order of reference, namely, (1) Shri Jatin, (2) Sambhu, (3) Bhim, (4) Sukumar, (5) Rajen, (6) Ramkrishna, go together as these workmen are shown to have been charge-sheeted as per Ext. J. The charges as set forth in Ext. J. dated 23rd May 1957, are enumerated as under:—

(1) Since 15th May 1957 you have been acting in a manner subversive of discipline in that you in a concerted plan staged a stay-in-strike and are not repairing the said furnace which has been damaged in course of your work and which was being so long repaired by you.

(2) Since 15th May 1957 you have been acting in a manner of insubordination and disobedience in that though you have been directed to work normally and to repair the furnace, you in defiance of the said direction and order of the Management staged stay-in-strike causing loss to the Company.

(3) Since 15th May 1957 you acting in a concerted plan have been doing no work and on the face of the Management moving here and there, gossiping with other workers and/or reading books or sleeping deliberately in defiance of the Management.

In brief, the charges are that they were behaving in a manner subversive of discipline in refusing to do the repair work of furnace hitherto done by them all along; that they are also guilty of insubordination and disobedience and that they have been staging a stay-in-strike since 15th May 1957 doing no work. It appears that these workmen did not put in any reply to the charges framed against them. There is no dispute that the notice of the enquiry into the charges was given to workmen. Beyond dispute there was also an enquiry held in this case and the proceedings of enquiry are marked Ext. 1. It appears that at the domestic enquiry the Company took down statements of Jatin, Sukumar, Ramkrishna, Sambhu, Rajen, Bhim, Dinanath, Krishna Charan, Hutum Singh, Dhananjoy, Amulya Kumar Bose. Jatin Adhikari maintaines in his statement that he and these workmen never repaired the furnace but Dinu used to do the repair work of the furnace. Shri Dhananjoy Kanti Das and Amulya Kumar Bose examined for the Company supported the Company and stated that these workmen did the repair work of the furnace. The uniform evidence of the workmen, I am unable to disbelieve. This outweights the evidence of Dhananjoy Kanti Das and Amulya Kumar Bose. A clear perusal of the questions and answers will show that the Works Manager put questions of his own choice and replies of the witnesses were recorded. There is no endorsement in the proceedings of enquiry to indicate that the Union was asked to examine its own witnesses and to cross-examine the witness examined on behalf of the Company nor is there anything to indicate who were Union's witnesses and who were for the Company. Almost all the witnesses examined in Court on behalf of the Union have said that they were not asked to examine witnesses on their behalf, nor were they asked to cross-axamine witnesses examined on behalf of the Company. Mere statement of the Manager (O.P.W. 1) that the Union was offered all facilities to adduce its own evidence and to cross-examine witnesses on behalf of the Company will not cure the material defect that vitiates the enquiry. I am convinced that there was no fair and proper enquiry conducted by the Company in regard to the charges. This was purely a unilateral enquiry wherein reasonable facilities to defend themselves were denied to the workmen and thus the principles of natural justice were violated. The Union also made a grievances that the Company did not allow their President Shri Panchanan Bhattacharjee or the Labour Commissioner to be present at the time of enquiry. It should be stated that two witnesses on Union's behalf, namely, Dino and Kesto were examined at the enquiry but their evidence was recorded in the form of questions and answers put by Company's man, so their statements were was not properly recorded. Thus in this case I must find that there was no proper and fair enquiry and so the finding arrived at by the Management cannot stand. As laid down in the well known Allahabad High Court case of Radha Raman Bajpai and others., L.A.T., of India and others reported in 1957 L.L.J. (2), page 16, the Court must consider three questions: (1) Whether the workmen were found guilty of misconduct. (2) Whether the correct procedure was followed in arriv-

ing at the findings. (3) Whether the misconduct could be visited with dismissal. On a perusal of the proceedings of enquiry I am unable to hold that the correct procedure was held at the enquiry and I would further hold that the evidence recorded during enquiry does not justify the finding of guilty arrived at at the enquiry. Thus the order of dismissal is unjustified and cannot stand.

Then I would briefly deal with the evidence adduced in Court. The gravamen of the charge is that these workmen refused to do the repair work of the steel casting furnace on 15th May 1957. The workmen examined in Court have uniformly denied having ever repaired the furnace. The overwhelming evidence adduced in this case on behalf of the workmen goes to establish that these workmen never did the repair work of the furnace and that the repair work of the furnace was done by Masany and Mahabir Mistry O.P.W. 2 and his men, and Dinu who admits it. The evidence adduced on behalf of the Union cannot therefore by lightly brushed aside. Thus the only reasonable conclusion in this case is that the repair work of the furnace was never done by the 6 workmen charge-sheeted who were employed as moulders for varying lengths of time extending up to 10 to 14 years. The Company has made a vain attempt to show that these moulders carried out the repair work of the steel furnace and it passes my comprehension why they would now refuse to do the same if they did it all along. In fact, the evidence of Mahabir does not help the Company, so the alleged charge of the moulders' refusing to repair the furnace is merely a cloak and the Company adopted an unfair labour practice in levelling this charge against them and sacking them on these fictutious allegations. The learned representative on behalf of the Union contended with considerable force in this Court that the present Manager O.P.W. 1, has got two nephews who are at present working as labour contractors and that the men under his two nephews are now doing the works of moulders and so the instant workmen have been thrown off just to make room for those men of the nephews of the Works Manager. This is no doubt an unfair labour practice and the Court cannot encourage it. It is also in evidence that order supply work is at a par in the years 1955 to 1957, production is also the same, so viewed from that standpoint also the Company has no valid reasons to replace these workmen. It may also be pointed out in this connection that the Company has tried to prove by reason of certain job cards (Exts. B-B5) that these workmen did the repair work of the furnace but these job cards do not bear either the signature of the workmen or any responsible officer of the Company and so the job cards have been seriously criticised as fabricated for the purpose of this case. On a careful consideration of the facts and circumstances in this case and having due regard to the evidence, I have sufficient reasons to doubt the genuineness of these job cards. The Company in this case has not hesitated to take recourse even to an affidavit by one Shri Sudhir Basak, previously a moulder, to establish that moulders repair the furnace but it is admitted that the Company itself bore the cost of these affidavits. It was no business of Shri Sudhir Basak to swear to an affidavit since he is no longer in the employment of the Company and so the affidavit is the handiwork of the Company to bolster up its case. Thus I have nothing reliable before me to come to a conclusive finding that these workmen did repair work of the furnace on any previous occasion and that the charge of refusal levelled against them is justified. The Company's case is that the furnace broke in December, 1956 and January, 1957 and then these workmen repaired the furnace but there is no cogent evidence to show that these moulders did the repair work, rather I have reasons to believe that the repair was done by other mistry as Mahabir says that he did not repair the furnace. For the Company it was argued

that there is admission in compromise award in a proceeding under section 33A, Industrial Disputes Act [application Ext. C and reply Ext. C1] that the moulders agreed to repair the furnace, but there is no such admission nor is there any denial. In the application (Ext. C) there is a denial, so an admission was necessary to make the repair work binding on them. In its absence no such admission can be legally read into the compromise award and thus it does not really help the Company. In the circumstances the finding of guilty arrived at the domestic enquiry by the Company is also vitiated by unfair labour practice and so on this ground also the finding of guilty cannot stand. I would therefore find that the order of dismissal passed by the Company in this case is unjustified and these workmen are entitled to be reinstated excepting Shri Bhim (serial 3) who is admittedly employed in Aluminium Factory drawing higher wages and does not want reinstatement. So in his case reinstatement is not granted.

As regards other relief, I think, in the circumstances of this case, the Company should fairly pay them their 3 months' wages for the period of their unemployment. This I consider to be quite adequate compensation.

Next, I take up cases of the remaining workmen. The learned representative of the Union does not press the case of two workmen, viz., Hari Gopal Ghose (No. 7) and Basudeb Paul (No. 9). So the case of these two workmen is left out of consideration.

Now remains the case of Biswanath Mukherjee (No. 8). In the Union's written statement it is stated that Biswanath was asked to accept piece-rates and his refusal resulted in his dismissal. During trial, however, the front of his case is changed. Biswanath in his evidence in Court does not say a single word in support of his initial stand. On the other hand, an attempt is made to show that he is entitled to be treated as a permanent hand on his completing 3 years' apprenticeship in the Company as some of his colleagues, viz., Sarananda, Samarendra Mukherje and Joydeb Ghosal. This is a new case altogether. It is contended that Biswanath signed this apprenticeship form (Ext. O) where his status is described as *temporary* and his apprenticeship was terminated by letter, dated 14th May 1957. This letter Ext. P appears to have been refused and this refusal is tantamount to service. The Company *bona fide* terminated his apprenticeship with effect from 12th May 1957 and could not afford to give further facilities for training. "Probationers and apprentices acquire no right to automatic confirmation on expiry of their respective terms, and the services of a probationer or an apprentice may be terminated when he is still a probationer or an apprentice" (*vide* L.A.C. 1955, page 546). So this matter cannot be reopened in the face of the Union's written statement. Thus he appears to be entitled to no relief.

In this connection the dismissal of the workmen (1) Jatindra Nath Adhikari, (2) Sambhu Charan Das, (3) Bhim Chandra Das, (4) Sukumar Dolui, (5) Rajen Das, (6) Ramkrishna Manna, is found unjustified. Of them, all, excepting Bhim should be reinstated by the Company and they are awarded 3 months' wages each for the period of their unemployment. Bhim refused reinstatement.

Biswanath's termination of apprenticeship is found *bona fide* and justified and he is entitled to no relief. The cases of (7) Hari Gopal Ghosh, (9) Basudev Paul are not pressed.

The Company is therefore directed to give the aforesaid reliefs within a month of the publication of the award. This is my award.

AWARD

Decisions

The Company, Messrs. Budhu Ram Agrahari, Labour Contractor, Howrah Railway Goods Shed, Howrah, states that it is a contractor appointed by the Railway Board of the Government of India for handling railway goods at Howrah Goods Shed and it employs about 450 workmen. These workmen, commonly designated as coolies, are employed by the Company as contractors on tenders for loading and unloading of goods from railway wagons to stations and *vice versa*. These contracts usually last for 3 years, but are liable to be terminated on 3 months' notice by the Railway at their pleasure. The Company states that the dispute had been preferred by the Union before the Regional Conciliation Officer of the Government of India, and was at no stage raised before the State Government. The appropriate Government for the purpose of this reference was the Central Government and the State Government of West Bengal. In the circumstances, an additional issue has to be decided by the Tribunal and the following issue is, therefore, framed for decision:—

(8) Is the present reference of the dispute by the West Bengal Government competent?

Issue No. 8: The point for decision in this issue is whether the reference of the present industrial dispute by the State Government of West Bengal is competent. The learned Advocate for the Company presses that as the Company are contractors under the Railway Administration, the appropriate Government for making the reference under section 2(a) of the Industrial Disputes Act is the Central Government and not the State Government. It is also stated that at all stages of the dispute, the conciliation proceedings between the Company and the Union were conducted before the Regional Conciliation Officer of the Government of India and that for that reason, the State Government had no reason to hold that any such industrial dispute, as has been referred to the Tribunal, existed, or was apprehended. This contention that the appropriate Government for the present reference is the Central Government has been opposed by the learned spokesman for the Union.

On a consideration of the matter, I have no doubt that the objection is unworthy of support for the following reasons. It was argued by the learned Advocate for the Company that as the Company was a contractor under the Railway Company, it was carrying on an industry under the authority of the Railway Company, and it is to be considered that the industry of the Company in the present case was an industry carried on by or under the authority of the Central Government. The Company is a contractor under the Railway Board. Section 2(a)(i) of the Act does not provide that for an industry carried on under the authority of a Railway Company, the appropriate Government was the Central Government. In relation to a dispute of a Railway Company itself, the Central Government is the appropriate Government. The section does not provide that the Central Government will be the appropriate Government in relation to an industrial dispute *carried on by or under the authority* of a Railway Company. If the contractors are considered to be carrying on an industry under the authority of the Railway Company, their industry is not covered by section 2(a)(i) of the Act. I do not, however, consider that the Company as a contractor carries on an industry *by or under the authority of the* Railway Company. The next question for consideration is if the contractor carries on an industry by or under the authority of the Central Government. The decision of the Hon'ble High Court at Calcutta in Bharat Glass Works Private Ltd., reported in 1958(I) L.L.J., 467, shows that no business owned

or carried on by a private person or a limited company can be a business carried on by or under the authority of the Government. In view of the decision of Harris C. J. in the case of Carlsbad Mineral Water Manufacturing Co., Ltd., reported in 1952(I) L.L.J., 488, which was approved and accepted by the Hon'ble Judge in the Bharat Glass Works case, it appears that the business of the present contractor was its own business, which it was conducting for its own personal profit and benefit and the contractor in the present case can in no sense be described as being persons authorised to carry on a business of the Government or the Railway Company. That being so, the appropriate Government for the present dispute under section 2(a) of the Industrial Disputes Act is the West Bengal Government and not the Central Government.

It appears that the conciliation proceedings were held before the Regional Conciliation Officer of the Central Government. The West Bengal State Government made the reference to the Tribunal for reasons best known to them and the act of the Government in coming to the conclusion as to the existence or apprehension of an industrial dispute is administrative and its correctness cannot be questioned in a court of law. An administrative order if not vitiated by *mala fides* is immune from being impugned in a court of law [*vide* case of Cashewnut Manufacturers' Association, reported in 1953(I) L.L.J., 563, 1950 S.C. 222 and 1953(I) L.L.J., 174, Supreme Court]. In these circumstances, it is awarded that the reference of the present industrial dispute by the State of West Bengal to this Tribunal is competent and the Tribunal is competent and even bound to adjudicate on it.

This issue is accordingly answered.

Issue No. 1—Pay and Dearness Allowance: The Union states in its written statement that the wages paid to the workers are very low and vary between Rs. 45 to Rs. 60 per month. It is also stated that Messrs. Budhu Ram Agrahari paid a higher wage in the beginning, but the wage was reduced after an agreement with the Railway Godown Workers' Union. That agreement has been terminated and the workers claim for a revision of their wages. The claim for basic pay is as follows:—

(a) Skilled labourers—Rs. 80—3—140.

(b) Labourers in inward traffic—Rs. 70—3—130.

(c) Labourers in outward traffic—Rs. 70—3—130.

(d) Labourers in iron traffic—Rs. 75—3—135.

(e) Tindal—Rs. 90—3—130.

(f) Supervisor—Rs. 100—4—180.

(g) Markman—Rs. 70—3—150.

It is further stated that there is absence of dearness allowance in the wage structure. The Union prays that dearness allowance should be paid as to the workers under the Railways.

The Company, in its written statement, states that it is continuing to pay at a higher rate than that paid by the previous contractor, and no wage was curtailed, as alleged by the Union. On piece-rate basis, Rs. 1-12 is the minimum wage of a workman under the Company and an average worker earns at least Rs. 52-8 per month, if he works for 30 days. This rate compares favourably with that prevalent in Howrah and other Railway Stations in the Indian Dominion. There are also a number of workers who earn between Rs. 60 and Rs. 70 per month and there are also some whose

earnings are more than Rs. 70 per month. There was a joint agreement in the office of the Regional Labour Commissioner (Central) at Calcutta, between this Company and their workers represented by the Railway Godown Workers' Union, on 13th October 1956, and the wages for labourers were fixed at Rs. 1-12 per 250 maunds for inward traffic. It was also settled that outward traffic including weighment should be paid for at Rs. 1-12 for 125 maunds with provision for extra payment for extra outturn. The Company denies that the present contractor paid Rs. 62 per month to any worker for a few months. The Railway Godown Workers Union issued a letter purporting to terminate the said agreement to put pressure upon the Company. The Company is paying the agreed rate and this is the prevalent rate of wages in the locality. This rate should not be altered.

Evidence was adduced by both the parties. P.W. 1 Shri Balai Chandra Sarkar, P.W. 2 Shri Rachandra Prosad, P.W. 3 Shri Kameshwar Prosad, P.W. 4 Shri Gaboo Singh, P.W. 5 Shri Moni Ram, P.W. 6 Shri Bedeshi, P.W. 7 Shri Ramdas, P.W. 8 Shri Dhanai and P.W. 9 Shri Giridhari, deposed for the Union. Documents, Ext. 1 to Ext. 13, were marked for the Union. O.P.W. 1 Shri B. N. Pandey, deposed for the Company, and documents Ext. A to Ext. Q(4) were marked for the Company. Exhibit 1 filed by the Union is a copy of the Memorandum of Agreement between the Company, Messrs. B. R. Agrahari, Railway Goods Handling Contractor, and the Railway Godown Workers' Union, dated 13th October 1956. This document is a printed copy of the original document and Ext. F is the original copy of this document, which was filed by the Company. There are a number of agreements for payments to the workers on piece-rate basis. The terms of payment show that for inward traffic, payment is made at Rs. 1-12 for 250 maunds and extra work over 250 maunds was to be paid at annas 12 per 100 maunds. In case of outward traffic, payment is made at Rs. 1-12 for 125 maunds and extra work over and above 125 maunds is payable at Rs. 1-8 per 100 maunds. In case of iron traffic, payment is to be made at the rate of Rs. 1-12 for 75 maunds and extra work over this quantity is paid at Rs. 2-4 per 100 maunds. For miscellaneous work, the rate is at annas 3 per man per hour. There is also a condition that there was to be no variation for 10 maunds either way in case of inward and outward traffic and up to 5 maunds in case of iron traffic. It, therefore, appears that the minimum payment is at Rs. 1-12 per day for a specified quantity of work and excess work during the course of the day is also paid for at specified rate for various categories of work. The evidence on record shows that the Memorandum of Agreement, Ext. 1, was terminated by the notice, Ext. 13, dated 6th February 1958, in accordance with the provisions of section 19(2) of the Act. It is, therefore, clear that the agreement as envisaged in Ext. 1, has been terminated before the date of the reference on 3rd June 1958, and the workers under the Company are eititled to raise an industrial dispute on the basis that this agreement has been since terminated. The Tribunal is also competent to adjudicate on the claims of these workers. It appears that the workers work for all the 30 days in the month and the monthly wage mentioned by the Company's written statement is that as can be earned by a worker working for all the 30 days in the month. It is nowhere the custom to make the labour work for all the days in the month without rest. They should be given rest for at least one day in the week. Their wage should, therefore, be calculated at 26 days in the month. The claim of the Union that 16 labourers, as mentioned in Ext. 11, were workers in the G.A. Department, and used to get Rs. 62 per month with holidays on Sundays, was denied by the Company and there is no substantial evidence to justify this claim. This claim is rejected.

Considering the fact that it is not possible to raise the wage too much or to the proper level without creating difficulties for the Company, and, therefore, a consequent unemployment for the labourer, a reasonable increase of the wage is granted to the workers as mentioned below. These rates have been arrived at by a careful consideration of the whole matter. The rates shall be as follows:

The wages shall be at piece-rates as agreed to in the Memorandum of Agreement, Ext. 1, but the minimum rate shall be increased from Rs. 1-12 to Rs. 2 per day. All the rates in paragraphs (1), (2) and (3) of Ext. 1 shall accordingly be increased at the rate of anna 1 for every 7 annas. In case of miscellaneous work, as mentioned in paragraph (4) of Ext. 1, the rate shall be annas 3-6 per man per hour. These rates of wages are increased under the existing conditions of work under the contractors. There will be no variation for 10 maunds either way in case of inward and outward traffic and up to 5 maunds in case of iron traffic, as stated in Ext. 1. The Tindal shall get Rs. 8-12 more than a workman per month. Exhibit B is the Wage Register of the Company. It appears from Ext. B that the workers earn varying wages according to the quantity of work done. It, therefore, appears to me that the increased rates as awarded above will enable them to earn a much better wage than before. I shall also provide for higher wage for overtime work. I consider that in these circumstances, the wages as awarded above will considerably improve the remuneration earned by the workmen under the Company. The claim of the Union as to grades and scales of pay is inappropriate in the present case, as the workers are all casual workers working under a temporary contractor. The claim for grade scales of basic wages as made by the Union is, therefore, rejected. The wages mentioned above are consolidated wages according to the custom prevalent in the Company and consistent with the nature of the work. The claim for a separate dearness allowance is also inappropriate and is rejected. The wage awarded above includes dearness allowance also.

This issue is accordingly answered.

Issue No. 2—Leave and holidays: The Union claims the following leave and holidays:—

(a) weekly holidays with pay,

(b) festival holidays for 15 days in a year,

(c) privilege leave for 30 days in a year, cumulative up to 3 years,

(d) sick leave with pay for 30 days in a year, cumulative up to 12 years,

(e) casual leave with pay for 15 days in a year.

The Company states in its written statement that in view of the fluctuating character of labourers engaged by the Company, the demand for leave and holidays is inappropriate and not maintainable.

On a careful consideration of the matter, it appears to me that the claim for casual leave, sick leave and festival holidays is inappropriate in the present case, as the workmen are not employed on a permanent basis under the contractors and their service is always of a casual nature. It appears that many of the workers are continuing to work under a succession of contractors. The contractors are usually engaged for the work for a period of 3 years only. It is claimed that many of the workers are doing the job for more than 15 or 20 years. Even then, it is not possible to allow the amenities of casual leave, privilege leave and sick leave, as they are not employed on a permanent basis and are free to attend or be absent at their choice. It is awarded that each worker shall get one day as unpaid

holiday in the week. The wage has been fixed on the basis of 26 days' work in the month. It is awarded that all workers shall get one day as unpaid holiday in a week or, in other words, one day's unpaid holiday for six days' work in the week. All workers shall get two months' privilege leave without pay in the year to enable them to go home away from Howrah. No other leave or holiday is allowed to them in the circumstances of the case.

This issue is accordingly answered.

Issue No. 3—Uniforms: The Union claims that the workers should be provided with uniforms consisting of 2 shorts, 2 shirts, 2 gangies and a pair of shoes every six months and that the charges for washing clothes and polishing of shoes at regular intervals should be borne by the Company.

The Company says that it has to carry on business of supplying labour on contract terminable at 14 days' notice. So, no question of supplying uniforms arises. I do not consider that the claim for supplying of uniforms is reasonable in the circumstances of the case and this claim is rejected.

This issue is accordingly answered.

Issue No. 4—Duty hours: The Union claims that the duty hours be fixed at 8 hours a day beginning from 8 a.m. The Company states that the workers are required to work only for 8 hours a day.

It is awarded that the normal duty hours of workers shall be 8 hours in a day and 48 hours in the week. When a worker works for more than 9 hours in any day, or for more than 48 hours in any week, he shall, in respect of overtime work, be entitled to wages at the rate of twice his ordinary rate of wages.

This issue is accordingly answered.

Issue No. 5—Service conditions: The Union states that the workers are not made permanent by the Company and claims that workmen should be made permanent after completion of 3 months' service. It is also stated that there is complete absence of Standing Orders and procedure for punishment and dismissal and discharge. It is, therefore, claimed that there should be no dismissal or discharge except for serious misconduct involving life and property of the Company and regular Standing Orders as framed under Industrial Employment Standing Orders Act shall govern the conditions of employment of workers.

The Company are contractors on contracts which can last only for 3 years at a time, and these contracts can be terminated even earlier. The workers are essentially of casual nature, because the volume of work of loading and unloading of goods, which the Company has to undertake, fluctuates from time to time. The number of workmen required by the contractor is, therefore, variable and that is the reason why the Railway has to engage contractors for this work. The evidence on record shows that the workers are employed on a casual basis, although usually the same men come every day and that at times the workers are absent and the contractors have to recruit outsiders. The workers work on "no work, no pay" basis. Such being the case, it cannot be claimed that all the workmen who attend to the contractor's work on any particular day in the year should be made permanent after 3 months' service. This claim is rejected. It is, however, awarded that before a workman is dismissed or discharged, a charge-sheet setting forth the charges against the worker should be served on him and he should be given the opportunity of explaining his conduct. We shall be entitled to take the help of a member

of his Union, who is also a worker under the Company, in the proceedings against him.

This issue is accordingly answered.

Issue No. 6—Retirement benefits: The Union states that there is complete lack of retiring benefits for the workers and that the Railways provide for double retiring benefits of provident fund and gratuity. The Union claimed contributory provident fund at 8¼ per cent. of the day, as also gratuity at the rate of one month's pay for each year of service. Considering the fact that the contract of the Company is for a period of 3 years only, which can also be terminated by the Railways at an earlier date, and the workers are of a casual nature, the claim of retiring benefits in provident fund and gratuity is inappropriate to the case of the workers of the Company. The claim for retiring benefit is, therefore, rejected.

This issue is accordingly answered.

Issue No. 7: Is the dismissal of the following workers justified? To what relief including reinstatement and/or compensation are they entitled?—

(1) Ram Baren.
(2) Moni Ram.
(3) Ranglal.
(4) Bedeshi.
(5) Lal Dhari.
(6) Shyamlal.
(7) Ganesh Ahir.
(8) Behari Shaw.
(9) Baijnath Ahir.
(10) Janaki Ram Ahir.
(11) Gaboo Singh.
(12) Kameshwar Prosad.
(13) Tulsi Ahir.
(14) Ram Das Choudhury.
(15) Ramchandra Prosad.
(16) Balai Sarkar.

This issue relates to the dismissal of 16 workers as mentioned in the order of reference. The case of these 16 workers will be considered here below in five groups in consideration of the nature of the charges against them:

I. (1) Ram Baren, (2) Moni Ram, (3) Ranglal, (4) Bideshi, (5) Lal Dhari and (6) Shyamlal, being Nos. 1 to 6 of Issue No. 7 of the order of reference.—The Union states that these workers were not allowed to resume duty as from 3rd July 1956, when they presented themselves for duty. They were told that they would not be allowed to work unless the criminal case pending against them was decided. These workers were falsely implicated in a case of murder by interested persons. The said murder had no connection with the work of the Company. The decision of the Court came on 7th November 1956 whereby they were discharged honourably and no charge-sheet was submitted again them. These workers are innocent and commited nothing to warrant dismissal. They have been victimised for trade union activity. After the conciliation proceedings over their case, the Company stated that they had no objection to reinstate these workers, but the workers of the Railway Godown Workers' Union objected to their reinstatement. They should be reinstated.

The Company states that these coolies were implicated in a murder case and through fear, left the work of the Company and remained absent for about 4 months. Their services were thus voluntarily terminated by them When they were acquitted, they came to the Company and the Company was prepared to give them fresh appointments, but the other labourer objected. They are not entitled to any relief.

Exhibits D, D(1) and D(2) are applications submitted to the Officer-in-Charge, G.R.P., Howrah, and to the Labour contractor stating that some workers are threatening the 6 persons if they went to join the work of the Company. P.W. 5 Mani Ram and P.W. 6 Bideshi deposed. Mani Ram denied having submitted the petition Ext. D(2) to the Company, which bears his signature. Exhibit 10 is the certified copy of the official report by the police. It appears that Mani Ram was arrested but was finally discharged. It appears that in the conciliation proceeding, which took place some time in 1957, the Company agreed to pay compensation to these 6 workers, in lieu of their re-employment. Documents Exts E and E(1) are letters of the Conciliation Officer (Central) on this matter. The compensation was to the extent of one month's pay at the rate of wage paid during the month of April, 1956. It, therefore, appears that after the other workers did not agree to the re-employment of the 6 workers, the Regional Labour Commissioner settled with the Company to pay, by way of compensation, one month's pay to each of the workers. Document Ext. E shows that on 31st August 1957, an employee of the Company attended the office of the Regional Labour Commissioner with the money to be paid to these workers, but the workers did not turn up to receive payments. In the circumstances, it is awarded that the Company should pay to each of these workers compensation to the extent of one month's wage that they earned in April, 1956. This payment is to be made within one month of the date of the commencement of operation of this award.

II. (7) Ganesh Ahir, (8) Behari Shaw, (9) Baijnath Ahir, (10) Janaki Ram Ahir, being Nos. 7 to 10 of Issue No. 7 of the order of reference.—The Union states that these 4 workers were merely suspended by the Management on the ground of a criminal case pending against them. They were found not guilty by the Court. They should be reinstated with retrospective effect. Subsequently, the Management was directed by the Conciliation Officer (Central) to reinstate these workers, but the Company partially implemented the direction by employing all the workers except Baijnath Ahir, and did not pay any wages to Ganesh Ahir, Behari Shaw and Janaki Ram for the period of unemployment. The Union claims that Ganesh Ahir, Behari Shaw and Janaki Ram Ahir should be paid full wages for the period of unemployment and Baijnath Ahir should be reinstated with retrospective effect with full wages for the period of unemployment.

The Company states that these 4 persons were arrested on the act of stealing soap from railway wagons and on report of such complaint from the police, they were suspended. They had been sent up for trial and they admitted their guilt before the Magistrate. The learned Magistrate, however, acquitted them. The Railway Police objected to the re-employment of these men. There was a conciliation proceeding before the Regional Labour Commissioner and the Management agreed to take them back. Accordingly, Ganesh Ahir, Janaki Ram Ahir and Behari Shaw have been taken back in service and Baijnath did not join and left the service voluntarily. Baijnath is not entitled to any relief. Exhibits G, G(1) and G(3) are police reports against these four persons. Exhibit 12 is the judgment of the Magistrate, showing that all these four persons pleaded guilty and the Magistrate acquitted these persons under section 95, I.P.C., on the ground that the articles stolen were of very small value. Even after this acquittal, the Police Officer in Ext. G(3) wrote to the Company stating that it was better not to provide these persons with employment any further to avoid theft in godown in future. It appears that in the conciliation proceedings, the Company agreed to take back all these four persons. Exhibit G(4), dated 18th March 1958, shows that three have been already re-employed by the Company and the other, according to the Union, did not

present himself owing to unexpected circumstances. The learned Conciliation Officer asked the Company to provide him with employment waiving the time-limit as a special case. The time-limit, as it appears from Ext. H(1), was 1st November 1957. It appears that Baijnath did not join, although the Company offered to re-employ him. The evidence on record clearly shows that all these four persons committed the offence of theft of soap in railway godowns and admitted the guilt before the Magistrate. They were acquitted by the Magistrate only because the stolen articles were of very small value. In the circumstances, the charge-sheets, Exts. I series as given to these persons, were justified, and they are not entitled to any wages by way of compensation for the period of unemployment, as claimed. I enquired of Baijnath during the hearing of this case. He did not appear even at the hearing of the case. I do not find that he is earnest for securing re-employment under the Company and his claim for re-employment is rejected. It is awarded that he is not entitled to any relief.

III. (11) Gaboo Singh and (12) Kameshwar Prosad, being Nos. 11 and 12 of Issue No. 7 of the order of reference.—The Union states that Gaboo Singh and Kameshwar Prosad were active members of the Union. The workers in shed Nos. 3 and 4 were being ordered to work in the iron shed against the standing practice of the Company. The workers refused to do so. The Company charge-sheeted Gaboo and Kameshwar Prosad, alleging that they refused to carry out the orders of their superiors. The Company did not hold any enquiry after the charge-sheets. The dismissal was by way of victimisation and they deserve reinstatement.

The Company states that Gaboo is a coolie and Kameshwar Prosad is a Tindal. They were both dismissed for refusal to carry out the orders of their superiors. Gaboo was charge-sheeted for refusal to work as directed by the Officer-in-Charge on 10th March 1957. He was given an opportunity to reply, which being unsatisfactory, he was dismissed from service from 21st May 1957. Kameshwar Prosad was a Tindal. He had been ordered by the Officer-in-Charge to work with the gang in the iron shed, but refused whereupon he was charge-sheeted and the Management, after being satisfied of his guilt, he was dismissed on 21st May 1957. There was a conciliation proceeding in which the Regional Labour Commissioner directed that they would express regret and would be reinstated. The Management agreed, but they did not express any regret and did not reply.

Exhibit J(1) is a charge-sheet on Kameshwar Prosad and Ext. J(3) is the explanation of Kameshwar Prosad. Kameshwar denied that he was given any order, as stated in Ext. J(1). Exhibit J is the order of dismissal of Kameshwar Prosad. Exhibit J(5) is the charge-sheet on Gaboo Singh, and Ext. J(2) is the order of dismissal of Gaboo Singh. Exhibit K is the letter of the Conciliation Officer to the General Secretary of the Union appearing in this case, in which it was written that after some discussion it was agreed that the workers, Gaboo and Kameshwar Prosad, should express their regret to the Management immediately, after which they would be reinstated. This letter is dated 4th March 1958. These facts have been proved by O.P.W. 1 Shri B. N. Pandey. P.W. 3 Kameshwar Prosad states in his cross-examination that the Manager asked him to express regret to him, but he declined to do so, as he did not commit any offence. P.W. 4 Gaboo Singh states that he was not aware if the Labour Commissioner in a conciliation proceeding asked him to apologise for his conduct. The evidence on record clearly shows that Kameshwar Prosad and Gaboo Singh committed the offence of insubordination and the Company was justified in terminating their services as it did after proper charge-sheet, to which they replied There is no unfair labour practice proved in the matter of termination of their service on the facts of this case. The evidence on

record clearly shows that the Company was agreeable to re-employ these two persons at the instance of the Regional Labour Commissioner on condition that they should express regret to the Management, which they did not do either by miscalculation or ignorance. In the circumstances, it is awarded that the Company will re-employ Kameshwar Prosad and Gaboo Singh on condition that they submit a written expression of regret to the Management within one month from the date of commencement of operation of this award. A copy of the letter of regret by each of Kameshwar Prosad and Gaboo Singh should also be sent to the Tribunal. On receipt of such letter with expression of regret, the Company shall reinstate Kameshwar Prosad and Gaboo Singh to their old jobs. They shall not get any wages or compensation for the period of their unemployment in the circumstances of the case.

IV. (13) Tulshi Ahir and (14) Ram Das Choudhury, being Nos. 13 and 14 of Issue No. 7 of the order of reference.—The Union's written statement does not show any pleadings on these two persons. The Company, in its written statement, states that regarding Tulshi Ahir and Ram Das Choudhury, being Nos. 13 and 14 in the order of reference, the industrial dispute was fully and finally settled before the Regional Labour Commissioner in a Joint Memorandum of Agreement, dated 13th October 1956. They had been suspended on charge-sheet for inciting an illegal strike. It was settled in the Memorandum of Agreement that there would be a joint enquiry by the Union and the Company over the charges so brought and the workers would be removed from service if they were found guilty. A joint enquiry was held, as agreed, and these two workers were found guilty and were removed from service. Ram Das Choudhury is P.W. 7. He states that he was discharged after the strike in October, 1956, and was discharged on the ground of joining the strike. 18 persons were discharged along with him and 16 out of these 18 were taken back in service. He and Tulshi Ahir were dismissed after enquiry and in this enquiry the Union representative was present. He states that Tulshi Ahir has left the job of the employers. The learned spokesman for the Union also did not press his case at the time of his address. Exhibit P is the report of the representative of the Company and the Union on the joint enquiry over Ram Das Choudhury and Tulshi Ahir. It states that both Ram Das Choudhury and Tulshi Ahir took active part in organising the illegal strike at Howrah Goods Shed on 9th October 1956, and that their services should be terminated forthwith. In accordance with this report, Ram Das Choudhury and Tulshi Ahir were dismissed by the Company by letters, Exts. M and M(1), dated 1st January 1957. In the circumstances, the claim for reinstatement of Tulshi Ahir and Ram Das Choudhury shall be and is rejected. The case of Tulshi was not also pressed at the time of the hearing.

V. (15) Ramchandra Prosad and (16) Balai Sarkar, being Nos. 15 and 16 of Issue No. 7 of the order of reference.—The Union states in its written statement that these workers were Supervisors under the Company and put in a creditable record of service. On 22nd October 1956 these workers were transferred to the Head Office of the Company with an extra allowance of Rs. 5 by the Company's letter, dated 19th October 1956. These two workers accordingly reported for duty at the Head Office on 27th January 1957. The Company gave a letter terminating their service by a month's notice. The notice falsely alleged that they had been rendering unsatisfactory service and there had been no improvement in their work in spite of their having been given the chance to do so. The discharge was unjust and arbitrary and by way of victimisation and that these two workers are entitled to reinstatement with full pay for the period of unemployment.

The Company states that these two Supervisors were employed at Howrah Goods Shed as Supervisors of workmen, and in the normal course of administration, they were ordered to be transferred at Cossipore Road to work in the office. Their work in the Head Office was extremely unsatisfactory and, as such, their services were terminated.

P.W. 1 Shri Balai Chandra Sarkar and P.W. 2 Shri Ramchandra Prosad, deposed in this case. P.W. 1 states that he was a General Supervisor and Ext. 3 is his transfer order. Exhibit 3 is dated 19th October 1956. P.W. 1 further states that he was in charge of inward and outward movement of goods and Ramchandra Prosad was in charge of inward movement of goods. When he was transferred to the Head Office, he was required to do work of correspondence with the Railways. He stated that he would not be able to do this. Ramchandra Prosad was also asked to do correspondence work. Ramchandra Prosad was also a Supervisor. P.W. 2 Ramchandra Prosad states in his evidence that he was asked to do correspondence work, which he stated he would not be able to do. Exhibit 5, dated 1st April 1956, is the letter of appointment of Balai Sarkar. Exhibit 3, dated 19th October 1956, is the order transferring Balai Sarkar to the Head Office, and Ext. 4, dated 27th January 1957, is the letter terminating the service of Balai Sarkar with effect from 1st March 1957. Exhibit 7, dated 19th October 1956, is the letter transferring Ramchandra Prosad to the Head Office and Ext. 6, dated 27th January 1957, is the letter terminating the service of Ramchandra Prosad with effect from 1st March 1957. O.P.W. 1 Shri B. N. Pandey states that Balai Sarkar and Ramchandra Prosad were appointed as Supervisors and were transferred to the Head Office, as they used to incite the coolies. They were temporarily appointed. They did not do any work in the Head Office. They knew clerical work. The Company did not discharge these workmen in victimisation for their Union activities, or by way of any unfair labour practice. Balai Sarkar used to get a monthly salary of Rs. 85 and Ramchandra Prosad used to get a monthly salary of Rs. 75. Although they were Supervisors, they were workmen under section 2(s) of the Industrial Disputes Act as it stands after amendment by Act 36 of 1956. This section came into operation on 29th August 1956, as per notification No. S.R.O. 1934, dated 28th August 1956. The discharge of these two workmen took place on 27th January 1957 and with effect from 1st March 1957. There is, therefore, no doubt that these two persons were workmen under section 2(s) of the Act as it stood at the date of their discharge. They were in service for 11 months. They have been given one month's notice of termination of service. It appears that the Company has no confidence in these two workmen and that is the reason why they were discharged from the service on one month's notice. Exhibit 5, the letter of appointment of Balai Sarkar, shows that it is open to the contractor, as well as the employee, to terminate their engagement by giving one month's notice on either side. Ramchandra Prosad was also given one month's notice of termination of service. In the circumstances, it is awarded that the termination of service of Shri Balai Sarkar and Shri Ramchandra Prosad on one month's notice, as it was done by the Company, was justified and they are not entitled to reinstatement. The Company shall, however, pay to them half a month's wages by way of compensation for 11 month's service. It is awarded that they are not entitled to any other relief.

This issue is accordingly answered.

M. C. BANERJI,
Judge, First Industrial Tribunal.

The 29th January 1959.

By order of the Governor.
S. C. MUKHERJEE, Asst. Secy.

ORDER

No. 630-I.R./IR/11L-177/57.—19th February 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 1637-I.R./IR/11L-177/57, dated the 22nd April 1958, read with its corrigendum No. 2947-I.R./IR/11L-177/57, dated the 16th July 1958, the industrial dispute between Messrs. Britannia Biscuit Company, Ltd., 15 Taratolla Road, Alipore, Calcutta-27, and their workmen represented by (1) Britannia Biscuit Coy. Workers' Union, 26/8 Dum Dum Road, Calcutta-2, (2) Britannia Biscuit Coy. Employees' Union, 15 Taratolla Road, Alipore, Calcutta-27 and (3) Britannia Biscuit Coy. Mazdoor Union, 10/1 Debendra Mullick Street,, Calcutta, regarding the issues mentioned in the said order, being matters specified in the second and the third schedules to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Fourth Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal, Shri Jalaluddin and sixteen others, workmen of the said company, made a complaint in writing to the said Industrial Tribunal against the said company alleging that the said company had violated the provisions of section 33 of the said Act;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

AWARD

By order No. 3837-I.R./IR/11L-81/57, dated the 11th October 1957, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Majestic Talkies, 12/1 Rafi Ahmed Kidwai Road, Calcutta-13, and their workmen represented by the Bengal Motion Pictures Employees' Union, 53 Creek Row, Calcutta-14, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

2. After usual summons the parties put in appearance and filed their written statements. The pleadings were completed on 21st February 1958. The parties were thereafter directed to file lists of documents. Then after adjournments and hearing in part, the parties filed a joint petition of compromise and award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:—

(1) Is the refusal by the Management in granting increment to the employees justified?

(2) What relief are the employees entitled to?

Decision

Issue Nos. 1 and 2: After the case was heard in part, the parties came to an amicable settlement of the dispute and filed a joint petition of compromise on 6th January 1959. As the terms are fair and reasonable, I accept the petition of compromise and give my award in respect of the issues according to the same. The joint petition of compromise is made part of the award. A copy of the chart prepared in terms of paragraphs 2 and 3 of the petition of compromise is to be submitted to the Tribunal within a month of publication of the award.

SHRI J. N. MAITRA, *District Judge (Retd.)*

Re.: industrial dispute of Messrs. Majestic Talkies

And

Their workmen represented by Bengal Motion Pictures Employees' Union (*vide* G.O. No. 3837-I.R./IR/-11L-51/57, dated 11th October 1957). The joint petition of compromise filed by Bengal Motion Pictures Employees' Union

And

The Majestic Talkies come to terms as follows:—

(1) That the Cinema will pay Rs. 250 (rupees two hundred and fifty only) maximum per month to be paid towards increment in wages to each employee over and above the existing wages which at present include both basic wages and dearness allowance.

(2) That the Management in consulation with Secretary of the Union will distribute the said sum of Rs. 250 each month to each and every employee according to a chart prepared jointly in such consultation and the said chart incorporating the said increment will not be varied modified or withheld in any account during continuance of this Agreement. The said chart will be treated as a part of the Agreement and will be submitted before the Tribunal.

(3) That the existing consolidated wages will be split up into basic wages and dearness allowance as per B Grade Cinema as scheduled in the Joint Agreement of B.M.P.A and B.M.P.E.U. This splitting up of the basic wages and dearness allowance will be followed while preparing the chart as mentioned in clause (2).

(4) That the Cinema will continue to pay bonus at the rate paid in the year 1956-57 to its employees in future and to be paid as usual—in two equal instalments.

(5) That there will be no further or any additional claim of bonus on any ground whatsoever.

(6) That there will be no further demand or claim for increment in wages and dearness allowance on any account.

(7) That this Joint Agreement will be given effect from January, 1958.

(8) That this Agreement will remain in force for four years and neither party will be allowed to modify or alter the terms on any ground whatsoever, nor any further claim regarding increment in wages or dearness allowance will be made or entertained.

ORDER

No. 495-I.R./IR/10L-73/58.—11th February 1959.—Whereas under the Government of West Bengal, Labour Department, order No. 2218-I.R./-IR 10L-73/58, dated the 2nd June 1958, the industrial dispute between Messrs. Standard Electronic Ltd., 17-4 Ashu Bose Lane, Howrah, and their workmen represented by the Central Howrah United Engineering Workers' Union, 101/3A Brindaban Mallick Lane, Kadamtala, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Labour Court;

And whereas the said Second Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Standard Electronic, Ltd., 17-4 Ashu Bose Lane, Howrah, and their workmen represented by the Central Howrah United Engineering Workers' Union, 101/3A Brindaban Mallick Lane, Kadamtala, Howrah (Case No. VIII-C-112/58.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

PRESENT:

SHRI PROBODH CHANDRA MAITRA, M A., B.L.,
Presiding Officer, Second Labour Court.

Government of West Bengal, Labour Department, by its order No. 2218-I.R./IR/10L-73/58, dated Calcutta, the 2nd June 1958, referred

to me an industrial dispute existing between Messrs. Standard Electronic Ltd. and their workmen, represented by the Central Howrah United Engineering Workers' Union.

Issue formulated in the order of reference is as follows:—

Whether the discharge of Shri Shambhu Nath Pachal is justified? To what relief is he entitled?

FINDINGS

Notices were thereupon issued on both the parties and both the sides submitted their written statement and on the date of hearing, i.e., 22nd January 1959, parties filed a joint petition of compromise. It appears that the workman will be reinstated with suitable compensation. I would consider the terms to be reasonable and fair, and I would give my award in terms of the settlement. The petition of compromise signed by the parties will form part of my award.

AWARD

By order No. 41-I.R./IR/10L-116/57, dated the 4th January 1958, as amended by order No. 962-I.R./IR/10L-116/57, dated the 12th March 1958, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Lens and Scientific Instrument Co. Private Ltd., 5/2 Old Court House Street, Calcutta, and their workmen represented by Lens and Scientific Instrument Employees' Union, 39/9A Gopalnagore Road, Alipore, Calcutta-27, regarding the matters specified in the schedule to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

2. After usual summons the parties put in appearance and filed their written statements. The pleadings were completed on 19th March 1958. The parties were thereafter directed to file lists of documents. Then after adjournments the dispute was heard and award was reserved.

3. The matters of dispute as stated in the schedule to the order of reference are as follows:

(1) Pay scales.

(2) Dearness Allowance.

(3) Provident Fund.

(4) Whether the employees are entitled to get the benefit from the present employer for the past services rendered by them with Messrs. James Murray & Co.

Decision

For proper appreciation of the dispute it is necessary to state certain facts leading to the reference as are either admitted or established in evidence. Messrs. Lens and Scientific Instrument Company Private Ltd. (hereafter called the employer company) was incorporated on 28th January 1944 (Ext. 2). It has its office and workshop in the premises at 5/2 Old Court House Street. The workshop started work with 51 workmen from 14th March 1944. The employer company has at present 38 workmen of different categories in its employ in the said workshop (Ext. A). Besides, there are a few contract workers who are said to be not regular employees of the company. In or about April 1956, Lens & Scientific Instrument Employees' Union (hereafter called the union) was formed for improvement of service conditions and for collective bargaining. On behalf of the workmen the union presented a charter of demands of 7th May 1956 for increment of wages, dearness allowance and for other benefits (Ext. B). Thereupon conciliation proceeding started. The company pleader inability to meet any of the demands on the ground of financial inability. On receipt of such comment the union wrote to the Conciliation Officer on 24th July 1956 [Ext. 5(a)] stating that it was part and parcel of Messrs. James Murray & Co. Ltd. and, as such, it was able to meet their demands. To substantiate claim that the two concerns were one and the same, the union again wrote to the Conciliation Officer on 7th August 1956 (Ext. 5). On 20th May 1957 the union submitted certain data to substantiate its claim that these two concerns were one and the same [Ext. 5(b)]. There was, however, no settlement in course of the conciliation. The employer company, however, agreed to raise the total emolument to Rs. 61 per month for those workers who were getting less than Rs. 41 as basic wage and it also gave effect to it. The Government by its letter, dated 7th September 1957, informed the union that the demands submitted by it were examined with reference to the financial position of the company and that the financial position of the company did not justify further improvement in the service conditions of the workers for the Present (Ext. C). The union through its President thereafter carried on correspondence with the Government [Ext. 5(d)]. Ultimately the union submitted a revised charter of demands on 29th November 1957 [Ext. 5(c)]. The matter was again taken up for conciliation and as no settlement was possible the Government referred the dispute to this Tribunal for adjudication on 4th January 1958.

Now let us consider the issues separately.

Issue No. 1: The union alleges that the workmen of the employer company are poorly paid and they are deprived of amenities as are given to workmen of Messrs. James Murray & Co. The company never took into consideration the skill of the workmen and other principles in fixing the wages. There is no grade and scale with annual increments. As efficiency and family burden of the workmen increase with lapse of time, some grade and pay scales should be introduced. The union accordingly claims grades and scales for all the workmen. According to the union, the workmen of

all categories shall be divided into two groups—senior and junior. The union demands pay scales for them as follows:—

Senior—Rs. 90—5—140—10—250.

Junior—Rs. 60—4—100—5—150.

The union claims that the pay scales should be given effect from the date of charter of demands and that for fitting in the new pay scales every employee should get one increment for every two years of past service.

The company opposes the claims mainly on the ground of financial incapacity to bear additional burden in this respect. It maintains that being an engineering concern, its workers are classified into categories of unskilled, semi-skilled and skilled workers and that the basic wages as are paid to the workmen are consistent with those prescribed for engineering industries under the Omnibus Award in respect of unskilled and semi-skilled workers and differentials are maintained according to categories, experience, efficiency and length of service. It is said that increments are given to efficient workers from time to time at the discretion of the management. There is no occupational nomenclature in respect of different occupations either in this industry or any other engineering concerns based on scientific investigation and evaluation and the claim for gradation into senior and junior is unknown in the history of engineering concerns. Then as the issue does not make mention of grades, framing of grades as suggested by the workmen is beyond the jurisdiction of the Tribunal. there can be no incremental pay scales fixed for the workers as the company has no ability to pay and stability.

There is no dispute between the parties that the employer company has been doing repairs to survey, nautical and ophthalmic instruments and occasionally assembling parts of those instruments from the start of the workshop in March, 1944. The said work, it appears, was being carried on manually with the help of hand tools by the workmen. From the evidence it further appears that after introduction of machinery from 1956 the employer company started to manufacture dumpy level and some other items (*vide* D.W. 1). There can, therefore, be no doubt that the employer company is an engineering concern. Having regard to the nature of the work and the instruments to be handled I agree that the degree of skill involved in the work in the workshop is rather of higher order than is ordinarily required.

The statement (Ext. A) filed by the company shows the existing wages and D.A. of the different workmen in the employ of this company. The statement shows that skilled workers get wages varying between Rs. 121.52 nP. and Rs. 156.80 nP. per month of 31 days, while semi-skilled workmen get basic wages varying between 60.76 nP. and 119.56 nP. and the unskilled workmen get basic wages varying between 41.16 nP. and 94.08 nP. Besides, they are paid D.A. at the flat rate of Rs. 20 per month. Exhibit 6 is on the contrary a statement by the union showing the hourly rates and the total emoluments which are available to the workers in a month.

There is a good deal of difference between the parties regarding classification of the workers as to who of the workers would come under which category. According to the union, majority of them should go to the category of skilled and then to the category of semi-skilled and only a few to the category of unskilled. While according to the statement (Ext. A) of the company, only three come to the category of skilled, 19 to the category of semi-skilled and 14 to the category of unskilled. There being no evidence before this Tribunal, as to who performed which duty, it is obvious that the Tribunal cannot come to any decision in this respect. Besides, on the issue as it is, the Tribunal cannot go into the question.

When there has, however, been such difference, I would only desire that the company should look into the matter and reclassify the workmen into different categories so that the workmen may not feel that they are being deprived of legitimate dues of their respective categories by treating them as of inferior category.

Regarding claim for incremental pay scales, it has been held by the Labour Appellate Tribunals that this can be introduced only when the employer has both financial ability and stability. In the present case these requisite conditions are wanting. From the statement as to financial position (Ext. L) it appears that the present company incurred losses up to 1949 and has been able to recoup the said loss only recently on the trading results for the year ending 31st December 1955. The balance-sheets of 1952, 1953, 1956 and 1957 show that the amount of net profit was not much (*vide* Ext. H series). In the circumstances, it cannot be said that the company has either ability or stability. It is, therefore, obvious that claim for incremental pay scales cannot be sustained.

Regarding wages, the principles of fixation of minimum wages have been discussed and settled by the Hon'ble Labour Appellate Tribunal in Buckingham & Carnatic Mills Co., Ltd. 1952, L.A.C. 490. The floor level of wages of an industrial worker must be such as would enable him to maintain 3 consumption units including himself in a state of efficiency with provision for education, medical expenses and amenities. This is the minimum which the worker must have irrespective of the capacity of the industry or of his employer to pay. The minimum wage standards set up the irreducible level, the lowest limit or the floor level below which no worker should be paid. A fair wage on the contrary is above the minimum wage but below the living wage. A fair wage is a step towards the progressive realisation of a living wage and goes through process of approximating the living wage. Though the minimum wage as is fixed has no regard to the capacity of the industry to pay, and is fixed solely on the requirements of the worker and his family, the upper limit of wages must however be limited by what may be broadly called the capacity of the industry to pay. This capacity is not of a particular unit but of the entire industry on industry-*cum*-region basis.

It will so appear that in the matter of minimum wages including D.A., the question of capacity of the employer does not at all come into the picture. The employer company has, of course, raised the minimum of an unskilled to Rs. 61 including D.A. in course of the conciliation proceeding in conformity of what then prevailed in the engineering concern under the award of the Major Engineering Tribunal of 1950. Since then there has been award of the Third Major Engineering Tribunal published in the *Calcutta Gazette, Extraordinary*, on 5th November 1958. Under the award of the said Tribunal the minimum wage including D.A. of an unskilled worker has been fixed at Rs. 71 per month. How the said minimum has been arrived at has been stated in details in the said award. It is, therefore, useless to reproduce them here. I may only state that I adopt them without reservation. The employer company being an engineering concern can have no excuse not to pay the said minimum to its workmen. Therefore, those of the unskilled workmen in this company whose total emolument falls below the said sum of Rs. 71 should be pulled up to the said sum either by grant of increment in basic wage or grant of increment in D.A. or by both as the company deems fit and proper. Regarding the minimum of a semi-skilled worker, I fix the same at Rs. 76 including D.A. Regarding the skilled, their minimum including D.A. should not be less than Rs. 96. Those of the semi-skilled and skilled workmen who after reclassification are found to have been getting total emolument below the aforesaid sum for their respective category should be pulled up to the said minimum.

Regarding the upper limits, it has lready been noted that capacity of the industry to pay is a relevant consideration in this respect. The balance-sheets and profit and loss accounts (Ext. H series) and the statement (Ext. I) do not disclose that the financial position of the company is satisfactory. It has already been noted that there was loss till 1949 and the company started to earn profit from 1950 and the amount of loss was recouped on the trading results up to the year ending 31st December 1955. In the year 1956 there was net profit of Rs. 4,179 and in 1957 the net profit came to Rs. 3,948. Having regard to the financial position as aforesaid, I do not think any additional burden can be imposed on the company in this respect.

It appears that there are two paid apprentices in this company (*vide* Ext. A). They are now paid total emolument of Rs. 47,76 nP. each. They are workmen under section 2(s) of the Industrial Disputes Act. I think that their wages should be 2/3rds of the minimum basic salary with full D.A. of the category. The company is directed to pay them accordingly. The issue is answered accordingly.

Issue No. 2: D.A. had been formerly at the rate of Rs. 16 per month. Subsequently it was increased to Rs. 20 per month and this has been now current. The union demands that the D.A. of the employees should be raised to a flat rate of Rs. 50 per month.

The company opposes the claim. The company maintains that payment of D.A. depends on the capacity of the industry to pay and the financial position of the company does not justify further imposition of additional burden in this respect. It further pleads that some *ex-gratia* payments are made almost every year as a gesture of goodwill to supplement the earnings of the workmen and to help neutralisation to some extent.

Under the award of Third Engineering Tribunal the minimum wage including D.A. at Rs. 71 for an unskilled worker was fixed comprising basic wage of Rs. 35 and D.A. of Rs. 36. The basic wage was fixed at the cost of living index at 180. D.A. would, therefore, be available on the cost of living index exceeding point 180. The company does not dispute that there has been rise in the cost of living index. The First Omnibus Engineering Tribunal found cost of living index at 310 points. The said Tribunal disregarded rise up to 180 points at which the prices were then expected to stabilise and fixed D.A. on the difference between 310 points and 180 points. According to the Central Pay Commission, Re. 1 was to be given as D.A. for every 5 points rise. On this calculation Rs. 26 would have been the measure of D.A. at the time of the award of the First Major Engineering Tribunal but it allowed Rs. 25 as D.A. on the basis of the Central Pay Commission's Report. The Second Omnibus Engineering Tribunal found the cost of living index at 340 points in 1950 and on its basis fixed D.A. at Rs. 31. There has been further rise in the cost of living index and under the award of the Third Major Engineering Tribunal, D.A. was fixed at Rs. 36. This would *prima facie* support the claim for increment in the D.A. if it is not otherwise barred.

Regarding want of capacity pleaded by the company, I agree that unlike basic wage, D.A. must be related to the capacity of the employer to pay. But I am unable to accept company's case that it has no capacity to pay any additional D.A. The financial position as already indicated does not appear to be as gloomy as the company seeks to portray. There has been progressive improvement in the position of gross profits (*vide* Ext. H series). The company has also been earning profit for the last 5/6 years, though the amount of profit may not be very high. It has also been able to wipe out the past losses. So, giving due consideration to all the relevant

factors as also the wage structure prevalent in the company, I grant an increment of Rs. 5 to the existing D.A. so as to raise it to Rs. 25 per month which I think to be fair and which I am satisfied the company is able to pay with little adjustments here and there.

In the matter of pulling up the workmen to the minimum of their respective category, the amount of D.A. should be taken as Rs. 25 as now raised, and the balance should be reached by increment in basic wages.

Issue No. 3: The union demands that provident fund should be extended to all the employees with equal contributions by the employees and employer at the rate of 10 per cent. of the total emoluments comprising basic wage and D.A.

The company opposed the claim. It, however, appears that the company has given provident fund facilities to some of its officers including the officer-in-charge of the workshop D.W. 1. Although the company may not be under legal obligation to extend the same facilities to the other workmen as the number of employees under its employment is below 50, I, however, find no justification for discrimination between employees and employees. The needs of lower paid employees for such provident fund facilities are obviously greater than those with higher emoluments. I, therefore, think that the company should not grudge extending provident fund facilities to all its workmen. The financial burden in this respect, it appears, would not be such which the company would not be able to bear. The company is accordingly directed to introduce provident fund for the workmen in its employ with equal contribution, on the part of the workmen and the company, limited to 6¼ per cent. of the total emoluments in the shape of basic wages and D.A.

The issue is answered accordingly.

Issue No. 4: The union alleges that some of the workmen in the employment in the workshop of the employer company had been in employment in the workshop of Messrs. James Murray & Co. Ltd. The union demands that these employees should be declared to be eligible to get the benefit of past service from the present employer company. The ground alleged by the union in this respect in short is that the employer company is an integral part of James Murray & Co., Ltd. The employer company opposed the claim. It denies that it is integral part of James Murray & Co. Ltd. and maintains that the two companies are limited liability companies, are separate juridical entities, having separate accounts and balance-sheets with separate capital investment by their respective shareholders, each having no connection with the other.

On the materials placed before this Tribunal I am unable to uphold the claim of the union. The facts as are admitted or established in evidence are as follows: Messrs. Lens & Scientific Instrument Co. Private Ltd. was incorporated on 28th January 1944 (Ext. D). Long before this, Messrs. James Murray & Co. Ltd. (hereafter called the company) had been incorporated. The company had originally been a partnership business owned by 2 or 3 partners and established about 100 years ago. The company was carrying on business in imports of survey nautical and ophthalmic instruments from foreign countries. It had a workshop in the premises at 5/2 Old Court House Street, Calcutta, for the purpose of assembling them and for doing repairs before the said premises were let out to the employer company from January, 1944.

The employer company took lease of the premises at 5/2 Old Court House Street from James Murray & Co. Ltd. before its actual incorporation

and paid rent for January, 1954. It came into occupation as a monthly tenant in January, 1944 (Ext. E) and then purchased furniture on 17th February 1944 from Mackenzie Lyall (Ext. F). Thereafter the employer company purchased on 14th March 1944 and subsequently some tools from James Murray & Co. to run the workshop (Exts. F1 and F2) and started its workshop on the same premises with 51 workmen on 14th March 1944 (*vide* attendance register Ext. G). It will thus appear that there has been no continuity but break in the working of the workshop. Subsequently the employer company purchased raw materials from the company on 30th May 1944 (Ext. F2). It appears that initially there was no machinery in the workshop and that work in the workshop was carried on manually with the help of hand tools from 14th March 1944 and subsequently machineries were introduced from 1956 [*vide* Exts. 5, 5(d) read with D.W. 1].

The employer company, it has already been seen, is an engineering concern. It carries on business of repairs to survey, nautical and ophthalmic instruments mainly. It registered the premises where the business is carried on as a factory under the Factories Act. It was initially doing repair work and subsequently after introduction of machineries started to manufacture some items from 1956 (*vide* D.W. 1).

On the closure of the workshop of James Murray & Co. Ltd., the employer company, it appears, undertook execution of assembling part of the survey, nautical and ophthalmic instruments and/or repair works on contract given out by James Murray & Co. Ltd on payment of amounts as settled with the said company. The evidence also reveals that the employer company does not do work exclusively for James Murray & Co., but has also other customers.

In this state both the employer company and James Murray & Co. Ltd. admittedly came under the management of N. R. Sarkar & Co., Ltd. since 12th July 1946. After assumption of management the employer company was developed and it came to instal machineries in its workshop.

At the time when the employer company started work in the workshop Mr. Carle was the Manager of the workshop while Mr. Murray was the Manager of James Murray & Co. Ltd. It is not disputed that Mr. Carle was Manager of the workshop of the employer company from 1944 to 1947. Then Mr. Smith became Manager of the workshop of the employer company from 1947 to 1950 and ultimately one Mr. Evans up to 1955 (*vide* D.W. 1). Only after Mr. Evans left, a common Manager has been functioning for both the employer company and James Murray & Co. It will, therefore, appear that there was no identity even in management of the employer company and James Murray & Co. from the start of the employer company from 1944 till 1955.

There is no record either to show that any of the workmen in the employ of the employer company had been working from before 14th March 1944. Exhibit D shows that out of those now in employment, only 13 were serving from the commencement of the workshop from 14th March 1944. Even if it be assumed that those 13 workmen had been in service in the workshop of James Murray & Co., there is nothing to support their claim for continuity of service. Prior to introduction of section 25FFF there was no legal right to workmen in this respect. The matter was then entirely regulated by contract. The relation of employer and employee between these workmen and James Murray & Co. even if it existed would *prima facie* cease on the closure of their workshop. At the time in 1944, Industrial Disputes Act was not in existence. There was no obligation on the part of the old employer to find employment for them, or on the new employer to retain them on same terms and conditions. Only if there was

transfer of assets and liabilities with goodwill as a going concern, the transferee company had obligation to continue the workmen on same terms and conditions as were available in the transferror company. There was no such transfer in the present case. Exhibit D, Memorandum of Articles of Association, would go to show that the employer did not come into existence as a result of transfer from James Murray. The documents, as already referred to also show that the employer company was started by taking monthly tenancy of the premises from James Murray & Co., and after purchasing furniture, tools and materials. The Board of Directors were not also the same initially but only from 12th July 1946, when N. R. Sarkar & Co. has been managing both. The evidence does not also show that James Murray was the sole customer of the employer company. The evidence rather shows that the employer company executes also orders of outsiders. If there had been common officers since assumption of management of both the companies by N. R. Sarkar & Co., this is not unusual. So, giving due consideration to the evidence and circumstances, I find that none of the employees is entitled to get the benefit of continuity of service from the present employer for the services prior to 14th March 1944, if any.

Regarding preliminary objection by the company that the reference on this issue is bad as there was no industrial dispute either apprehended or in existence at any time, I am however unable to maintain it. It appears from the records of conciliation proceedings that the employer company submitted a chart therein showing length of service of all workmen calculated from 12th July 1946 which the union contested for the workmen. It cannot, therefore, be said that no dispute existed or apprehended in this respect and that the Government had no jurisdiction to refer the issue.

This is my award.

S. K. BANNERJI, Jt. Secy.

No. 810G.E./G/1R-11/58.—25th February 1959.—In exercise of the power conferred by the proviso to article 309 of the Constitution of India, the Governor is pleased hereby to make the following rules regulating the recruitment to the post of Inspector of Minimum Wages, under the Government of West Bengal, namely:—

RULES

Recruitment to the post shall be made—

(1) by selection on the results of a competitive examination; or

(2) by promotion from the confirmed—

(a) Upper Division Clerks,
(b) Investigators,
(c) Computors, and
(d) Scrutiny Assistants

in the office of the Labour Commissioner, West Bengal, who have completed not less than five years' continuous service in the said ranks or posts; or

(3) by transfer from the posts of—

(a) Inspector, Family Budget Investigation Scheme, and
(b) Statistical Assistant

in the office of the Labour Commissioner, West Bengal:

Provided that not more than fifty per cent. of the cadre shall be filled by promotion or transfer.

By order of the Governor,
S. K. BANNERJI, Jt. Secy.

No. 1584L.W./LW/1A-114/58.—24th February 1959.—Whereas by the Government of West Bengal, Labour Department, notification No. 1198Lab., dated the 3rd April 1954, issued under section 17 of the Employees' Provident Funds Act, 1952 (XIX of 1952) (hereinafter referred to as the said notification), the factory known as the Atta's Iron Foundary of 171 Grand Trunk Road, Salkia, in the district of Howrah, along with certain other factories mentioned in the schedule to the said notification was exempted, subject to certain conditions specified in the said notification, from the operation of all the provisions of the Employees' Provident Funds Scheme, 1952, framed under the said Act;

And whereas there have been breaches of the provisions of the conditions 3(a) and 3(c) specified in the said notification by the Atta's Iron Foundry;

Now, therefore, in accordance with the provisions of condition 7 specified in the said notification and in exercise of the power conferred by section 17 of the Employees' Provident Funds Act, 1952 (XIV of 1952), the Governor is pleased hereby to rescind the said notification so far as it relates to the said factory and thereby to withdraw the exemption granted by the said notification in respect of the said factory.

By order of the Governor,
S. K. BANNERJI, Jt. Secy.

No. 1613L.W./LW/1F-6/59.—25th February 1959.—Whereas there is an exceptional pressure of work in the Alipore Central Jail Press, hereinafter referred to as the said factory, which requires that the said factory should be exempted from the provisions of sub-section (1) of section 58 of the Factories Act, 1948 (LXIII of 1948);

Now, therefore, in exercise of the power conferred by sub-section (2) of section 58 of the Factories Act, 1948 (LXIII of 1948), the Governor is pleased hereby to exempt the said factory from the provisions of sub-section (1) of section 58 of the said Act subject to the condition that this order shall cease to be in force after the 31st December 1959

24-Parganas. — No. 4246L.A.(P.W.). — 24th February 1959.—The Governor is pleased to cancel so much of the notification No. 15776L.A.(P.W.), dated the 24th November 1951, under section 4 of the Land Acquisition Act I of 1894, published at page 3145, Part I of the *Calcutta Gazette* of the 6th December 1951, as amended by erratum No. 4242L.A.(P.W.), dated 24th February 1959, as relates to a piece of land measuring, more or less, 0.60 of an acre, and comprising cadastral plot No. 1407 of village Kamdebkati, jurisdiction list No. 46, thana Deganga, out of 7.14 acres of land notified for acquisition for the diversion of Baduria-Maslandapur-Habra Road (section from Baduria to Maslandapur) in the district of the 24-Parganas.

By order of the Governor,

H. L. CHAKRAVARTI,

Special Officer and Dy. Secy. (*ex-officio*).

24-Parganas.—No. 4370L.A.—26th February 1959.—Whereas it appears to the Governor that land is likely to be needed, for a public purpose, not being a purpose of the Union, namely, for providing a playground for Dhap Dhapi Junior High School, in the village of Ramnagar, jurisdiction list No. 97, thana Baruipur, pargana Maidanmal, district 24-Parganas, it is hereby notified that a piece of land comprising cadastral survey plots Nos. 2008, 2009, 2010 and 2011 and measuring, more or less, 0.89 of an acre, is likely to be needed for the aforesaid public purpose partly at the public expense and partly at the expense of the authorities of the Dhap Dhapi Junior High School within the aforesaid village of Ramnagar.

This notification is made under the provisions of section 4 of Act I of 1894 to all whom it may concern.

A plan of the land may be inspected in the office of the Special Land Acquisition Officer, Alipore, 24-Parganas.

In exercise of the powers conferred by the aforesaid section the Governor is pleased to authorise the officers for the time being engaged in the undertaking, with their servants and workmen, to enter upon and survey the land and do all other acts required or permitted by that section.

Any person interested in the above land, who has any objection to the acquisition thereof, may, within thirty days after the date on which public notice of the substance of this notification is given in the locality, file an objection in writing before the Collector of 24-Parganas.

By order of the Governor,

H. L. CHAKRAVARTI,

Special Officer and Dy. Secy. (*ex-officio*).
